§ 230.437 *Consents of persons about to become directors.* If any person who has not signed the registration statement is named therein as about to become a director, the written consent of such person shall be filed with the registration statement. Any such consent, however, may be omitted if there is filed with the registration statement a statement by the registrant, supported by an affidavit or affidavits, setting forth the reasons for such omission and establishing that the obtaining of such consent is impracticable or involves undue hardship on the registrant. All consents filed pursuant to this section shall be dated, shall be signed manually, and shall be attached after the signature page of the registration statement and immediately following consents of experts and lists of consents, if any, filed pursuant to § 230.435.

§ 230.438 *Consent to use of material incorporated by reference.* If the act or the rules and regulations of the Commission require the filing of written consent to the use of any material in connection with the registration statement, such consent shall be filed with the registration statement even though the material is incorporated therein by reference.

EXHIBITS

§ 230.445 *Additional exhibits.* The registrant may file such exhibits as it may desire, in addition to those required by the appropriate form. Such exhibits shall be so marked as to indicate clearly the subject matters to which they refer.

§ 230.446 *Omission of substantially identical documents.* In any case where two or more indentures, contracts, franchises, patents, or other documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, the registrant need file a copy of only one of such documents, with a schedule identifying the other documents omitted and setting forth the material details in which such documents differ from the document of which a copy is filed: *Provided, however,* That the Commission may at any time in its discretion require the filing of copies of any documents so omitted.

§ 230.447 *Incorporation of exhibits by reference.* (a) Any document or part thereof previously or concurrently filed with any office of the Commission pursuant to any act administered by the Commission may be incorporated by reference as an exhibit to any registration statement filed with any office of the Commission.

(b) If any modification has occurred in the text of any document incorporated by reference since the filing thereof, the registrant shall file with the reference a statement containing the text of any such modification and the date thereof.

(c) If the number of copies of any document previously or concurrently filed is less than the number required to be filed with the registration statement which incorporates such document as an exhibit, the registrant shall file with the registration statement as many additional copies of the document as may be necessary to meet the requirements of such statement.

§ 230.448 *Form of, and limitation upon, incorporation by reference.* (a) Material incorporated by reference shall be clearly identified in the reference. An express statement that the specified matter is incorporated by reference shall be made at the particular place in the statement where the information is required.

(b) Notwithstanding any particular provisions permitting incorporation by reference, the Commission may refuse to permit such incorporation in any case in which in its judgment such incorporation would render the statement incomplete, unclear or confusing.

FILING, FEES, EFFECTIVE DATE

§ 230.455 *Place of filing.* (a) Except as provided in paragraph (b) of this section, all registration statements shall be filed with the Commission at its principal office.

(b) If the principal executive offices of the registrant, or of a principal underwriter of the securities being registered, are located in the State of California, Nevada, Arizona, Oregon, Washington, Idaho, or Montana, or in the Territory of Hawaii, the registration statement may be filed with the regional office of the Commission in the Bank of America Building, 625 Market Street, San Francisco, Calif. However, the provisions of this paragraph shall not apply to registrants which are subject to the provisions of the Public Utility Holding Company Act of 1935 or the Investment Company Act of 1940.

§ 230.456 *Date of filing.* The date on which any papers are actually received in the proper office of the Commission pursuant to § 230.455 shall be the date of filing thereof, if all the requirements of the act and the rules with respect to such filing have been complied with and the required fee paid. The failure to pay an insignificant amount of the required fee at the time of filing, as the result of a bona fide error, shall not be deemed to affect the date of filing.

§ 230.457 *Computation of fee.* (a) At the time of filing a registration statement, the registrant shall pay to the Commission a fee of one one-hundredth of 1 percent of the maximum aggregate price at which the securities are proposed to be offered, but in no case shall such fee be less than $25.

(b) Where securities are to be offered at prices computed upon the basis of fluctuating market prices, the registration fee is to be calculated upon the basis of the price at which units of securities of the same class were or would have been sold on a specified date within fifteen days prior to the filing of the registration statement.

(c) Where securities are to be offered at varying prices based upon fluctuating values of underlying assets, the registration fee is to be calculated upon the basis of the market value of such assets as of a date within fifteen days prior to the date of filing, in accordance with the method to be used in calculating the daily offering price.

(d) Where securities are to be offered to existing security holders and the portion, if any, not taken by such security holders is to be reoffered to the general public, the registration fee is to be calculated upon the basis of the offering price to such security holders or the reoffering price to the general public, whichever is higher.

(e) Where securities are to be offered in exchange for other securities the registration fee is to be calculated upon whichever one of the following basis is applicable:

(1) The market value of the securities to be received by the registrant in exchange as established by bona fide transactions as of a date within fifteen days prior to the date of filing.

(2) If there be no market value thus established, the book value of the securities to be received by the registrant in exchange shall be used unless the issuer of the securities to be received in exchange is in bankruptcy or receivership, in which case one third of the principal amount, par value or stated value of the securities to be received in exchange shall be used.

However, where other securities of the same class as those to be offered in exchange are to be offered for cash, the maximum aggregate price shall be calculated upon the basis of the cash offering price or the basis specified above, whichever is higher. For the purposes of this paragraph, securities offered directly or indirectly in exchange for certificates of deposit shall be deemed to be offered in exchange for the securities represented by the certificates of deposit.

§ 230.458 *Payment of fee.* All payments of fees shall be made in cash, or by United States postal money order or certified check payable to the Securities and Exchange Commission, omitting the name or title of any official of the Commission.

§ 230.459 *Calculation of effective date.* The effective date of registration statements under section 8 (a) of the act shall be calculated as follows:

(a) Saturdays, Sundays and holidays shall be counted in computing the effective date.

(b) In the case of statements which become effective pursuant to section 8 (a) on the twentieth day after the filing thereof, the twentieth day shall be deemed to begin at the expiration of nineteen periods, of twenty-four hours each, from 5:30 p. m. eastern time at the principal office on the date of filing.

§ 230.460 *Supplementary statement of actual offering price.* Within ten days after registered securities are initially offered to the public, the registrant shall file with the office of the Commission with which the registration statement was filed, a statement setting forth the actual price at which, and the date on which, the securities were so offered. If such price differs from the proposed price set forth in the registration statement, a brief explanation of such difference shall be made. Where the securities are to be offered first to existing security holders and then to the general public, a statement as required by this section shall be filed with respect to each of such offerings.

AMENDMENTS AND WITHDRAWALS

§ 230.470 *Formal requirements for amendments.* Amendments to the registration statement shall be filed under cover of the facing sheet of the appropriate form, and shall conform to all pertinent sections applicable to original registration statements. Amendments shall be numbered consecutively in the order in which filed with the Commission.

§ 230.471 *Signatures to amendments.* Except as provided in § 230.478, every amendment to a registration statement shall be signed by the persons specified in section 6 (a) of the act. At least the original of every amendment filed with the principal office of the Commission, and at least the original and one copy of every amendment filed with a regional office, shall be signed.

§ 230.472 *Filing of amendments; number of copies.* Except as provided in § 230.473, three copies of every amendment to the registration statement shall be filed. Where the amendment relates to the prospectus there shall be filed, in addition, five copies of the amended prospectus and five copies of the amended cross reference sheet required by § 230.404 (c). Amendments shall be filed with the office of the Commission with which the registration statement was filed.

§ 230.473 *Telegraphic delaying amendments.* An amendment altering the proposed date of the public offering may be made by telegram. Each such telegraphic amendment shall be confirmed within a reasonable time by the filing of three copies, one of which shall be signed. Such confirmation shall not be deemed an amendment.

§ 230.474 *Date of filing of amendments.* The date on which amendments are actually received in the office of the Commission with which the registration statement was filed shall be the date of filing thereof, if all of the requirements of the act and the rules with respect to such filing have been complied with.

§ 230.475 *Amendment filed with consent of Commission.* A registrant desiring the Commission's consent to the filing of an amendment with the effect provided in section 8 (a) of the act may apply for such consent at or before the time of filing the amendment. The application shall be signed and shall state fully the grounds upon which made. The Commission's consent shall be deemed to have been given and the amendment shall be treated as part of the registration statement upon the entry of an order to that effect.

§ 230.476 *Amendment filed pursuant to order of Commission.* An amendment made prior to the effective date of the registration statement shall be deemed to have been made pursuant to an order of the Commission within the meaning of section 8 (a) of the act so as to be treated as part of the registration statement only when the Commission shall after the filing of such amendment find that it has been filed pursuant to its order.

§ 230.477 *Withdrawal of registration statement or amendment.* Any registration statement or any amendment thereto may be withdrawn upon application if the Commission, finding such withdrawal consistent with the public interest and the protection of investors, consents thereto. The application for such consent shall be signed and shall state fully the grounds upon which made. The fee paid upon the filing of the registration statement will not be returned to the registrant. The papers comprising the registration statement or amendment thereto shall not be removed from the files of the Commission but shall be plainly marked with the date of the giving of such consent, and in the following manner: "Withdrawn upon the request of the registrant, the Commission consenting thereto."

§ 230.478 *Powers of agent for service to amend or withdraw registration statement.* Every registrant and all persons signing the registration statement, by naming an agent for service in the registration statement, shall be deemed, in the absence of a statement to the contrary, to confer upon such agent the following powers:

(a) A power to amend the registration statement by altering the date of the proposed offering of the securities for which the registration statement is filed.

(b) A power to amend the registration statement by filing any written consent of an expert required by section 7 of the act to be filed with the registration statement.

(c) A power to make application pursuant to § 230.475 for the Commission's consent to the filing of an amendment.

(d) A power to withdraw the registration statement or any amendment thereto.

(e) A power to consent to the entry of an order under section 8 (b) of the act, waiving notice and hearing, such order being entered without prejudice to the right of the registrant thereafter to have the order vacated upon a showing to the Commission that the registration statement as amended is no longer incomplete or inaccurate on its face in any material respect.

NONDISCLOSURE OF CONTRACT PROVISIONS

§ 230.485 *Contracts in general.* Public disclosure will not be made of the provisions of any material contract or portion thereof if the Commission determines that such disclosure would impair the value of the contract and is not necessary for the protection of investors. In any case where the registrant desires the Commission to make such a determination, the procedure set forth below shall be followed:

(a) The registrant shall omit from the registration statement as originally filed the portion of the contract which it desires to keep undisclosed, or, if the registrant desires to keep the entire contract undisclosed, any copy of the contract.

(b) The registrant shall file with the registration statement, but not bound as part thereof, (1) three copies of the contract or portion thereof which it desires to keep undisclosed, clearly marked "Confidential", and (2) an application for an order making the above described determination. Such application shall set forth the considerations relied upon for obtaining such order. Pending the granting or denial by the Commission of the application, the terms and existence of the contract or portion thereof will be kept undisclosed.

(c) If the Commission determines that the application shall be granted, an order to that effect will be entered. Prior to any determination denying the application, confirmed telegraphic notice of an opportunity for hearing, at a specified time within 10 days after the dispatch of such notice, will be sent to the agent for service. After such hearing, an order granting or denying the application will be entered.

(d) If the Commission denies the application, confirmed telegraphic notice of the order of denial will be sent to the agent for service. In such case, within 10 days after the dispatch of such notice, the registrant shall have the right to withdraw the registration statement in accordance with the terms of § 230.477, but without the necessity of stating any grounds for the withdrawal or of obtaining the further assent of the Commission. In the event of such withdrawal, the contract or portion thereof filed confidentially will be returned to the registrant.

(e) If the registration statement is not withdrawn pursuant to paragraph (d) of this section, the contract or portion thereof filed confidentially will be made available for public inspection as part of the registration statement, and the registrant shall amend the registration statement to include all information required to be set forth in regard to such contract or portion thereof.

§ 230.486 *Contracts affecting the national defense.* (a) Notwithstanding any requirement of the form used for registration, the registrant need not file as an exhibit to the registration statement a copy of any contract as to which all the following conditions are satisfied:

(1) A copy of the contract is on file with an executive department of the United States or with the United States Maritime Commission.

(2) The registrant has been notified in writing that the executive department or the United States Maritime Commission, as the case may be, has administratively determined that the subject of such contract relates to and affects the national defense and that disclosure thereof would be contrary to the public interest.

(b) The registrant shall file as an exhibit to the registration statement, in lieu of the copy of the contract omitted pursuant to paragraph (a) of this section, a copy of each notification received from the executive department or the United States Maritime Commission with respect to the filing of copies of the contract or of information as to its terms.

(c) Notwithstanding any requirement of the form used for registration, the registrant need not furnish any information as to any terms of the contract relating directly or indirectly to any of the following subjects as to which the registrant has been notified in writing that the executive department or the United States Maritime Commission with which a copy of the contract is on file has administratively determined that such subjects relate to and affect the national defense and that disclosure thereof would be contrary to the public interest:

(1) Quantity of equipment or materials to be constructed or supplied.

(2) Designations of type, descriptions, specifications, deliveries, test, or guarantees of performance with respect to such equipment or materials.

(3) Nature and extent of experimental facilities, services, or information to be furnished.

(d) Public disclosure will not be made of the contents of any notification filed pursuant to paragraph (b) of this section, or of any portion of the information as to the terms of the contract required to be furnished notwithstanding the provisions of paragraph (c) of this section, if the Securities and Exchange Commission determines that such disclosure would impair the value of the contract and is not necessary for the protection of investors. In any case where the registrant desires the Commission to make such a determination, the procedure set forth in § 230.435 shall be followed, except that there shall be filed in lieu of the three copies of the contract or portion thereof required by paragraph (b) (1) of § 230.485, three copies of the notification and three copies of the information as to the terms of the contract which the registrant desires to keep undisclosed, all clearly marked "Confidential".

REGISTRATION BY FOREIGN GOVERNMENTS OR POLITICAL SUBDIVISIONS THEREOF

§ 230.490 *Information to be furnished under paragraph (3) of Schedule B.* Any issuer filing a registration statement pursuant to Schedule B of the act need not furnish the detailed information specified in paragraph (3) as to issues of outstanding funded debt the aggregate amount of which outstanding is less than 5 percent of the total funded debt outstanding and to be created by the security to be offered: *Provided*, That the amount thereof is included in the statement of the total amount of funded debt outstanding: *And provided further*, That a statement is made as to the title, amount outstanding, rate of interest, and date of maturity of each such issue.

§ 230.491 *Information to be furnished under paragraph (6) of Schedule B.* Any foreign government filing a registration statement pursuant to Schedule B of the act need state, in furnishing the information required by paragraph (6), the names and addresses only of principal underwriters, namely, underwriters in privity of contract with the registrant: *Provided*, That they are designated as principal underwriters: *And provided further*, That a brief statement is made as to the discounts and commissions to be received by subunderwriters or dealers.

§ 230.492 *Omissions from prospectuses.* In the case of a security for which a registration statement conforming to Schedule B is in effect, the following information, contained in the registration statement, may be omitted from any prospectus: Information in answer to paragraph (3) of the schedule with respect to the amortization and retirement provisions for debt not being registered, and with respect to the provisions for the substitution of security for such debt; information in answer to paragraph (11); the copy of any agreement or agreements required by paragraph (13); the agreement required by paragraph (14); all information, whether contained in the registration statement itself or in any exhibit thereto, not required by Schedule B.

PROPOSED AMENDMENTS TO FORMS

Certain rules which specify the items of information required to be included in prospectuses are to be transferred from Regulation C to the respective forms to which they relate. The texts of the proposed amendments necessary to effect this transfer are as follows:

I. Form C–1 (see § 239.3, 11 F. R. 177A–731) is to be amended by inserting immediately after the "Rule as to the Use of Form C–1" the following:

Omissions from the Prospectus. The information required by the following items may be omitted from the prospectus: Items 4, 5, 7, 8, 9, 10, 18, 19, 33, 34, 37, 44, 45, 57, 58, 59, 61, 63, 70, 71 and 75.

The following exhibits may also be omitted from the prospectus: Exhibits A, B, C, E, F, G, H, I, J, K, L, M, N and R. Exhibit Q may be condensed.

II. Form D–1 (see § 239.6, 11 F. R. 177A–731) is to be amended by inserting immediately preceding "Part I" thereof the following:

Omissions from the Prospectus. The following information and documents may be omitted from the prospectus: In Part I, Items 4, 18, 39, and all exhibits except financial statements filed in compliance with Items 14 and 15; in Part II, Item 44 and all exhibits.

III. Form D–1A (see § 239.7, 11 F. R. 177A–732) is to be amended by inserting immediately after the General Instructions thereof the following:

Omissions from the Prospectus. The following information and documents may be omitted from the prospectus: All exhibits and all information contained in schedules, on condition that copies of each of the schedules attached to the registration statement are included.

IV. Form F–1 (see § 239.9, 11 F. R. 177A–732) is to be amended by adding at the end of the "Instructions as to preparing Form F–1" the following:

Omissions from the prospectus. The following information and documents may be omitted from the prospectus: Items 3, 26, 27 and all exhibits.

By the Commission.

KEI YASHUHARA AND JAMES KUROMI

In re: Debts owing to Kei Yasuhara, also known as K. Yasuhara, and James Kuromi, also known as James Isao Kuromi. D-39-664-E-1, F-39-5557-E-1.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and purusant to law, after investigation, it is hereby found:

1. That Kei Yasuhara, also known as K. Yasuhara, and James Kuromi, also known as James Isao Kuromi, each of whose last known address is Japan, are residents of Japan and nationals of a designated enemy country (Japan);

2. That the property described as follows:

a. That certain debt or other obligation owing to Kei Yasuhara, also known as K. Yasuhara, by the Superintendent of Banks of the State of California and Liquidator of The Yokohama Specie Bank, Ltd., Los Angeles Office, c/o State Banking Department, 111 Sutter Street, San Francisco, California, in the amount of $1,387.19, as of December 31, 1945, arising out of a commercial checking account entitled K. Yasuhara (Kei Yasuhara), together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same, and

b. That certain debt or other obligation owing to James Kuromi, also known as James Isao Kuromi, by the Superintendent of Banks of the State of California and Liquidator of The Yokohama Specie Bank, Ltd., Los Angeles Office, c/o State Banking Department, 111 Sutter Street, San Francisco, California, in the amount of $1,011.28, as of December 31, 1945, arising out of Fixed Deposit Certificate Number 69509, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 6, 1947.

ALASKA

AIR-NAVIGATION SITE WITHDRAWAL NO. 139 REDUCED

The order of the Assistant Secretary of the Interior dated March 29, 1940, withdrawing certain tracts of public land in Alaska for the use of the Alaska Road Commission in the maintenance of air-navigation facilities, is hereby revoked so far as it affects the following lands described by metes and bounds:

Beginning at Corner No. 1, which is identical with Corner No. 4 of U. S. Survey No. 397 at Tanana, in approximate latitude 65° 10' N., longitude 152°04' W.; thence from said Corner No. 1, by metes and bounds, S. 39°37' E. 1,300 feet to Corner No. 2; N. 82°18' E. 4,491.6 feet to Corner No. 3; North 4,679 feet to Corner No. 4; West 5,280 feet to Corner No. 5 on line 4–5 of U. S. Survey No. 397; South 4,279.4 feet along line 4–5 of Survey No. 397 to Corner No. 1, the place of beginning.

The tract as described contains 599.8 acres.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on May 23, 1947.

At that time the lands shall become subject to settlement and other forms of appropriation in accordance with the applicable public land laws and regulations.

This land lies adjacent to and north of the Yukon River at Tanana Village and is about four (4) miles to the west of the junction of the Yukon and Tanana Rivers. The land is in general level and supports only a sparse cover of vegetation.

ESSEX COUNTY COOP CO.

NOTICE OF PETITION FOR EXTENSION OF TEMPORARY RATES

Pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), the Secretary of Agriculture on April 5, 1946, issued an order requiring the respondent to increase its rates for the rental of chicken coops from 48 cents to 68 cents and for turkey coops from 65 cents to 85 cents for a period of one year from the date of that order.

By petition filed on March 26, 1947, the respondent has requested that the rates and charges provided for in said order of April 5, 1946, be extended for a further period of at least one year.

It appears that public notice should be given of the filing of such petition in order that all interested persons may have an opportunity to be heard in the matter.

Now, therefore, notice is hereby given to the public and to all interested persons of the filing of such petition for extension of temporary rates.

All interested persons who desire to be heard upon the matter requested in said petition shall notify the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., within 15 days from the date of the publication of this notice.

Copies hereof shall be served upon the respondent by registered mail or in person.

Done at Washington, D. C., this 31st day of March 1947.

In re applications of Terrell Broadcast Corporation, Terrell, Texas, Docket No. 8176, File No. BP-5778; Burton V. Hammond, Jr., Denison, Texas, Docket No. 8177, File No. BP-5786; Conn & Cope, d/b as Denison-Texoma Broadcasting Company, a partnership composed of Fred Conn and Millard Cope Denison, Texas, Docket No. 8265, File No. BP-5403; for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 27th day of March 1947;

The Commission having under consideration the above-entitled application of Conn & Cope, doing business as Denison-Texoma Broadcasting Company, a partnership composed of Fred Conn and Millard Cope, requesting a permit to construct a new standard broadcast station to operate on 1250 kc, 1 kw power, daytime only at Denison, Texas; and also having under consideration a petition filed on March 14, 1947, by Burton V. Hammond, Jr., requesting that said application be designated for hearing in the consolidated proceeding involving the other two applications named above;

It appearing, that the Commission on March 6, 1947, designated for hearing in a consolidated proceeding the applications of Terrell Broadcast Corporation (File No. BP-5778; Docket No. 8176) requesting a construction permit for a new standard broadcast station to operate on 1220 kc, 250 w power, daytime only at Terrell, Texas, and Burton V. Hammond, Jr., (File No. BP-5786; Docket No. 8177) requesting a construction permit for a new standard broadcast station to operate on 1220 kc, 1 kw power, daytime only at Denison, Texas.

It is ordered, That the said petition of Burton V. Hammond, Jr., be, and it is hereby, granted and that, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application of Conn & Cope, d/b as Denison-Texoma Broadcasting Company be, and it is hereby, designated for hearing in the above consolidated proceeding, § 1.857 of the Commission's rules and regulations not being applicable, at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant partnership and the partners to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with station KVSO, Ardmore, Oklahoma, or with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in the pending application of Burton V. Hammond (File No. BP-5786; Docket No. 8177) or in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

It is further ordered, That the order of the Commission dated March 6, 1947 designating the applications of Terrell Broadcast Corporation and Burton V. Hammond, Jr., for hearing in a consolidated proceeding, be, and it is hereby, amended to include the application of Conn & Cope, d/b as Denison-Texoma Broadcasting Company, and to change Issue No. 7 of said order to read as Issue No. 7 stated above;

It is further ordered, That John F. Easley, licensee of station KVSO, Ardmore, Oklahoma, be, and he is hereby, made a party to this proceeding.

FEDERAL POWER COMMISSION

[Docket No. G-500]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 31, 1947.

Notice is hereby given that on March 14, 1947, an application was filed with the Federal Power Commission by Northern Natural Gas Company (Applicant), a Delaware corporation, having its principal place of business in Omaha, Nebraska, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate 4,508 feet of 4½-inch O. D. branch pipe line extending from a point of connection with Applicant's 20-inch main pipe line to the Nebraska Ordnance Plant near Mead, Nebraska, and a measuring station at the end of such branch line, located in Sections 14 and 15, Township 14 North, Range 8 East, Saunders County, Nebraska, for the purpose of delivery and sale by Applicant of the entire gas requirements of the Nebraska Ordnance Plant.

A temporary certificate of public convenience and necessity authorizing the construction and operation by Applicant of the above described facilities was issued in the Commission's order of November 11, 1943, in Docket No. G-500 conditioned that, in the event Applicant desires to continue such facilities and operation beyond the period of the temporary certificate, Applicant shall then apply for a certificate of public convenience and necessity therefor in the manner prescribed by the Commission under the Natural Gas Act, as amended. The facilities above described have been in operation since the date of initial service, December 14, 1943, and are now in service.

Applicant estimates the natural gas requirements of the Nebraska Ordnance Plant for the years 1947, 1948, and 1949, will be 350 Mcf. on a maximum day and 37,000 Mcf. annually.

Applicant states that the total investment in the above described facilities as of December 31, 1946, is $8,331.

Any interested State commission is requested to notify the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

The application of Northern Natural Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946) and shall set out clearly and concisely the facts from which the nature of the petitioner's or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding, so as to advise the parties and the Commission as to the issues of fact or law to be raised or controverted, by admitting, denying, or explaining, specifically and in detail, each material allegation of fact or law asserted with respect to the application.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of March 1947.

The Commission, by order dated July 29, 1946, having granted and permitted to become effective an application-declaration, as amended, filed pursuant to the Public Utility Holding Company Act of 1935 jointly by The Middle West Corporation, a registered holding company, and its subsidiary, Michigan Gas and Electric Company, and Halsey, Stuart & Co., Inc., an affiliate of Michigan Gas and Electric Company, which application-declaration proposed a recapitalization of Michigan Gas and Electric Company and related transactions; and

The Commission, upon request of the applicants-declarants, having, by orders dated October 21 and November 29, 1946, and February 3, 1947, extended to March 31, 1947 the time within which such transactions may be carried out as provided in Rule U-24; and

Applicants-declarants now having requested a further extension of time, for a period of approximately thirty days from March 31, 1947, within which such transactions may be carried out and having stated that Michigan Gas and Electric Company has now filed an amendment to its Registration Statement, heretofore filed under the Securities Act of 1933, and that such extension is necessary to permit consummation of the proposed transactions after such amended Registration Statement becomes effective; and

The Commission having considered such request and deeming it appropriate in the public interest and in the interest of investors and consumers that such request be granted:

It is ordered, That the time within which the transactions heretofore approved by order of July 29, 1946, may be carried out under Rule U-24 be, and hereby is, extended to and including April 30, 1947.

By the Commission.

[File No. 70-1459]

UNION ELECTRIC CO. OF MO.

NOTICE OF FILING OF DECLARATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 28th day of March 1947.

Notice is hereby given that Union Electric Company of Missouri (Missouri Union), a registered holding company and a subsidiary of The North American Company, has filed with the Commission a declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"). Declarant designates section 12 (b) of the act and Rule U-45 promulgated under the act as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than April 7, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration, as filed or as amended, may become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized below:

Missouri Union proposes to advance on open account, with interest at 2% per annum, up to the sum of $250,000 to its indirect non-utility subsidiary Union Colliery Company (Colliery) for the purpose of enabling its subsidiary to meet payments due on equipment for operation of its new coal mine. Declarant states that the proposed transaction supplements the program of Colliery set forth in its amended declaration permitted to become effective by order of the Commission dated December 29, 1945 (Holding Company Act Release No. 6350) regarding the proposed issuance by Colliery of $1,000,000 aggregate principal amount of Bank Loan Notes bearing interest at 2% per annum, maturing in installments from December 31, 1947, to December 31, 1951.

By the Commission.

ELECTRIC POWER & LIGHT CORP. AND MISSISSIPPI POWER & LIGHT CO.

NOTICE REGARDING FILING OF APPLICATION-DECLARATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of March A. D. 1947.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Electric Power & Light Corporation ("Electric"), a registered holding company, and its subsidiary, Mississippi Power & Light Company ("Mississippi"). Applicants-declarants have designated sections 6 (a), 7, 9 (a), 10 and 12 (f) of the act and Rule U-43 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than April 7, 1947 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request and the issues, if any, of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after April 7, 1947, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized below:

Electric is the owner of all of the outstanding common stock of Mississippi consisting of 700,000 shares without par value having a stated value of $7,000,000. Mississippi proposes to issue and sell, and Electric proposes to acquire, an additional 250,000 shares of common stock of Mississippi for a cash consideration of $2,500,000. The proceeds from the sale of the new common stock will be used by Mississippi for the construction of needed facilities. Electric proposes to use treasury funds in making the proposed purchase.

Applicants-declarants request that the Commission's order be issued as soon as possible and become effective upon the issuance thereof in order to permit consummation of the proposed transactions at the earliest possible opportunity.

By the Commission.

VOLUME 12 NUMBER 68

Washington, Saturday, April 5, 1947

TITLE 3—THE PRESIDENT

PROCLAMATION 2723

NATIONAL FARM SAFETY WEEK, 1947

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS more fatal accidents occur in agriculture than in any other occupation; and

WHEREAS the increasing complexity of modern farm operations creates additional accident hazards; and

WHEREAS caution and intelligent effort on the part of every farm family in the land will lessen the suffering and economic loss caused by accidents, and the coordinated observance by all our people of a week dedicated to farm safety will effect an immense saving to our country:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon the Nation to observe the week commencing July 20, 1947 as National Farm Safety Week, as a spearhead to a year-round farm safety program, and I request all persons and organizations concerned with agriculture and farm life to cooperate in the observance of this fourth annual National Farm Safety Week. I also urge farm people everywhere to set aside a specific time during National Farm Safety Week for family discussions of methods for the prevention of accidents, in order that these producers of the Nation's food may live and work with greater safety.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 2nd day of April in the year of our Lord nineteen hundred and forty-

[SEAL] seven, and of the Independence of the United States of America the one hundred and seventy-first.

HARRY S. TRUMAN

By the President:

DEAN ACHESON,
Acting Secretary of State.

dling of oranges, grapefruit, and tangerines grown in the State of Florida, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., April 7, 1947, and ending at 12:01 a. m., e. s. t., April 21, 1947, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida, which grade U. S. Combination Russet, U. S. No. 2 Russet, U. S. No. 3, or lower than U. S. No. 3 grade (as such grades are defined in the United States standards for citrus fruits, as amended (11 F. R. 13239; 12 F. R. 1));

(ii) Any oranges, except Temple oranges, grown in the State of Florida, which are of a size smaller than a size that will pack 288 oranges, packed in accordance with the requirements of a standard pack, as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the standards for containers for citrus fruit established by the Florida Citrus Commission pursuant to section 3 of Chapter 20449, Laws of Florida, Acts of 1941 (Florida Laws Annotated § 595.09)); or

(iii) Any oranges, except Temple oranges, grown in the State of Florida, which are of a size larger than a size that will pack 126 oranges, packed in accordance with the requirements of a standard pack (as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the aforesaid standards for containers for citrus fruit).

(2) As used in this section, "handler" and "ship" shall have the same meaning as is given to each such term in said amended marketing agreement and order.

[Lemon Reg. 216]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.323 *Lemon Regulation 216*—(a) *Findings.* (1) Pursuant to the marketing agreement and the order (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California or in the State of Arizona, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., p. s. t., April 6, 1947, and ending at 12:01 a. m., p. s. t., April 13, 1947, is hereby fixed at 380 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 215 (12 F. R. 2084) and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said marketing agreement and order. (48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.)

[Orange Reg. 172]

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.318 *Orange Regulation 172*—(a) *Findings.* (1) Pursuant to the provisions of the order (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., p. s. t., April 6, 1947, and ending at 12:01 a. m., p. s. t., April 13, 1947, is hereby fixed as follows:

(i) *Valencia oranges.* (a) Prorate Districts Nos. 1 and 2, no movement; and (b) Prorate District No. 3, 60 carloads.

(ii) *Oranges other than Valencia oranges.* (a) Prorate District No. 1, unlimited movement; (b) Prorate District No. 2, 1100 carloads; and (c) Prorate District No. 3, unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Orange Administrative Committee, in accordance with the provisions of the said order, shall calculate the quantity of oranges which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 of the rules and regulations (11 F. R. 10258) issued pursuant to said order. (48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.)

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 5205]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

TRAVELLERS LUGGAGE CO.

§ 3.69 (c) *Misrepresenting oneself and goods; prices; retail as dealer's or wholesale.* § 3.72 (n) *Offering deceptive inducements to purchase or deal; special offers, savings and discounts.* In connection with the offering for sale, sale and distribution of luggage and other merchandise in commerce, representing through the use of "discount cards" or by any other means that merchandise may be purchased from respondents at a discount or at special or reduced prices, when the prices at which such merchandise is actually sold are in fact the prices at which such merchandise is customarily sold by respondents in the regular and normal course of business; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Travellers Luggage Company, Docket 5205, March 14, 1947]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 14th day of March A. D. 1947.

In the Matter of Samuel Schreibersdorf, Louis Schreibersdorf, Julius Schreibersdorf, Sidney Schreibersdorf, Saul Schreibersdorf, Joseph Schreibersdorf, and Bertha Schreibersdorf, copartners trading as Travellers Luggage Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondents, testimony and other evidence introduced before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence and the exceptions to such report, and briefs in support of and in opposition to the complaint (oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondents, Samuel Schreibersdorf, Louis Schreibersdorf, Julius Schreibersdorf, Sidney Schreibersdorf, Saul Schreibersdorf, Joseph Schreibersdorf, and Bertha Schreibersdorf, individually and as copartners trading as Travellers Luggage Company, or trading under any other name, and their agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of luggage and other merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

Representing through the use of "discount cards" or by any other means that merchandise may be purchased from respondents at a discount or at special or reduced prices, when the prices at which such merchandise is actually sold are in fact the prices at which such merchandise is usually and customarily sold by respondents in the regular and normal course of business.

It is further ordered, That the respondents shall, within sixty (60) days after the service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

[SEAL] OTIS B. JOHNSON, *Secretary.*

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter I—Commodity Exchange Authority (Including Commodity Exchange Commission)

[Hearing Docket CE-P 6]

PART 150—ORDERS OF THE COMMODITY EXCHANGE COMMISSION

REDUCTION OF LIMITS ON POSITION AND DAILY TRADING IN COTTON FOR FUTURE DELIVERY

Findings of fact. Pursuant to the provisions of section 4a of the Commodity Exchange Act (7 U. S. C. 6a), the Commodity Exchange Commission, after investigation and full consideration of the record made at a public hearing held in Washington, D. C., December 10, 1946, of which due public notice had been given and at which all persons were given opportunity to hear, present, refute, and comment on evidence in the premises, does hereby find:

(a) Trading in cotton for future delivery, on or subject to the rules of a contract market, by a person who holds or controls a speculative net position of more than 30,000 bales, long or short, in any one future or in all futures combined in cotton, on or subject to the rules of such contract market, tends to cause sudden or unreasonable fluctuations or changes in the price of cotton not warranted by changes in the conditions of supply or demand;

(b) The present limit of 30,000 bales in any one cotton future is a reasonable limit on the daily speculative purchases or sales which any person may make on any one contract market.

Conclusions. Upon the foregoing facts, it is concluded that in order to prevent excessive speculation in cotton futures which will cause sudden, unreasonable, or unwarranted fluctuations or changes in price resulting in an undue and unnecessary burden on interstate commerce in cotton, it is necessary to reduce the present limit on the net long or net short speculative position which any person may hold or control under contracts of sale of cotton for future delivery on or subject to the rules of contract markets; that 30,000 bales is a reasonable limit on the net long or net short speculative position which any person may hold or control in any one future or in all futures combined in cotton on or subject to the rules of any contract market; and that it is unnecessary to make any change in the present limit on the daily speculative purchases or sales of cotton futures which any person may make on any one contract market.

Order. Section 150.2 (a) of the order of the Commodity Exchange Commission, promulgated August 26, 1940 (17 CFR, Cum. Supp., § 150.2 (a)), is amended, effective May 10, 1947, to read as follows:

§ 150.2 *Limits on position and daily trading in cotton for future delivery.*

* * *

(a) *Position limit.* The limit on the maximum net long or net short position which any person may hold or control in cotton on any one contract market is 30,000 bales in any one future or in all futures combined.

(49 Stat. 1492; 7 U. S. C. 6a)

Issued this 2d day of April 1947.

CLINTON P. ANDERSON,
Secretary of Agriculture, Chairman.

TITLE 22—FOREIGN RELATIONS

Chapter I—Department of State

Subchapter C—The Foreign Service

[Foreign Service Reg. S-31]

PART 102—PERSONNEL ADMINISTRATION

RESTRICTIONS ON MARRIAGE OF OFFICERS OR EMPLOYEES TO ALIENS

Section 102.821 of the Foreign Service Regulations is amended to read as follows:

§ 102.821 *Restrictions on marriage of officers or employees to aliens.* (a) No person married to an alien shall be appointed as a Foreign Service officer. No person married to an alien shall be appointed or assigned to the Foreign Service Reserve or as a Foreign Service staff officer or employee unless express permission is granted by the Director General of the Foreign Service.

(b) Before contracting marriage with a person of foreign nationality each officer and American employee shall request permission to do so from the Director General of the Foreign Service. Any officer or American employee who contracts marriage with an alien without obtaining advance permission from the Director General of the Foreign Service shall be deemed guilty of insubordination amounting to misconduct and shall be separated from the Service. Requests for permission to marry an alien shall be accompanied by the officer's or employee's resignation for such action as may be deemed appropriate.

(c) Chiefs of mission shall require their private secretaries to comply with the policy formulated in the regulations in this part. (R. S. 161, sec. 302, 60 Stat. 1001; 5 U. S. C. 22)

This section shall become effective immediately upon publication in the FEDERAL REGISTER.

For the Acting Secretary of State.

[Foreign Service Reg. S-34]

PART 102—PERSONNEL ADMINISTRATION

PERIODS IN CLASS

The Foreign Service regulations comprising Part 102 of Title 22 of the Code of Federal Regulations are amended by adding the following sections:

§ 102.622 *Minimum periods in class for promotion in 1947.* All Foreign Service officers excepting those whose performance of duty since January 1, 1946 has resulted in disciplinary action by the Board of Foreign Service Personnel or the Board of the Foreign Service shall be eligible for promotion to a higher class in 1947:

(a) If they are in class 2, 3, 4, or 5 and have more than nine months' service in class as of February 13, 1947, computed in accordance with paragraph (d) of this section;

(b) If they are in class 6 and were appointed as Foreign Service officers prior to January 1, 1946; or

(c) If they are in class 6 and, regardless of the dates of their appointment to the Service, will be 35 years of age or older on April 1, 1947, and have had at least four years' service in another branch of the Foreign Service or any Government agency prior to appointment as Foreign Service officers.

(d) For the purpose of this section time served by Foreign Service officers in classes under the Foreign Service Act of 1946 shall include time served in classes under the act of May 24, 1924 (43 Stat. 140) as follows:

Time served by an officer now in class—	Who on Nov. 12, 1946, was in class—	Shall include time served in class—
2	II	II.

	IV	IV.
4	V	V and VI.
	VI	VI.
5	VII	VII and VIII.
	VIII	VIII.
6	Unclassified	Unclassified.

§ 102.636 *Maximum periods in class before "selection out".* (a) Any Foreign Service officer who remains in class 2, 3, 4, or 5 more than eight years without receiving a promotion from class to class shall be retired from the Service.

(1) Foreign Service officers so retired from classes 2 and 3 shall receive retirement benefits in accordance with the provisions of section 821 of the Foreign Service Act of 1946.

(2) Foreign Service officers so retired from classes 4 and 5 shall receive benefits in accordance with the provisions of section 634 (a) (1) and (2) of the Foreign Service Act of 1946.

(3) No Foreign Service officer shall be separated from class 2, 3, 4, or 5 in accordance with the regulations in this part until November 13, 1949.

(b) Any Foreign Service officer in class 6 who is not promoted to class 5 within three years of his appointment as a Foreign Service officer in class 6 shall be separated from the Service.

(1) Notwithstanding the provisions of the foregoing paragraph, no Foreign Service officer in class 6 as of November 13, 1946 shall be so separated from the Service until his case has been reviewed by a selection board established in accordance with the provisions of section 623 of the Foreign Service Act of 1946.

(2) A Foreign Service officer of class 6 separated from the Service in accordance with the provisions of section 635 of the Foreign Service Act of 1946 shall receive no benefits under the act except that his contributions to the Foreign Service Retirement and Disability Fund shall be returned to him in accordance with the provisions of section 841 of the act.

(c) For the purpose of this section, time served by Foreign Service officers in classes under the Foreign Service Act of 1946 shall include time served in only one of the classes under the act of May 24, 1924 (43 Stat. 140) as follows:

Time served by an officer now in class—	Who on Nov. 12, 1946 was in class—	Shall include time served in class—
2	II	II.

PART 95—CAR SERVICE

RESTRICTIONS ON RECONSIGNING OF PERISHABLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 1st day of April A. D. 1947.

Upon further consideration of Service Order No. 396 (10 F. R. 15008), as amended (11 F. R. 1627, 4038, 9453; 12 F. R. 1235), and good cause appearing therefor: it is ordered, that:

Service Order No. 396 *Perishables; restrictions on reconsigning,* (codified as 49 CFR § 95.396), as amended, be, and it is hereby, further amended by adding the following paragraph (i) thereto:

(i) *Arrival notice to original shipper.* Any common carrier by railroad subject to the Interstate Commerce Act shall, on request of original shipper by endorsement on the bill of lading, after arrival of a car subject to this section at the first reconsigning point where such car is held, immediately send notice of arrival of the car at such point by collect telegram to the shipper, or such agent as he may designate in the endorsement on the bill of lading, at any point specified in the bill of lading endorsement. This provision does not change the computation of time in paragraph (b) of this section, nor does it authorize or require the sending of the arrival notice provided for above to anyone but the original shipper or such designated agent.

It is further ordered, that this amendment shall become effective at 12:01 a. m., April 5, 1947, and it shall apply only on cars shipped from original point of origin on or after the effective date hereof provided the bill of lading for the car bears the endorsement required herein.

It is further ordered, that a copy of this order and direction be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Chapter XXIII—War Assets Administration

[Reg. 2,[1] Order 10]

PART 8302—DISPOSAL OF SURPLUS PERSONAL PROPERTY TO PRIORITY CLAIMANTS

SURPLUS PROPERTY TO ASSIST IN THE CONTROL OF FOOT-AND-MOUTH DISEASE

Section 16 (b) of the Surplus Property Act as amended confers authority upon the Administrator to set aside quantities and types of surplus property, except real property, which he determines to be appropriate for exclusive disposal to veterans for their own personal use and to enable them to establish and maintain their own small business, professional or agricultural enterprises.

The Secretary of Agriculture has advised that an emergency exists involving the eradication, suppression and control of foot-and-mouth disease in Mexico and has requested assistance in obtaining immediately certain items of surplus property in critical need in dealing with this emergency and in fulfilling the responsibilities of the Secretary of Agriculture under Public Law 8, 80th Congress, approved February 28, 1947.

Section 8302.4 (a) of this part provides that except as to the amounts of any property necessary for the temporary use of any disposal agency to carry out its responsibilities in disposing of surplus property under the Surplus Property Act of 1944, each disposal agency to which there is assigned for disposal any property of the types set forth by order issued thereunder shall set aside all, or such percentage of such property, as is designated in such order.

Certain of the items requested by the Secretary of Agriculture have been set aside for exclusive disposal to veterans under § 8302.4 of this part by § 8302.59[2] issued thereunder.

In view of all of the foregoing, it is hereby ordered that:

§ 8302.60 *Surplus property to assist in the control of foot-and-mouth disease.* Notwithstanding the provisions of § 8302.4 of this part and of § 8302.59[2] issued thereunder, the War Assets Administration as disposal agency shall exclude from the National and Regional veterans' set-aside lists a total of two hundred and three (203) trucks, Commodity Code Classifications 90 1003 to 90 1035 inclusive, as available, of which not more than one hundred (100) shall be Jeeps, ¼-ton, 4 x 4, Commodity Code Classification 90 1003, and not more than one hundred (100) shall be Command, ¾-ton, 4 x 4, Commodity Code Classification, 90 1018, for disposition to the Secretary of Agriculture for use in emergency control of foot-and-mouth disease in the livestock industry.

(Surplus Property Act of 1944, as amended; 58 Stat. 765, as amended; 50 U. S. C. App. Sup. 1611; Pub. Law 181, 79th Cong., 59 Stat. 533; 50 U. S. C. App. Sup. 1614a, 1614b; and E. O. 9689 (11 F. R. 1265))

This section shall become effective April 2, 1947.

PROPOSED RULE MAKING

TREASURY DEPARTMENT

Bureau of Internal Revenue

[26 CFR, Part 190]

RATIFICATION OF SPIRITS AND WINES

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority of sections 2800 (a) (5), 2801 (e) (1), 2861, 3040, 3176, and 3250 (1) of the Internal Revenue Code (26 U. S. C. A. 2800, 2801, 2861, 3040, 3176 and 3250).

1. Regulations 15 (Part 190, 26 CFR), as amended, are hereby amended in these respects:

(a) Section 190.9a is added; and

(b) Sections 190.42, 190.153, 190.203, 190.279, 190.280, 190.281, 190.414, and 190.416 are amended, as follows:

§ 190.9a *Limitation on use of alcoholic flavoring materials.* The use of alcoholic flavors or flavoring extracts manufactured on premises other than a rectifying plant must be limited by the rectifier so that the quantity of alcohol (proof gallons) contained therein will not represent more than 2½ percent of the quantity of alcohol (proof gallons) contained in the finished product. For example, 100 gallons of a finished cordial, 50 degrees of proof, contain 50 proof gallons. As 2½ percent of 50 equals 1.25, the cordial could contain not more than 1.25 proof gallons of alcohol derived from such flavors or flavoring extracts used in its manufacture. The manufacture of rectified products under formulas providing for the use of alcoholic flavors or flavoring extracts to an extent not consistent herewith shall be discontinued within sixty days after the effective date of this regulation. New formulas submitted for the purpose of showing the use of alcoholic flavors or flavoring extracts in the manufacture of rectified products must furnish the information required by § 190.153, as amended. (Sec. 3250 (1), I. R. C.)

§ 190.42 *Stills.* All stills in the rectifying plant shall be located in the rectifying room and shall be of substantial construction and must have a clear space of not less than one foot around them. Every still must have plainly and legibly painted thereon words indicating its use, or uses, as "gin still," "cordial still," "water still," etc., followed by its serial number and capacity in wine gallons. Stills shall be connected with the receiving tanks by continuous, permanent metal pipe lines. If the gin still is equipped with a pipe line to by-pass the berry basket, such pipe line must be equipped with a valve for locking with a Government lock.

§ 190.153 (a) *Flavoring materials.* Formulas providing for the use of alcoholic flavors or flavoring extracts under the provisions of § 190.9a, in addition to showing the kind of and percentage (by volume) of such material used, must specify the percentage of alcohol (by volume) contained therein.

§ 190.203 *Production.* Gin may be produced exempt from the rectifying tax, by the redistillation of a pure spirit over juniper berries and other aromatics. Gin so produced must be run into a receiving tank from which it must be promptly (a) drawn into packages, gauged, stamped, and removed to the finished products room or (b) transferred to a bottling tank, gauged, and (1) bottled and removed to the finished products room or (2) conveyed by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling. (See §§ 190.313 to 190.339) (Sec. 2800 (a) (5), I. R. C.)

§ 190.279 *Determining proof of sweetened spirits, wines, etc.* The alcoholic content (a) of blended whiskies containing more than 0.6 gram or 600 milligrams of solids per 100 milliliters derived from blending materials such as sherry wine, prune juice, caramel, glycerine, etc., and (b) of wines, cordials, liqueurs, and other rectified products containing saccharine or other solid matter will be determined by the use of an approved ebulliometer or a small laboratory still, provided by the rectifier in accordance with §§ 190.313 to 190.331, inclusive. When using such instruments rectifiers must follow closely the instructions furnished therewith, in order that accurate determinations may be made. Instructions relative to the use of small laboratory stills (or wine sets) and the following ebulliometers: Arnaldo-Sala (with shield), Braun, Juerst, Lefco, L'Ebulliometer Levesque (with shield), Malligand (with shield), Salleron-Dujardin, "TAG" (with shield), and E. B. Torino (with shield), are also set forth in the appendix to Regulations 7, Wine—1945 (26 CFR, Part 178). The alcoholic content of blended spirits containing not more than 0.6 gram or 600 milligrams of solids per 100 milliliters derived from blending materials will be determined by the use of a standard hydrometer or a small still. If determined by a standard hydrometer an obscuration correction factor may be added to the apparent proof in order to obtain the true proof of the blended spirits. Experience has shown that 0.1 gram or 100 milligrams of solids per 100 milliliters will obscure the true proof 0.4 of 1° of proof. For example, if a blended whisky contains 0.25 gram or 250 milligrams of solids per 100 milliliters and the apparent proof corrected to 60° Fahrenheit is found to be 89° proof by a standard hydrometer, a correction factor of 1° of proof (2.5 times 0.4) due to the solids may be added to the apparent proof, hence the true proof would be 90°. The solids in blended spirits due to blending materials will be determined by evaporating 25 milliliters of the blended spirits in a weighed dish on a steam bath and then heating for 30 minutes at the temperature of boiling water in a drying oven. The solids thus determined, multiplied by 4, will give the solids in 100 milliliters of blended spirits. The correction factor to be used then will be determined on the basis that every 100 milligrams of solids will obscure the proof 0.4 of 1° of proof. The ebulliometer should not be used in determining the alcoholic content of blended spirits containing not more than 0.6 gram or 600 milligrams of solids per 100 milliliters. (Sec. 2861, I. R. C.)

§ 190.280 *Determining contents by weight.* Rectified spirits containing not more than 0.6 gram or 600 milligrams of saccharine or other solid matter per 100 milliliters which are transferred to portable packages or to a bottling tank mounted on scales may be gauged by weight in accordance with the official Gauging Manual. To this end accurate scales must be provided. Government officers will frequently test, by means of the test weights provided in accordance with § 190.32, the accuracy of the scales used for weighing packages. Scales used for weighing spirits in lots of not over 500 gallons in bottling tanks will be tested from time to time under the supervision of the storekeeper-gauger by means of the test weights provided in accordance with § 190.32. Such scales will be tested by placing the prescribed test weights upon the scales and checking the weight registered on the beam of the scales. The test weights will then be removed without disturbing the beam and the bottling tank filled with spirits or water to the same weight, whereupon the test weights will again be placed upon the scales, the spirits or water being retained in the tank, and the weight registered on the beam checked. This operation will then be continued until the scales have been checked in 500-pound notches at all weights for which the scales are used. Rectifiers will have scales used for weighing spirits in larger lots tested and their accuracy certified by State, county, or city departments of weights and measures at intervals of not more than six months. The storekeeper-gauger will not permit the use of any scales not so tested or which upon testing are found to be inaccurate. (Sec. 2861, I. R. C.)

§ 190.281 *Determining contents by measure.* Rectified spirits transferred to a bottling tank not mounted on scales, and spirits, wines, cordials, liqueurs, and other rectified products containing saccharine and other solid matter will be gauged by measure to determine the wine-gallon content (corrected to volume in accordance with Table 7 of the Gauging Manual); the proof-gallon content will then be determined by multiplying the wine-gallon content by the proof (pointed off in two decimal places) of the spirits. If the spirits, wines, cordial, liqueurs, and other rectified products containing saccharine or other solid matter are transferred to packages, the capacity of each package must be ascertained before the liquors are placed therein, or the quantity to be placed in each package must first be ascertained by actual measure in another vessel provided for that purpose: *Provided, however,* That the quantity in wine gallons of any liquor placed in packages may be determined by weight if the specific gravity of the liquor is ascertained and used in calculating the volume. (Sec. 2861, I. R. C.)

§ 190.414 *Packages of distilled spirits.* In addition to the serial number, there shall be plainly and durably burned, cut, imprinted, or stenciled, on the Government head of each barrel or similar container of distilled spirits (a) the kind of spirits; (b) the wine gallon content; (c) the proof of the spirits; (d) the proof gallon content; (e) the tare of the container; (f) the date of filling; (g) the number of the approved formula under which rectified; (h) the name (or trade name or style) of the rectifier; (i) the location (city or town, and State) of the rectifying plant; and (j) the number of the rectifier's basic permit issued under the Federal Alcohol Administration Act: *Provided,* That if the spirits were rectified by such rectifier, or if the spirits are unrectified spirits which were produced by such rectifier at a distillery, he may use in connection with his name the designation "Rectifier" or "Distiller," respectively. (Sec. 2861, I. R. C.)

§ 190.416 *Packages and cases of wine.* The rectifier shall place marks upon packages and cases of wine similar to the marks required by §§ 190.414 and 190.415 to be placed upon packages and cases of distilled spirits, except: The tare need not be marked on the packages; the alcoholic content of the wine will be shown in percentage by volume in lieu of the proof; and, in the case of unrectified wine, the proof gallons may be omitted. (Sec. 3040, I. R. C.)

2. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

(Secs. 2800 (a) (5), 2801 (e) (1), 2861, 3040, 3176, and 3250 (1) of Internal Revenue Code (26 U. S. C. A. 2800, 2801, 2861, 3040, 3176 and 3250))

CIVIL AERONAUTICS BOARD

[Docket No. 2855]

TACA, S. A.

NOTICE OF HEARING

In the matter of the application of TACA, S. A., under section 402 of the Civil Aeronautics Act of 1938, as amended, for amendment of its foreign air carrier permit to include Guatemala, Guatemala, as an intermediate point on the route between San Salvador, El Salvador, and New Orleans, La., and Guatemala, Guatemala, and Belize, British Honduras, as intermediate points on the route between San Salvador, El Salvador, and Miami, Florida.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 402 and 1001 of the said act, that a hearing in the above-entitled matter is assigned to be held on April 8, 1947, at 10 a. m. (eastern standard time) in Room 1302, Temporary "T" Building, Constitution Avenue between 12th and 14th Streets NW., Washington, D. C., before Examiner Richard A. Walsh.

Without limiting the scope of the issues presented by said application, particular attention will be directed to the following matters and questions:

1. Whether the proposed amendment will be in the public interest, as defined in section 2 of the Civil Aeronautics Act of 1938, as amended.

2. Whether the applicant is fit, willing, and able to perform the proposed transportation and to conform to the provisions of the act and the rules, regulations, and requirements of the Board thereunder.

3. Whether the authorization of the proposed transportation is consistent with any obligation assumed by the United States in any treaty, convention or agreement in force between the United States and the Republic of El Salvador.

Notice is further given that any person desiring to be heard in this proceeding must file with the Board, on or before April 8, 1947, a statement setting forth the issues of fact or law raised by said application which he desires to controvert.

For further details concerning the proposed amendment and authorization requested, interested parties are referred to the application on file with the Civil Aeronautics Board.

Dated at Washington, D. C., April 2, 1947.

By the Civil Aeronautics Board.

[Docket No. G-799]

MANUFACTURERS LIGHT AND HEAT CO.

ORDER FIXING DATE OF HEARING

Upon consideration of the application filed October 18, 1946, in Docket No. G-799 by The Manufacturers Light and Heat Company (Applicant), a Pennsylvania corporation with its principal place

of business at 800 Union Trust Building, Pittsburgh 19, Pennsylvania, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the acquisition from Warrendale Oil and Gas Company and J. D. Fowler & Company all of their fixed assets and materials and supplies, including wells, pipe, rights-of-way, meters, regulators, regulator and metering stations, road, stream and railroad crossing permits, tools, drilling and cleaning equipment, gas purchase contracts, leases, all interest in real property, franchises, and all property on the ground or in warehouse, including office and automotive equipment, used or useful in the production, transmission and sale of natural gas and to operate the same following the acquisition thereof in furnishing natural gas service; but not their cash, accounts receivable or payable, security investments or capital stock.

It appearing to the Commission that:

(a) Applicant proposes the acquisition and operation of the aforesaid described facilities for the purpose of furnishing natural gas service to the Village of Warrendale, the Borough of Bradford Woods, and rural customers in Cranberry and Adams Townships in Butler County, and Marshall, Pine and McCandless Townships in Allegany County, Pennsylvania, particularly along a stretch of U. S. Route 19, which runs through the territory and additional persons as in the future may make application for gas service and who are located within reasonable distance of existing pipelines; and

(b) This proceeding is a proper one for disposition under the provisions of Rule 32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure (effective September 11, 1946), Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested hearings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on October 31, 1946 (Vol. 11, F. R., p. 12883).

The Commission therefore orders that:

(a) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure (effective September 11, 1946), a hearing will be held on April 28, 1947, at 9:30 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters of fact and law asserted in the application filed in the above-entitled proceeding: *Provided, however,* That if no request to be heard, or protest or petition to intervene raising in the judgment of the Commission an issue of substance, has been filed or allowed prior to the date hereinbefore set for hearing, the Commission may after a noncontested hearing forthwith dispose of the proceeding by order upon consideration of the application and the evidence filed therewith and incorporated in the record of the proceeding, together with such additional evidence as may be available or as the Commission may require to be filed and incorporated in the record for its consideration.

(b) Interested State commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure (effective September 11, 1946).

Date of issuance: April 2, 1947.

[Docket No. G-843]

INTERSTATE NATURAL GAS CO., INC.

ORDER FIXING DATE OF HEARING

Upon consideration of the application filed on January 7, 1947, Docket No. G-843 by Interstate Natural Gas Company, Inc., a Delaware corporation, having its principal place of business in Monroe, Louisiana, pursuant to section 7 of the Natural Gas Act, as amended, to authorize applicant to construct and operate the following described natural gas facilities, all in the State of Louisiana, subject to the jurisdiction of the Federal Power Commission:

An 8-inch gas pipe line approximately twenty-six (26) miles in length, from a point in Section 31, Township 15 North, Range 3 East, Caldwell Parish, Louisiana, in the Vixen Gas Field extending through the Southeast corner of the Ouachita Parish into Richland Parish, to a point of connection with its (Interstate's) main transmission line located in Section 10, Township 16 North, Range 6 East, together with a metering station.

It appearing to the Commission that:

(a) Applicant proposes the construction and operation of the facilities above described for the purpose of increasing the supply of natural gas to its main-line customers from the source of supply in the Vixen Field, and to provide greater deliveries to present and future anticipated demands. A metering station for measuring the gas to be sold and purchased under the arrangements between applicant and Shell Oil Company, Inc., of a size and design to be agreed upon, is proposed as an integral part of the facilities.

(b) This proceeding is a proper one for disposition under the provisions of Rule 32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure (effective September 11, 1946), Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested hearings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on January 17, 1947 (Vol. 12 F. R. No. 12, p. 362);

The Commission orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure (effective September 11, 1946) a hearing be held on the 28th day of April, 1947 at 9:50 a. m. (E. S. T.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue, N. W., Washington, D. C., concerning the matters of fact and law asserted in the application filed in the above entitled proceeding; *Provided, however,* That if no request to be heard or protest or petition to intervene, raising in the judgment of the Commission an issue of substance, has been filed or allowed prior to the date hereinbefore set for hearing, the Commission may, after a non-contested hearing, forthwith dispose of the proceeding by order upon consideration of the application and the evidence filed therewith and incorporated in the record of the proceeding, together with such additional evidence as may be available or as the Commission may require to be filed and incorporated in the record for its consideration.

(B) Interested States or State commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure (effective September 11, 1946).

Date of issuance: April 2, 1947.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-127, 59-3, 59-12]

ELECTRIC BOND AND SHARE CO. ET AL.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its offices in the City of Philadelphia, Pennsylvania, on the 1st day of April A. D. 1947.

In the matter of Electric Bond and Share Company, File No. 54-127; Electric Bond and Share Company and its subsidiary companies, respondents, File No. 59-3; Electric Bond and Share Company, American Power & Light Company, National Power & Light Company, Electric Power & Light Corporation, et al., respondents, File No. 59-12.

Notice is hereby given that Electric Bond and Share Company ("Bond and Share"), a registered holding company, has filed with this Commission pursuant to the Public Utility Holding Company Act of 1935, a supplemental application and declaration to its Plan II-A, as amended, approved by the Commission on September 6, 1946. Bond and Share has designated sections 10 and 12 (d) of the act and Rules U-44 and U-50 of the rules and regulations promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than April 9, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after April 9, 1947, such application and declaration, as filed or as amended, may be granted and may become effective, respectively, as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested person are referred to said application and declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Bond and Share's Plan II-A, as amended, provided, among other things, that the company will sell, either at competitive bidding or in such other manner as the Commission may permit, all of its 423,408 shares of common stock (46.56% of the common stock outstanding) of Carolina Power & Light Company ("Carolina") not later than seven months after the effective date (March 6, 1947) of the plan.

Bond and Share now proposes to sell at competitive bidding, in the manner hereinafter provided, the aforesaid 423,408 shares of Carolina common stock plus not exceeding 25,000 shares of such stock which the applicant may acquire for the purpose of stabilizing the market as hereinafter described.

In connection with the sale of such stock at competitive bidding, Bond and Share proposes, as an optional alternative to the usual procedure under Rule U-50, to invite sealed, written proposals for the underwriting of such shares by publishing a notice requesting that any person interested in such underwriting advise the company to that effect in writing on or before a specified date (which shall be not earlier than the fourth day after the publication of the notice). On or after such specified date the company by telegram will notify all persons who have so signified their interest that sealed bids should be presented at a designated time and place. The time designated will be not less than 48 hours (exclusive of Sundays and holidays) after the sending by the company of such telegraphic notice.

Bond and Share also requests permission to purchase not in excess of 25,000 shares of the common stock of Carolina on the New York Stock Exchange for the purpose of stabilizing the price of such stock from the time that the company sends the above described telegraphic notice to the prospective underwriters until the time the bids are opened. Any such purchases will be made at a price (exclusive of commissions) not in excess of the last preceding sale price of Carolina common stock on such Exchange.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

MICHIGAN GAS AND ELECTRIC CO. AND THE MIDDLE WEST CORP.

SUPPLEMENTAL ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 1st day of April 1947.

A joint application-declaration, and amendments thereto, having been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations thereunder by The Middle West Corporation, a registered holding company, Michigan Gas and Electric Company, a subsidiary of The Middle West Corporation, and Halsey, Stuart & Co., Inc., an affiliate of Michigan Gas and Electric Company, regarding a recapitalization of Michigan Gas and Electric Company and related transactions; and

Said application-declaration having proposed, among other things, (1) the issue and sale by Michigan Gas and Electric Company, at competitive bidding pursuant to Rule U-50, of (a) $3,500,000 principal amount of its First Mortgage Bonds, Series A __%, to be dated June 1, 1946 and to mature June 1, 1976, (b) 14,000 shares of its __% Preferred Stock, cumulative, par value $100 per share, subject, however, to an exchange offer, and (c) $400,000 par amount of its common stock, par value $10 per share; (2) the concurrent offer for sale by The Middle West Corporation, at competitive bidding, of $572,260 par amount of Michigan Gas and Electric Company common stock, par value $10 per share; and (3) the concurrent offer for sale by Halsey, Stuart & Co., Inc., at competitive bidding, of $227,740 par amount of Michigan Gas and Electric Company common stock, par value $10 per share; and

The Commission having entered its findings and opinion in respect of said application-declaration and having, on July 29, 1946, issued its order thereon, granting and permitting to become effective said application-declaration, as amended, subject, however, to the terms and conditions prescribed in Rule U-24 under the Public Utility Holding Company Act of 1935, and subject to the further condition that the proposed issue and sale of securities, pursuant to Rule U-50, shall not be consummated until the results of the competitive bidding have been made a matter of record in this proceeding and a further order entered by this Commission in the light of the record so completed; and

The Commission having extended to April 30, 1947, the time within which the proposed transactions may be consummated pursuant to Rule U-24; and

A further amendment to said application-declaration having been filed by the applicants-declarants which states that, in accordance with our order of July 29, 1946, said securities have been offered for sale pursuant to the competitive bidding requirements of Rule U-50 and that the following bids have been received:

1. *Bonds.*

Bidders	Coupon rate (percent)	Price to company (percent of principal amount)	Cost to company (percent)
Harris, Hall & Co. (Inc.)	2¾	100.519	2.849
Halsey, Stuart & Co., Inc.	2¾	100.019	2.874
Kidder, Peabody & Co.	3	100.773	2.960
Otis & Co.	3	101.1099	2.944

2. *Preferred stock.* Harris, Hall & Company (Incorporated) and Otis & Co. submitted bids for the preferred stock which resulted in the same annual cost to the company (4.4898%) and upon rebidding the following bids were received:

Bidders	Dividend rate, percent	Price per share to company before underwriter's commission	Compensation to underwriters	Cost to company, percent
Otis & Co.	4.40	$101	$28,000	4.444
Harris, Hall & Co. (Inc.)	4.40	101	41,300	4.487

3. *Common stock.*

BIDDERS AND PRICE PER SHARE TO SELLERS

Otis & Co.	$16.509
Kidder, Peabody & Co.	15.042

Said amendment further states that in respect of the bonds, Michigan Gas and Electric Company has accepted the bid of Harris, Hall & Company (Incorporated), as set out above, and that said bonds will be offered for sale to the public at a price of 101.45% of the principal amount thereof plus accrued interest from December 1, 1946 to date of delivery, resulting in an underwriting spread of .931% of the principal amount of said bonds; that in respect of the preferred stock, Michigan Gas and Electric Company has accepted the bid of Otis & Co., as set out above, and such preferred stock will be offered for sale to the public at $101 per share, the price to the company, plus accrued dividends from February 1, 1947; and that in respect of the common stock, Michigan Gas and Electric Company, The Middle West Corporation and Halsey, Stuart & Co., Inc. have accepted the bid of Otis & Co., as set out above, and that said common stock will be offered to the public at $17.75 per share, resulting in an underwriting spread of $1.241 per share; and

The Commission having examined said amendment and having considered the record herein and finding no reason for imposing terms and conditions with respect to the prices to be paid for said bonds, preferred stock and common stock, the coupon and dividend rates and the proposed underwriting spreads;

It is ordered, That the jurisdiction heretofore reserved with respect to the matters to be determined as a result of competitive bidding under Rule U-50, be, and hereby is, released, and that said application-declaration, as amended, be, and hereby is, granted and permitted to become effective, subjected, however, to the terms and conditions prescribed in Rule U-24.

By the Commission.

ATLANTIC CITY ELECTRIC CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 1st day of April A. D. 1947.

Atlantic City Electric Company ("Atlantic City"), an electric utility subsidiary of American Gas and Electric Company ("American Gas"), a registered holding company, having filed a declaration pursuant to section 7 of the Public Utility Holding Company Act of 1935 with respect to the following transactions:

Atlantic City proposes to amend its charter in the following respects: (a) To provide for preemptive rights to common stockholders with respect to any offering of common stock or security convertible into common stock for money other than with respect to a public offering of such shares; (b) to provide that the consideration received by the company from the issuance and sale of any additional shares of common stock without par value shall be entered in the capital stock account; (c) to provide for cumulative voting for the holders of shares of common stock.

The declaration having been filed March 19, 1947, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to the declaration, that the requirements of the applicable provisions of the act and rules thereunder are satisfied, that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interest of investors and consumers that the said declaration be permitted to become effective, and deeming it appropriate to grant the request of declarant that the order become effective at the earliest date possible;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24 that said declaration be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

PART 22—APPEALS OF PREFERENCE ELIGIBLES UNDER THE VETERANS' PREFERENCE ACT OF 1944

HEARINGS

Paragraph (e) of § 22.9 is amended to read as follows:

§ 22.9 *Hearings* • • •

(e) *Testimony taken under oath; record of hearing; not open to public.* The testimony at hearings shall be under oath. The Chief Law Officer or the Regional Director may direct that the hearing be recorded stenographically by a reporter employed by the Commission. The reporter's transcript shall be a part of the record of the proceeding. Reporters not employed by the Commission shall not be permitted to make transcripts of the proceedings. In cases where the hearing is not recorded stenographically, the hearing examiner will make suitable notes of the relevant portions of the testimony. At the conclusion of the hearing, these notes shall be summarized and when agreed to in writing by all parties concerned, the summary shall constitute the report of the hearing. If the examiner and the parties cannot agree on the summary, the parties shall be permitted to submit, in writing, exceptions to any part of the summary that they question, and such exceptions shall be considered in connection with the making of the finding and recommendation. Hearings shall not be open to the general public or the press. Attendance shall be limited to persons having a direct connection with the appeal.

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspection, Marketing Practices)

PART 51—FRUITS, VEGETABLES AND OTHER PRODUCTS (GRADING, CERTIFICATION AND STANDARDS)

STANDARDS FOR FRESH PLUMS AND PRUNES

By virtue of the authority (11 F. R. 7713) vested in me by the Secretary of Agriculture, I hereby approve the publication in the FEDERAL REGISTER of the following United States Standards for plums and prunes (fresh). These standards were issued May 21, 1945, pursuant to the Department of Agriculture Appropriation Act, 1945 (58 Stat. 454) and are currently in effect pursuant to the Department of Agriculture Appropriation Act, 1947 (Pub. Law 422, 79th Cong., 2d sess., approved June 22, 1946).

§ 51.360 *Plums and prunes (fresh).*—(a) *Grades.* (1) "U. S. Fancy" shall consist of plums or prunes of one variety which are well formed, mature but not overripe or soft or shriveled, and which are free from decay, sunscald, heat injury, sunburn, split pits and hail marks; and free from damage caused by broken skins, growth cracks, drought spots, gum spots, russeting, scars, dirt or other foreign material, disease, insects or mechanical or other means. Italian type prunes shall be well colored and, unless otherwise specified, the minimum size of such prunes shall be not less than 1⅛ inches in diameter.

In order to allow for variations incident to proper grading and packing, not

more than a total of 10 percent, by count, of the fruit in any lot may fail to meet the requirements of this grade for defects other than color and size of Italian type prunes, but not more than 5 percent, by count, may be allowed for defects causing serious damage, and not more than one-fifth of the latter amount, or 1 percent, may be allowed for decay. In addition, not more than 10 percent, by count, of the Italian type prunes in any lot may fail to meet the color requirements, and not more than 10 percent, by count, may fail to meet the size specification, but the combined tolerances for size, color and other defects shall not exceed 15 percent. (See paragraph (c), *Application of tolerances.*)

(2) "U. S. No. 1" shall consist of plums or prunes of one variety which are well formed, mature but not overripe or soft or shriveled, and which are free from decay and sunscald, and from damage caused by broken skins, heat injury, growth cracks, sunburn, split pits, hail marks, drought spots, gum spots, russeting, scars, dirt or other foreign material, disease, insects or mechanical or other means. Italian type prunes shall be fairly well colored, and unless otherwise specified, the minimum size of such prunes shall be not less than 1⅛ inches in diameter.

In order to allow for variations incident to proper grading and packing, not more than a total of 10 percent, by count, of the fruit in any lot may fail to meet the requirements of this grade for defects other than color and size of Italian type prunes, but not more than 5 percent, by count, may be allowed for defects causing serious damage, and not more than one-fifth of the latter amount, or 1 percent, may be allowed for decay. In addition, not more than 10 percent, by count, of the Italian type prunes in any lot may fail to meet the color requirements, and not more than 10 percent, by count, may fail to meet the size specification, but the combined tolerance for size, color and other defects shall not exceed 15 percent. (See paragraph (c), *Application of tolerances.*)

(3) "U. S. No. 2" shall consist of plums or prunes of one variety which are not badly misshapen, and which are mature but not overripe or soft or shriveled; and which are free from decay, sunscald, and from serious damage caused by broken skins, heat injury, growth cracks, sunburn, split pits, hail marks, drought spots, gum spots, russeting, scars, dirt or other foreign material, disease, insects or mechanical or other means.

(i) There are no requirements in this grade for color or size.

(ii) In order to allow for variations incident to proper grading and packing, not more than a total of 10 percent, by count, of the fruit in any lot may fail to meet the requirements of this grade. Of this tolerance, not more than one-half, or a total of 5 percent, by count, may be allowed for sunscald, decay or serious damage by insects or heat injury, but not more than one-fifth of the latter amount, or 1 percent, may be allowed for decay. If a minimum size is specified, not more than 10 percent, by count, of the fruit in any lot may fail to meet the size specified. (See paragraph (c), *Application of tolerances.*)

(4) "U. S. Combination" shall consist of a combination of U. S. No. 1 and U. S. No. 2 plums or prunes: *Provided*, That at least 75 percent, by count, meet the requirements of U. S. No. 1 grade.

In order to allow for variations incident to proper grading and packing, not more than a total of 10 percent, by count, of the fruit in any lot may fail to meet the requirements of this grade. Of this tolerance, not more than one-half, or a total of 5 percent, by count, may be allowed for sunscald, decay or serious damage by insects or heat injury, but not more than one-fifth of the latter amount, or 1 percent, may be allowed for decay. No part of any tolerance shall be allowed to reduce, for the lot as a whole, the percentage of U. S. No. 1 in the combination, but individual containers may have not more than a total of 10 percent less than the percentage of U. S. No. 1 specified: *Provided*, That the entire lot averages within the percentage specified. (See paragraph (c), *Application of tolerances.*)

(b) *Unclassified.* "Unclassified" shall consist of plums or prunes which have not been classified in accordance with any of the foregoing grades. The term "unclassified" is not a grade within the meaning of these standards but is provided as a designation to show that no definite grade has been applied to the lot.

(c) *Application of tolerances.* The contents of individual containers in the lot, based on sample inspection, are subject to the following limitations: *Provided*, The averages for the entire lot are within the tolerances specified:

(1) When a tolerance is 10 percent or more, individual containers in any lot shall have not more than one and one-half times the tolerance specified, except that at least one defective and one undersized fruit may be permitted in a container.

(2) When a tolerance is less than 10 percent, individual containers in any lot shall have not more than double the tolerance specified, except that at least one defective and one undersized fruit may be permitted in a container.

(d) *Standard pack.* The plums or prunes shall be of fairly uniform size and tightly packed according to the approved and recognized methods. The fruits in the top layer shall not be noticeably superior in quality or size to those in the remainder of the package.

(1) The size of plums or prunes packed in 4-basket crates shall be indicated as follows: 4 x 4, 4 x 5, 5 x 5, etc. in accordance with the arrangement in the top layer of the basket. These packs shall not be more than 3 layers deep. Arrangements such as 4–3 x 5 and 5–4 x 5 shall not be considered standard packs.

(2) The arrangement of the bottom layer shall be one row less one way, and may be one row less each way than the arrangement of the top layer. The arrangement of the middle layer may be the same as the top layer, or may be one row less one way than the arrangement of the top layer. Straight, offset, and diagonal packs in the layers are permitted. For example, a pack with 5 x 5 in the top layer may have 5 x 5 in the middle layer, and shall have 4 x 5 or 4–3 x 5 in the bottom layer; or it may have 4 x 5 or 4–3 x 5 in the middle layer, and shall have 4 x 5, 4–3 x 5, or 4 x 4 in the bottom layer.

(3) In layer-packed California peach or lug boxes, the count in the entire container shall be marked on the package.

(4) In double-faced and filled special lugs the number of rows, lengthwise of the lugs, shall be marked on the package to indicate size, as "nine row."

(5) In order to allow for variations incident to proper packing, not more than 10 percent, by count, of the containers in any lot may fail to meet the requirements for the Standard Pack.

(e) *Definitions.* (1) "Well-formed" means that the fruit has the shape characteristic of the variety. Doubles shall not be considered well-formed.

(2) "Mature" means that the fruit has reached the stage of maturity which will insure a proper completion of the ripening process.

(3) "Sunscald" means injury caused by the sun in which softening or collapse of the flesh is apparent.

(4) "Damage" means any injury or defect which materially affects the appearance, edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as damage:

(i) Broken skins which are unhealed; except those caused by pulled stems where the skin is not torn beyond the stem basin. (Healed skin breaks shall be handled as scars.)

(ii) Heat injury which is extensive or not light in color.

(iii) Growth cracks which are deep or not well-healed, or more than one-fourth inch in length; or when there is more than one growth crack on a fruit.

(iv) Sunburn which has materially changed the normal color of the fruit, or has caused the skin to blister or crack.

(v) Split pit which causes a readily apparent crack at the stem end, or which affects the shape to the extent that the fruit is not well-formed.

(vi) Hail marks, or other similar depressions or scars, which are not shallow or superficial, or which aggregate more than three-eighths inch in diameter, or when the skin has been broken.

(vii) Drought spots or gum spots which are distinctly noticeable upon external examination.

(viii) Russeting which is not excessively rough, when aggregating more than 10 percent of the fruit surface; or excessively rough russeting when aggregating more than one-fourth inch in diameter.

(ix) Scars:

(*a*) Dark, rough or depressed scars which aggregate more than one-fourth inch in diameter.

(*b*) Fairly smooth, superficial scars, including fairly light discoloration such as is caused by handling or packing or by plums rubbing against each other while on the tree, which aggregate more than one-half inch in diameter.

(*c*) Thorn and limb scratches which are not well-healed; or which aggregate more than one-half inch in length.

(5) "Well colored" as applied to Italian type prunes, means that 95 percent of the surface of the prune is purple color, excepting that portion which is permitted to be affected by russeting.

(6) "Fairly well colored" as applied to Italian type prunes, means that at least three-fourths of the surface of the prune is purple color.

(7) "Diameter" means the shortest distance measured through the center of the fruit, at right angles to a line running from the stem to the blossom end.

(8) "Badly misshapen" means that the fruit is so malformed or rough that its appearance is seriously damaged. Doubles shall be considered badly misshapen, except that doubles of Italian type prunes which have approximately equal halves shall not be considered badly misshapen.

(9) "Serious damage" means any injury or defect which seriously affects the appearance, edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as serious damage:

(i) Broken skins which are unhealed and more than one-eighth inch in diameter or depth; except those caused by pulled stems where the skin is not torn beyond the stem basin. (Healed skin breaks shall be handled as scars.)

(ii) Heat injury which causes any softening or dark discoloration of the flesh. Heat injury may cause internal or external discoloration, and may or may not be serious. It should not be confused with sunscald which causes softening or collapse of the tissue, and which is always classed as serious damage.

(iii) Growth cracks which are not well healed, or which are more than 3/16 inch in depth, or more than one-half inch in length.

(iv) Sunburn which causes decided flattening of the fruit, or causes blistering, cracking, or noticeable brownish discoloration of the skin.

(v) Split pit which causes a crack at the stem end more than 3/16 inch in length, including any part which may be covered by the stem; or which affects the shape to the extent that the fruit is badly misshapen.

(vi) Hail marks which are more than 3/16 inch in depth, or which aggregate more than one-half inch in diameter.

(vii) Drought spots and gum spots which are more than 3/16 inch in depth, or which aggregate more than one-half inch in diameter.

(viii) Russeting which is not excessively rough, when aggregating more than one-third of the fruit surface; or excessively rough russeting when aggregating more than ½ inch in diameter.

(ix) Scars which are very dark or excessively rough and aggregate more than ½ inch in diameter; or which are more than 3/16 inch in depth.

(10) "Fairly uniform size" means that the fruits in each packed container shall not show a variation of more than ¼ of an inch in diameter.

TITLE 14—CIVIL AVIATION

Chapter II—Administrator of Civil Aeronautics, Department of Commerce

[Amdt. 99]

PART 600—DESIGNATION OF CIVIL AIRWAYS

REDESIGNATION OF CIVIL AIRWAYS

It appearing that: (1) The increased volume of air traffic at certain points necessitates, in the interest of safety in air commerce, the immediate establishment of control areas at such points;

(2) The immediate realignment of civil airways in certain areas is necessary to expedite traffic control in such areas; and

(3) The establishment of the control areas referred to in (1) above, and the realignment of civil airways referred to in (2) above, have been coordinated with the civil operators involved, the Army and the Navy through the Air Coordinating Committee, Airspace Subcommittee;

And finding that: The general notice of proposed rule making and public procedure provided for in section 4 (a) of the Administrative Procedure Act is impracticable and unnecessary.

Now, therefore, acting pursuant to the authority vested in me by section 302 of the Civil Aeronautics Act of 1938, as amended, I hereby amend Part 600 of the Regulations of the Administrator of Civil Aeronautics as follows:

Redesignation of Civil Airways: Green Civil Airway No. 7; Red Civil Airways Nos. 6, 26, 50 and 61; Blue Civil Airways Nos. 39 and 47

PART 601—DESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS, AIRPORT APPROACH ZONES, AIRPORT TRAFFIC ZONES AND RADIO FIXES

REDESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS AND RADIO FIXES

It appearing that: (1) The increased volume of air traffic at certain points necessitates, in the interest of safety in air commerce, the immediate establishment of control areas, including airport traffic zones and radio fixes, at such points;

(2) The immediate realignment of civil airways in certain areas is necessary to expedite traffic control in such areas; and

(3) The establishment of the control areas referred to in (1) above, and the realignment of civil airways referred to in (2) above, have been coordinated with the civil operators involved, the Army and the Navy through the Air Coordinating Committee, Airspace Subcommittee;

And finding that: The general notice of proposed rule making and public procedure provided for in section 4 (a) of the Administrative Procedure Act is impracticable and unnecessary.

Now, therefore, acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and Special Regulation No. 197 of the Civil Aeronautics Board, I hereby amend Part 601 of the Regulations of the Administrator of Civil Aeronautics as follows:

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

PART 330—GENERAL ORGANIZATION AND FUNCTIONS

PART 331—FUNCTIONS OF DIVISIONS

OFFICE OF DOMESTIC COMMERCE; AREA DEVELOPMENT DIVISION

1. Section 330.2 *General purpose and functions* (11 F. R. 177A–307) is amended

by deleting paragraph (c) and the word "and" immediately preceding it, and by adding new paragraphs (c) and (d) as follows:

(c) Maintaining close contact with trade associations and other groups representing industry, and

(d) Assembling, developing, and issuing basic information for regional and community development purposes and cooperating with planning organizations in the utilization of such information and techniques in promoting the economic development of various regions and areas.

2. Section 330.3. *General organization* is amended by deleting the word "and" before paragraph (f) and adding the following after (f): "and (g) Area Development Division."

3. Part 331 (11 F. R. 177 A–307) is amended by adding the following new section:

§ 331.7 *Area Development Division.* The objective of the Area Development Division is to make the data, facilities and services of the Department of Commerce effective and useful in the economic development of communities, areas and regions. The basic function of the Division is to assist, largely through the Department Field Service, state and regional planning agencies in organizing and carrying out development programs for local areas. The Area Development Division represents the Department on the Inter-agency Committee for Special Employment Problems, maintaining liaison between the Department and the members of that committee. The Division secures information and assistance from the other offices of the Department that may be required in projects where the Department is cooperating in the development of local action programs; and coordinates all of the Department's activities as they relate to area and regional development.

TITLE 24—HOUSING CREDIT

Chapter VI—Federal Public Housing Authority

PART 611—LOW-RENT HOUSING AND SLUM CLEARANCE PROGRAM: POLICY

MISCELLANEOUS AMENDMENTS

1. Section 611.1 (11 F. R. 177A–910) is hereby amended, effective upon publication in the FEDERAL REGISTER, by adding thereto paragraphs (d), (e), (f), and (g) as follows:

§ 611.1 *Definition of terms.* • • •

(d) *Veteran.* A veteran shall mean a person who has served in the military or naval forces of the U. S. for any period of time on or after September 16, 1940, and prior to the termination of the present war (a date yet to be determined) and who has been discharged or released therefrom under conditions other than dishonorable.

(e) *Serviceman.* A serviceman shall mean a person serving in the military or naval forces of the U. S., who served therein on or after September 16, 1940, and prior to the termination of the present war (a date yet to be determined).

(f) *Military or Naval Forces.* The term military or naval forces of the U. S. shall mean the Army, Navy, Marine Corps, Coast Guard and, since July 29, 1945, the commissioned corps of the U. S. Public Health Service. The term military or naval forces does not include the Merchant Marine, Red Cross or UNRRA.

(g) *Families of Veterans and Servicemen.* A group of persons which constitutes a "family" in accordance with the definition of the term given in section 404 (a) of FPHA Requirements may be considered the family of a veteran or serviceman for waiver and preference purposes under the following circumstances:

(1) The veteran or serviceman is living with the family, irrespective of whether the veteran or serviceman is or is not the family head.

(2) The veteran or serviceman is the natural family head or principal wage earner but is temporarily absent from home by reason of a duty assignment, employment or school attendance in another locality, or hospitalization.

(3) The veteran or serviceman, a natural family head, is deceased (during or subsequent to military or naval service), or is permanently absent from his family by reason of divorce, separation, desertion, or permanent hospitalization. (The remarriage of a divorced spouse or a surviving spouse of a deceased veteran or serviceman shall terminate status as his family.)

2. Part 611 is hereby amended, effective upon publication in the FEDERAL REGISTER, by adding thereto § 611.8 as follows:

§ 611.8 *Admission of families of veterans and servicemen to FPHA directly operated low-rent housing projects.*—(a) *Preference for families of veterans and servicemen.* It is the policy of the FPHA that among eligible families, within each income grade, first preference in admission to FPHA directly operated low-rent projects shall be given to families of veterans and servicemen (as defined in § 611.1) where application for admission is made not later than July 1, 1950.

(b) *Elimination of previous substandard housing requirement.* The requirement that families shall have been living under unsafe and insanitary housing conditions immediately prior to admission is not applicable to families of veterans and servicemen (as defined in § 611.1) where application for admission is made not later than July 1, 1950.

(Sec. 201, 48 Stat. 195, sec. 201, 54 Stat. 676; 40 U. S. C. 401, 42 U. S. C. 1501)

§ 602.4 *Military.* The term "military" includes the Army, the Navy, and the Marine Corps, except where such construction would be unreasonable.

§ 602.5 *Registrant.* A "registrant" is a person who registered under the provisions of the Selective Training and Service Act of 1940, as amended.

§ 602.6 *Selective service records law.* The term "selective service records law" includes Public Law 26, 80th Congress, approved March 31, 1947, and all rules and regulations issued thereunder.

§ 602.7 *Singular and plural.* Words importing the singular number shall include the plural, and vice versa, except where such construction would be unreasonable.

§ 602.8 *State.* The word "State" includes, where applicable, the several States of the United States, the City of New York, the Territory of Alaska, the Territory of Hawaii, Puerto Rico, the District of Columbia, and the Virgin Islands of the United States.

PART 603—OFFICE OF SELECTIVE SERVICE RECORDS PERSONNEL

Sec.
603.1 Citizenship.
603.2 Voluntary services.
603.3 Uncompensated services.
603.4 Oath of office and waiver of pay or compensation.
603.5 Termination of appointment of uncompensated personnel.
603.6 Removal of uncompensated personnel.
603.7 Suspension of uncompensated personnel.
603.8 Vacancies.
603.9 Personnel transferred from the Selective Service System.

AUTHORITY: §§ 603.1 to 603.9, inclusive, issued under Pub. Law 26, 80th Cong.

§ 603.1 *Citizenship.* No person shall be appointed to any position in the Office of Selective Service Records who is not a citizen of the United States.

§ 603.2 *Voluntary services.* Voluntary services in the administration of the selective service records law may be accepted.

§ 603.3 *Uncompensated services.* The services of all persons volunteering their services to assist in the administration of the selective service records law shall be uncompensated, and no such person shall accept remuneration from any source for services rendered in connection with selective service records law matters.

§ 603.4 *Oath of office and waiver of pay or compensation.* (a) Every person who undertakes to render voluntary uncompensated service in the administration of the selective service records law shall, before he enters upon his duties, execute an oath of office and waiver of pay or compensation on a form prescribed by the Director.

(b) Every person who undertakes to render compensated service in the administration of the selective service records law shall, before he enters upon his duties, execute an oath of office on a form prescribed by the Director.

(c) When executed in the manner provided in this section, the oaths of office and waivers of pay or compensation shall be filed with the Director.

§ 603.5 *Termination of appointment of uncompensated personnel.* The appointment of any person rendering voluntary uncompensated service in the Administration of the selective service records law may be terminated by resignation, transfer, death or removal.

§ 603.6 *Removal of uncompensated personnel.* Any person rendering voluntary uncompensated service in the administration of the selective service records law may be removed by the Director.

§ 603.7 *Suspension of uncompensated personnel.* The Director may suspend any person rendering voluntary uncompensated service in the administration of the selective service records law, pending his consideration of the advisability of removing any such person. During the period that such person is suspended, he shall be disqualified to act in his official capacity.

§ 603.8 *Vacancies.* Vacancies shall be filled by an appointment made in the same manner as in the case of an original appointment.

§ 603.9 *Personnel transferred from the Selective Service System.* All officers and employees of the Selective Service System transferred to the Office of Selective Service Records by the selective service records law shall continue in the offices or positions held at the time of such transfer so long as they are needed in the liquidation of the Selective Service System. They shall continue to perform such duties of these offices and positions as may be necessary in liquidating the Selective Service System, and shall perform such other duties and functions as may be prescribed by the Director.

PART 604—OFFICE OF SELECTIVE SERVICE RECORDS OFFICERS

Sec.
604.1 Director of the Office of Selective Service Records.
604.2 Governor.
604.3 State Director of Selective Service.
604.4 State Director of the Office of Selective Service Records.
604.5 Channel of communication.

AUTHORITY: §§ 604.1 to 604.5, inclusive, issued under Pub. Law 26, 80th Cong.

§ 604.1 *Director of the Office of Selective Service Records.* The Director of the Office of Selective Service Records is authorized by the selective service records law:

(a) To prescribe the necessary rules and regulations to carry out the provisions of the selective service records law;

(b) To create and establish Federal record depots in the several States, the District of Columbia, Territories and possessions of the United States, and to maintain such other offices as may be necessary for the purposes of the selective service records law;

(c) To utilize the agencies of the Federal Government with the consent of the heads thereof, and to accept the services of all officers and agents of the several States, the District of Columbia, Territories and possessions of the United States, and subdivisions thereof in the execution of the selective service records law;

(d) To appoint and fix the compensation of such officers and employees (not to exceed 1,200 in number by November 1, 1947), as may be necessary for the purposes of the selective service records law, with or without regard in individual cases to the Classification Act of 1923, as amended: *Provided,* That the compensation of such persons shall not be in excess of that provision in said act.

(e) To delegate and provide for the delegation of any authority vested in him under the selective service records law, to such officers, agents, or persons as he may designate or appoint for such purpose or as may be designated or appointed for such purpose pursuant to such rules and regulations as he may prescribe.

§ 604.2 *Governor.* The Governor shall have charge of the administration of selective service planning in his State. He is authorized to delegate this function to the State Adjutant General, or to such other person as he may designate. The person to whom this function is delegated shall be responsible for formulating and maintaining the State plan for the procurement and allotment of manpower in the event of a national emergency, and may use the State staff and

such other agencies as are available for the development of such planning.

§ 604.3 *State Director of Selective Service.* The State Director of Selective Service shall have charge of the liquidation of the Selective Service System in his State. Upon completion of this liquidation, the appointment of the State Director of Selective Service shall be terminated by the Director.

§ 604.4 *State Director of the Office of Selective Service Records.* The Director shall appoint for each State a State Director of the Office of Selective Service Records who shall be charged with the custody, security, preservation, and servicing of Selective Service records of the State. He shall also be responsible for the administration of the Federal records depot within the State and for the storage of Selective Service records therein in such a manner as to provide ready access to individual records, and the inspection thereof by authorized persons. When requested, he will assist the State Adjutant General, or other designated person, with the State plan for manpower procurement.

§ 604.5 *Channel of communication.* When it is necessary for the State Director of the Office of Selective Service Records or his assistants to communicate with the Governor, such communication will be had through the State Adjutant General, or other person designated to be responsible for the State plan for manpower procurement.

PART 605—CIVILIAN EMPLOYEES

Sec.
605.1 Appointment and tenure.
605.2 Fixing compensation.
605.3 Termination of employment during liquidation of the Selective Service System.

AUTHORITY: §§ 605.1 to 605.3, inclusive, issued under Pub. Law 26, 80th Cong.

§ 605.1 *Appointment and tenure.* (a) The Director shall determine the number and the duties of compensated civilian employees to be employed in the Office of Selective Service Records, both departmental and field, and shall designate appointing officers to employ individuals approved by him, or pursuant to his directions, to fill such positions.

(b) All civilian employees engaged in the administration of the Selective Service Records Law who receive compensation from the United States, including temporary, intermittent and part-time employees, shall be employed and separated from employment in accordance with the Federal Civil Service law, the rules and regulations of the United States Civil Service Commission and other Federal statutes relating to Federal civilian employment.

§ 605.2 *Fixing compensation.* The compensation of civilian employees of the Office of Selective Service Records shall be fixed by the Director, but shall not be in excess of that provided by the Classification Act of 1923, as amended.

§ 605.3 *Termination of employment during liquidation of the Selective Service System.* During the time the Selective Service System is being liquidated, authority is delegated to the State Director of Selective Service to terminate the employment of local board employees, local board group employees, appeal board employees, employees of medical advisory boards, and State Headquarters' employees, in accordance with the reduction in force regulations of the United States Civil Service Commission and instructions issued by the Director.

PART 606—GENERAL ADMINISTRATION

Sec.
606.1 Administration of oaths generally.
606.2 Records to be maintained.
606.3 Protection of records.
606.4 What records confidential.
606.5 Information not confidential as to certain persons.
606.6 Waiver of confidential nature of information.
606.7 Subpoena of records.
606.8 Court records, when information not confidential.
606.9 Military service, when information not confidential.
606.10 "Disclose," "furnish," and "examined" defined.
606.11 Searching or handling records.
606.12 Furnishing lists of registrants.
606.13 Forms made part of regulations.

AUTHORITY: §§ 606.1 to 606.13, inclusive, issued under Pub. Law 26, 80th Cong.

§ 606.1 *Administration of oaths generally.* (a) Unless a specified person is designated to administer an oath required under the provisions of the regulations in this chapter any civil officer authorized to administer oaths generally, any commissioned officer of the land or naval forces assigned for duty with the Office of Selective Service Records, any postmaster, acting postmaster, or assistant postmaster may administer such oath.

(b) No fee or charge shall be made for the administration of oaths in the execution of the selective service records law.

§ 606.2 *Records to be maintained.* (a) In addition to all other records required by the regulations in this chapter to be kept by selective service records agencies, each such agency shall keep a full set of Selective Service Records Regulations and such forms as pertain to its functions. All such agencies shall be required to keep up, day by day, amendments, orders, changes, and all other pertinent information published by the Director.

(b) Each selective service records agency shall retain all correspondence received and a copy of all correspondence sent in its files until authorization for its disposition is received from the Director.

§ 606.3 *Protection of records.* Selective service records agencies shall take all possible care to keep records from being lost or destroyed. Under no circumstances shall a record be entrusted to any person not authorized to have it in his custody. When the person charged with the custody of a record transmits or delivers it to another, he shall place a notation showing the person or agency to which it is transmitted or delivered in his files in the place from which the record was withdrawn.

§ 606.4 *What records confidential.* Except as provided in the regulations in this chapter the information in a registrant's file shall be confidential.

§ 606.5 *Information not confidential as to certain persons.* No information in a registrant's file shall be confidential as to the persons designated in this section, and any information may be disclosed or furnished to or examined by such persons, namely:

(a) The registrant, or any person having written authority from the registrant.

(b) All personnel of the Office of Selective Service Records while engaged in the administration of the selective service records law.

(c) United States Attorneys and their duly authorized representatives, including agents of the Federal Bureau of Investigation.

(d) Personnel of the Counter Intelligence Corps, United States Army, but only when proper identification and credentials are presented.

(e) Any other agency, official, or employee, or class or group of officials or employees, of the United States or any State or subdivision thereof, but only when and to the extent specifically authorized in writing by the Director.

§ 606.6 *Waiver of confidential nature of information.* The making or filing by or on behalf of a registrant of a claim or action for damage against the Government or any person, based on acts in the performance of which the record of a registrant or any part thereof was compiled, or the institution of any action against the Government or any representative thereof by or on behalf of a registrant involving his classification, selection, or induction, shall be a waiver of the confidential nature of all selective service records of such registrant, and, in addition, all such records shall be produced and published in response to the subpoena or summons of the tribunal in which such claim or action is pending.

§ 606.7 *Subpoena of records.* In the prosecution of a registrant or any other person for a violation of the Selective Training and Service Act of 1940 or any amendment thereof, or the selective service records laws, or any regulations issued under either of said laws, or any orders or directions made pursuant to any such acts or regulations, all records of the registrant may be produced and published in response to the subpoena or summons of the court in which such prosecution is pending.

§ 606.8 *Court records when information not confidential.* Information concerning the court record of a registrant may be disclosed or furnished to or examined by peace officers of the United States and the several States and subdivisions thereof, judges and officers of courts of the United States and the several States and subdivisions thereof, and proper representatives of the armed forces. Information so given shall not be confidential as to such persons.

§ 606.9 *Military service; when information not confidential.* Information relating to previous military service shall not be confidential as to proper representatives of the armed forces and may be disclosed or furnished to or examined by them.

§ 606.10 *"Disclose," "furnish," and "examine" defined.* When used in this part, the following words with regard to the records of, or information as to, any registrant shall have the meaning ascribed to them as follows:

(a) "Disclose" shall mean a verbal or written statement concerning any such record or information.

(b) "Furnish" shall mean providing in substance or verbatim a copy of any such record or information.

(c) "Examine" shall mean a visual inspection and examination of any such record or information at the office of the custodian thereof.

§ 606.11 *Searching or handling records.* Except as specifically provided in the regulations in this chapter or by written authority of the Director, no person shall be entitled to search or handle any record.

§ 606.12 *Furnishing lists of registrants.* Lists of registrants may be prepared or furnished only in accordance with written instructions from the Director.

§ 606.13 *Forms made part of regulations.* All forms and revisions thereof referred to in these or any new or additional regulations, or in any amendment to these or such new or additional regulations hereafter adopted, and all forms and revisions thereof hereafter prescribed by the Director shall be and become a part of the regulations in this chapter in the same manner as if each form, each provision therein, and each revision thereof were set forth herein in full.

PART 607—FINANCE ADMINISTRATION

Sec.
607.1 The Director may authorize expenditures.
607.2 Chief of Finance, United States Army, fiscal, disbursing and accounting agent.

AUTHORITY: §§ 607.1 and 607.2 issued under Pub. Law 26, 80th Cong.

§ 607.1 *The Director may authorize expenditures.* The Director may authorize such lawful expenditures as he deems necessary in the administration of the selective service records law.

§ 607.2 *Chief of Finance, United States Army, fiscal, disbursing, and accounting agent.* The Chief of Finance, United States Army, is designated as the fiscal, disbursing, and accounting agent of the Director. Disbursement of funds for the Office of Selective Service Records shall be made by the Chief of Finance, upon properly certified vouchers, through designated finance officers.

The foregoing Office of Selective Service Records Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

[SEAL] LEWIS B. HERSHEY,
Director.

Chapter I—Bureau of Land Management, Department of the Interior

PART 50—ORGANIZATION AND PROCEDURE

DELEGATION OF AUTHORITY

CROSS REFERENCE: For an addition to the list of delegations of authority contained in §§ 50.75–50.81, see Part 4 under Subtitle A of this title, *supra*, authorizing the Director of the Bureau of Land Management to renew contracts for certain sales of timber.

Subchapter A—Alaska

[Circular 1644]

PART 50—ORGANIZATION AND PROCEDURE

PART 79—TIMBER

SALE OF TIMBER FOR EXPORTATION FROM ALASKA

1. The regulations for the sale of timber for exportation from Alaska contained in 43 CFR 79.35 to 79.44, inclusive, are amended as follows:

a. The third sentence in § 79.37 *Large Quantity Sales*, is amended by substituting the words "*Provided, however*, That if operations have not been commenced within three years from the date of the execution of the contract the Secretary of the Interior, upon a satisfactory showing, may in his discretion excuse the delay" for the words "and each contract shall contain a provision that all rights acquired thereunder shall be forfeited if operations have not been commenced within 3 years from the date of execution of the contract, unless, upon satisfactory showing the Secretary of the Interior shall, in his discretion, excuse the delay."

b. Sections 79.39, 79.40 and 79.41 are amended to read as follows:

§ 79.39 *Publication and posting; marking of land.* Immediately upon the filing of an application to purchase timber under § 79.37 a notice shall be published at the expense of the applicant in a newspaper designated by the manager, published in the vicinity of the land from which the timber is to be cut and most likely to give notice to the general public, once a week for a period of five consecutive weeks, in accordance with § 106.18 of this chapter. The description of the land in the notice must be identical with the description in the application. The manager will post a copy of said notice in a conspicuous place in his office during the period of publication. Upon the execution of a contract, the purchaser shall, if the lands from which the timber is to be cut are unsurveyed, cause the boundaries to be blazed or otherwise marked as provided in the contract. This requirement has been adopted in order that others who may subsequently desire to purchase timber or to settle upon or enter the land may have notice that the timber has been applied for.

§ 79.40 *Action by manager on application; field report and appraisal neces-*

sary. The manager will make appropriate notations upon the records of his office and transmit the application to the Director of the Bureau of Land Management, and at the same time transmit the duplicate to the Regional Administrator at Anchorage, Alaska, or to an examiner located in the particular land district who shall have been designated by the Regional Administrator to make appraisals. Upon receipt of the application the Regional Administrator or his representative will without delay cause the timber applied for to be examined and appraised. The appraisal rates will be based upon a fair stumpage rate taking into consideration the quality of the timber and its accessibility to market. In no event will any timber suitable for manufacturing purposes be appraised at less than $1 per thousand feet, board measure. After an examination and appraisal has been made the Regional Administrator will at once submit his report and recommendation to the Director of the Bureau of Land Management, together with a statement of facts showing whether such sale would endanger the supply of timber for local use. The Government reserves the right to reappraise the remaining standing timber at the expiration of 5 years from the date of commencement of the timber cutting period as set forth in § 79.37 and at intervals of 5 years thereafter, but in no instance shall the appraisal be at more than double the rate of the original appraisal.

§ 79.41 *Execution of contract; bond required.* Upon receipt of a report that such sale appears warranted, the Director of the Bureau of Land Management, if he agrees, will offer the timber for sale by competitive bidding in such newspapers and publications and for such period of time as he may designate. The successful bidder will be notified that he will be allowed 30 days from receipt of such notice within which to enter into a contract with the Government through the Director of the Bureau of Land Management as its agent to purchase the timber offered for sale pursuant to the rules and regulations of the Department of the Interior pertaining thereto, and shall execute and file therewith a bond in a sum not less than 50 percent of the stumpage value of the estimated amount of timber to be cut during each year of the contract. The said bond must have as surety a bonding company shown on an approved list issued by the Treasury Department, and it shall be conditioned on the payment for the timber in accordance with the terms of the contract and to the faithful performance of the contract in other respects and to observance of the rules and regulations pursuant to which the sale is made. Contracts and bonds hereunder will be executed on forms 4–030 and 4–030a, respectively.

c. Section 79.42 *Provisions to be inserted in contract* is deleted, the first sentence in § 79.43 *Renewals of contract* is amended by substituting the words "authorized officer" for the words "Secretary of the Interior" and § 79.43, as amended, and § 79.44 *Lands from which timber may not be sold* are renumbered §§ 79.42 and 79.43, respectively. The section number 79.43 is substituted for the section number 79.44 in the renumbered § 79.43.

2. Section 50.300 *Forms for use by the public* (11 F. R. 177A–197) added by order of August 28, 1946, is amended by adding descriptions of new forms as follows:

Subject	Description of form	Form
Alaska.....	Timber: Contract for the sale of timber for export.	4-030
	Bond to be executed by purchasers under contract for the sale of timber for export.	4-030a

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Misc. 2119722]

FLORIDA

NOTICE OF FILING OF SUPPLEMENTAL PLAT

MARCH 27, 1947.

Notice is given that the supplemental plat, hereinafter described, will be officially filed in the Bureau of Land Management, Washington 25, D. C., effective at 10:00 a. m. on May 29, 1947. At that time the land shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference right filings.* For a period of 90 days from 10 a. m. on May 29, 1947, to close of business on August 27, 1947, inclusive, the public land affected by this notice shall be subject to (1) application under the homestead laws, or the small tract act of June 1, 1938 (52 Stat. 609), as amended July 14, 1945 (59 Stat. 467, 43 U. S. C. sec. 682a), by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. sec. 282), subject to the requirements of applicable law, and (2) application under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference right filings.* For a period of 20 days from May 9, 1947, to 10:00 a. m. on May 29, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 29, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public land laws.* Commencing at 10:00 a. m. on August 28, 1947, any of the land remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public land laws.

(d) *Twenty-day advance period for simultaneous nonpreference right filings.* Application by the general public may be presented during the 20-day period from August 8, 1947, to 10:00 a. m. on August 28, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 28, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for this land, which shall be filed in the Bureau of Land Management, Washington 25, D. C., shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. B. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Subchapter I of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning this land shall be addressed to the Bureau of Land Management, Washington 25, D. C.

The land affected by this notice is described as follows:

TALLAHASSEE MERIDIAN

T. 13 S., R. 32 E., frl. sec. 22, lot 1, 0.63 acres.

The above-mentioned plat, based upon the plat approved June 23, 1845, shows the designation and area for frl. sec. 22, which was not shown upon the original plat. The land has a level surface and is a sandy beach fronting on the Atlantic Ocean.

While an application for homestead entry may be considered it is doubtful whether such an application would be allowed, in view of the character of the land and the small area involved.

ALASKA

AIR-NAVIGATION SITE WITHDRAWAL NO. 100 REDUCED

The order of the First Assistant Secretary of the Interior dated October 14, 1935, withdrawing certain tracts of public land in Alaska for use by the Alaska Road Commission in the maintenance of air-navigation facilities, is hereby revoked so far as it affects the following-described tract:

SUSITNA RIVER

All of a certain unnamed island in the Susitna River approximately three-fourths of a mile downstream from the village of Susitna on the Susitna River in approximate latitude 61°31' N., longitude 150°30' W., area not estimated.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on May 26, 1947. At that time the lands shall become subject to settlement and other forms of appropriation in accordance with the applicable public land laws and regulations.

The above land consists of an unnamed island in the Susitna River about three-fourths of a mile south of Susitna Station. The island supports only a sparse stand of vegetation near the center. The highest point on the island is approximately seventy (70) feet above sea level. The topography of the island is in general level.

RATE ORDERS UNDER THE PACKERS AND STOCKYARDS ACT

Notice is hereby given to stockyards, market agencies, and licensees that rate orders issued under the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), constitute rules under the Administrative Procedure Act (60 Stat. 237), and the procedure set out in section 4 of the latter act must be observed with reference to the entry and effective date of such orders. Under the procedure set out in section 4, rate orders cannot normally become effective in less than 60 days after the filing of petitions therefor. Accordingly, all stockyards, market agencies, and licensees who are subject to the rate making provisions of the Packers and Stockyards Act should file their petitions sufficiently in advance of the desired effective date of such orders in order to permit compliance with

the provisions of section 4 of the Administrative Procedure Act. Hence, all such petitions for extensions or modifications of established rates should be filed not less than 60 days prior to the desired effective date, notwithstanding the provisions of any outstanding orders which require that such petitions shall be filed not later than a specified date and which date may be less than 60 days prior to the date on which such orders expire.

CARIBBEAN ATLANTIC AIRLINES, INC., ET AL.

NOTICE OF HEARING

In the matter of the applications of Caribbean Atlantic Airlines, Inc., Docket No. 2246, Pan American Airways, Inc., Docket No. 2170 and Chicago and Southern Air Lines, Inc., Docket No. 2684, pursuant to section 401 of the Civil Aeronautics Act of 1938, as amended, for certificates or amendments to certificates of public convenience and necessity authorizing air transportation in the Caribbean area and the petition of Caribbean Atlantic Airlines, Inc., Docket No. 2526 for the amendment of the certificate of public convenience and necessity of Pan American Airways, Inc., authorizing air transportation between Miami, Florida and South America or the imposition of restrictions thereon.

For further details of the operations proposed and the modification requested parties are referred to the applications on file with the Civil Aeronautics Board.

Notice is hereby given that pursuant to section 401 (c) of the Civil Aeronautics Act of 1938, as amended, the above-entitled applications, having been consolidated for hearing by orders of the Board (Orders Serial Nos. E-304 and E-360, dated February 17, 1947, and March 17, 1947, respectively), be and they hereby are designated for public hearing on April 21, 1947 at 10:00 a. m. (local time) at the Puerto Rico Chamber of Commerce, San Juan, P. R., before an Examiner of the Board.

Without limiting the scope of the issues presented by said applications, particular attention will be directed to the following matters and questions:

1. Whether the proposed transportation services, in whole or in part, are required by the public convenience and necessity?

2. Whether the applicants are fit, willing and able to perform such transportation and to conform to the provisions of the act and the rules, regulations and requirements of the Board thereunder?

3. In the event applicants propose substantially the same service or services, which of said applicants is required by the public convenience and necessity to perform the service or services to be authorized?

4. Whether the elimination of certain points from the certificate of public convenience and necessity held by Pan American Airways, Inc., or the imposition of restrictions on the service authorized thereby is required by the public convenience and necessity?

Notice is further given that any person other than the parties and interveners of record as of March 11, 1947, desiring to be heard in this proceeding may file with the Board on or before April 21, 1947, a statement setting forth the issues of fact and law raised by this proceeding which he desires to controvert and such person may appear and participate in the hearing in accordance with § 285.6 (a) of the Rules of Practice under Title IV and section 1002 (i) of the Civil Aeronautics Act of 1938, as amended.

INTERCONTINENTAL AIR TRANSPORT CO.

NOTICE OF HEARING

In the matter of the non-certificated operations of Intercontinental Air Transport Co.

The Board having on November 14, 1946, issued to Intercontinental Air Transport Co. an order (Serial No. E-96) to show cause why it should not be ordered to cease and desist from engaging in scheduled air transportation in violation of sections 401 (a) and 610 (a) (4) of the Civil Aeronautics Act of 1938, as amended.

Notice is hereby given that pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 401 (a), 610 (a-4), 1001, 1002 (b), 1002 (c) thereof, hearing in the above-entitled proceeding is assigned to be held on April 21, 1947, at 10 a. m. (eastern standard time) in Room 1302, Temporary "T" Building, Constitution Avenue between 12th and 14th Streets NW., before Examiner Paul N. Pfeiffer.

Without limiting the scope of the issues presented in this proceeding, particular attention will be directed to the following matters and questions:

1. Is respondent an "air carrier" engaged in "air transportation" within the meaning of the Civil Aeronautics Act of 1938, as amended, and accordingly subject to the provisions of such act and in particular sections 401 (a) and 610 (a-4) thereof?

2. If respondent is an "air carrier" engaged in "air transportation", do its past and present operations in air transportation fall within those non-certificated operations authorized by § 292.1 of the Board's Economic Regulations.

3. Whether the Board should issue an order that respondent cease and desist from engaging in scheduled air transportation in violation of sections 401 (a) and 610 (a) (4) of the Civil Aeronautics Act of 1938, as amended.

Dated Washington, D. C., April 2, 1947.

ALL-RAIL COMMODITY RATES BETWEEN CALIFORNIA, OREGON, AND WASHINGTON, AND PACIFIC COASTWISE WATER RATES

SPECIAL RULES OF PROCEDURE

APRIL 2, 1947.

These proceedings are assigned for initial hearing at the office of the Commission, Washington, D. C., April 28, 1947, 10 o'clock a. m., United States standard time, before Chairman Aitchison. Additional hearings will be assigned at other points as soon as practicable after the conclusion of the Washington hearings. Shippers or others who plan to introduce evidence are requested to advise the Commission as soon as possible, stating the approximate time required and their preference as to place of hearing.

The Commission has given consideration to the motion filed by the United States Maritime Commission February 26, 1947, requesting expedited disposition of these proceedings and suggesting means of accomplishing such expedition. As prayed in that motion, and in order to afford the respondents, in conformity with the Commission's general rules of practice, an opportunity amicably to adjust their differences, to effect satisfactory settlement of the issues in these proceedings, and to promote peace and harmony in this phase of the transportation industry, the respondents are hereby directed to submit to this Commission, without prejudice to any party in interest, proposals of adjustment in the form of suggested rates which they are prepared to defend as just and reasonable in conformity with the rules of rate-making set forth in sections 15a (2) and 307 (f) of the Interstate Commerce Act. To that end the rail and water respondents are directed to confer for mutual consideration of their proposals in accordance with the letter from the Attorney General of the United States referred to in the motion of the Maritime Commission. The Commission also suggests the attendance at this conference of a representative of the Maritime Commission if it desires to participate. Proposals so arrived at shall be made public for the information of interested shippers not later than April 17, 1947. In this manner it is believed that the issues involved in these proceedings will be clarified and the shippers better enabled to meet those issues. Nothing done as a result of such a conference, however, shall bind the Commission in any way.

Special rules of procedure. Petitions of intervention are unnecessary. Persons who appear in opposition to respondents' proposed rates will be considered protestants.

In order to save time and expense it is strongly urged that persons having common interests endeavor, so far as possible, to consolidate their presentation of testimony and arrange for cross-examination by a limited number of counsel. The same course should be followed upon oral argument.

In the preparation of exhibits Rules 81-84 of the general rules of practice should be observed. If possible, all exhibits introduced by each witness should be included in a single pamphlet with pages consecutively numbered and suitably bound together. At least 50 copies of each exhibit should be available. So far as possible, exhibits should be self-explanatory to minimize the time required for oral testimony.

Witnesses who prepare their testimony in writing should comply with Rule 77 of the general rules of practice. They should have a sufficient number of copies to supply opposing counsel, the official reporter, and the presiding officer. To save time it is suggested that such written statements be prepared with a view to their being copied into the record by agreement without being read by the witness or that they be submitted as verified statements, as stated in the next paragraph.

Evidence in the form of verified statements (affidavits) without personal appearance of the affiant as a witness will be received in the absence of objection. Parties offering such statements should provide 50 copies thereof as early as possible in the hearings. Notice of objection to the receipt of any such statements should be given promptly to the Commission, and to the party offering the statement. If no such notice is given, it will be assumed that objection is waived, subject to the right of any person in any appropriate manner to raise questions as to the weight of such verified statements. Such statements should conform to the general rules of practice with respect to style, mimeographing, printing, etc. They should be limited strictly to matters of fact and contain no argument; if not so limited, they may be excluded. The Commission on its own motion or objection may exclude a verified statement or any portion thereof which (a) is not material or relevant to the questions involved in these proceedings, (b) is obviously incompetent, or (c) is argumentative. All verified statements received in evidence will be part

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-120, 59-34]

NEW ENGLAND GAS AND ELECTRIC ASSN.

MEMORANDUM FINDINGS, OPINION, AND ORDER RELEASING JURISDICTION AND PERMITTING APPLICATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 1st day of April 1947.

On February 11, 1947, we issued our findings, opinion, and order approving the Alternate Plan of Recapitalization of New England Gas and Electric Association (New England) under section 11 (e) of the Public Utility Holding Company Act of 1935 and reserved jurisdiction, among other things, to pass upon certain definite terms and conditions relating to the sale by New England of $22,425,000 principal amount of 20-year Collateral Trust Sinking Fund Bonds, 77,625 Cumulative Convertible Preferred Shares and a maximum of 1,850,000 common shares including rights for 479,235 common shares.[1]

Subsequently, we granted an exception from the competitive bidding requirements of Rule U-50 with respect to the sale of Convertible Preferred Shares and such of the 479,235 new common shares as are not subscribed for upon exercise of subscription rights[2] and permitted the declaration under section 7 of the act to become effective with respect to the issue and sale of the new securities subject to certain terms and conditions including a condition that the proposed sale of such securities shall not be consummated until the results of competitive bidding for the Collateral Trust Bonds and the negotiations for the Convertible Preferred and Common Shares have been made a matter of record in this proceeding and a further order shall have been entered by this Commission in the light of the record so completed.[3]

New England has now filed an amendment to its application concerning certain matters in respect to the proposed sale of the securities and a further hearing was held with respect to such matters.

Pursuant to the competitive bidding requirements of Rule U-50, New England has offered its Collateral Trust Bonds for sale and has received the following bids:

Bidder or group representative	Price to company	Interest rate	Cost to company
J. Hancock Mutual Life Insurance Co	100.05	2⅞	2.8717
White, Weld & Co	100.769	3	2.9488
The First Boston Corp	100.539	3	2.9641
Halsey, Stuart & Co., Inc	100.2799	3	2.9813

New England has accepted the bid of John Hancock Mutual Life Insurance Company for the Collateral Trust Bonds as set forth above. The prospective purchaser states that the bonds will not be offered for resale but will be retained as an investment.

We conclude that no adverse findings are necessary with respect to such sale of the bonds.

The amendment filed by New England further states that, after the entry of the order by the Commission exempting from the competitive bidding requirements of Rule U-50 the sale of the Convertible Preferred Shares and the unsubscribed for common shares, New England conducted negotiations with representatives of three underwriting syndicates headed by The First Boston Corporation, White, Weld & Co. and Eastman, Dillon & Co. After receiving informal bids from such representatives, the company concluded that the informal bid submitted by The First Boston syndicate was the most susceptible of improvement through further negotiation and that further negotiation solely with The First Boston syndicate would secure the best prices for the securities to be sold. It is represented that, thereafter, such further negotiations were held and that, immediately prior to the opening of the competitive bids for the bonds on March 31, 1947, the company concluded an agreement with The First Boston syndicate for the underwriting of the Convertible Preferred Shares and the unsubscribed for common shares.

The First Boston Corporation has agreed to purchase Convertible Preferred Shares having a dividend rate of 4.50% at a price of $100.50 resulting in an annual cost to New England of 4.4776%. The Convertible Preferred Shares will be offered for sale to the public at a price of $103 per share resulting in an underwriters' spread of $2.50 per share.

With respect to the 479,235 new common shares, New England will issue on April 2, 1947 to the holders of its $5.50 preferred shares of record as of March 24, 1947, rights for the purchase of such new common shares at a price of $9 per share. At the expiration of such rights, on April 16, 1947, the underwriters will purchase at the same price all of such shares as are not purchased through the exercise of the rights.

The underwriters have agreed to pay to New England on April 9, 1947 on account of their commitments in respect of the 479,235 new common shares a sum of money equal to $4,313,115 less any amounts received by New England on or before April 8, 1947 in payment of subscriptions for its new common shares. Thereafter, the underwriters will be reimbursed by the further amounts received in respect of subscriptions for common shares of New England.

New England will pay to the underwriters as compensation for underwriting the subscriptions to the common shares a fee of $24,565 subject to (a) a reduction of three-eighths of 1% of the amounts received by New England upon the exercise of transferable rights on or before April 8, 1947; and (b) an increase of $0.70 in respect of each common share issued and delivered to the underwriters if the number of shares so issued and delivered exceed 71,885 shares.

The underwriters have agreed that in the event of a public or other offering of common shares purchased by them, they will pay to New England upon receipt of the proceeds of the sale thereof (a) the entire excess, if any, received by the underwriters over $9 per share if the number of such common shares purchased does not exceed 14,377, or (b) 50% of the excess, if any, received by the underwriters over $9 per share if the number of such common shares so purchased exceed 14,377.

As indicated, the 479,235 common shares of New England will be first offered to the present holders of the $5.50 preferred shares. Since the underwriters will purchase only the unsubscribed for shares, the exact amount of the underwriters' compensation cannot be computed in advance. However, the theoretical minimum and maximum amounts can be determined upon certain assumptions. Thus, if no shares are taken as the result of the exercise of the rights, the maximum compensation to be received by the underwriters (excluding the effect of the provision relating to the sharing of the excess of any resale price over price paid to New England) would amount to $360,464.50.[4] This theoretical maximum compensation would amount to 8.347% of the aggregate price to New England.

Under the underwriting agreement, the theoretical minimum of the underwriters' compensation in respect to the common shares would be reached if all the 479,235 common shares were disposed of through the exercise of the rights on or before April 8, 1947. The total compensation on this basis would be $8,390.82 or 0.1945% of the aggregate price to New England.

Under the circumstances, we are satisfied that no adverse findings are necessary with respect to the sale of the Convertible Preferred Shares and that the provisions of the agreement with the underwriters relating to the determination of their compensation for the underwriting of the common shares provide sufficient assurance that such compensation will not be unreasonable in relation to the risks which they will have assumed in the transaction.

It is therefore ordered, That the jurisdiction heretofore reserved in respect to the results of the competitive bidding for $22,425,000 principal amount of 20-year Collateral Trust Sinking Fund Bonds and the negotiations for 77,625 shares of Cumulative Convertible Preferred Shares and such of the 479,235 common shares as are not subscribed for upon exercise of subscription rights be, and the same hereby is, released, and that the amendment filed on April 1, 1947 to the application be, and hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 and subject to the reservation of jurisdiction set forth in the said order dated February 11, 1947.

By the Commission.

ALLENTOWN-BETHLEHEM GAS CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 31st day of March 1947.

Allentown-Bethlehem Gas Company (Allentown), a public utility subsidiary of The United Gas Improvement Company, a registered holding company, having filed an application, with an amendment thereto, pursuant to section 6 (b) of the act, with respect to the following transaction:

Allentown has presently outstanding $2,415,000 principal amount of First Mortgage Bonds, 3¾% Series due 1965, all of which are owned by five life insurance companies and two savings banks. In lieu of refunding said bonds, Allentown proposes to reduce the interest rate on said bonds to 3% per annum effective March 1, 1947. The holders of said bonds have voluntarily assented to this proposal. Allentown has requested that the proposed transaction be excepted from the competitive bidding requirements of Rule U-50 and that it be permitted to consummate the proposed transaction immediately upon approval thereof.

Such application, as amended, having been duly filed, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act and the Commission not having received a request for hearing with respect to said application, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

It appearing to the Commission that the proposed transaction has been approved by the Pennsylvania Public Utility Commission and that in the particular circumstances of this case it is appropriate in the public interest and in the interests of investors and consumers to grant applicant's request for an exception from the competitive bidding requirements of Rule U-50 with respect to the proposed transaction, and that the application, as amended, should be granted so as to permit immediate consummation of the proposed transaction:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the application, as amended, be, and the same hereby is, granted and that the proposed transaction may be consummated forthwith.

ATLAS CORP. AND INDIAN MOTORCYCLE CO.

NOTICE OF APPLICATION, STATEMENT OF ISSUES AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 2d day of April A. D. 1947.

Notice is hereby given that Atlas Corporation ("Atlas"), a registered investment company, and Indian Motorcycle Company ("Indian") have filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 for an order of the Commission exempting from the provisions of section 17 (a) of the act, a proposed sale by Indian to Atlas of 155,556 shares of the Common Stock of Indian, having a par value of $1 per share, at a price of $4.50 per share.

Atlas owns 56,932 shares of the 444,115 shares of Common Stock of Indian presently outstanding. Indian is, therefore, an affiliated person of Atlas. With certain exceptions not applicable in this instance, section 17 (a) of the act prohibits an affiliated person of an investment company from selling securities to the registered company. Atlas and Indian have, therefore, filed an application pursuant to section 17 (b) of the act for an order of the Commission exempting the proposed sale from the provisions of section 17 (a) of the act. Atlas and Indian assert that the proposed sale meets the standards and requirements of section 17 (b).

The proposed sale is embodied in an agreement made between Atlas and Indian dated February 27, 1947, pursuant to which Atlas agrees to purchase the aforementioned securities subject to the conditions, among others, that:

1. The Chemical Bank and Trust Company and The Marine Midland Trust Company of New York shall have entered into a credit agreement pursuant to which the repayment of an indebtedness of Indian to the banks aggregating $1,500,000 shall have been extended over a period of five years.

2. R. B. Rogers Companies, Inc. ("Rogers")[1] shall have entered into an agreement pursuant to which Rogers agrees to purchase or cause others to purchase for cash, not later than September 1, 1947, 133,334 shares of the Common Stock of Indian at $4.50 per share; provided that shares of stock of Indian issued in exchange for obligations of Indian aggregating not more than $600,000 representing advances to Indian from affiliated companies, shall be regarded for the purposes of this provision as shares of stock issued for cash; and provided further that the merger of Rogers into Indian or the transfer by Rogers of all or substantially all its assets to Indian in exchange for shares of stock of Indian and the assumption by Indian of the liabilities of Rogers, in either case on terms satisfactory to Atlas, shall also be deemed compliance with this provision.

3. Rogers shall have entered into an agreement with Indian providing, in substance, that on or before September 1, 1947, unless Rogers and Indian shall mutually agree upon a later date, Rogers will sell, lease, or otherwise make available to Indian or cause others to sell, lease, or otherwise make available to Indian, plant and equipment suitable for Indian's business of an aggregate fair value of at least $1,412,500, or in lieu thereof, if Rogers so elects, lend or cause to be lent to Indian the sum of $1,412,500, in any such case on terms acceptable to the Chemical Bank and Trust Company and The Marine Midland Trust Company of New York. The aforesaid obligation of Rogers shall be deemed to be discharged if on or prior to September 1, 1947, or such later date as Rogers and Indian may mutually agree upon, (a) Rogers shall have transferred substantially all of its assets to Indian in exchange for shares of stock of Indian and the assumption by Indian of the liabili-

ties of Rogers, or (b) Rogers shall have been merged into Indian or (c) any other corporation shall have transferred assets to Indian in exchange for shares of stock of Indian or shall have been merged into Indian, provided there shall have been included in the assets transferred to Indian by such other corporation as part of any such transaction cash and/or other current assets and/or plant and equipment suitable for Indian's business, having an aggregate fair value of at least $1,412,500, and provided further that if such aggregate fair value shall be less than $1,412,500, the obligation of Rogers shall be limited to the amount of such deficiency.

4. Hill Diesel Engine Company ("Hill") shall have transferred substantially all of its assets to Indian in exchange for not more than 127,111 shares of Common Stock of Indian and the assumption by Indian of the liabilities of Hill.[2]

All interested persons are referred to said application which is on file in the offices of the Commission for a more detailed statement of the proposed transaction and the matters of fact and law asserted.

The Corporation Finance Division of the Commission has advised the Commission that upon a preliminary examination of the application, it deems the following issues to be raised thereby without prejudice to the specification of additional issues upon further examination:

(1) Whether the proposed sale is fair and reasonable;

(2) Whether the proposed sale involves overreaching on the part of any person concerned;

(3) Whether the proposed sale is consistent with the policy of Atlas as recited in its registration statement and reports filed under the act;

(4) Whether the proposed sale is consistent with the general purposes of the Act.

It appearing to the Commission that a hearing upon the application is necessary and appropriate:

It is ordered, Pursuant to section 40 (a) of said act, that a public hearing on the aforesaid application be held on April 11, 1947, at 10:00 a. m., eastern standard time, Room 318 in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

It is further ordered, That William W. Swift, or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing and any officer or officers so designated to preside at any such hearing is hereby authorized to exercise all of the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to hearing officers under the Commission's rules of practice.

Notice of such hearing is hereby given to the above-named applicants, Atlas Corporation and Indian Motorcycle Company, and to any other person or persons whose participation in such proceedings may be in the public interest or for the protection of investors. Any person desiring to be heard or otherwise desiring to participate in said proceeding should file with the Secretary of the Commission, on or before April 9, 1947 his application therefor as provided by Rule XVII of the rules of practice of the Commission, setting forth therein any of the above issues of law or fact which he desires to controvert and any additional issues he deems raised by the aforesaid application.

By the Commission.

BANKERS SECURITIES CORP. ET AL.

NOTICE OF APPLICATION, STATEMENT OF ISSUES AND NOTICE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 2d day of April A. D. 1947.

In the matter of Bankers Securities Corporation, Bankers Bond and Mortgage Guaranty Company of America, Bankers Bond and Mortgage Company, McCloskey Homes, Inc.

Notice is hereby given that Bankers Securities Corporation, Bankers Bond and Mortgage Guaranty Company of America and Bankers Bond and Mortgage Company have filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 for an order exempting from the provisions of section 17 (a) of the act a proposed agreement between Bankers Bond and Mortgage Company and McCloskey Homes, Inc., pursuant to which Bankers Bond and Mortgage Company agrees to lend McCloskey Homes, Inc., funds upon appropriate security in connection with the construction and mortgaging of 876 individual dwellings, and McCloskey Homes, Inc. may sell to Bankers Bond and Mortgage Company individual and permanent mortgages created in connection with the sale of the individual dwellings.

Bankers Securities Corporation is a closed-end, management, non-diversified investment company and is registered under the Investment Company Act of 1940. Bankers Bond and Mortgage Guaranty Company of America is controlled by Bankers Securities Corporation. Bankers Bond and Mortgage Company is a wholly owned subsidiary of Bankers Bond and Mortgage Guaranty Company of America. Bankers Securities Corporation also owns 25% of the voting securities of McCloskey Homes, Inc.

In the proposed agreement Bankers Bond and Mortgage Company agrees to advance to McCloskey Homes, Inc. funds up to a prescribed maximum approximately equivalent to 90% of the construction completed, at the rate of 4½% per annum, subject to certain limitations and conditions. McCloskey Homes, Inc., agrees that upon settlement following sale of each dwelling unit and lot, it will pay Bankers Bond and Mortgage Company the proceeds received by it from such sale, after deducting any sales commission payable thereon, to be applied in reduction of the principal of the advance money mortgage, and Bankers Bond and Mortgage Company will thereupon release said unit and lot from the lien of the advance money mortgage. In addition, it is provided that Bankers Bond and Mortgage Company shall have the exclusive right to purchase, accept or place, at face amount, the individual mortgage financing required by any purchase of a dwelling unit, for which it is to receive a fee of 1% on such face amount, payable by McCloskey Homes, Inc. It is proposed that such mortgages will be eligible for insurance by the Federal Housing Administration or eligible for guarantee by the Veterans' Administration.

Section 17 (a) (3) of the act prohibits an affiliated person (McCloskey Homes, Inc.) from borrowing money or other property from a company controlled by a registered investment company (Bankers Bond and Mortgage Company). Section 17 (a) (1) of the act prohibits the sale by an affiliated person (McCloskey Homes, Inc.) of any security or other property to a company controlled by a registered investment company (Bankers Bond and Mortgage Company.)

The applicants have therefore filed an application pursuant to section 17 (b) of the act for an order of the Commission exempting the proposed transactions from the provisions of section 17 (a) of the act, and they assert that the proposed transactions meet the standards and requirements of section 17 (b).

All interested persons are referred to said application which is on file in the offices of the Commission for a more detailed statement of the proposed transaction and the matters of fact and law asserted.

The Corporation Finance Division of the Commission has advised the Commission that upon a preliminary examination of the application, it deems the following issues to be raised thereby without prejudice to the specification of additional issues upon further examination:

(1) Whether the proposed agreement is fair and reasonable;

(2) Whether the proposed agreement involves overreaching on the part of any person concerned;

(3) Whether the proposed agreement is consistent with the policy of Bankers Securities Corporation as recited in its registration statement and reports filed under the Act;

(4) Whether the proposed agreement is consistent with the general purposes of the Act.

It appearing to the Commission that a hearing upon the application is necessary and appropriate:

It is ordered, Pursuant to section 40 (a) of said act, that a public hearing on

the aforesaid application be held on April 15, 1947, at 9:30 a. m., eastern standard time, Room 318 in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

It is further ordered, That William W. Swift, or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing and any officer or officers so designated to preside at any such hearing are hereby authorized to exercise all of the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to hearing officers under the Commission's rules of practice.

Notice of such hearing is hereby given to the above mentioned Bankers Securities Corporation, Bankers Bond and Mortgage Guaranty Company of America, Bankers Bond and Mortgage Company, and McCloskey Homes, Inc., and to any other person or persons whose participation in such proceedings may be in the public interest or for the protection of investors. Any person desiring to be heard or otherwise desiring to participate in said proceedings should file with the Secretary of the Commission, on or before April 11, 1947 his application therefor as provided by Rule XVII of the rules of practice of the Commission, setting forth therein any of the above issues of law or fact which he desires to controvert and any additional issues he deems raised by the aforesaid application.

By the Commission.

TITLE 20—EMPLOYEES' BENEFITS

Chapter II—Railroad Retirement Board

PART 345—EMPLOYERS' CONTRIBUTIONS AND CONTRIBUTION REPORTS

PART 346—EMPLOYEE REPRESENTATIVES' CONTRIBUTIONS AND REPORTS

MISCELLANEOUS AMENDMENTS

Pursuant to the general authority contained in section 12 of the act of June 25, 1938 (52 Stat. 1107; 45 U. S. C. 362 (l)), Part 345, §§ 345.1, 345.2, 345.4, 345.5, 345.6, 345.8, 345.20, 345.23, and 345.24, and Part 346 of the regulations of the Railroad Retirement Board under such act (4 F. R. 4370, 4792, 5 F. R. 4846, 7 F. R. 381, 9 F. R. 5398) are revised, effective March 20, 1947, by Board Order 47–123 dated March 20, 1947, as follows:

1. Sections 345.1, 345.2, 345.4 to 345.6, 345.8 and 345.20 are revised to read as follows:

§ 345.1 *Statutory provisions.* Every employer shall pay a contribution, with respect to having employees in his service, equal to 3 per centum of so much of the compensation as is not in excess of $300 for any calendar month paid by him to any employee with respect to employment after June 30, 1939: *Provided, however,* That if compensation is paid to an employee by more than one employer with respect to any such calendar month, the contributions required by this section shall apply to not more than $300 of the aggregate compensation paid to said employee by all said employers with respect to such calendar month, and each employer other than a subordinate unit of a national railway-labor-organization employer shall be liable for that proportion of the contribution with respect to such compensation paid by all such employers which the compensation paid by him after December 31, 1946, to the employee for services during any calendar month after 1946 bears to the total compensation paid by all such employers after December 31, 1946, to such employee for services rendered during such month; and in the event that the compensation so paid by such employers to the employee for services rendered during such month is less than $300, each subordinate unit of a national railway-labor-organization employer shall be liable for such proportion of any additional contribution as the compensation paid by such employer after December 31, 1946, to such employee for services rendered during such month bears to the total compensation paid by all such employers after December 31, 1946, to such employee for services rendered during such month.

The contributions required by this act shall be collected and paid quarterly or at such other times and in such manner and under such conditions not inconsistent with this act as may be prescribed by regulations of the Board, and shall not be deducted, in whole or in part, from the compensation of employees in the employer's employ. If a contribution required by this act is not paid when due, there shall be added to the amount payable (except in the case of adjustments made in accordance with the provisions of this act) interest at the rate of 1 per centum per month or fraction of a month from the date the contribution became due until paid. Any interest collected pursuant to this section shall be credited to the account.

All provisions of law, including penalties, applicable with respect to any tax imposed by section 1800 or 2700 of the Internal Revenue Code, and the provisions of section 3661 of such code, insofar as applicable and not inconsistent with the provisions of this act, shall be applicable with respect to the contributions required by this act: *Provided,* That all authority and functions conferred by or pursuant to such provisions upon any officer or employee of the United States, except the authority to institute and prosecute, and the function of instituting and prosecuting, criminal proceedings, shall, with respect to such contributions, be vested in and exercised by the Board or such officers and employees of the Board as it may designate therefor.

For the purposes of determining the amount of contributions due pursuant to this act, employment after June 30, 1940, in the service of a local lodge or division

CODIFICATION GUIDE—Con.

of a railway-labor-organization employer or as an employee representative shall be disregarded. (Sec. 2, 54 Stat. 1094, 45 U. S. C. and Sup. 351g)

§ 345.2 *Employers' contributions.* (a) Except as provided in paragraph (b) of this section every employer shall pay a contribution equal to 3 per centum of the amount of compensation paid by such employer to employees with respect to employment on and after July 1, 1939, excluding, however, that part of the compensation which is in excess of $300 and is paid by the employer to any employee with respect to employment during any one calendar month.

(b) If compensation is paid by more than one employer to an employee with respect to employment during the same calendar month, and if the aggregate compensation paid to such employee by all employers is more than $300 for the calendar month, then there shall be included in the measure of each employer's contribution only that proportion of $300 which the amount paid by him to the employee for the month bears to the aggregate compensation paid to such employee by all employers for that month: *Provided, however,*

(1) If such aggregate compensation is paid by two or more employers, only one of whom is an employer other than a subordinate unit of a national railway-labor-organization employer, and if the compensation paid to the employee by the employer other than a subordinate unit equals or exceeds $300 for the month, then no subordinate unit shall be liable for any contribution with respect to the compensation paid by it to such employee for that month, and the measure of the contribution of the employer other than a subordinate unit with respect to the compensation paid by him to such employee for that month shall be $300.

(2) If such aggregate compensation is paid by two or more employers other than a subordinate unit of a national railway-labor-organization employer and by one or more subordinate units of a national railway-labor-organization employer, and if the total compensation paid to the employee by the employers other than a subordinate unit equals or exceeds $300 for the month, then no subordinate unit shall be liable for any contribution with respect to the compensation paid by it to such employee for that month, and the measure of the contribution of each employer other than a subordinate unit shall be that proportion of $300 which the compensation paid by such employer to the employee for the month bears to the total compensation paid to such employee by all such employers other than a subordinate unit for that month.

(3) If such aggregate compensation is paid by two or more employers, only one of whom is a subordinate unit of a national railway-labor-organization employer, and if the total compensation paid to the employee by all employers other than the subordinate unit is less than $300 for the month, then the measure of the contribution of each employer other than the subordinate unit shall be the full amount of compensation paid by him to such employee for that month, and the measure of the contribution of the subordinate unit of a national railway-labor-organization employer shall be $300 less the total compensation paid to such employee for that month by all other employers.

(4) If such aggregate compensation is paid by one or more employers other than a subordinate unit of a national railway-labor-organization employer and by two or more subordinate units of a national railway-labor-organization employer, and if the total compensation paid to the employee by all employers other than the subordinate units is less than $300 for the month, then the measure of the contribution of each employer other than the subordinate units shall be the full amounts of compensation paid by him to such employee for that month, and the measure of the contribution of each subordinate unit of the national railway-labor-organization employer shall be that proportion of $300 less the total compensation paid to such employee for the month by all employers other than the subordinate units which the compensation paid by such subordinate unit to the employee for that month bears to the total compensation paid to such employee by all such subordinate units for that month. (Secs. 8, 12, 52 Stat. 1102, 1107, as amended by sec. 318, Pub. Law 572, 79th Cong., 60 Stat. 722; 45 U. S. C. and Sup. 358, 362.)

§ 345.4 *Employers' reports of compensation of employees.* Each employer shall continue to file with the Board, in accordance with the requirements of § 250.3 of this chapter, as amended, reports of the compensation of each employee, consisting of:

(1) A report of compensation for the calendar quarter or calendar year on Form BA-3 (or punched tabulating cards in lieu thereof),

(2) A monthly report of compensation adustments, on Form BA-4,

(3) A summary of compensation adjustments reported for the quarter, and

(4) Summary reports of compensation for the calendar quarter or calendar year, on Form BA-5. (Sec. 6, 52 Stat. 1101; as amended by sec. 317, Pub. Law 572, 79th Cong., 60 Stat. 722; 45 U. S. C. and Sup. 356)

§ 345.5 *Employers' contribution reports*—(a) *General.* For the period of three calendar months ending September 30 1939, and for each subsequent period of three calendar months ending December 31, March 31, June 30 and September 30, respectively, of each year, each employer shall prepare a contribution report, in duplicate, on Form DC-1. Except as otherwise provided by agreement with the Board, each employer is required to file a separate contribution report, and consolidated contribution reports of parent and subsidiary corporations are not permitted.

Contribution reports of employers who are required by State laws to pay compensation on a weekly basis shall with respect to such compensation cover all pay-roll weeks, all or the major part of which falls within the period for which the reports are required.

(b) *Compensation to be reported on*—(1) *Employers reporting compensation quarterly.* The amount reported on Form BA-5 as the total creditable compensation for the quarter, prior to any additions or subtractions for adjustments, shall be entered on the employer's quarterly contribution report for the corresponding quarter as the amount of creditable compensation from which the contribution payable for that quarter is to be computed.

(2) *Employers reporting compensation annually.* Employers authorized to report compensation annually, pursuant to § 250.3 (a) of this chapter, shall enter on the employer's quarterly contribution report, prior to any additions or subtractions, the amount of creditable compensation appearing on pay rolls or other disbursement documents for the corresponding quarter as the amount of creditable compensation from which the contribution payable for that quarter is to be computed. (Secs. 8, 12, 52 Stat. 1102, 1107, as amended by sec. 318, Pub. Law 572, 79th Cong., 60 Stat. 722; 45 U. S. C. and Sup. 358, 362)

§ 345.6 *Final employers' contribution reports.* Upon termination of employer status, as determined under §§ 202.11 and 202.12 of this chapter, the last contribution report of the employer on Form DC-1 shall be marked "Final contribution report." Such contribution report shall be filed with the Board on or before the sixtieth day after the final date for which there is paid compensation with respect to which contribution is required. The period covered by each such contribution report shall be plainly written thereon, indicating the final date for which conpensation is paid.

There shall be executed as part of each such final contribution report a statement giving the address at which compensation records will be kept and the name of the person keeping the records. (Secs. 8, 12, 52 Stat. 1102, 1107, as amended by sec. 318, Pub. Law 572, 79th Cong., 60 Stat. 722; 45 U. S. C. and Sup. 358, 362)

§ 345.8 *Prescribed forms for employers' contribution reports.* Each employer's contribution report, together with any prescribed copies and supporting data, shall be filled out in accordance with the instructions and regulations applicable thereto. The prescribed forms may be obtained from the Board. An employer will not be excused from making a contribution report for the reason that no form has been furnished to such employer. Application should be made to the Board for the prescribed forms in ample time to have the contribution report prepared, verified and filed with the Board on or before the due date. Contribution reports shall be carefully prepared so as to set forth fully and clearly the data called for therein. Contribution reports which have not been so prepared will not be accepted, and the submission thereof shall have no effect whatever. In case the prescribed form has not been obtained, a statement made by the employer disclosing the period covered and the amount of compensation with respect to which the contribution is required may be accepted as a tentative contribution report if accompanied by the amount of contribution due. If filed within the prescribed time the statements so made will relieve the employer from liability for the penalty imposed for the delinquent filing of the contribution report, *Provided,* That the failure to file a contribution report on the prescribed form is not attributable to the fault of the employer, *And provided further,* That without unnecessary delay such tentative report is supplemented by a contribution report made on the proper form. (Secs. 8, 12, 52 Stat. 1102, 1107, as amended by sec. 318, Pub. Law 572, 79th Cong., 60 Stat. 722; 45 U. S. C. and Sup. 358, 362)

§ 345.20 *Assessments.* The Director of Finance is authorized, on behalf of the Board, to issue assessments of contributions, interest and penalties, and notices and demands for payment thereof. (Secs. 8, 12, 52 Stat. 1102, 1107, as amended by sec. 318, Pub. Law 572, 79th Cong., 60 Stat. 722; 45 U. S. C. and Sup. 358, 362)

2. Section 345.23 *Test of annual reporting* is repealed.

3. Section 345.24 is revised as follows:

§ 345.24 *Records.* Every employer subject to contributions for any calendar quarter shall, with respect to each such quarter, keep such permanent records as are necessary to establish the total amount of compensation paid to his employees, during each such quarter for services performed after June 30, 1939. The record should be in such form as to contain the information required to be shown on the quarterly contribution report. All records required by the regulations in this part shall be kept at a safe and convenient location accessible to inspection by the Board or any of its officers or employees thereto designated. Such records shall be at all times open for inspection by such officers or employees.

Records required by the regulations in this part shall be maintained for a period of at least four years after the date the contribution to which they relate becomes due, or the date the contribution is paid, whichever is later. (Secs. 8, 12, 52 Stat. 1102, 1107, as amended by sec. 318, Pub. Law 572, 79th Cong., 60 Stat. 722; 45 U. S. C. and Sup. 358, 362)

4. Part 346 is repealed with respect to employment after June 30, 1940. (Sec. 2, 54 Stat. 1094; 45 U. S. C. and Sup. 351g)

Dated: April 2, 1947.

By authority of the Board.

PART 807—SUSPENSION ORDERS

[Suspension Order S–6]

MRS. EMMA T. DEE

Mrs. Emma T. Dee, 36 Crestwood Drive, Clayton, Missouri, and Standard Construction Company, a corporation, with its main office at 6704 Scanlon Avenue, St. Louis, Missouri, on or about October 2, 1946, without authorization from the Civilian Production Administration, began the construction of a building size 100' x 142' at 6337–6347 Easton Avenue in Wellston, Missouri, to contain ten retail stores and estimated to cost $69,000. This construction was begun notwithstanding that application for authorization to construct such building had been denied by the Civilian Production Administration. The beginning and carrying on of such construction was in violation of Veterans' Housing Program Order 1 and has diverted scarce materials to uses not authorized by the Civilian Production Administration. In view of the foregoing, it is hereby ordered that:

§ 807.6 *Suspension Order No. S–6.* (a) Neither Mrs. Emma T. Dee nor Standard Construction Company, her or its successors or assigns, nor any other person, shall do any further construction on the premises located at 6337–6347 Easton Avenue, Wellston, Missouri, including putting up, completing or altering the structure, unless hereafter authorized in writing by the Office of the Housing Expediter.

(b) Mrs. Emma T. Dee and Standard Construction Company shall refer to this order in any application or appeal she or it may file with the Office of the Housing Expediter relating to the above premises.

(c) Nothing contained in this order shall be deemed to relieve Mrs. Emma T. Dee or Standard Construction Company, her or its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 7th day of April 1947.

PART 807—SUSPENSION ORDERS

[Suspension Order S–7]

LINK AND LINK, INC.

Andrew J. Hellmuth and Richard J. Link, both of 14 North Limestone Street, Springfield, Ohio, without authorization of the Civilian Production Administration, on or about July 29, 1946 began and thereafter until September 20, 1946 carried on and participated in the construction in connection with the remodeling of a commercial storeroom for use as an office, located at 22 North Limestone Street, Springfield, Ohio, the estimated cost of which construction was in excess of $1,000. On September 20, 1946 said construction was stopped as a result of a telegram from Civilian Production Administration. On November 22, 1946 approval was given by Civilian Production Administration to said parties under CPA Form 4423, Case No. (Field) 3–2–1350, Case No. (Washington) 6065, to complete the remodeling of said commercial storeroom for use as office at an estimated cost of $526. Construction on said structure was resumed on December 9, 1946 under this authorization and thereafter carried on to an extent which was in excess of the specifically authorized cost of $526. The beginning of construction on July 29, 1946 and carrying on of construction until September 20, 1946 as aforesaid, and the carrying on of construction after December 9, 1946 in excess of the amount specifically authorized as aforesaid, constituted wilful violation of Veterans' Housing Program Order 1. These violations have diverted critical materials to uses not authorized by the Civilian Production Administration. In view of the foregoing, it is hereby ordered that:

§ 807.7 *Suspension Order S–7.* (a) Neither Andrew J. Hellmuth, Richard J. Link, their successors and assigns, nor any other person shall do any further construction on the northerly storeroom at 22 North Limestone Street, Springfield, Ohio, other than the construction which was specifically authorized by the approval on November 22, 1946 of application Form CPA–4423, Case No. (Field) 3–2–1350, Case No. (Washington) 6065, unless such additional construction is hereafter authorized by the Office of the Housing Expediter.

(b) Andrew J. Hellmuth and Richard J. Link shall refer to this order in any application or appeal which they may file with the Office of the Housing Expediter relating to the above premises.

(c) Nothing contained in this order shall relieve Andrew J. Hellmuth and Richard J. Link, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 7th day of April 1947.

PART 807—SUSPENSION ORDERS

[Suspension Order S–1107, Revocation]

NUNZI MANGIERI ET AL.

Nunzi Mangieri, Frank Mangieri, Tony Mangieri and Angelo Vericella, 359 East Third Street, Galesburg, Illinois, were suspended on March 3, 1947 by Suspension Order No. S–1107. They appealed from the provisions of the order. The Chief Compliance Commissioner has reviewed the case, and has directed that the order be revoked. In view of the foregoing:

It is hereby ordered, That: § 1010.1107, Suspension Order No. S–1107, be revoked.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 52]

UNITED STATES STANDARDS FOR GRADES OF FROZEN STRAWBERRIES [1]

NOTICE OF RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the revision, as hereinafter proposed, of the tentative United States Standards for Grades of Frozen Strawberries pursuant to the authority contained in the Department of Agriculture Appropriation Act, 1947 (Pub. Law 422, 79th Cong., 2d sess., approved June 22, 1946). The tentative standards have been in effect since July 1, 1944.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revisions shall file the same in quadruplicate with the Hearing Clerk, Room 0308, South Building, United States Department of Agriculture, Washington 25, D. C., not later than 5:30 p. m., e. s. t., on the 20th day after publication of this notice in the FEDERAL REGISTER.

The proposed revised standards are as follows:

§ 52.653 *Frozen strawberries* — (a) *Identity.* Frozen strawberries are prepared from the properly ripened fresh fruit of the strawberry plant (Fragaria virginiana); are stemmed, washed, and sorted; may be sliced; may be packed with or without packing media; and are frozen and stored at a temperature necessary for the preservation of the product.

(b) *Styles of frozen strawberries.* (1) whole or whole strawberries.

(2) Sliced or sliced strawberries.

(c) *Sizes of whole strawberries.* Except with respect to "U. S. Grade A" or "U. S. Fancy" grade, the size of whole strawberries is not incorporated in the grades of the finished product since size, as such, is not a factor of quality for the purpose of these grades. When used in connection with the following sizes of whole strawberries, the term "diameter" means the greatest dimension measured at right angles to a straight line running from the stem to the apex:

(1) *Small size.* Whole strawberries that measure less than ⅝ inch in diameter.

(2) *Medium size.* Whole strawberries that measure ⅝ inch to 1 inch, inclusive, in diameter.

(3) *Large size.* Whole strawberries that measure more than 1 inch in diameter.

(d) *Grades of frozen strawberries.* (1) "U. S. Grade A" of "U. S. Fancy" is the quality of frozen strawberries that possess similar varietal characteristics; are practically free from defects; possess a good character; possess a normal flavor and odor; and are of such quality with respect to color as to score not less than 85 points when scored in accordance with the scoring system outlined herein. In addition to the foregoing requirements, whole strawberries of this grade may contain not more than 5 percent by count of whole strawberries that are small size (or less than ⅝ inch in diameter).

(2) "U. S. Grade B" or "U. S. Choice" is the quality of frozen strawberries that possess similar varietal characteristics; possess a reasonably bright, reasonably uniform, typical color; are reasonably free from defects; possess a reasonably good character; possess a normal flavor and odor; and score not less than 70 points when scored in accordance with the scoring system outlined herein.

(3) "U. S. Grade D" or "Substandard" is the quality of frozen strawberries that fail to meet the requirements of "U. S. Grade B" or "U. S. Choice."

(e) *Ascertaining the grade.* (1) "Normal flavor and odor" means that the strawberries are free from objectionable flavors, off flavors, and objectionable odors of any kind.

(2) The grade of frozen strawberries is determined immediately after thawing to the extent that the units may be separated easily. The grade of frozen strawberries may be ascertained by considering, in addition to the requirements of the respective grade, the following factors: Color, absence of defects, and character.

(3) The relative importance of each factor is expressed numerically on a scale of 100. The maximum number of points that may be given for each factor is:

	Points
(i) Color	40
(ii) Absence of defects	40
(iii) Character	20
Total Score	100

(f) *Ascertaining the rating for each factor.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor is inclusive (for example, "34 to 40 points" means 34, 35, 36, 37, 38, 39, or 40 points).

(1) *Color.* (See Table No. I set forth in subdivision (v) of this subparagraph.)

(i) "Well colored" means that not less than four-fifths, in the aggregate, of the surface of the whole strawberry is the red or pink color characteristic of strawberries of similar varieties.

(ii) Frozen strawberries that possess a bright, practically uniform, typical color may be given a score of 34 to 40 points. "Bright, practically uniform, typical color" has the following meanings with respect to the following styles of frozen strawberries:

(a) *Whole.* The strawberries possess a bright and good characteristic red or pink color, reasonably free from a slightly dull or slightly grey cast; and there may be present not more than 5 percent by count of strawberries that are not well colored.

(b) *Sliced.* The sliced strawberries possess the bright and good characteristic red or pink color and luster comparable to that of whole strawberries within the score range of 34 to 40 points for the factor of color.

(iii) If the frozen strawberries possess a reasonably bright, reasonably uniform, typical color, a score of 28 to 33 points may be given. "Reasonably bright, reasonably uniform, typical color" has the following meanings with respect to the following styles of frozen strawberries:

(a) *Whole.* The strawberries possess a reasonably good characteristic red or pink color that may be slightly dull or may possess a slightly grey cast; and there may be present not more than 10 percent by count of strawberries that are not well colored.

(b) *Sliced.* The sliced strawberries possess the reasonably good characteristic red or pink color comparable to that of whole strawberries within the score range of 28 to 33 points for the factor of color.

(iv) Frozen strawberries that are definitely dull or off-color or that fail to meet the requirements of subparagraph (1) (iii) of this paragraph, may be given a score of 0 to 27 points and shall not be graded above "U. S. Grade D" or "Substandard," regardless of the total score for the product (this is a limiting rule).

(v) The evaluation of the score points for the factor of color may be determined from Table No. I of this paragraph which prescribes the score range for the typical color of frozen strawberries and the maximum score which may be allowed for specified percentages of frozen strawberries that are not well colored.

TABLE No. I—COLOR

Range of score points	Score points	Whole strawberries: Typical color	Whole strawberries: Not well colored (*Maximum (by count) (percent)*)	Sliced strawberries
34 to 40	40	Bright and good characteristic red or pink color, reasonably free from a slightly dull or slightly grey cast.	None	Bright and good characteristic red or pink color and luster comparable to that of the particular score for the whole strawberries.
	39		1	
	38		2	
	37		3	
	36		4	
	35		4½	
	34		5	
28 to 33	33	Reasonably good characteristic red or pink color, may be slightly dull or possess a slightly grey cast.	6	Reasonably good characteristic red or pink color comparable to that of the particular score for the whole strawberries.
	32		7	
	31		8	
	30		9	
	29		9½	
	28		10	
0 to 27	27 or less	More than the allowances permitted for 28 points		

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

(2) *Absence of defects.* The factor of absence of defects refers to the degree of freedom from harmless extraneous material; from leaves; from loose or attached stems which exceed ⅛ inch in length; from sepal-like bracts and caps; from short attached stems which are ⅛ inch or less in length; from undeveloped strawberries; and from damaged strawberries. (See Table No. II set forth in subdivision (vi) of this subparagraph).

(i) "Undeveloped strawberries" means strawberries or portions of strawberries that possess hard, seedy, or deformed ends or that possess deformed areas which materially affect the appearance and edibility of the product.

(ii) "Damaged strawberries" means strawberries or portions of strawberries that are damaged by bruises or by pathological, insect, or other injury that materially affects the appearance or edibility of the product. Minute, insignificant injuries are not considered as damage.

(iii) Frozen strawberries that are practically free from defects may be given a score of 34 to 40 points. "Practically free from defects" means that there may be present:

(a) Not more than one piece of harmless extraneous material or one leaf or one loose or attached stem which exceeds ⅛ inch in length for each 48 ounces of net weight;

(b) Not more than 5 sepal-like bracts for each 16 ounces of net weight or the approximate equivalent of 1 full cap for each 48 ounces of net weight;

(c) Not more than 8 percent by weight of strawberries that possess short attached stems which are ⅛ inch or less in length; and

(d) Not more than 5 percent by weight of undeveloped strawberries and damaged strawberries.

(iv) If the frozen strawberries are reasonably free from defects, a score of 28 to 33 points may be given. Frozen strawberries that fall into this classification shall not be graded above "U. S. Grade B" or "U. S. Choice," regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that there may be present:

(a) Not more than one piece of harmless extraneous material or one leaf or one loose or attached stem which exceeds ⅛ inch in length for each 16 ounces of net weight;

(b) Not more than 10 sepal-like bracts for each 16 ounces of net weight or the approximate equivalent of 2 full caps for each 48 ounces of net weight;

(c) Not more than 16 percent by weight of strawberries that possess short attached stems which are ⅛ inch or less in length; and

(d) Not more than 10 percent by weight of undeveloped strawberries and damaged strawberries.

(v) Frozen strawberries that fail to meet the requirements of subdivision (iv) of this subparagraph may be given a score of 0 to 27 points and shall not be graded above "U. S. Grade D" or "Substandard," regardless of the total score for the product (this is a limiting rule).

(vi) The evaluation of the score for the factor of absence of defects may be determined from Table No. II of this paragraph which prescribes the maximum score which may be allowed for the specified defects.

TABLE No. II—DEFECTS

Range of score points	Score points	Harmless extraneous material; leaves; loose or attached stems (more than ⅛ inch long)	Sepal-like bracts	Caps	Short attached stems (⅛ inch or less)	Undeveloped and damaged strawberries

	28	1 piece	10 or 2		16	10
0 to 27	27 or less	More than the allowances permitted for 28 points				

(3) *Character.* The factor of character refers to the texture and degree of disintegration as evidenced by mushy strawberries. "Mushy strawberries" are strawberries that are so soft that they present a pulpy mass. (See Table No. III set forth in subdivision (iv) of this subparagraph.)

(i) Frozen strawberries that have a good character may be given a score of 17 to 20 points. "Good character" means that the strawberries are fleshy, reasonably firm, and practically intact and that:

(a) Not more than 5 percent by weight of whole strawberries are mushy; and

(b) Not more than 15 percent by weight of sliced strawberries are mushy.

(ii) If the frozen strawberries have a reasonably good character, a score of 14 to 16 points may be given. Frozen strawberries that fall into this classification shall not be graded above "U. S. Grade B" or "U. S. Choice," regardless of the total score for the product (this is a limiting rule). "Reasonably good character" means that the strawberries are reasonably fleshy, fairly firm, and reasonably intact and that:

(a) Not more than 15 percent by weight of whole strawberries are mushy; and

(b) Not more than 25 percent by weight of sliced strawberries are mushy.

(iii) Frozen strawberries that fail to meet the requirements of subdivision (ii) of this subparagraph may be given a score of 0 to 13 points and shall not be graded above "U. S. Grade D" or "Substandard," regardless of the total score for the product (this is a limiting rule).

(iv) The evaluation of the score points for the factor of character may be determined from Table No. III of this paragraph which prescribes the score range for the texture of frozen strawberries and the maximum score which may be allowed for specified percentages of frozen strawberries that are mushy.

TABLE No. III—CHARACTER

Range of score points	Score points	Texture	Disintegration as evidenced by mushy strawberries: Whole	Disintegration as evidenced by mushy strawberries: Sliced

CIVIL AERONAUTICS BOARD

[14 CFR, Part 61]

CONSOLIDATED FLIGHT DISPATCH OF SCHEDULED AIR CARRIER AIRCRAFT

CLEARANCE PREPARATION

APRIL 2, 1947.

Notice is hereby given that the Safety Bureau of the Civil Aeronautics Board has under consideration a proposed amendment of § 61.7103 of the Civil Air Regulations relating to the preparation and signing of clearance and loading forms covering the operation of scheduled air carrier aircraft. This proposal has not been considered by the Civil Aeronautics Board. It will be presented to the Board for consideration after its circularization to the air carrier industry together with a memorandum analyzing the comments received from such circularization and a recommendation by the Safety Bureau.

Section 61.7103 of the Civil Air Regulations now requires that dispatching and loading personnel must be in the employ of the air carrier operating the aircraft. The proposed amendment would provide that the personnel of another air carrier may be used for dispatching and loading purposes when current authority has been issued by the authorized dispatcher of the carrier operating the aircraft and an interline agreement has been made a matter of record between the air carriers concerned fixing the responsibilities and duties of the personnel involved and showing their proper qualifications.

The proposed regulation reads as follows:

§ 61.7103 *Clearance preparation.* Clearance forms shall be properly prepared between specified clearance points. Such forms shall be signed by the first pilot and by the authorized aircraft dispatcher or by duly authorized station personnel of an air carrier after receiving current authority from the authorized aircraft dispatcher of the air carrier operating the aircraft only when the first pilot and the dispatcher both believe the flight can be made with safety. A load manifest form shall be properly prepared and signed for each flight by personnel who are charged with the duty of supervising the loading of the aircraft and the preparation of load manifest forms. The aircraft when loaded as shown on the load manifest form shall not exceed the center of gravity limits or maximum allowable weight limits set forth in the aircraft certificate for the particular aircraft. The original copies of both forms shall be given to the first pilot and duplicate copies shall be kept in the station file for a period of at least 30 days. When the clearance form or the load manifest form are signed by personnel of an air carrier other than the air carrier operating the aircraft, an interline agreement fixing the duties and responsibilities of such personnel and showing their qualifications shall be a matter of record between the air carriers concerned.

The Safety Bureau earnestly requests authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

The Safety Bureau earnestly requests the comment of the air carrier industry as to the desirability or undesirability of the proposed changes. Comment should be addressed to the Safety Bureau, Civil Aeronautics Board, Washington 25, D. C., not later than May 1, 1947.

(52 Stat. 984, 1007; 49 U. S. C. 425, 551)

By the Safety Bureau.

Director.

[Docket No. G-849]

UNITED FUEL GAS CO.

ORDER FIXING DATE OF HEARING

Upon consideration of the application filed January 10, 1947, in Docket No. G-849 by United Fuel Gas Company (Applicant), a West Virginia corporation with its principal place of business at Charleston, West Virginia, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following described natural gas pipeline facilities, subject to the jurisdiction of the Federal Power Commission:

(1) Approximately 70 miles of 20-inch O. D. gas transmission lines in West Virginia, in the Counties of Roane, Calhoun, Gilmer, Doddridge and Wetzel. Such lines to connect those portions of Applicant's 16-inch transmission lines, the construction of which was authorized in Docket No. G-736. The proposed and authorized transmission lines will form a single high-pressure transmission line of approximately 115.7 miles extending from Applicant's Cobb Compressor Station in Roane County to a point in Monongalia County, West Virginia, where it will connect with the line of The Manufacturers Light and Heat Company.

(2) A measuring station with four 10-inch orifice meter runs and appurtenant equipment on the aforesaid trans-

mission line near Hundred, West Virginia, and the installation of six high-pressure compressor cylinders on three existing 1000 HP units at the Cobb Compressor Station.

It appearing to the Commission that:

(a) Applicant proposes the construction and operation of the aforesaid described facilities for the purpose of meeting the demands of its present markets including the increased requirement of the Pittsburgh Group of the Columbia Gas & Electric Corporation System; and

(b) This proceeding is a proper one for disposition under the provisions of Rule 32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure (effective September 11, 1946), Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for noncontested hearings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on January 24, 1947 (12 F. R. 508);

The Commission, therefore, orders, that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure (effective September 11, 1946), a hearing be held on April 30, 1947, at 9:30 a. m. (e. s. t.) in the hearing room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters of fact and law asserted in the application filed in the above entitled proceeding; *Provided, however*, That if no request to be heard, or protest or petition to intervene raising in the judgment of the Commission an issue of substance, has been filed or allowed prior to the date hereinbefore set for hearing, the Commission may after a noncontested hearing forthwith dispose of the proceeding by order upon consideration of the application and the evidence filed therewith and incorporated in the record of the proceeding, together with such additional evidence as may be available or as the Commission may require to be filed and incorporated in the record for its consideration.

(B) Interested State commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure (effective September 11, 1946).

Date of issuance: April 4, 1947.

[Docket No. G-879]

WEST TEXAS GAS CO.

NOTICE OF APPLICATION

APRIL 1, 1947.

Notice is hereby given that on March 17, 1947, West Texas Gas Company (Applicant), a Delaware corporation having its principal office in Lubbock, Texas, filed an application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate certain natural gas facilities, subject to the jurisdiction of the Commission, described as follows:

(a) One 400-BHP gas engine driven compressor unit at Turkey Creek Compressor Station.

(b) Gas cooling facilities and dehydration contractor at Turkey Creek Compressor Station.

(c) Four 17-inch power cylinders on compressor units at McSpadden Compressor Station, replacing four worn 16-inch power cylinders.

(d) Clearance unloader valves on compressor cylinders of all units at McSpadden Compressor Station.

(e) Standard steel building construction replacing nonfireproof portion of compressor building at McSpadden Compressor Station.

(f) 250-barrel water storage tank at McSpadden Compressor Station.

(g) Two 300-BHP gas engine driven compressor units at Plainview Compressor Station.

(h) New water-well pumping facilities at Plainview Compressor Station.

Applicant states that it gained 4,444 accounts in 1946, and a similar gain is expected during 1947, the fact that installed equipment needing to be replaced has become worn and obsolete, the past winter's experience has shown the need for more pressure, and the existence of an increased load on the system, the proposed facilities are required to enable it to adequately serve its firm load during the 1947-1948 heating season; that the transmission system is being designed to adequately serve an estimated peak day firm load of 57,534 Mcf at 16.4 pounds during the 1947-1948 heating season, a firm load increase of 3,197 Mcf or 5.9 percent over that served on January 3, 1947.

Applicant states the over-all capital cost of the proposed facilities will be approximately $192,100, and will be financed out of corporate funds.

Applicant asserts that no change in rates is anticipated.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint, or concurrent hearing, together with the reasons for such request.

The application of West Texas Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding, so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering specifically and in detail, each material allegation of fact or law asserted in the proceeding.

[S. O. 714]

UNLOADING OF CAR AT LAREDO, TEXAS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 3d day of April A. D. 1947.

It appearing, that car ATSF 90352, containing diesel tractor, at Laredo, Texas, on the International-Great Northern Railroad Company (Guy A. Thompson, Trustee), has been on hand for an unreasonable length of time and that the delay in unloading said car is impeding its use; in the opinion of the Commission an emergency exists requiring immediate action: it is ordered, that:

(a) *Car at Laredo, Texas, be unloaded.* The International-Great Northern Railroad Company (Guy A. Thompson, Trustee), its agents or employees, shall unload immediately car ATSF 90352, loaded with diesel tractor, now on hand at Laredo, Texas, consigned shipper's order, notify Construccione de Mexico, Mexico City, D. F., c/o Jose A. Guerra, Laredo, Texas.

(b) *Demurrage.* No common carrier by railroad subject to the Interstate Commerce Act shall charge or demand or collect or receive any demurrage or storage charges, for the detention under load of any car specified in paragraph (a) of this order, for the detention period commencing at 7:00 a. m., April 6, 1947, and continuing until the actual unloading of said car or cars is completed.

(c) *Provisions suspended.* The operation of any or all rules, regulations, or practices, insofar as they conflict with the provisions of this order, is hereby suspended.

(d) *Notice and expiration.* Said carrier shall notify V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where, and by whom such unloading was performed. Upon receipt of that notice this order shall expire.

It is further ordered, that this order shall become effective immediately; and that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-2440]

CITY OF GREATER PRAGUE (CZECHOSLOVAKIA)

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 3d day of April A. D. 1947.

The New York Stock Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to strike from listing and registration the 7½% Mortgage Loan Bonds of 1922, due May 1, 1952, issued by the City of Greater Prague, Czechoslovakia. The application alleges that (1) the municipality of the City of Greater Prague owns bonds of this issue of $4,146,000 principal amount, which it will cancel; (2) bonds of this issue in the principal amount of $482,000 remain outstanding; (3) that of the $482,000 principal amount remaining outstanding, $284,000 principal amount has been presented for stamping to show acceptance of the terms of an offer for resumption of service on this security that includes reduction of the interest rate to 6% per annum, modification of amortization provisions and extension of maturity to November 1, 1960; (4) that the unstamped bonds remaining outstanding in the hands of the public amount to only $198,000; (5) that the amount of this security outstanding in the hands of the public has been so reduced as to make further dealings therein on the New York Stock Exchange inadvisable; (6) that the trading in this security on the New York Stock Exchange was suspended at the opening of the trading session on March 7, 1947; (7) that the bonds of this issue which have been stamped to indicate acceptance of the terms of the offer for resumption of service, including modification of interest rate, amortization provisions and maturity date, are not listed on the New York Stock Exchange; and (8) the rules of the New York Stock Exchange with respect to striking a security from listing and registration have been complied with.

Upon receipt of a request, prior to June 2, 1947, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Philadelphia, Pennsylvania. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

CONSOLIDATED ELECTRIC AND GAS CO. AND MAINE PUBLIC SERVICE CO.

SUPPLEMENTAL ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE AND RELEASING JURISDICTION OVER FEES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 1st day of April A. D. 1947.

Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, having filed a declaration, as amended, pursuant to section 12 (d) of the Public Utility Holding Company Act of 1935 ("the act") and Rules U-44 and U-50 promulgated thereunder regarding the sale by it to the public at competitive bidding of 150,000 shares of common stock of its subsidiary company, Maine Public Service Company ("Maine");

This Commission, by order entered herein under date of March 19, 1947, having permitted said declaration, as amended, regarding the proposed sale of common stock of Maine to become effective subject, however, to the conditions, among others, that said sale should not be consummated until the results of the competitive bidding had been made a matter of record in this proceeding and a further order issued by this Commission in the light of the record so completed; and

Consolidated and Maine having filed an additional amendment to the declaration showing the action taken to comply with the requirements of Rule U-50, a hearing having been held thereon, and it appearing that, pursuant to invitations for competitive bids, separate bids were received as follows:

	Proceeds to Consolidated	
	Per unit	Total
Merrill Lynch, Pierce, Fenner & Beane	$20.28	$3,042,000
The First Boston Corp.	18.889	2,833,350

It appearing that Consolidated has accepted the bid of Merrill Lynch, Pierce, Fenner & Beane, and that it is the present intention of the successful underwriter to offer the common stock of Maine for sale to the public at a price of $22.00 per share and that the aggregate commission will be $258,000, or $1.72 per share; and

The amendment filed by Consolidated having set forth the fees and expenses in connection with the proposed sale of the common stock of Maine; and

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing special terms and conditions with respect to the price to be paid for said common stock or the underwriter's commission and it appearing that the fees and expenses are not unreasonable; and

Consolidated having requested that the order of this Commission conform with and contain the recitals, specifications and itemizations described in sections 371 (b), 371 (f), 373 (a) and 1808 (f) of the Internal Revenue Code, as amended:

It is ordered, That said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith subject to the terms and conditions prescribed in Rule U-24; and

It is further ordered, That the jurisdiction heretofore reserved by this Commission with respect to the payment of any fees or expenses of counsel, including the proposed fees to counsel for the prospective bidders, be, and the same hereby is, released.

It is further ordered, That the transactions proposed in said declaration, as amended, to be effected by Consolidated including particularly those hereinafter described and recited, are hereby approved and found to be necessary or appropriate to the integration or simplification of the Consolidated holding company system and to effectuate the provisions of section 11 (b) of the act;

(a) The sale by Consolidated, at competitive bidding of all of the capital stock of Maine owned by it, consisting of the outstanding 150,000 shares of Capital Stock of Maine of the par value of $10 per share, with the exception of 5 directors' qualifying shares; and

(b) The expenditure or application by Consolidated of the proceeds of the sale of its investment in said Capital Stock of Maine, or an amount equivalent thereto, in the payment and satisfaction and retirement of outstanding notes of Consolidated, dated November 29, 1945, and due November 29, 1948.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

VOLUME 12 NUMBER 71

Washington, Thursday, April 10, 1947

TITLE 3—THE PRESIDENT

PROCLAMATION 2725

AMENDING THE PROCLAMATIONS OF MARCH 6 AND MARCH 9, 1933, AND THE EXECUTIVE ORDER OF MARCH 10, 1933, TO EXCLUDE FROM THEIR SCOPE MEMBER BANKS OF THE FEDERAL RESERVE SYSTEM

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS on March 10, 1933, the President of the United States, in pursuance of the program to permit resumption of banking operations following the Bank Holiday Proclamations No. 2039 of March 6 and No. 2040 of March 9, 1933, respectively, issued Executive Order No. 6073 which, among other things, authorized the Secretary of the Treasury to permit any member bank of the Federal Reserve System and any other banking institution organized under the laws of the United States to perform any or all of their usual banking functions except as otherwise prohibited; and

WHEREAS on December 30, 1933, the President of the United States issued Proclamation No. 2070 which excluded from the scope of the said proclamations of March 6 and March 9, 1933, and the Executive order of March 10, 1933, all banking institutions which were not members of the Federal Reserve System; and

WHEREAS by December 30, 1933, the Secretary of the Treasury had acted upon all requests for licensing of member banks of the Federal Reserve System; and

WHEREAS on December 31, 1945, the Secretary of the Treasury issued a General License to transact normal banking business to all banks thereafter authorized to begin business by the Comptroller of the Currency and to all State banks thereafter admitted to membership in the Federal Reserve System, and thereby dispensed with the requirement of an individual license for each new member bank of the Federal Reserve System; and

WHEREAS it is no longer necessary, or in the interest of government internal management, for the Secretary of the Treasury to license the transaction of normal banking business:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, acting under and by virtue of the authority vested in me by section 5 (b) of the Trading with the Enemy Act of October 6, 1917, 40 Stat. 415, as amended, and section 4 of the act of March 9, 1933, 48 Stat. 2, and by virtue of all other authority vested in me, do hereby, in the interest of the internal management of the Government, proclaim, order, direct, and declare that the said proclamations of March 6 and March 9, 1933, and Executive order of March 10, 1933, as amended, are further amended to exclude from their scope banking institutions which are members of the Federal Reserve System: *Provided, however*, that no banking institution shall pay out any gold coin, gold bullion, or gold certificates, except as authorized by the Secretary of the Treasury, or allow the withdrawal of any currency for hoarding.

This proclamation shall become effective as of March 15, 1947.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 7th day of April in the year of our Lord nineteen hundred and forty-
[SEAL] seven, and of the Independence of the United States of America the one hundred and seventy-first.

[Departmental Reg. OR 1]

PART 1—FUNCTIONS AND ORGANIZATION

Under authority contained in R. S. 161 (5 U. S. C. 22), and pursuant to section 3 of the Administrative Procedure Act of 1946 (60 Stat. 237), the present Parts 1 and 2 of the Code of Federal Regulations (11 F. R. 177A-2 to 177A-7) are hereby superseded by a single new Part 1 entitled "Functions and Organization", the text of which is annexed hereto.

Foreword. This Organization Manual describes the present organizational structure of the Department and sets forth the present functional assignments to component parts. It constitutes the basic operating directive of the Department. No changes in organizational arrangements or functional assignments are to be made without approval of the Assistant Secretary for Administration, in conformity with DR 260.1; without publication in this Manual; and without promulgation in the FEDERAL REGISTER, where necessary in conformity with the Administrative Procedures Act of 1946.

The organization of the Department and the assignments of functions to its component parts are not to be considered frozen in their present form. In any organization the size of the Department there is always room for improvement. All officers are encouraged to suggest changes which in their opinion will improve the distribution of functions and aid in the effectiveness of operation. However, since any changes in one part of the organization may affect the operations and organizations as a whole, it is necessary to require the review and approval of such changes before they are put into effect.

The effectiveness of Departmental operations depends to a considerable extent upon the understanding by every officer of his place in the structure and upon the creating of good working relationships between his unit and others. Therefore, it is incumbent upon every officer of the Department to study and familiarize himself with the contents of this Organization Manual.

§ 1.1 *The Department—(a) Purpose.* The Department of State is the agency of the United States created by law to assist the President in the formulation and execution of foreign policy, and in the conduct of foreign affairs and of certain domestic affairs.

(b) *Major functions.* In fulfilling its purpose the Department performs the following functions:

(1) Develops plans for peace and security among all nations; participates in the United Nations and other international organizations; furthers international understanding through dissemination of information and through the development of cultural relations with all peoples.

(2) Conducts diplomatic correspondence; negotiates treaties and other international agreements; and participates in international conferences, congresses, expositions, and similar activities.

(3) Has jurisdiction over the settlement of international claims and the arbitration of international disputes to which the United States is a party.

(4) Correlates the foreign activities of all Federal agencies.

(5) Administers the laws and programs for passport, visa, and munition-import and -export control.

(6) Assists the National Intelligence Authority in the collection of information and research.

(7) Administers the Foreign Service of the United States.

(8) Conducts official correspondence with the States of the Union, including that concerning Constitutional amendments and the ascertainment of presidential electors; has custody of the Seal of the United States; and issues the "Foreign Relations of the United States," the "Statutes at Large of the United States," and other publications of public interest relating to foreign and domestic affairs.

§ 1.100 *Secretary of State.* The Secretary of State, as head of the Department of State and principal adviser to the President in the determination and execution of United States foreign policy, has general direction over all the functions of the Department.

§ 1.110 *Under Secretary of State*—(a) *Purpose.* To advise and assist the Secretary in the formulation, determination, and execution of United States foreign policy.

(b) *Major functions.* The Under Secretary:

(1) Serves as the Secretary's principal adviser and as Acting Secretary of State during his absence.

(2) Assists in providing policy direction to the American delegations to the United Nations and its affiliated agencies.

(3) Assists in directing the execution of policy-determinations affecting international conferences, congresses, and committees in their consideration of methods whereby groups of nations may carry on activities cooperatively.

(4) Assists in directing the Department's relationships with Congress in obtaining support of our foreign policy.

§ 1.130 *Under Secretary of State for Economic Affairs*—(a) *Purpose.* To advise and assist the Secretary in the formulation, determination, and execution of the foreign economic policy as a part of the over-all foreign policy of the United States.

(b) *Major functions.* The Under Secretary for Economic Affairs:

(1) Advises the Secretary on international economic relations.

(2) Assists in the formulation of foreign economic policy and coordinates foreign economic programs and activities.

(3) Serves as Acting Secretary of State during the absence of the Secretary and Under Secretary.

(4) Acts for the Secretary and the President on international economic matters as required.

(5) Represents the Department on numerous interagency committees.

§ 1.160 *Counselor*—(a) *Purpose.* To advise and assist the Secretary in the consideration and solution of major problems of foreign relations as assigned to him.

(b) *Major functions.* The Counselor:

(1) Serves as Acting Secretary of State during the absence of the Secretary, the Under Secretary, and the Under Secretary for Economic Affairs.

(2) Assists the Secretary in negotiating treaties and agreements with other governments.

(3) Assists on the relationship of domestic policies to our foreign policy.

§ 1.170 *Special Assistant to the Secretary for Press Relations*—(a) *Purpose.* To represent the Secretary in dealing with representatives of the foreign and domestic press and of radio, news-reel, and photographic agencies on news developments relating to the Department.

(b) *Major functions.* The office of the Special Assistant to the Secretary for Press Relations performs the following functions:

(1) Serves as adviser to the Secretary on press relations.

(2) Arranges and assists at press conferences held by the Department.

(3) Plans, prepares, and releases information to all news media on the activities and policies of the Department.

(4) Arranges for press services and relations at international conferences held in the United States and provides a Press Officer at international conferences held abroad.

(5) Prepares the News Digest, a daily summary of news stories, editorials, magazine articles, columns and radio commentaries on international relations which have a particular bearing upon the Department's activities. Prepares the Foreign Press Summary, a daily summary of comment in leading publications abroad.

(6) Prepares and distributes clippings, press releases, and press conference summaries to the Department and Foreign Service.

(c) *Organization.* The office of the Special Assistant to the Secretary for Press Relations is composed of the office of the Special Assistant, Press Branch, News Digest Branch, and Newspaper Analysis Branch.

(1) Office of the Special Assistant:

(i) Serves as adviser to the Secretary, Under Secretary, and other officials of the Department on press relations, both in the Department and at international conferences.

(ii) Maintains liaison with the press-relations sections of the White House and other Federal agencies.

(iii) Acts as the clearance agency of the Department for speeches, news releases, articles, statements, et cetera, where such material is issued by other Federal agencies and bears on foreign policy and where such material is issued by the Department and relates to the activities of other Federal agencies.

(iv) Exercises general supervision over the Press Branch, the News Digest Branch, and the Newspaper Analysis Branch.

(2) Press Branch:

(i) Deals directly with the press on current activities of the Department and clears information for the press with proper Departmental officers.

(ii) Answers the inquiries of press and supplies requested background information.

(iii) Prepares and distributes press releases.

(iv) Arranges press conferences and special interviews.

(v) Maintains cross-reference files on all releases issued by the Department and the White House.

(3) News Digest Branch: Prepares news digest and foreign press summary for distribution throughout the Department, and to the Foreign Service and other Federal agencies as requested.

(4) Newspaper Analysis Branch: Prepares, distributes, and catalogues press clippings dealing with foreign policy.

§ 1.190 *Executive Secretariat*—(a) *General statement.* The functions of the Executive Secretariat will be issued at a later date. However, the following organization units are at present a part of the Executive Secretariat, with the functions indicated.

(b) *Central Secretariat.* The Central Secretariat performs the following functions:

(1) Serves as secretariat for the Secretary's Staff Committee and such Departmental and interdepartmental committees as request assistance.

(2) Gives technical assistance of various kinds to officers of the Department who are preparing policy recommendations for consideration in Departmental committees.

(3) Acts as a channel through which policy matters originating in the Offices, divisions, and Departmental and interdepartmental committees concerned with foreign policy problems, may be brought to the appropriate committee or the officers.

(4) Communicates the decisions of the policy-formulating committees to the appropriate officers of the Department.

(5) Maintains a comprehensive file of policy decisions, based upon the activities of committees and international conferences and the directives of the officers of the Department, the Secretary of State, and the President of the United States.

(c) *Division of Coordination and Review.* The Division of Coordination and Review performs the following functions:

(1) Reviews, edits, and coordinates outgoing correspondence.

(2) Acts as the official channel for the orderly receipt, presentation for signature, and proper disposition of outgoing correspondence.

(3) Plans, initiates, and executes policies and procedures for effective preparation, coordination, and review of correspondence originating in the Department.

(4) Provides general information and advises on Departmental practice, procedure, and precedents relating to correspondence.

(d) *Division of Protocol.* The Division of Protocol performs the following functions:

(1) Plans and makes all arrangements for foreign visits of state; and arranges for the reception by the President and the Secretary of State, of the chiefs of foreign missions and of distinguished foreign guests.

(2) Arranges with Federal, state, and local government agencies for the granting of privileges and immunities to foreign government and international organization officials.

(3) Advises the President and Secretary on all matters of protocol.

(4) Operates the Blair House and the Blair-Lee House for the housing and entertaining of distinguished foreign guests.

§ 1.200 *Assistant Secretary of State; occupied areas*—(a) *Purpose.* To advise and assist the Secretary in the coordination of State Department policies and the formulation of United States foreign policy with respect to the occupation and government of occupied areas, to arms and armaments matters, to refugees and displaced persons; to questions coming before the Far Eastern Commission.

(b) *Major functions.* The office of the Assistant Secretary is responsible for the performance of the following functions, chiefly through the German-Austrian and Japanese-Korean Secretariats.

(1) Coordinates the development of United States policy for public administration in occupied areas, which includes Control Council organization, civil-government administration, laws and courts, communications, public information, religion, education, and fine arts.

(2) Coordinates the development of United States disarmament and security policy in occupied areas, which includes disarmament, demilitarization, reparations, internal and external restitution, external assets, decentralization, decartelization, property-control, denazification, and war crimes.

(3) Coordinates the development of United States policy for standards of living and economic matters in the occupied areas.

TITLE 24—HOUSING CREDIT

Chapter IV—Home Owners' Loan Corporation

[Bulletin 420]

PART 402—LOANS AND PROPERTIES

DISPOSITION OF INSURANCE LOANS PAID IN FULL

Amending Part 402, Chapter IV, Title 24 of the Code of Federal Regulations. Section 402.15-28 (10 F. R. 8426) is amended to read as follows:

§ 402.15-28 *Disposition of insurance loans paid in full.* When a home owner advises that it is his intention to pay his loan in full, the Insurance Section shall be notified immediately. Insurance shall be ordered from the insurer under contract for that which has expired and not been replaced and the cost thereof included in the home owner's statement.

If a loan is to be paid in full through an escrow agent, the Insurance Section shall deliver any direct policies or certificates being held for the account of the home owner to the Comptroller's Division with Forms RO-I-386-A, RO-I-386-B and the carrier's "Release of Mortgage Interest" form where necessary.

When the Insurance Section receives a paid-in-full bulletin, the mortgagee clause on direct policies shall be cancelled as to the interest of the HOLC and the SCA "Release of Mortgage Interest" form attached to the certificates. These policies and/or certificates shall be forwarded to the Comptroller's Division.

Where necessary, the Insurance Section shall prepare and send to the Comptroller's Division Form RO-I-386-A to inform the home owner of the status of insurance ordered or to be ordered by the Corporation, and shall take the following action:

(a) An order shall be placed for any insurance which is required to be ordered by the Corporation for the home owner and which will expire prior to the time that the home owner can receive sufficient notice of such expiration. These orders shall be cancelled as of a future date sufficient to permit notice of such cancellation to reach the home owner prior to such future date. Notice to the home owner of short term certificates shall be delivered to the Comptroller's Division to be forwarded to the home owner.

(b) When received by the Insurance Section, certificates which have been ordered by the Corporation for expiring insurance, for which the home owner has paid the premium, shall be delivered with Form RO-I-386-D to the Comptroller's Division to be sent to the appropriate party.

Any refunds due the home owner shall be returned to him by the Comptroller's Division.

The Insurance Section shall deliver the insurance jacket Form RO-I-246 to the Comptroller's Division for filing in the loan docket when all of the insurance held by or ordered for the home owner has been sent to the Comptroller's Division.

Chapter VIII—Office of Housing Expediter

PART 807—SUSPENSION ORDERS

[Suspension Order S-5]

IRWIN TOPPER & OSCAR TOPPER AND SAMUEL LEVINE

Irwin Topper and Oscar Topper, owners, and Samuel Levine, as contractor, on or about November 12, 1946, in Pomona, California, began and thereafter carried on construction of a two-story steel and concrete commercial building at an estimated cost of approximately $50,000, without authorization. With respect to the owners, the beginning and carrying on of such construction constituted a grossly negligent violation of Veterans' Housing Program Order 1, and with respect to the contractor, a wilful violation. This violation has diverted critical materials to uses not authorized by the Office of the Housing Expediter. In view of the foregoing, it is hereby ordered that:

§ 807.5 *Suspension Order No. S-5.* (a) Neither Irwin Topper or Oscar Topper, owners, or Samuel Levine, contractor, their successors or assigns, nor any other person shall do any further construction on the premises located at 49' Lot 1, Block 44, City of Pomona, California, including completing, putting up or altering of any structure located thereon, unless specifically authorized in writing by the Office of the Housing Expediter.

(b) Irwin Topper and Oscar Topper, owners, and Samuel Levine, contractor, shall refer to this order in any application or appeal which they may file with the Office of the Housing Expediter, or any other duly authorized government agency, for authorization to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve Irwin Topper and Oscar Topper, owners, and Samuel Levine, contractor, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 8th day of April 1947.

PART 603—FINAL DELEGATIONS OF AUTHORITY

DELEGATIONS TO REGIONAL OFFICE OFFICIALS

Section 603.2 *Delegations to Regional Office Officials* (11 F. R. 177A-901) is hereby amended, effective upon publication in the FEDERAL REGISTER, in the following particulars:

1. Paragraph (a) (1) (ix) is amended to read as follows:

(a) *Delegations of authority to regional directors.* (1) • • •

(ix) To execute appropriate deeds of conveyance or other instruments for the dedication of land acquired for necessary streets, alleys, walks or other means of ingress and egress, and utilities.

2. Paragraph (i) (6) (i) is amended to read as follows:

(i) *Delegations of authority to assistant regional directors for real estate and disposition.* • • •

(6) • • •

(i) To execute appropriate deeds of conveyance or other instruments for the dedication of land acquired for necessary streets, alleys, walks or other means of ingress and egress, and utilities.

Chapter XI—Office of Temporary Controls, Office of Price Administration

PART 1388—DEFENSE-RENTAL AREAS

[Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts,[2] Amdt. 105 (§ 1388.1231)]

TRANSIENT HOTELS, RESIDENTIAL HOTELS, ROOMING HOUSES AND MOTOR COURTS

The rent regulation for transient hotels, residential hotels, rooming houses and motor courts is amended in the following respects:

1. The second paragraph of section 1 (e) is amended to read as follows:

If the Administrator finds that the provisions of this regulation establishing maximum rents are better adapted to the rental practices of such building or establishment than the provisions of the rent regulation for housing, he shall consent to the landlord's election by order and at the same time shall classify such establishment as provided by section 7. Accommodations so brought under this regulation shall be considered "rooms" for the purposes of the regulation.

2. Section 4 (b) (3) is amended to read as follows:

(3) If a landlord fails to register the maximum rent properly within the time specified in subparagraphs (1) and (2) above (except where the room was registered prior to November 1, 1946) the rent received for any rental period commencing on or after the date on which the premises were first rented, or November 1, 1946, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under section 5 (c) (1). Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with § 1300.214 or § 1300.225 of Revised Procedural Regulation No. 3. If the Administrator finds that the landlord was not at fault in failing to register the maximum rent properly within the time specified, the order under section 5 (c) (1) may relieve the landlord of the duty to refund. The foregoing provisions and any refund thereunder do not affect any civil or criminal liabilities provided by the act for failure to register as required by section 7.

3. Section 4 (k) (1) is amended to read as follows:

(k) *Optional decontrol of daily rates.* (1) On or after February 1, 1947, any landlord who is the proprietor or operator of an establishment classified as a transient hotel, residential hotel, motor court or tourist home may apply to the area rent director for the decontrol of maximum daily rates on selected rooms in such establishment on OPA Form DH-DC. On such form the landlord shall list by number or location specific rooms in the building or establishment equal in number to the maximum number he is required to rent for weekly or monthly terms pursuant to the provisions of section 2 hereof and any order entered thereunder, or, if the rooms in the building or establishment were first rented subsequent to the applicable monthly period specified in section 2 (b) 2 or 2 (b) (5), then equal in number to the highest number actually rented for weekly or monthly terms at any one time during the month of December 1946, or to the number that the landlord is required to offer for rent for weekly or monthly terms under any order entered by the area rent director, whichever is the higher. Such rooms shall be known as permanent rooms for the purposes of this regulation and shall, after February 15, 1947, or the date of filing, whichever is later, be rented or offered for rent only on a weekly or monthly basis: *Provided, however,* That individual permanent rooms may be rented for periods less than one week at a daily rate of not to exceed one-seventh of the weekly rate or one-thirtieth of the monthly rate, whichever may be applicable to the particular room and number of occupants. Included in the permanent rooms listed by the landlord shall be those occupied by weekly or monthly tenants at the time of application up to the number the landlord is required to rent for weekly or monthly terms.

If such application is filed on OPA Form DH-DC, maximum daily rents established by this regulation for all rooms in the building or establishment other than permanent rooms shall, on and after February 15, 1947, or the date of the filing of such application, whichever is later, no longer be applicable. Such rooms when rented thereafter for daily terms of occupancy shall be free of the limitations imposed by this regulation: *Provided, however,* That any application which is not in proper form or omits information required from the landlord shall be void.

4. Section 4 (k) (3) is amended to read as follows:

(3) (i) In the event an order has been entered on an application by the landlord under section 2 (b) (6) hereof, relieving the establishment of its obligation to offer rooms for weekly or monthly terms of occupancy to the extent provided therein, the number of permanent rooms the landlord shall be required to offer only for weekly or monthly terms, in the event application is made under subparagraph (1) of this section 4 (k), shall be the highest number rented at any one time for weekly or monthly terms during the month of December 1946.

(ii) Any landlord who files an application for decontrol of daily rates in accordance with subparagraph (1) herein, at his option may list as permanent rooms a number equal to the total number he was renting on a weekly and monthly basis on December 31, 1946.

5. Section 4 (k) (7) is added to read as follows:

(7) Any landlord, who, prior to April 10, 1947, has filed an application for decontrol of daily rates in accordance with the provisions of subparagraph 1 herein, may file an amended application on OPA Form DH-DC listing as permanent rooms a number equal to the total number he was renting on a weekly and monthly basis on December 31, 1946. Included in this list shall be those rooms occupied by weekly or monthly tenants at the time the amended application is filed up to the total number the landlord was renting on a weekly and monthly basis on December 31, 1946.

6. Section 7 (a) (2) is amended to read as follows:

(2) *Supplemental registration.* Every landlord of any establishment subject to the provisions of this regulation shall file a supplemental registration statement in duplicate on OPA Form DH-U-S, stating the services provided in connection with all rooms offered for rent and the number of rooms subject to monthly or weekly rates pursuant to the provisions of section 2. This supplemental registration statement shall be filed on or before December 31, 1946, unless the establishment is located in a defense-rental area in which the effective date of the regulation is December 1, 1946, or later, in which event it shall be filed within 45 days after the effective date of the regulation. In the case of maximum rents established under paragraphs (b) or (c) of section 4 in establishments for which no supplemental registration statement has been filed, Form DH-U-S shall be filed concurrently with the registration statement required by paragraph (a) (1) of this section. On the basis of the information furnished thereby, the Administrator shall classify each establishment as a transient hotel, residential hotel, rooming house, motor court, or tourist home, and the provisions of this regulation applicable to such classification shall thereupon become applicable to the particular establishment. If, after the filing of a supplemental registration statement, maximum rents are established for a new room or rooms in the same establishment under section 4 (b) or (c), the landlord shall file OPA Form DH-U-S within the time provided in paragraph (a) (1) above for registering rents established under these sections, unless the services and facilities provided with such room or rooms are substantially the same as those previously reported on OPA Form DH-U-S for other rooms in the establishment.

If the establishment is presently known as a hotel in the community, contains more than 50 rooms and is used predominantly for transient occupancy, the provisions of this regulation relating to transient hotels shall be applicable to such establishment until such establishment is otherwise classified in accordance with the provisions of this paragraph (a): *Provided however,* That if such establishment fails to file OPA Form DH-U-S prior to January 1, 1947 it shall thereupon be subject to the provisions of this regulation relating to rooming houses until otherwise classified. All other establishments hereunder shall be subject to the provisions of this regulation relating to rooming houses until Form DH-U-S is filed and the establishment is otherwise classified by the area rent director.

On or after April 10, 1947, any landlord whose establishment has been classified under this regulation, may apply to the area rent director for a reclassification, if, because of a change in this regulation, the former classification is inappropriate, by filing an amended supplemental registration statement on OPA Form DH-U-S. On the basis of the information furnished thereby, the Administrator shall reclassify such establishment, and the provisions of this regulation applicable to such classification shall thereupon become applicable to such establishment. Until reclassified, the provisions of this regulation relating to the former classification shall apply.

7. Section 13 (a) (13) is amended to read as follows:

(13) "Transient hotel" means an establishment which (a) is customarily known as a hotel in the community, (b) contains 15 or more dwelling units, (c) provides services customarily supplied by transient hotels, and (d) (i) had less than 50 percent of its accommodations occupied by permanent guests (on monthly or weekly basis) during the quota month, or if the establishment was not in operation during the quota month, during the month of June 1946, or (ii) started operation on or after July 1, 1946.

8. Section 13 (a) (15) is amended to read as follows:

(15) "Residential hotel" means an establishment which (a) is customarily known as a hotel in the community, (b) contains more than 25 dwelling units, (c) provides services customarily supplied by residential hotels, and (d) (i) had 50 percent or more of its accommodations occupied by permanent guests (on monthly or weekly basis) during the quota month, or if the establishment was not in operation during the quota month, during the month of June 1946, or (ii) started operation on or after July 1, 1946.

9. Section 13 (a) (20) is added to read as follows:

(20) "Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

This amendment shall become effective April 10, 1947.

Issued this 9th day of April 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

Statement To Accompany Amendment 105 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, Amendment 32 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts in the New York City Defense-Rental Area, and Amendment 25 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts in the Miami Defense-Rental Area

Section 4 (k) of the rent regulation for transient hotels, residential hotels, rooming houses and motor courts is being amended to permit a proprietor or an operator of a transient hotel, residential hotel, motor court, or tourist home, who either has applied or intends to apply for decontrol of daily rates, at his option, to determine the number of rooms which he is required to rent on a weekly and/or monthly basis in accordance with the number he was renting on such basis on December 31, 1946. Before this amendment, he was required, in general, to set aside as permanent rooms in his decontrol application a number equal to the number he was required to rent on a weekly and monthly basis under the quota provisions of section 2 (b). Any establishment which has heretofore filed an application for decontrol of daily rates may exercise this option by filing a new application. In some sections of the country the demand for permanent rooms has decreased in recent months so that now the demand is much less than it was during the war and the early post-war period. This amendment will relieve establishments in such areas whose daily rates have been decontrolled, from setting aside as permanent rooms more than the number necessary to meet current demands, as indicated by actual rentals on such basis on December 31, 1946.

This amendment also sets up a new classification of establishments under the hotel regulation. Rooming houses which cater primarily to tourist guests and are known in the community as tourist homes will be so classified. The provisions pertaining to tourist homes shall not be applicable to any such establishment until it has filed the appropriate supplemental registration statement and has been classified as a tourist home by the area rent director. An establishment classified as a tourist home will be eligible to file an application for decontrol of its daily rates under section 4 (k) of the regulation. It is the Administrator's opinion that establishments known as tourist homes which cater almost exclusively to daily guests, mostly tourists, should receive the same treatment with respect to decontrol of daily rates as other transient establishments. Such decontrol action will have no effect on the permanent housing supply of the country.

This amendment revises the definition of "transient hotel" so as to include within its scope those establishments which have the characteristics of a transient hotel but contain only 15 to 25 dwelling units. Prior to this amendment, only those establishments which contained more than 25 dwelling units could be classified as a transient hotel. This change will permit small hotels which rent primarily for transient occupancy to be classified as transient hotels and thus become subject to the decontrol provisions of the hotel regulation.

Section 7 of the regulation has been amended to provide that any establishment previously classified under the regulation may make application for a reclassification if the former classification is now inappropriate because of changes in the regulation. If, for example, an establishment containing 20 dwelling units was previously classified as a rooming house, it may now make application for reclassification and will be classified as a transient hotel if it meets the requirements of this definition, as amended.

Similar changes are being made in the rent regulation for transient hotels, residential hotels, rooming houses and motor courts in the New York City defense-rental area and in the Miami defense-rental area.

In the judgment of the Temporary Controls Administrator, these amendments are necessary and proper in order to effectuate the purposes of the Emergency Price Control Act.

No provisions which might have the effect of requiring a change in established rental practices have been included in the amendments unless such provisions have been found necessary to achieve effective rent control and to prevent circumvention or evasion of the rent regulations and the act. To the extent that the provisions of these amendments compel or may operate to compel changes in established rental practices, such provisions are necessary to prevent circumvention or evasion of the rent regulations and the act.

PART 1388—DEFENSE-RENTAL AREAS

[Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, New York City Area, Amdt. 32 (§ 1388.1409)]

TRANSIENT HOTELS, RESIDENTIAL HOTELS, ROOMING HOUSES AND MOTOR COURTS IN NEW YORK CITY AREA

The rent regulation for transient hotels, residential hotels, rooming houses and motor courts in the New York City defense-rental area is amended in the following respects:

[1] Formerly Chapter XI, Office of Temporary Controls, Office of Price Administration, insofar as sugar rationing is concerned.

[2] 77 F. R. 13032, 13056, 13305, 14013, 14187.

1. The second paragraph of section 1 (e) is amended to read as follows:

If the Administrator finds that the provisions of this regulation establishing maximum rents are better adapted to the rental practices of such building or establishment than the provisions of the rent regulation for housing in the New York City defense-rental area, he shall consent to the landlord's election by order and at the same time shall classify such establishment as provided by section 7. Accommodations so brought under this regulation shall be considered "rooms" for the purposes of the regulation.

2. Section 4 (b) (3) is amended to read as follows:

(3) If a landlord fails to register the maximum rent properly within the time specified in subparagraphs (1) and (2) above, (except where the room was registered prior to November 1, 1946), the rent received for any rental period commencing on or after the date on which the premises were first rented, or November 1, 1946 whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under section 5 (c) (1). Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with § 1300.214 or § 1300.225 of Revised Procedural Regulation No. 3. If the Administrator finds that the landlord was not at fault in failing to register the maximum rent properly within the time specified, the order under section 5 (c) (1) may relieve the landlord of the duty to refund. The foregoing provisions and any refund thereunder do not affect any civil or criminal liabilities provided by the act for failure to register as required by section 7.

3. Section 4 (h) (1) is amended to read as follows:

(h) *Optional decontrol of daily rates.* (1) On or after February 1, 1947, any landlord who is the proprietor or operator of an establishment classified as a transient hotel, residential hotel, motor court or tourist home may apply to the area rent director for the decontrol of maximum daily rates on selected rooms in such establishment on OPA Form DH–DC. On such form the landlord shall list by number or location specific rooms in the building or establishment equal in number to the maximum number he is required to rent for weekly or monthly terms pursuant to the provisions of section 2 hereof and any order entered thereunder, or, if the rooms in the building or establishment were first rented subsequent to the applicable monthly period specified in section 2 (b) (2), then equal in number to the highest number actually rented for weekly or monthly terms at any one time during the month of December 1946, or to the number that the landlord is required to offer for rent for weekly or monthly terms under any order entered by the area rent director, whichever is the higher. Such rooms shall be known as permanent rooms for the purposes of this regulation and shall, after February 15, 1947, or the date of filing, whichever is later, be rented or offered for rent only on a weekly or monthly basis: *Provided, however,* That individual permanent rooms may be rented for periods less than one week at a daily rate of not to exceed one-seventh of the weekly rate or one-thirtieth of the monthly rate, whichever may be applicable to the particular room and number of occupants. Included in the permanent rooms listed by the landlord shall be those occupied by weekly or monthly tenants at the time of application up to the number the landlord is required to rent for weekly or monthly terms.

If such application is filed on OPA Form DH–DC, maximum daily rents established by this regulation for all rooms in the building or establishment other than permanent rooms shall, on and after February 15, 1947, or the date of the filing of such application, whichever is later, no longer be applicable. Such rooms when rented thereafter for daily terms of occupancy shall be free of the limitations imposed by this regulation: *Provided, however,* That any application which is not in proper form or omits information required from the landlord shall be void.

4. Section 4 (h) (3) is amended to read as follows:

(3) (i) In the event an order has been entered on an application by the landlord under section 2 (b) (5) hereof, relieving the establishment of its obligation to offer rooms for weekly or monthly terms of occupancy to the extent provided therein, the number of permanent rooms the landlord shall be required to offer only for weekly or monthly terms, in the event application is made under subparagraph (1) of this section 4 (h), shall be the highest number rented at any one time for weekly or monthly terms during the month of December 1946.

(ii) Any landlord who files an application for decontrol of daily rates in accordance with subparagraph (1) herein, at his option may list as permanent rooms a number equal to the total number he was renting on a weekly and monthly basis on December 31, 1946.

5. Section 4 (h) (7) is added to read as follows:

(7) Any landlord, who, prior to April 10, 1947, has filed an application for decontrol of daily rates in accordance with the provisions of subparagraph 1 herein may file an amended application on OPA Form DH–DC listing as permanent rooms a number equal to the total number he was renting on a weekly and monthly basis on December 31, 1946. Included in this list shall be those rooms occupied by weekly or monthly tenants at the time the amended application is filed up to the total number the landlord was renting on a weekly and monthly basis on December 31, 1946.

6. Section 7 (a) (2) is amended to read as follows:

(2) *Supplemental registration.* Every landlord of any establishment subject to the provisions of this regulation shall file a supplemental registration statement in duplicate on OPA Form DH–U–S, stating the services provided in connection with all rooms offered for rent and the number of rooms subject to monthly or weekly rates pursuant to the provisions of section 2. This supplemental registration statement shall be filed on or before December 31, 1946. In the case of maximum rents established under paragraphs (b) or (c) of section 4 in establishments for which no supplemental registration statement has been filed, OPA Form DH–U–S, shall be filed concurrently with the registration statement required by paragraph (a) (1) of this section. On the basis of the information furnished thereby, the Administrator shall classify each establishment as a transient hotel, residential hotel, rooming house, motor court, or tourist home, and the provisions of this regulation applicable to such classification shall thereupon become applicable to the particular establishment. If, after the filing of a supplemental registration statement, maximum rents are established for a new room or rooms in the same establishment under section 4 (b) or (c), the landlord shall file OPA Form DH–U–S within the time provided in paragraph (a) (1) above for registering rents established under these sections, unless the services and facilities provided with such room or rooms are substantially the same as those previously reported on OPA Form DH–U–S for other rooms in the establishment.

If the establishment is presently known as a hotel in the community, contains more than 50 rooms and is used predominantly for transient occupancy, the provisions of this regulation relating to transient hotels shall be applicable to such establishment until such establishment is otherwise classified in accordance with the provisions of this paragraph (a): *Provided, however,* That if such establishment fails to file OPA Form DH–U–S prior to January 1, 1947, it shall thereupon be subject to the provisions of this regulation relating to rooming houses until otherwise classified. All other establishments hereunder shall be subject to the provisions of this regulation relating to room houses until Form DH–U–S is filed and the establishment is otherwise classified by the Area Rent Director.

On or after April 10, 1947, any landlord whose establishment has been classified under this regulation, may apply to the area rent director for a reclassification, if, because of a change in this regulation, the former classification is inappropriate, by filing an amended supplemental registration statement on OPA Form DH–U–S. On the basis of the information furnished thereby, the Administrator shall reclassify such establishment and the provisions of this regulation applicable to such classification shall thereupon become applicable to such establishment. Until reclassified, the provisions of this regulation relating to the former classification shall apply.

7. Section 13 (a) (13) is amended to read as follows:

(13) "Transient hotel" means an establishment which (a) is customarily known as a hotel in the community, (b) contains 15 or more dwelling units, (c) provides services customarily supplied by transient hotels, and (d) (i) has less than 50 per cent of its accommodations occupied by permanent guests (on monthly or weekly basis) during the quota month, or if the establishment was not in operation during the quota month, during the month of June 1946, or (ii) started operation on or after July 1, 1946.

8. Section 13 (a) (15) is amended to read as follows:

(15) "Residential hotel" means an establishment which (a) is customarily known as a hotel in the community, (b) contains more than 25 dwelling units, (c) provides services customarily supplied by residential hotels, and (d) (1) had 50 per cent or more of its accommodations occupied by permanent guests (on monthly or weekly basis) during the quota month, or if the establishment was not in operation during the quota month, during the month of June 1946, or (ii) started operation on or after July 1, 1946.

9. Section 13 (a) (20) is added to read as follows:

(20) "Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

Effective April 10, 1947.

Issued April 9, 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

Statement To Accompany Amendment 105 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, Amendment 32 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts in the New York City Defense-Rental Area, and Amendment 25 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts in the Miami Defense-Rental Area

Section 4 (k) of the rent regulation for transient hotels, residential hotels, rooming houses and motor courts is being amended to permit a proprietor or an operator of a transient hotel, residential hotel, motor court, or tourist home, who either has applied or intends to apply for decontrol of daily rates, at his option, to determine the number of rooms which he is required to rent on a weekly and/or monthly basis in accordance with the number he was renting on such basis on December 31, 1946. Before this amendment, he was required, in general, to set aside as permanent rooms in his decontrol application a number equal to the number he was required to rent on a weekly and monthly basis under the quota provisions of section 2 (b). Any establishment which has heretofore filed an application for decontrol of daily rates may exercise this option by filing a new application. In some sections of the country the demand for permanent rooms has decreased in recent months so that now the demand is much less than it was during the war and the early post-war period. This amendment will relieve establishments in such areas whose daily rates have been decontrolled, from setting aside as permanent rooms more than the number necessary to meet current demands, as indicated by actual rentals on such basis on December 31, 1946.

This amendment also sets up a new classification of establishments under the hotel regulation. Rooming houses which cater primarily to tourist guests and are known in the community as tourist homes will be so classified. The provisions pertaining to tourist homes shall not be applicable to any such establishment until it has filed the appropriate supplemental registration statement and has been classified as a tourist home by the area rent director. An establishment classified as a tourist home will be eligible to file an application for decontrol of its daily rates under section 4 (k) of the regulation. It is the Administrator's opinion that establishments known as tourist homes which cater almost exclusively to daily guests, mostly tourists, should receive the same treatment with respect to decontrol of daily rates as other transient establishments. Such decontrol action will have no effect on the permanent housing supply of the country.

This amendment revises the definition of "transient hotel" so as to include within its scope those establishments which have the characteristics of a transient hotel but contain only 15 to 25 dwelling units. Prior to this amendment, only those establishments which contained more than 25 dwelling units could be classified as a transient hotel. This change will permit small hotels which rent primarily for transient occupancy to be classified as transient hotels and thus become subject to the decontrol provisions of the hotel regulation.

Section 7 of the regulation has been amended to provide that any establishment previously classified under the regulation may make application for a reclassification if the former classification is now inappropriate because of changes in the regulation. If, for example, an establishment containing 20 dwelling units was previously classified as a rooming house, it may now make application for reclassification and will be classified as a transient hotel if it meets the requirements of this definition, as amended.

Similar changes are being made in the rent regulation for transient hotels, residential hotels, rooming houses and motor courts in the New York City defense-rental area and in the Miami defense-rental area.

In the judgment of the Temporary Controls Administrator, these amendments are necessary and proper in order to effectuate the purposes of the Emergency Price Control Act.

No provisions which might have the effect of requiring a change in established rental practices have been included in the amendments unless such provisions have been found necessary to achieve effective rent control and to prevent circumvention or evasion of the rent regulations and the act. To the extent that the provisions of these amendments compel or may operate to compel changes in established rental practices, such provisions are necessary to prevent circumvention or evasion of the rent regulations and the act.

PART 1388—DEFENSE-RENTAL AREAS

[Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, Miami Area,[1] Amdt. 25 (§ 1388.1231)]

TRANSIENT HOTELS, RESIDENTIAL HOTELS, ROOMING HOUSES AND MOTOR COURTS IN MIAMI AREA

The rent regulation for transient hotels, residential hotels, rooming houses and motor courts in the Miami defense-rental area is amended in the following respects:

1. Section 4 (b) (3) is amended to read as follows:

(3) If a landlord fails to register the maximum rent properly within the time specified in subparagraphs (1) and (2) above (except where the room was registered prior to November 1, 1946), the rent received for any rental period commencing on or after the date on which the premises were first rented, or November 1, 1946, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under section 5 (c) (1). Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with § 1300.214 and § 1300.225 of Revised Procedural Regulation No. 3. If the Administrator finds that the landlord was not at fault in failing to register the maximum rent properly within the time specified, the order under section 5 (c) (1) may relieve the landlord of the duty to refund. The foregoing provisions and any refund thereunder do not affect any civil or criminal liabilities provided by the act for failure to register as required by section 7.

2. Section 4 (h) (1) is amended to read as follows:

(h) *Optional decontrol of daily rates.* (1) On or after February 1, 1947, any landlord who is the proprietor or operator of an establishment classified as a transient hotel, residential hotel, motor court or tourist home may apply to the area rent director for the decontrol of maximum daily rates on selected rooms in such establishment on OPA Form DH–DC. On such form the landlord shall list by number or location specific rooms in the building or establishment equal in number to the maximum number he is required to rent for weekly or monthly terms pursuant to the provisions of section 2 hereof, and any order entered

[1] 10 F. R. 318, 2405, 5090, 9445, 11071, 15212; 11 F. R. 4015, 5951, 6136, 8164, 10510, 12946.

thereunder, or, if the rooms in the building or establishment were first rented subsequent to the applicable monthly period specified in section 2 (b) (2), then equal in number to the highest number actually rented for weekly or monthly terms at any one time during the month of December 1946, or to the number that the landlord is required to offer for rent for weekly or monthly terms under any order entered by the area rent director, whichever is the higher. Such rooms shall be known as permanent rooms for the purposes of this regulation and shall, after February 15, 1947, or the date of filing, whichever is later, be rented or offered for rent only on a weekly or monthly basis: *Provided, however,* That individual permanent rooms may be rented for periods less than one week at a daily rate of not to exceed one-seventh of the weekly rate or one-thirtieth of the monthly rate, whichever may be applicable to the particular room and number of occupants. Included in the permanent rooms listed by the landlord shall be those occupied by weekly or monthly tenants at the time of application up to the number the landlord is required to rent for weekly or monthly terms.

If such application is filed on OPA Form DH–DC, maximum daily rents established by this regulation for all rooms in the building or establishment other than permanent rooms shall, on and after February 15, 1947, or the date of the filing of such application, whichever is later, no longer be applicable. Such rooms when rented thereafter for daily terms of occupancy shall be free of the limitations imposed by this regulation: *Provided, however,* That any application which is not in proper form or omits information required from the landlord shall be void.

3. Section 4 (h) (3) is amended to read as follows:

(3) (i) In the event an order has been entered on an application by the landlord under section 2 (b) (5) hereof, relieving the establishment of its obligation to offer rooms for weekly or monthly terms of occupancy to the extent provided therein, the number of permanent rooms the landlord shall be required to offer only for weekly or monthly terms, in the event application is made under subparagraph (1) of this section 4 (h), shall be the highest number rented at any one time for weekly or monthly terms during the month of December 1946.

(ii) Any landlord who files an application for decontrol of daily rates in accordance with subparagraph (1) herein, at his option may list as permanent rooms a number equal to the total number he was renting on a weekly and monthly basis on December 31, 1946.

4. Section 4 (h) (7) is added to read as follows:

(7) Any landlord, who, prior to April 10, 1947, has filed an application for decontrol of daily rates in accordance with the provisions of subparagraph 1 herein, may file an amended application on OPA Form DH–DC listing as permanent rooms a number equal to the total number he was renting on a weekly and monthly basis on December 31, 1946. Included in this list shall be those rooms occupied by weekly or monthly tenants at the time the amended application is filed up to the total number the landlord was renting on a weekly and monthly basis on December 31, 1946.

5. Section 7 (a) (2) is amended to read as follows:

(2) *Supplemental registration.* Every landlord of any establishment subject to the provisions of this regulation shall file a supplemental registration statement in duplicate on OPA Form DH–US, stating the services provided in connection with all rooms offered for rent and the number of rooms subject to monthly or weekly rates pursuant to the provisions of section 2. This supplemental registration statement shall be filed on or before December 31, 1946. In the case of maximum rents established under paragraphs (b) or (c) of section 4 in establishments for which no supplemental registration statement has been filed, Form DH–US shall be filed concurrently with the registration statement required by paragraph (a) (1) of this section. On the basis of the information furnished thereby, the Administrator shall classify each establishment as a transient hotel, residential hotel, rooming house, motor court, or tourist home, and the provisions of this regulation applicable to such classification shall thereupon become applicable to the particular establishment. If, after the filing of a supplemental registration statement, maximum rents are established for a new room or rooms in the same establishment under section 4 (b) or (c), the landlord shall file OPA Form DH–US within the time provided in subparagraph (a) (1) above for registering rents established under these sections, unless the services and facilities provide i with such room or rooms are substantially the same as those previously reported on OPA Form DH–US for other rooms in the establishment.

If the establishment is presently known as a hotel in the community, contains more than 50 rooms and is used predominantly for transient occupancy, the provisions of this regulation relating to transient hotels shall be applicable to such establishment until such establishment is otherwise classified in accordance with the provisions of this paragraph (a): *Provided, however,* That if such establishment fails to file OPA Form DH–U–S prior to January 1, 1947, it shall thereupon be subject to the provisions of this regulation relating to rooming houses until otherwise classified. All other establishments hereunder shall be subject to the provisions of this regulation relating to rooming houses until Form DH–U–S is filed and the establishment is otherwise classified by the Area Rent Director.

On or after April 10, 1947, any landlord whose establishment has been classified under this regulation, may apply to the area rent director for a reclassification, if, because of a change in this regulation, the former classification is inappropriate, by filing an amended supplemental registration statement on OPA Form DH–U–S. On the basis of the information furnished thereby, the Administrator shall reclassify such establishment, and the provisions of this regulation applicable to such classification shall thereupon become applicable to such establishment. Until reclassified, the provisions of this regulation relating to the former classification shall apply.

6. Section 13 (a) (13) is amended to read as follows:

(13) "Transient hotel" means an establishment which (a) is customarily known as a hotel in the community, (b) contains 15 or more dwelling units, (c) provides service customarily supplied by transient hotels, and (d) (i) has less than 50 per cent of its accommodations occupied by permanent guests (on monthly or weekly basis) during the quota month, or if the establishment was not in operation during the quota month, during the month of June 1946, or (ii) started operation on or after July 1, 1946.

7. Section 13 (e) (a) (15) is amended to read as follows:

(15) "Residential hotel" means an establishment which (a) is customarily known as a hotel in the community, (b) contains more than 25 dwelling units, (c) provides services customarily supplied by residential hotels, and (d) (i) had 50 per cent or more of its accomodations occupied by permanent guests (on monthly or weekly basis) during the quota month, or if the establishment was not in operation during the quota month, during the month of June 1946, or (ii) started operation on or after July 1, 1946.

8. Section 13 (a) (20) is added to read as follows:

(20) "Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

This amendment shall become effective April 10, 1947.

Issued this 9th day of April 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

Statement To Accompany Amendment 105 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, Amendment 32 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts in the New York City Defense-Rental Area, and Amendment 25 to the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts in the Miami Defense-Rental Area

Section 4 (k) of the rent regulation for transient hotels, residential hotels, rooming houses and motor courts is being amended to permit a proprietor or an operator of a transient hotel, residential hotel, motor court, or tourist home, who either has applied or intends to apply for decontrol of daily rates, at his option, to determine the number of rooms which he is required to rent on a weekly and/or monthly basis in accordance with the number he was renting on such basis on December 31, 1946. Before this amendment, he was required, in general, to set aside as permanent rooms in his decontrol application a number equal to the number he was required to rent on a weekly and monthly basis under the quota provisions of section 2 (b). Any establishment which has heretofore filed an application for decontrol of daily rates may exercise this option by filing a new application. In some sections of the country the demand for permanent rooms has decreased in recent months so that now the demand is much less than it was during the war and the early postwar period. This amendment will relieve establishments in such areas whose daily rates have been decontrolled, from setting aside as permanent rooms more than the number necessary to meet current demands, as indicated by actual rentals on such basis on December 31, 1946.

This amendment also sets up a new classification of establishments under the hotel regulation. Rooming houses which cater primarily to tourist guests and are known in the community as tourist homes will be so classified. The provisions pertaining to tourist homes shall not be applicable to any such establishment until it has filed the appropriate supplemental registration statement and has been classified as a tourist home by the area rent director. An establishment classified as a tourist home will be eligible to file an application for decontrol of its daily rates under section 4 (k) of the regulation. It is the Administrator's opinion that establishments known as tourist homes which cater almost exclusively to daily guests, mostly tourists, should receive the same treatment with respect to decontrol of daily rates as other transient establishments. Such decontrol action will have no effect on the permanent housing supply of the country.

This amendment revises the definition of "transient hotel" so as to include within its scope those establishments which have the characteristics of a transient hotel but contain only 15 to 25 dwelling units. Prior to this amendment, only those establishments which contained more than 25 dwelling units could be classified as a transient hotel. This change will permit small hotels which rent primarily for transient occupancy to be classified as transient hotels and thus become subject to the decontrol provisions of the hotel regulation.

Section 7 of the regulation has been amended to provide that any establishment previously classified under the regulation may make application for a reclassification if the former classification is now inappropriate because of changes in the regulation. If, for example, an establishment containing 20 dwelling units was previously classified as a rooming house, it may now make application for reclassification and will be classified as a transient hotel if it meets the requirements of this definition, as amended.

Similar changes are being made in the rent regulation for transient hotels, residential hotels, rooming houses and motor courts in the New York City defense-rental area and in the Miami defense-rental area.

In the judgment of the Temporary Controls Administrator, these amendments are necessary and proper in order to effectuate the purposes of the Emergency Price Control Act.

No provisions which might have the effect of requiring a change in established rental practices have been included in the amendments unless such provisions have been found necessary to achieve effective rent control and to prevent circumvention or evasion of the rent regulations and the act. To the extent that the provisions of these amendments compel or may operate to compel changes in established rental practices, such provisions are necessary to prevent circumvention or evasion of the rent regulations and the act.

Chapter XVIII—Office of Temporary Controls, Office of War Mobilization and Reconversion (Stabilization)

[Directive 150]

PART 4003—SUBSIDIES; SUPPORT PRICES PEANUTS, 1947 CROP

The Secretary of Agriculture has submitted to me for approval a program under which Commodity Credit Corporation would purchase and make loans on peanuts of the 1947 crop at 90 percent of the parity price for edible peanuts as of July 15, 1947, the beginning of the marketing year.

After careful consideration, I hereby find that the proposed program is necessary to provide markets, promote orderly marketing, increase the consumption of peanuts, and stabilize and protect the price of peanuts to the producer. Accordingly:

§ 4003.54b *Peanut Purchase and Loan Program, 1947 Crop.* The Department of Agriculture is authorized and directed to purchase and make loans on peanuts of the 1947 crop, at 90 percent of the parity price for edible peanuts as of July 15, 1947. The program authorized is set forth in further detail in the Docket of the Department of Agriculture on this subject.

Chapter XXIII—War Assets Administration

[Reg. 6]

PART 8306—SALE OF GOVERNMENT-OWNED PLANT EQUIPMENT IN CONTRACTORS' PLANTS

Surplus Property Administration Regulation 6, November 16, 1945, entitled "Sale of Government-Owned Plant Equipment in Contractors' Plants," as amended through February 19, 1946 (10 F.R. 14521; 11 F.R. 1893), is hereby revised and amended as herein set forth as War Assets Administration Regulation 6, Order 1, November 16, 1945 (10 F.R. 14523), under this part shall continue in full force and effect.

Sec.
8306.1 Definitions.
8306.2 Scope.
8306.3 Applicability of regulations of the Office of Temporary Controls.
8306.4 Owning agencies empowerd to sell plant equipment to contractors in possession.
8306.5 Pricing policy.
8306.6 Sales of miscellaneous shop equipment, etc., at retail.
8306.7 Disposals of not readily severable plant equipment.
8306.8 Plant equipment in possession of subcontractors and sublessees.
8306.9 Options.
8306.10 Disposals under laws other than the Surplus Property Act.
8306.11 Records and reports.
8306.12 Regulations by owning agencies to be reported to the Administrator.

AUTHORITY: §§ 8306.1 to 8306.12, inclusive, issued under Surplus Property Act of 1944, as amended (58 Stat. 765, as amended; 50 U. S. C. App. Sup. 1611); Pub. Law 181, 79th Cong. (59 Stat. 533; 50 U. S. C. App. Sup. 1614a, 1614b); and E. O. 9689 (11 F. R. 1265).

§ 8306.1 *Definitions*—(a) *Terms defined in act.* Terms not defined in paragraph (b) of this section which are defined in the Surplus Property Act of 1944 shall in this part have the meaning given to them in the act.

(b) *Other terms.* (1) "Facilities contract" means a lease, rental agreement, or other contract or contract provision, specifically governing the acquisition, use, or disposition of Government-owned machinery, tools, building installations, or other property, furnished to or acquired by a war contractor for any war production purpose except incorporation in end products.

(2) "Government agency" means any executive department, independent establishment, board, bureau, commission, or other agency of the Federal Government, or any corporation wholly owned (either directly or through one or more corporations) by the United States.

(3) "Plant equipment" means any property which is located in a war contractor's plant and is covered by a facilities contract, except land and buildings.

(4) "Readily severable" means capable of being removed and sold without substantial damage to either the property being removed or the premises.

(5) "Special tooling" means plant equipment of such special design that it has apparent value only as scrap except in the manufacture of the particular product which such equipment was specifically designed to produce; it includes

only jigs, dies, fixtures, gauges, moulds, and similar equipment.

§ 8306.2 *Scope.* (a) This part applies only to Government-owned plant equipment that is located in privately owned plants. Except as otherwise provided in §§ 8306.4, 8306.6, 8306.7, and 8306.8, it authorizes only the disposal of such equipment to the contractor in possession for immediate or eventual use in his civilian production.

(b) The Administrator has determined that such sales will not result in the concentration of plant equipment in the hands of large established enterprises, nor prevent the acquisition thereof by other contractors, small as well as large, and new as well as established, since the equipment will be sold to contractors in possession whose war contracts have not yet been settled, and accordingly it is not yet available for disposition to others. The disposal agencies have available as surplus, and will continue to have available in increasing amounts, equipment of the type to be disposed of hereunder. These will be available for general disposition as surplus to meet the demands of all other contractors at about the same time that the equipment to be sold hereunder would become available for general sale.

(c) In view of the holding of the United States Circuit Court of Appeals for the Second Circuit, in the case of United States v. Aluminum Company of America, et al., decided March 12, 1945, that as of 1940 the Aluminum Company of America had a monopoly of primary aluminum in violation of law, and in view of the objectives of the act, no plant equipment shall be disposed of under this part to the Aluminum Company of America or to any of its subsidiaries, unless such disposal is first approved in writing by the Administrator.

§ 8306.3 *Applicability of regulations of the Office of Temporary Controls.* All disposals hereunder shall be subject to applicable regulations of the Office of Temporary Controls.

§ 8306.4 *Owning agencies empowered to sell plant equipment to contractors in possession.* (a) In order to further the objectives of the act by assuring the most effective use of Government-owned property for war purposes, aiding in facilitating the transition from wartime to peacetime production and employment, encouraging and fostering postwar employment opportunities, promoting production and disposing of surplus property as promptly as feasible without fostering monopoly or restraint of trade or unduly disturbing the economy or encouraging hoarding, the Administrator hereby empowers each owning agency to dispose of plant equipment to contractors in possession thereof, as provided hereunder. Except in cases of disposals under §§ 8306.6 and 8306.7, there shall be obtained in connection with each disposal of plant equipment hereunder a written representation from the contractor that he intends to use the equipment in his production and that he is not purchasing it for the purpose of reselling it, directly or indirectly, at a profit. Owning agencies may make such disposals to contractors in possession at any time before they take possession of plant equipment or report such equipment as surplus to a disposal agency. Nothing herein affects the authority of owning agencies to sell small lots of scrap or salvage in accordance with other regulations of the War Assets Administrator.

(b) In any case in which the owning agency shall make a written finding that given special tooling will have no reasonable foreseeable use for civilian production, it may dispose of such tooling hereunder to the contractor in possession at scrap prices. In any such case, the contractor shall agree in writing that upon the conclusion of his war production he will offer such tooling to the owning agency for a period of thirty (30) days at the then scrap price of such tooling and, if the owning agency does not wish to purchase such tooling, he will dispose of it as scrap.

§ 8306.5 *Pricing policy.* Sales hereunder shall to the greatest extent possible be made at fixed prices rather than at negotiated prices. To this end, all sales shall be made in accordance with the provisions of paragraphs (a) to (e) of this section, except as otherwise provided in § 8306.7.

(a) All sales of used standard general purpose machinery as defined in Part 8313[1] shall be made at prices determined in accordance with the provisions of that part.

(b) Fixed price schedules for certain other classifications of plant equipment may be prepared by the Administrator and issued from time to time as orders hereunder.

(c) Sales of all readily severable plant equipment which is not governed by a fixed price schedule shall be made at prices that are fair and reasonable and not less than the net proceeds that could reasonably be expected to be obtained if the property were offered for general sale. In all cases where the estimated cost of such plant equipment is $25,000 or more, the sales price shall be approved by an internal board of review. In fixing such prices consideration shall be given to such factors as original cost and reproduction cost (new) of the items, less reasonable depreciation and obsolescence.

(d) Disposals of all plant equipment not readily severable shall be made at prices that are fair and reasonable under all the circumstances, taking into account the limited sale value of the property in place and its special value, if any, to the purchaser. In all cases, prior to disposal a written estimate shall be made of both the value of the plant equipment for use in place and its salvage value.

(e) The War Assets Administration shall, upon request, furnish advice and assistance to the owning agencies in the establishment of fair and reasonable prices under paragraphs (c) and (d) of this section.

§ 8306.6 *Sales of miscellaneous shop equipment, etc., at retail.* In any case in which the contractor in possession does not wish to acquire any plant equipment consisting of small, loose, or hand tools, portable power equipment, or miscellaneous shop equipment, the owning agency may authorize the contractor to sell such plant equipment at retail, subject to the following conditions, *that:*

(a) All sales are made at set prices approved in advance by the owning agency, after consultation with War Assets Administration;

(b) Not more than $500 in sales are made to any one person;

(c) The purchaser is required to certify in writing that he is buying the property for his own use;

(d) The contractor gives wide publicity in the immediate locality to offerings of such property for retail sale;

(e) Sales are made for cash.

§ 8306.7 *Disposals of not readily severable plant equipment.*—(a) *Consent of the disposal agency.* No plant equipment costing more than $100,000 shall be disposed of or demolished by the owning agency pursuant to paragraphs (b) and (c) of this section without prior submission to, and the consent of, the disposal agency. At the request of the disposal agency, any plant equipment not readily severable which is not disposed of to the contractor in possession shall, regardless of cost, be declared surplus in place to the disposal agency.

(b) *Disposals other than to the contractor in possession.* When plant equipment which is not readily severable is not sold to the contractor in possession, and no request has been made by the disposal agency as provided for in paragraph (a) of this section, then in such event such plant equipment may be sold by the owning agency to the owner of the plant, to the lessee of the land, or to the owner of the land.

(c) *Other alternative disposals.* (1) When plant equipment which is not readily severable is not sold to any of the purchasers mentioned in paragraph (b) of this section, and in the absence of any request by the disposal agency as provided for in paragraph (a) of this section, the owning agency may dispose of such plant equipment in any one or more of the following methods:

(i) By sale intact;

(ii) By transfer to another Government agency intact;

(iii) By demolition contract let only on competitive bids, whereby title to the resulting material passes to the demolition contractor;

(iv) By demolition with disposal of surplus used construction materials by competitive bidding and of other resulting materials in accordance with any other applicable regulations of the Administrator. Any such competitive bidding shall be conducted under rules and regulations prescribed by the owning agencies containing provisions, among others, requiring lots to be offered in such reasonable quantities as to permit all bidders, small as well as large, to compete on equal terms, requiring wide public notice concerning such sales and time intervals between notice and sale adequate to give all interested purchasers a fair opportunity to buy, and reserving the right to reject all bids.

(v) By abandonment if the owning agency has no obligation to remove such plant equipment and it finds in writing that such property is without commercial value or that the estimated cost of its care, handling, removal, and disposition would exceed the estimated proceeds of sale.

(2) Any plant equipment not disposed of pursuant to paragraphs (b) and (c) of this section, shall be declared surplus to the appropriate disposal agency.

§ 8306.8 *Plant equipment in possession of subcontractors and sublessees.* In any case where plant equipment is, in accordance with the terms of a facilities contract, located in the plant of a subcontractor or sublessee, such subcontractor or sublessee shall for the purpose hereof be considered as the contractor in possession, and owning agencies shall take all steps possible to sell such plant equipment to the sublessee or subcontractor, at his request, on terms and conditions as provided herein. In the case of special tooling, if such subcontractor or sublessee shall state in writing that he does not desire to acquire the property, the contractor holding the covering facilities contract may be permitted to retain the property under a negotiated sale or under a lease for a period of not more than one year. Sale prices and rentals shall be determined on a basis that is fair and reasonable, taking into consideration the limited sale value of the property and its special value to the purchaser or lessee. The owning agency may request the advice and assistance of the War Assets Administration in determining acceptable sale prices and rentals.

§ 8306.9 *Options.* All sales by owning agencies of plant equipment to contractors shall be made in accordance with the provisions of this part, except sales made in accordance with the terms, conditions, and price provisions as stipulated in any valid option, and except sales for war production purposes. Any contractor purchasing plant equipment in accordance with the provisions of this part shall waive any purchase option, right of refusal, or similar privilege which he may have under the same facilities contract. Owning agencies are, however, authorized to make exceptions to meet unusual cases, but in each instance where an exception is made they shall maintain adequate records which shall be available to the Administrator upon request. No such exception shall be made unless it is approved by an internal board of review.

§ 8306.10 *Disposals under laws other than the Surplus Property Act.* Disposals of plant equipment as defined herein shall not be made under laws other than the Surplus Property Act of 1944 but shall be made only in strict accordance with the provisions of this part unless the Administrator upon written application by the owning agency shall consent in writing to a different procedure.

§ 8306.11 *Records and reports.* Owning and disposal agencies shall prepare and maintain such records as will show full compliance with the provisions of this part and with the applicable provisions of the act. Reports shall be prepared and filed with the War Assets Administrator in such manner as may be specified by order issued under this part subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

§ 8306.12 *Regulations by owning agencies to be reported to the Administrator.* Each owning agency shall file with the Administrator copies of all regulations, orders, and instructions of general applicability which it may issue in furtherance of the provisions, or any of them, of this part.

This revision of this part shall become effective April 10, 1947.

ROBERT M. LITTLEJOHN,
Administrator.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

[Instruction 3, Pub. Law 458, 79th Cong.]

PART 2—ADJUDICATION; VETERANS' CLAIMS (APPENDIX)

PART 3—DISALLOWANCE AND AWARDS (APPENDIX)

PART 4—ADJUDICATION; VETERANS' CLAIMS, CENTRAL OFFICE SECTION (APPENDIX)

PART 35—VETERANS' REGULATIONS

INSTRUCTIONS RELATING TO THE RATING OF COMBAT INCURRED DISABILITIES

For the purposes of effecting the provisions of Public Law 458, 79th Congress, the following instructions are issued:

1. Congress has provided veterans financial aid in various forms, including compensation for those who have disabilities incident to service. Prior instructions from this office have dealt with the approved methods of adjudicating claims for benefits involving malaria, the prisoner of war group, the evaluation of the disabling effects of gunshot wounds, and gastric and duodenal ulcers. Attention is called to the problem relating to the neuropsychiatric group which is important both from a medical and an adjudicative aspect.

2. Questions of diagnoses and description of resulting disabilities exist in all categories of illness and complicate the problem of proper evaluation. This is true of neuropsychiatric cases, and particularly in certain "functional" cases where the veteran registers complaints for which no causative organic disease is identified by medical examination. Correctness of adjudication awards is important, for a veteran may be harmed by failure to award him pension to which he is entitled, or by the awarding of benefits which are either disproportionate or on an improper basis. The awarding of financial aid as disability compensation for a long period of time when actual acquired disability is absent, tends to fix in the individual's mind the idea that he is suffering from incurable, chronic disabilities or disorders, thereby greatly increasing the difficulty of his adjustment into employment. Awarding a pension to a veteran for a disability which is non-existent is, therefore, a dis-service to him in the end. It is imperative that this group of cases be correctly classified and adjudicated in order to assist these veterans to self-reliant, productive citizenship and in order to protect them from over or under compensation payments.

3. Those veterans whose service prior to the reporting of neuropsychiatric manifestations can be measured in days or weeks, and particularly those who did not adjust to service requirements by reason of pre-existing neuropsychiatric manifestations, are rendered a dis-service when situational reactions characteristic of a life pattern and never before considered in the nature of disease are identified as acquired neuropsychiatric diseases. Careful re-examination of the cases in question frequently shows a listing of poor adjustment, personality defects, anomalies, chronic exaggeration of passing physical complaints, constitutional factors shown in emotional instability or anti-social behavior, upon which have been erected diagnoses of acquired neuropsychiatric disorders.

4. Section 2.1063 of this chapter, promulgated August 9, 1946, provides approved methods of adjudication and the authority for the development of the evidence pertaining to the veteran's condition before and after service, particularly with a view toward determining the post-war adjustment as compared to pre-war adjustment. With better opportunity to develop all material evidence correct action can now be taken in order to determine the presence or absence of disease, service relationship, the amount of disability present and the need for therapy. Where no increase in the pre-service level of the condition during service is shown by the whole record, the diagnostic classification of the neuropsychiatric manifestations is not necessary for adjudication purposes. Consequently, further development of the evidence, including neuropsychiatric examination, in such cases is not required.

5. In view of the above, service-connected neuropsychiatric cases based on service rendered on or after September 16, 1940, will be reviewed under the policy outlined herein and appropriate rating action will be taken. Inasmuch as there are approximately 500,000 cases involved in this group, it is imperative for administrative reasons that this review be conducted concurrently with the general review of cases previously authorized under the Schedule for Rating Disabilities, 1945 Edition. Those cases in this category already reviewed under the above-mentioned schedule will be re-reviewed as soon as administratively possible. In cases contemplated within this review and those hereafter adjudicated, care will be exercised in differentiating between true neuropsychiatric diseases incurred in or aggravated by service, those reactions which are normal to the individual under the cited circumstances,

and pre-existing conditions not aggravated by service in order that no veteran who has a true neuropsychiatric disease properly service connected under the law will be unjustly separated from the compensation rolls. Where any veteran with combat service has manifested symptomatology initially classified as "combat fatigue," "exhaustion" or under any other of a number of descriptive terms, careful consideration should be extended to all symptomatology referable to the combat neuropsychiatric condition prior to reclassification and readjudication as psychopathic personality, in order to assure that the veteran is not unjustifiably removed from the rolls. In making this review, due regard will be given the places, types and circumstances of the veteran's service, and particular consideration will be accorded combat duty and other hardships of his service. TITLE 41—PUBLIC CONTRACTS

Chapter II—Division of Public Contracts, United States Department of Labor

PART 201—GENERAL REGULATIONS

REVOCATION OF WARTIME EXEMPTION AND EXCEPTIONS FROM PROVISIONS OF WALSH-HEALEY PUBLIC CONTRACTS ACT

Having determined that justice and the public interest will no longer be served by the continuance of the following wartime exemptions and exceptions to the Walsh-Healey Public Contracts Act (49 Stat. 2036, 41 U. S. C. 35-45), granted under section 6 thereof:

1. Exemption from the provisions of section 1 (a) of the Walsh-Healey Public Contracts Act to permit Defense Production Associations to receive contracts subject to the act, effective December 5, 1941 (6 F. R. 6317; 41 CFR, Cum. Supp., 201.101 (b) note).

2. In the matter of an exception from the provisions of section 1 of the Walsh-Healey Public Contracts Act of contracts awarded to Railway Carriers, effective May 12, 1942 (7 F. R. 3563; 41 CFR, 1944 Supp., 201.1 note).

3. In the matter of an exception from the provisions of section 1 (a) of the Walsh-Healey Public Contracts Act to permit the purchase of certain export commodities, effective September 2, 1942 (7 F. R. 7013; 41 CFR, Cum. Supp., 201.1 (a) note).

4. In the matter of an exception from the provisions of section 1 of the Walsh-Healey Public Contracts Act for contracts for purchases by the United States Army of orange marmalade, effective October 16, 1943 (8 F. R. 14353; 41 CFR, 1943 Supp., 201.1 note).

5. In the matter of an exception from the provisions of section 1 (a) of the Walsh-Healey Public Contracts Act of certain contracts entered into between the United States and the American National Red Cross, effective February 3, 1945, 10 F. R. 1791; 41 CFR, 1945 Supp., 201.1 note).

I hereby revoke the exemption and exceptions set forth above pursuant to the powers vested in me by section 6 of the Walsh-Healey Public Contracts Act,

Provided, however, That this order shall not apply to any contract with respect to which bids are solicited or negotiations otherwise commenced prior to the effective date hereof.

This order shall become effective immediately on publication in the FEDERAL REGISTER.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 52]

UNITED STATES STANDARDS FOR GRADES OF FROZEN SPINACH [1]

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the issuance, as hereinafter proposed, of revised United States Standards for Grades of Frozen Spinach pursuant to the authority contained in the Department of Agriculture Appropriation Act, 1947 (Pub. Law 422, 79th Cong., 2d Sess., approved June 22, 1946). The aforesaid standards have been in effect since March 15, 1944.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revised standards shall file the same in quadruplicate with the Hearing Clerk, United States Department of Agriculture, Room 0308, South Building, Washington 25, D. C., not later than 20 days after the publication of this notice in the FEDERAL REGISTER.

The proposed revised standards are as follows:

§ 52.649 *Frozen spinach*—(a) *Identity.* Frozen spinach is the product which is prepared from the succulent leaves and stems of fresh spinach (Spinacia oleracea) by sorting, trimming, washing, and precooking or blanching such leaves and stems and which is frozen and stored at a temperature necessary for the preservation of the frozen product.

(b) *Grades of frozen spinach.* (1) U. S. Grade A or U. S. Fancy is the quality of frozen spinach that possesses a practically uniform bright typical green color, a good character, a normal flavor and odor, is practically free from defects, and scores not less than 85 points when scored in accordance with the scoring system outlined herein.

(2) U. S. Grade B or U. S. Extra Standard is the quality of frozen spinach that possesses a reasonably good uniform typical green color, a reasonably good character, a normal flavor and odor, is reasonably free from defects, and scores not less than 70 points when scored in accordance with the scoring system outlined herein.

(3) U. S. Grade D or Substandard is the quality of frozen spinach that fails to meet the requirements of U. S. Grade B or U. S. Extra Standard.

(c) *Recommended drained weight.* (1) The recommended drained weight hereof is not incorporated in the grades of the frozen product since drained weight, as such, is not a factor of quality for the purpose of these grades.

(2) The recommended drained weight for any container of frozen spinach is a drained weight equal at least to the declared net weight for the container.

(3) The drained weight of frozen spinach packed in a particular container is determined after the complete thawing of the frozen product under a gentle spray of tap water at a temperature of approximately 68° F., by spreading the thawed spinach upon a circular sieve of proper diameter, containing 8 meshes to the inch (0.097-inch square openings), and allowing to drain for 2 minutes. A sieve 8 inches in diameter is used for a 16-ounce size container or smaller size container; and a sieve 12 inches in diameter is used for containers of greater capacity.

(d) *Ascertaining the grade.* (1) The grade of frozen spinach is ascertained after the spinach has been completely thawed under a gentle spray of tap water at a temperature of approximately 68° F., except that a representative portion of the frozen spinach is cooked without thawing when examining the product for grit or sand. The thawed spinach is then scored for the factors of color and absence of defects other than grit or sand. It is then cooked, in the manner described herein, before evaluating the factor of character. The flavor and odor of frozen spinach is also determined after cooking. "Normal flavor and odor" means that the spinach is free from objectionable flavors and odors of any kind.

(2) The grade of frozen spinach may be ascertained by considering, in addition to the requirements of the respective grade, the following factors: Color, absence of defects, and character. The relative importance of each factor is expressed numerically on a scale of 100. The maximum number of points that may be given each factor is:

(i) Color	20
(ii) Absence of defects	60
(iii) Character	20
Total score	100

(e) *Ascertaining the rating of each factor.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor is inclusive (for example, "17 to 20 points" means 17, 18, 19, or 20 points).

(1) *Color.* (i) Frozen spinach that possesses a practically uniform bright typical green color may be given a score of 17 to 20 points. "Practically uniform bright typical green color" means that the frozen spinach possesses a green color that is characteristic of the spinach from which prepared, is bright, and that there is not more than a slight variation in the green color.

(ii) If the frozen spinach possesses a reasonably good uniform typical green color, a score of 14 to 16 points may be given. Frozen spinach that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably good uniform typical green color" means that the frozen spinach possesses a green color that is characteristic of the spinach from which prepared, and may be variable but not to an extent that the appearance of the frozen product is materially affected.

(iii) Frozen spinach that is definitely off-color for any reason or that fails to meet the requirements of subparagraph (1) (ii) of this paragraph may be given a score of 0 to 13 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* (i) The factor of absence of defects refers to the degree of freedom from grit or sand, seed heads, grass and weeds, crowns of root stubs, root stubs, and major and minor damage. Minute insignificant injuries shall not be considered as damage. The evaluation of the score points for the factor of absence of defects may be determined from Table A hereof which prescribes the maximum score which may be allowed for specified defects.

(a) "Grit or sand" is any rough or hard particle of earthy sediment.

(b) "Major damage" means any yellow, brown or other discoloration which covers an aggregate area of not less than 1 square inch of any leaf, portion of a leaf, stem, or portion of a stem; or any pathological damage or insect or similar injury affecting any leaf, portion of a leaf, stem, or portion of a stem.

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

(c) "Minor damage" means any yellow, brown or other discoloration which covers an aggregate area of less than 1 square inch of any leaf, portion of a leaf, stem, or portion of a stem.

(ii) Frozen spinach that is practically free from defects may be given a score of 51 to 60 points. "Practically free from defects" means that the product contains no grit or sand that affects the eating quality of the frozen spinach, that for each 48 ounces drained weight there may be present not more than 1 root stub, and that for each 16 ounces drained weight there may be present:

(a) Not more than 2 tender crowns of roots with leaf clusters attached;

(b) Major and minor damage affecting not more than 8 leaves or stems or portions of leaves or stems, including major damage affecting not more than 4 leaves and stems or portions of leaves and stems;

(c) Not more than 2 seed heads; and

(d) Grass and weeds aggregating not more than 10 inches in length of which not more than 3 inches may be grass and weeds which detract noticeably from the appearance of the product.

(iii) If the frozen spinach is reasonably free from defects a score of 42 to 50 points may be given. Frozen spinach that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the product may contain a trace of grit or sand that does not materialy affect the eating quality of the frozen spinach, that for each 48 ounces drained weight there may be present not more than 3 root stubs, and that for each 16 ounces drained weight there may be present:

(a) Not more than 4 tender crowns of roots with leaf clusters attached;

(b) Major and minor damage affecting not more than 16 leaves and stems or portions of leaves and stems, including major damage affecting not more than 8 leaves and stems or portions of leaves and stems;

(c) Not more than 4 seed heads; and

(d) Grass and weeds aggregating not more than 15 inches in length of which not more than 6 inches may be grass and weeds which detracts noticeably from the appearance of the product.

(iv) Frozen spinach that fails to meet the requirements of subparagraph (2) (iii) of this paragraph may be given a score of 0 to 41 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

0-41	41 or less	More than the allowances permitted for 42 score points.							

(3) *Character.* (i) The factor of character refers to the condition and structural characteristics of the spinach leaves and stems or portions of leaves and stems. The degree of freedom from coarse or tough leaves and stems or coarse or tough portions of leaves and stems, the tenderness of the cooked spinach, and the degree of shredding, raggedness, or disintegration of the leaves and stems are considered under this factor.

(ii) The character of frozen spinach is ascertained after cooking 10 ounces of the thawed product in 16 ounces of water for exactly 5 minutes at 212° F. in an uncovered container. The spinach is placed in the boiling water and cooking time starts at the time the water boils after the spinach is added. If the boiling point of the water is low, one minute shall be added to the cooking time for each 2° below 212° F.

(iii) Frozen spinach that possesses good character may be scored 17 to 20 points. "Good character" means that the cooked spinach is tender and practically free from coarse or tough leaves and stems or coarse or tough portions of leaves and stems and that the appearance of the cooked product is not materially affected by shredded, ragged, or disintegrated leaves and stems or portions of leaves and stems.

(iv) If the frozen spinach possesses a reasonably good character a score of 14 to 16 points may be given. Frozen spinach that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably good character" means that the cooked spinach may possess a few coarse or tough leaves and stems or coarse or tough portions of leaves and stems, may be variable in tenderness, and that the appearance of the cooked product may be materially but not seriously affected by shredded, ragged, or distintegrated leaves and stems or portions of leaves and stems.

(v) Frozen spinach that fails to meet the requirements of subparagraph (3) (iv) of this paragraph may be given a score of 0 to 13 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(f) *Tolerance for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of frozen spinach, the grade for such lot will be determined by averaging the total scores of all containers, if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated:

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers in the lot meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

[Docket No. AO 1-A 10]

HANDLING OF WALNUTS GROWN IN CALIFORNIA, OREGON, AND WASHINGTON

NOTICE OF HEARING ON PROPOSED FURTHER AMENDMENTS OF MARKETING AGREEMENT AND ORDER

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders thereunder, as amended (7 CFR, Supps., 900.1 et seq.; 11 F. R. 7737; 12 F. R. 1159), notice is hereby given of a public hearing to be held in Room No. 449, Post Office Building, Seventh and Mission Streets, San Francisco, California, beginning at 10:00 a. m., P. s. t., April 28, 1947, with respect to proposed further amendments to the marketing agreement, as amended, and marketing order, as amended (7 CFR 901.1 et seq., as amended, 7 CFR, Cum. Supp., 901.4, 901.17, 901.19) regulating the handling of walnuts grown in California, Oregon, and Washington. Such proposed further amendments have not received the approval of the Secretary of Agriculture.

This public hearing is for the purpose of receiving evidence with respect to the economic or marketing conditions which relate to the further amendments, or any modifications thereof, which are hereinafter set forth. Such evidence may also include economic or marketing data relative to any other provisions of said marketing agreement, as amended, and marketing order, as amended, which may be affected by approval of the proposed further amendments, or any modifications thereof.

The Walnut Control Board, established and operating pursuant to the provisions of the aforementioned marketing agreement, as amended, and the marketing order, as amended, has proposed the following further amendments to said marketing agreement, as amended, and marketing order, as amended.

1. Delete the provisions of paragraph 1, section 1 of Article I (§ 901.2 (a)) and insert, in lieu thereof, the following:

(a) "Secretary" means the Secretary of Agriculture of the United States, or any officer or employee of the United States Department of Agriculture who is, or who may be, authorized to perform the duties of the Secretary of Agriculture of the United States.

2. Delete the provisions of paragraphs 9, 10, 11, 12, 13, 14, and 15 of section 1 of Article I (§§ 901.2 (i), (j), (k), (l), (m), (n), (o), and (p)) and insert, in lieu thereof, the following:

(i) "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 1940 ed., 601 et seq.).

(j) "Walnuts" means only walnuts of the "English" (Juglans Regia) varieties grown in the States of California, Oregon, and Washington.

(k) "Merchantable walnuts" means all unshelled walnuts meeting the pack specifications and minimum requirements prescribed pursuant to section 1 of Article III (§ 901.4 (a)).

(l) "Cull walnuts" means all lots of unshelled walnuts which do not meet the minimum specifications for merchantable walnuts and which cannot be brought up to such minimum specifications by standard commercial grading practices.

(m) "Pack" means a specific commercial classification according to size, variety or type, internal quality, and external appearance and condition, of merchantable walnuts, packed in accordance with the pack specifications prescribed pursuant to section 1 of Article III (§ 901.4 (a)).

(n) "Credit value" means that value per pound for each pack established by the Control Board, subject to the approval of the Secretary, pursuant to section 1 of Article IV (§ 901.5 (a)).

(o) "Sheller" means any person engaged in the business of shelling walnuts for any commercial purpose.

3. Delete the provisions of paragraphs 17 and 18 of section 1 of Article I (§§ 901.2 (r) and (s)) and insert, in lieu thereof, the following:

(r) "Crop year" means the twelve months from August 1 to the following July 31, both inclusive.

(s) "Surplus referable" to any walnuts handled or certified for handling or sold to the Control Board means a quantity of walnuts of like pack which bears the same ratio to such quantity of walnuts handled or certified for handling or sold to the Control Board as the surplus percentage bears to the salable percentage.

4. Delete the provisions of paragraph 5 of section 3 of Article II (§ 901.3 (c) (9)) and insert, in lieu thereof, the following:

(9) To perform such duties in connection with the administration of section 32 of the Act of Congress of August 24, 1935, as amended (7 U. S. C. 612c), as may from time to time be assigned to it by the Secretary.

5. Delete the provisions of sections 1, 2, and 3 of Article III (§§ 901.4 (a), (b), and (c)) and insert, in lieu thereof, the following:

(a) *Authorized packs.* Except as otherwise provided in Article VII (§ 901.8) hereof for the sale of cull walnuts, no packer shall handle any unshelled walnuts except those packed in accordance with such pack specifications and minimum requirements as the Control Board may prescribe, subject to the approval of the Secretary, in order to tend to effectuate the declared policy of the act. To aid the Secretary in determining whether to grant or withhold such approval, the Control Board shall furnish to the Secretary the data upon which it acted in prescribing such pack specifications and minimum requirements and such other data pertaining thereto as the Secretary may request.

(b) *Salable percentage and surplus percentage.* On the basis of the carryover, estimated consumptive demand, and estimated production of merchantable walnuts, the salable and surplus percentages of merchantable walnuts for each crop year shall be fixed by the Secretary, after consideration of the recommendations submitted to him by the Control Board, and other pertinent data. The total of the salable and surplus percentages fixed for each crop year shall equal one hundred (100) percent. The Secretary may, subsequently, on request of the Control Board (or if the Control Board shall fail so to request, on request of two or more packers who have handled during the immediately preceding crop year at least ten (10) percent of the total tonnage handled by all packers during such crop year), and after a finding of fact, based on such revised and current information as may be pertinent, that the merchantable walnuts available for sale will not be sufficient to supply the consumptive demand, increase the said salable percentage to conform with such new relation as may be found to exist between consumptive demand and available supply: *Provided, however,* That an increase of the salable percentage shall not be made after January 15 of any crop year unless the quantity of walnuts held unsold by the Control Board is sufficient to permit full delivery to packers as required by section 2 of Article V (§ 901.6 (b)) hereof. The merchantable walnuts handled by any packer in accordance with the provisions hereof shall be deemed to be that packer's quota fixed by the Secretary within the meaning of section 8a (5) of the act.

(c) *Estimated carryover, consumptive demand, and production.* To aid the Secretary in fixing the salable and surplus percentages, the Board shall furnish to the Secretary, not later than September 1 of each year, the following information: its estimate of the quantity of merchantable walnuts to be produced during such year, herein referred to as the "estimated production," such estimate to be approved by at least a two-thirds ($\frac{2}{3}$) vote of the Control Board; and, likewise, its estimate of the total consumptive demand in the United States for merchantable walnuts for the coming crop year (on the basis of prices not exceeding the maximum prices contemplated in section 2 of the act), such estimate to be approved by at least a two-thirds ($\frac{2}{3}$) vote of the Control Board; and also a report on the total carryover of merchantable walnuts from preceding crop years held by packers on the preceding August 1. The Board shall also furnish to the Secretary a complete report of the proceedings of the Board meeting to recommend the salable and surplus percentages to be fixed by the Secretary.

6. In section 4 of Article III (§ 901.4 (d)), change the phrase "of each year after 1935" to read "of each year"; and change the phrase "quantity, pack, quality and location thereof" to read "quantity, pack and location thereof."

7. In section 5 of Article III (§ 901.4 (e)), change the phrase "the surplus referable to each pack and quality of such merchantable walnuts handled or to be handled" to read "the surplus referable to each pack of such merchantable walnuts handled or certified for handling."

8. In section 6 of Article III (§ 901.4 (f)), delete the words "or to be handled"

and insert, in lieu thereof, the words "or certified for handling."

9. In section 7 of Article III (§ 901.4 (g)), delete the words "and quality" wherever they now appear in said section.

10. In section 10 of Article III (§ 901.4 (j)), delete the words "and quality" wherever they now appear in said section.

11. In section 11 of Article III (§ 901.4 (k)), change the phrase "the quantity of each pack and quality handled or to be handled" so as to read "the quantity of each pack handled or certified for handling"; and, in subparagraph (1) thereof, change the phrase "or to a total weight equal to the surplus referable to such walnuts so handled or to be handled" to read "of a total weight equal to the surplus referable to such walnuts so handled or certified for handling."

12. Delete the provisions of sections 1 and 2 of Article IV (§ 901.5 (a) and (b)) and insert, in lieu thereof, the following:

(a) *Credit values.* The Control Board shall, on or before October 15 of each year, establish, subject to the approval of the Secretary, credit values for each pack of merchantable walnuts. The establishment of credit values shall require a vote of at least two-thirds (⅔) of the members of the Control Board. To aid the Secretary in determining whether to grant or withhold such approval, the Control Board shall furnish to the Secretary the data upon which it acted in establishing such credit values and such other data pertaining thereto as the Secretary may request. Such credit values shall provide reasonable differentials for the different packs as will reflect the normal differences in market prices thereof.

(b) *Interest of packers in holdings of Control Board.* The equitable interest of each packer in the holdings of the Control Board shall be in the proportion of the net credits of such packer to the total net credits of all packers. For the purpose of this section, "holdings of the Control Board" means the merchantable walnuts held by or for it and the net proceeds from the sale, exchange, or other disposition thereof by the Control Board, and all cash received by the Control Board pursuant to Article III (§ 901.4) hereof, which has not been expended or refunded in accordance with the provisions of said Article III; but shall not include such moneys, if any, as may be received by the Control Board as diversion payments in connection with the encouragement of exportation or encouragement of domestic consumption pursuant to the provisions of section 32 of the Act of Congress of August 24, 1935, as amended (7 U. S. C. 612c). The Control Board shall, from time to time, distribute the cash "holdings of the Control Board," ratably to the packers in accordance with their respective interests therein, except that no cash which under the provisions of Article III (§ 901.4) is to be, or may be, used to effect purchases from packers or which, under the provisions of said article, is to be held undistributed until the end of a crop year shall be distributed before the end of such crop year.

13. Delete the provisions of section 1 of Article VI (§ 901.7 (a)) and insert, in lieu thereof, the following:

(a) *Certification of shipments.* Every packer, at his own expense, shall obtain a certificate for each lot of merchantable walnuts handled or to be handled by him and all lots of merchantable walnuts which he delivers to the Control Board. Said certificates shall be issued by inspectors designated by the Control Board. All such certificates shall show, in addition to such other requirements as the Control Board may specify, the identity of the packer, destination, the quantity and pack of merchantable walnuts in such lot, and that the walnuts covered by such certificate conform to the minimum specifications for quality and soundness prescribed pursuant to section 1 of Article III (§ 901.4 (a)). The Control Board may direct that such certificate be not issued to any packer who has failed to deliver or otherwise account for his surplus obligation in accordance with the terms hereof.

14. Delete the provisions of section 1 of Article VIII (§ 901.9) and insert, in lieu thereof, the following:

§ 901.9 *Expenses.* Each packer shall pay to the Control Board, upon demand and on the applicable basis provided for hereinafter in this section, his pro rata share of the expenses necessarily incurred by the Control Board for its maintenance and functioning under this order for the crop year ending July 31, 1948, and for each crop year thereafter. The amount of such expenses which will necessarily be incurred by the Control Board during the crop year ending July 31, 1948, and each crop year thereafter, shall be fixed by the Secretary on the basis of recommendations by the Control Board and such other pertinent information as may be available to him. Such approved amount for any such crop year may later be adjusted, from time to time, by the Secretary. The recommendation of the Control Board as to the expenses for each such crop year, together with all data supporting such recommendations, shall be submitted to the Secretary on or before September 1 of the crop year in connection with which such recommendation is made.

In the event a surplus percentage of merchantable walnuts is fixed for any crop year, each packer's pro rata share of the expenses of the Control Board for such crop year shall be that proportion thereof which the total credit value of his surplus obligation with respect to merchantable walnuts handled or certified for handling by him and merchantable walnuts sold by him to the Control Board, during such crop year, is of the total credit value of the surplus obligations of all the packers with respect to merchantable walnuts handled or certified for handling by them and merchantable walnuts sold to the Control Board by them during that crop year: *Provided*, That an initial assessment for any such crop year may be levied on each packer of one (1) percent of the total credit value of such packer's estimated surplus obligation for such crop year.

In the event no surplus percentage of merchantable walnuts is fixed for any crop year, each packer shall pay, as his pro rata share of the expenses of the Control Board for that crop year, an amount (adjusted to the next higher one-hundredths of a cent) per pound of merchantable walnuts handled, or certified for handling, by him during such crop year computed as follows: The amount resulting from dividing the approved expenses by the total aggregate pounds of merchantable walnuts which the Board estimates will be handled by all handlers during that crop year.

Any money collected to cover the expenses of the Control Board for any crop year and not expended for that purpose in connection with such crop year's operations shall be refunded to the packers who paid it on the basis of, in the case of each individual packer, the proportion that the amount of the assessment paid by him bears to the total amount of the assessments paid by all packers for the particular crop year.

15. In paragraph 3, section 2, Article XVI (§ 901.17 (third paragraph)), change the phrase "on or before August 1" to read "on or before July 1."

16. Delete Exhibits A and B (§§ 901.19 and 901.20).

17. Make such other changes as may be required to make the entire marketing agreement, as amended, and marketing order, as amended, conform with any amendments thereto which may result from this hearing.

Copies of this notice of hearing and of the marketing agreement, as amended, and the marketing order, as amended, now in effect, may be obtained from, or inspected at the office of, any of the following: R. M. Walker, Chief, Western Marketing Field Office, United States Department of Agriculture, 2288 Fulton Street, Berkeley 1, California; M. T. Coogan, Field Representative, United States Department of Agriculture, Room 1317, 704 South Spring Street, Los Angeles 14, California; W. J. Broadhead, Field Representative, United States Department of Agriculture, 206 Administration Building, Foot S. W. Gibbs Street, Portland 1, Oregon; and W. E. Goodspeed, Secretary-Manager, Walnut Control Board, 213 Wholesale Terminal Building, Los Angeles 21, California. Such copies may also be obtained from, or inspected at, the following offices in commercial walnut producing counties in California: those of extension farm advisors, agricultural commissioners, and Production and Marketing Administration-Agricultural Adjustment Administration secretaries; and in the offices of county agents in commercial walnut producing counties in Oregon and Washington. Such copies may also be obtained from the Hearing Clerk, United States Department of Agriculture, Room 0308 South Building, Washington 25, D. C., or may be there inspected.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

ALASKA

AIR-NAVIGATION SITE WITHDRAWAL 144 REVOKED

The order of the Assistant Secretary of the Interior dated September 6, 1940, withdrawing the following-described lands in Alaska for use by the Alaska Road Commission in the maintenance of air-navigation facilities, is hereby revoked:

SEWARD MERIDIAN

T. 6 S., R. 13 W.,
Sec. 20, NE¼SE¼;
Sec. 21, S½NW¼.

The areas described aggregate 120 acres.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on May 27, 1947.

At that time the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 27, 1947, to August 25, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead laws, or the small tract act of June 1, 1938 (52 Stat. 609; 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from May 7, 1947, to 10:00 a. m. on May 27, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 27, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 26, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from August 6, 1947, to 10:00 a. m. on August 26, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 26, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 65 and 66, inclusive, of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Anchorage, Alaska.

The above described land lies about one mile east of Homer village and approximately one-half mile northwest of the airport. Practically all of the land is swampy and has little or no value for present agricultural use. Some of the land is inundated during high tides. The cover consists chiefly of joint grass and sphagnum moss with a very scattered stand of scrub black spruce.

C. GIRARD DAVIDSON,
Assistant Secretary of the Interior.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1479]

STANDARD GAS AND ELECTRIC CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 3d day of April 1947.

Standard Gas and Electric Company ("Standard"), a registered holding company, having filed a declaration and amendment thereto pursuant to the Public Utility Holding Company Act of 1935 ("act") with respect to the following proposed transaction:

Standard proposes, with the consent of the holders of its outstanding bank loan notes, to extend the maturity of such of its bank loan notes as mature on April 10, 1947 from that day to May 10, 1947. The amount of such notes now outstanding which mature on April 10, 1947 aggregates $8,931,262.71, this being the balance due on said notes after the application thereto on March 17, 1947 by Standard of the net proceeds of the sale of 140,614 shares of common stock of Mountain States Power Company. Said notes are a portion of an issue originally made on April 10, 1946, in the sum of $51,000,000, of which the total now outstanding aggregates $34,431,262.71.

Standard represents that it will further reduce the amount of said notes due April 10, 1947, the maturity of which it proposes to extend to May 10, 1947, by a payment in the approximate amount of $800,000 out of its net income for the quarter annual fiscal period ended March 31, 1947. The declaration further states that Standard is of the opinion that the net proceeds of the proposed sale of the shares of common stock of The California Oregon Power Company now held by Standard and which Standard proposes to sell pursuant to the competitive bidding requirements of Rule U-50 (File No. 70-1494), will be sufficient to pay the remaining balance of the notes now due on April 10, 1947 and to reduce substantially the remainder of the notes which, by their terms, are due on April 10, 1949.

The declaration having been filed on March 11, 1947, and an amendment thereto having been filed on March 27, 1947, and notice of filing having been duly given in the manner and form prescribed by Rule U-23 under said act, and the Commission not having received a request for hearing with respect to said declaration, as amended, within the period specified in such notice or otherwise and not having ordered a hearing thereon; and

Standard having requested that the Commission issue its order as soon as possible permitting said declaration to become effective; and

The Commission finding with respect to said declaration, as amended, that the requirements of section 7 of the act and the rules promulgated thereunder are satisfied and deeming it appropriate in the public interest and in the interests of investors and consumers that said declaration, as amended, be permitted to become effective:

It is ordered, Pursuant to Rule U-23 of the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24 that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

Secretary.

STANDARD GAS AND ELECTRIC CO. AND THE CALIFORNIA OREGON POWER CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 3d day of April 1947.

Notice is hereby given that Standard Gas and Electric Company ("Standard Gas"), a registered holding company, and its subsidiary, The California Oregon Power Company ("Copco"), a public utility company, have filed separate applications or declarations and amendments thereto pursuant to the Public Utility Holding Company Act of 1935 ("act"). Standard Gas has designated sections 11 (b) and 12 (d) of the act and Rules U-23, U-24, U-44 and U-50 promulgated thereunder as applicable to its proposed transactions; Copco has designated sections 6 (b) and 9 (a) of the act and Rules U-23, U-24, U-42 and U-50 promulgated thereunder as applicable to its proposed transactions.

Notice is further given that any interested person may not later than April 11, 1947 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matters, or either of them, stating the nature of his interest, the reasons for such request and the issues of fact or law raised by said filings proposed to be controverted or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter (unless the Commission should prior thereto, at the request of any interested person or on its own motion, order a hearing thereon) such applications or declarations, as filed or as amended, may be granted or may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or as otherwise provided under said act and rules and regulations, or the Commission may exempt such transactions, or either of them, as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said applications or declarations and amendments thereto, which are on file in the office of the Commission, for a statement of the transactions therein proposed which are summarized below:

Copco proposes to issue and sell at competitive bidding, pursuant to the requirements of Rule U-50 promulgated under the act, 60,000 shares of ----% Cumulative Preferred Stock, par value $100 per share ("New Preferred Stock"). The annual dividend rate of the New

Preferred Stock (to be a multiple of 1/10 of 1% of the par value) and the price per share to be received by Copco (to be not more than $102.75 per share and not less than $100 per share, exclusive of accrued dividends from April 1, 1947), will be determined by the competitive bidding. Copco also proposes to issue and sell 30,000 shares of Common Stock, par value $20 per share, at competitive bidding pursuant to the requirements of Rule U-50. The proceeds of the sale of the 60,000 shares of New Preferred Stock and of the 30,000 shares of Common Stock will be used by Copco (1) to redeem and retire its outstanding 45,761 shares of Six Per Cent Preferred Stock, Series of 1927 at the redemption price of $110 per share plus accrued dividends to the redemption date; and (2) to reimburse its treasury, in part, for additions and betterments made to Copco's properties since 1942.

Standard Gas proposes to sell 390,000 shares of Common Stock of Copco (par value of $20 per share) pursuant to the requirements of Rule U-50, such sale to be made concurrently with the sale by Copco of 30,000 shares of its Common Stock (par value of $20 per share). The net proceeds of the sale of said 390,000 shares of Common Stock of Copco will be applied by Standard Gas towards the payment of interest and principal on its promissory notes dated April 10, 1946, issued to certain banks under a Bank Loan Agreement dated December 21, 1945, as supplemented by supplemental agreements dated February 15, 1946, and April 5, 1946, or any extensions or supplemental agreements in respect thereto which may be entered into by Standard Gas and approved by the Commission prior to the time the proceeds are received.

Copco proposes to amend its Articles of Incorporation in order to reclassify its presently outstanding 312,000 no par value shares of Common Stock (having an aggregate stated capital equivalent in value to $25 per share), all of which are owned by Standard Gas, into 390,000 shares of Common Stock of the par value of $20 per share, and also to provide for the authorization of its New Preferred Stock and to set forth the preferences, voting powers, restrictions and qualifications of said New Preferred Stock and of the Common Stock par value $20 per share. Standard Gas undertakes to consent to the proposed amendments to the Articles of Incorporation of Copco.

Copco also proposes to charge to earned surplus the sum of $273,000 of the unamortized balance of the redemption premium and expense in respect of the First Mortgage Bonds 4% Series due 1966, redeemed in 1944, provided it obtains permission from the Federal Power Commission to reduce the annual rate of amortization of such redemption premium and expense from $74,859 to $38,859.

Both Standard Gas and Copco have requested that the ten-day notice period for inviting bids as provided for by subsection (b) of Rule U-50 be shortened to six days so as to minimize the possibility of a postponement of the opening of bids due to a change of market conditions between the time the day of opening of bids is designated and such day. In this connection, Standard Gas and Copco have not designated a day certain on which bids are to be opened but they propose to advise the Commission by telegram on the day preceding the publication of a public invitation for bids of their intention so to do and the proposed date of the opening of such bids. Standard Gas and Copco may determine to specify in their invitation for bids for 420,000 shares of Common Stock of Copco a date which will be one day later than the date for bids specified by Copco in its invitation for bids for the 60,000 shares of New Preferred Stock, and in such event will so advise the Commission.

Standard Gas also requests that the Commission find that the reclassification of the presently outstanding Common Stock of Copco and issuance to Standard Gas of 390,000 shares of such reclassified Common Stock and the sale of 390,000 shares of such reclassified Common Stock of Copco by Standard Gas are necessary or appropriate to effectuate the provisions of section 11 (b) of the act and make the specifications and itemizations necessary in order that the provisions of sections 371 (b), 371 (f) and 1808 (f) of the Internal Revenue Code shall be applicable.

Copco has applied to the Public Utilities Commission of the State of California and to the Public Utilities Commissioner of Oregon for orders authorizing the reclassification of its Common Stock and the issue and sale of its reclassified Common Stock and its New Preferred Stock.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

PORTLAND GAS & COKE CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 2d day of April A. D. 1947.

Notice is hereby given that an application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Portland Gas & Coke Company ("Portland"), a subsidiary of American Power & Light Company, a registered holding company. Applicants designate section 6 (b) of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than April 14, 1947 at 11 a. m., e. s. t., request the Commission in writing that a hearing be held on such matter stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time thereafter, such application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application which is on file in the office of this Commission for a statement of the transactions therein proposed which are summarized below:

Portland proposes to borrow from three banks, through the issue and sale to such banks of promissory notes bearing interest at the rate of 2¾% per annum, an aggregate of $2,500,000 as follows: $500,000 on April 15, 1947; $500,000 on June 2, 1947; $750,000 on July 15, 1947; and $750,000 on September 15, 1947. The notes will be payable as follows: $500,000 on October 1, 1948; $500,000 on October 1, 1949; $750,000 on October 1, 1950 and $750,000 on October 1, 1951.

The proceeds of the issue and sale of such notes will be used by Portland to construct additional facilities which are essential to meet the increased demands for gas service.

Applicant states that the transaction is subject to the approval of the Public Utilities Commissioner of Oregon and the Department of Public Utilities of Washington, a copy of which approvals will be filed by amendment.

The applicant requests that the Commission's order granting the application become effective as soon as possible in order that it may secure the funds for construction immediately.

By the Commission.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 2—ADJUDICATION; VETERANS' CLAIMS

WRITTEN AND ORAL TESTIMONY

CROSS REFERENCE: For an exception to the provisions of § 2.1030, see Part 5 of this chapter, *infra*.

PART 5—ADJUDICATION: DEPENDENTS' CLAIMS

MISCELLANEOUS AMENDMENTS

The following amendments are made to Part 5:

EFFECTIVE DATES OF REDUCTIONS AND DISCONTINUANCES

§ 5.256 *Public No. 2, 73d Congress (act of March 20, 1933), as amended; sections 28 and 31, Title III, Public No. 141, 73d Congress (act of March 28, 1934), as amended; and Public No. 484, 73d Congress (act of June 28, 1934), as amended.* Where death pension or compensation has been awarded under the provisions of Public No. 2, 73d Congress, or section 28 or 31, Title III, Public No. 141, 73d Congress, or Public No. 484, 73d Congress, as amended, the effective date of reduction or discontinuance of such death pension or compensation shall be in accordance with the facts found, except that:

No change in (a) to (h), inclusive.

(i) *Beneficiary resident in enemy-controlled territory.* In a claim for accrued benefits, where a claim and evidence to show that neither the claimant nor the deceased person was guilty of any of the offenses enumerated in section 4, Public Law 144, 78th Congress, was not filed prior to August 8, 1947, discontinuance of death pension or compensation under section 5, Public Law 144, 78th Congress, shall be effective July 12, 1943, on an award to any person not a citizen of the United States who was located in the territory of or under the military control of an enemy of the United States or of any of its allies. As to recommencement of payments, see § 5.2588 (e).

[60 Stat. 874] (60 Stat. 908)

§ 5.2588 *Recommencement of death pension or compensation.* Death pension or compensation previously discontinued will be recommenced as follows:

No change in (a) to (d), inclusive.

(e) *Recommencement of awards to foreign beneficiaries.* In any claim where payments of death pension or compensation have been discontinued

under section 5, Public Law 144, 78th Congress, because a beneficiary who was not a citizen of the United States was a resident in the territory of or under the military control of an enemy of the United States or of any of its allies, or where checks to which the beneficiary was entitled were placed in the special deposit account entitled "Secretary of the Treasury, Proceeds of Withheld Foreign Funds" or covered into miscellaneous receipts pursuant to the provisions of Public No. 828, 76th Congress, payment of such amounts shall be made upon the filing of a new claim accompanied by evidence satisfactory to the Administrator of Veterans Affairs showing that the claimant was not guilty of any of the offenses enumerated in section 4, Public Law 144, 78th Congress: Mutiny, treason, sabotage or rendering assistance to an enemy of the United States or of its allies; *Provided*, That a claim as required by this paragraph filed prior to August 7, 1946, shall be considered a claim for the purposes of Public Law 622, 79th Congress: *Provided further*, That where an award is subject to discontinuance under the provisions of § 5.2586 (i), no pension or compensation shall be paid for any period prior to the date of receipt of such claim; *Provided further*, That no payments shall be made to a citizen or subject of Germany or Japan while residing in Germany or Japan. (Pub. Law 622, 79th Cong.) See § 5.2586 (i) as to discontinuance of payments.

[60 Stat. 874] (60 Stat. 908)

ACCRUED AMOUNTS DUE AND UNPAID AT DEATH

§ 5.2660 *Accrued amounts.* No change in (a) or (b).

(c) *Definitions.* For the purpose of paying accrued benefits under this paragraph the following definitions are for application:

No change in (1) to (3), inclusive.

A new subparagraph (4) is added, as follows:

(4) The term "evidence in the file at date of death" as used in paragraph (a) of this section will be considered to have been met when there is on file at the date of the veteran's death:

(i) Notwithstanding § 2.1030 (a) of this chapter and § 5.2531 (a), evidence including unsworn statements, which is essentially complete and of such weight as to establish service connection or degree of disability for disease or injury when substantiated by other evidence in file at date of death or when considered in connection with the identifying, verifying or corroborative effect of the death certificate.

(ii) In the case of a veteran whose award is subject to reduction under section 13, Public Law 144, 78th Congress, or section 1, Public Law 662, 79th Congress, by reason of hospital treatment, institutional or domiciliary care by the Veterans' Administration, or by the United States or any political subdivision thereof, prima facie proof of dependents or of other factors affecting entitlement, such as statements on VA Form 8-404, provided satisfactory evidence is furnished in support of the claim for accrued benefits.

(60 Stat. 908)

§ 5.2662 *Lump sums payable at death of veteran where award was reduced by reason of hospital treatment, institutional or domiciliary care by the Veterans' Administration.* The provisions of this paragraph shall apply only to the payment of amounts actually withheld on a running award pursuant to the provisions of section (1) (A) (1), Public Law 662, 79th Congress, which are payable in a lump sum after the veteran's death. Accrued benefits, including any amounts in funds due incompent beneficiaries but excluding such lump sums actually withheld, are payable in accordance with the provisions of § 5.2660.

No change in (a) to (c), inclusive.

A new paragraph (d) is added, as follows:

(d) The provisions of § 5.2660 (b) shall apply in any case in which a check for a lump sum, as described in this section, is received by the payee.

[60 Stat. 908] (57 Stat. 554)

§ 5.2665 *Accrued benefits payable to foreign beneficiaries.* (a) Except as provided in paragraphs (b) and (c) of this section, in case of the death of the payee of any check in payment of pension, compensation or emergency officers' retirement pay accruing under laws administered by the Veterans' Administration, while the amount thereof remains in the special deposit account established by Public No. 828, 76th Congress such amount shall be payable under the provisions of section 3 of this act: *Provided*, That the accrued amount shall be payable only if the person on whose behalf checks were issued and the person claiming the accrued amount have not been guilty of any of the offenses mentioned in section 4, Public Law 144, 78th Congress. [54 Stat. 1086, 57 Stat. 554; 31 U. S. C. 1-3; 38 U. S. C. 728]

(b) In case of the death of any person primarily entitled prior to receiving the full amount of benefits withheld pursuant to the provisions of Public No. 828, 76th Congress, as amended, or not paid because of the provisions of section 5, Public Law 144, 78th Congress, payment shall be made under the provisions of § 5.2660 as to the one-year limitation on the period covered by the award, if a claim for this amount together with satisfactory evidence that neither the claimant nor the deceased person was guilty of any of the offenses mentioned in section 4, Public Law 144, 78th Congress, shall have been filed prior to August 8, 1947: *Provided*, That a claim filed prior to August 7, 1946, shall be considered a claim under this law. In any case in which payment of the accrued benefit may not be made under the provisions of this paragraph, the provisions of paragraph (a) of this section shall apply. [60 Stat. 874] (Pub. Law 622, 79th Cong.)

(c) No payments shall be made under this paragraph to German or Japanese citizens or subjects while residing in Germany or Japan. (54 Stat. 1086; 31 U. S. C. 1-3)

PROPOSED RULE MAKING

CIVIL AERONAUTICS BOARD

[14 CFR, Part 04b]

AIRPLANE AIRWORTHINESS; TRANSPORT CATEGORY PERTAINING TO BRAKE ROLL, RETRACTING MECHANISMS, MANEUVERING LOADS AND EMERGENCY LANDING CONDITIONS

NOTICE OF PROPOSED RULE MAKING

APRIL 7, 1947.

Following the adoption by the Civil Aeronautics Board of Civil Air Regulations Part 04b (Airplane Airworthiness—Transport Category) in November 1945, representatives of the Civil Aeronautics Board, the Civil Aeronautics Administration, and the aircraft industry conducted a study of the adopted part with the view of revaluating the regulations contained therein. As a result, it became desirable to propose modifications and classifications leading to a more practical approach to the airworthiness rules without lowering the established standard of safety. Pending additional studies, the Safety Bureau of the Civil Aeronautics Board delayed presenting a proposed general revision of Part 04b for approval of the Board. At the present time, however, it appears that adoption by the Board of certain of the proposed revisions would facilitate the certification of recently designed airplanes. These revisions pertain to brake roll, retracting mechanisms, maneuvering loads, and emergency landing conditions. They are either clarifying or relaxatory in nature, and their adoption by the Board at an early date would be in the public interest.

Pursuant to section 4 (a) of the Administrative Procedure Act, the Safety Bureau of the Civil Aeronautics Board hereby gives notice that the Bureau will propose to the Board amendments to Part 04b of the Civil Air Regulations as follows:

1. Amend the first sentence of § 04b.21410 to read as follows: "At all speeds from V_{mc} to V_p the following vertical loads shall be considered:"

2. Amend the title and the first sentence of § 04b.243 to read as follows:

§ 04b.243 *Taxiing conditions.* The landing gear and airplane structure shall be investigated for the following conditions in which the airplane shall be assumed at the design take-off weight unless otherwise specified.

3. Amend the second sentence of § 04b.2431 (a) to read as follows: "The limit vertical load factor shall be 1.2 for the airplane at design landing weight and 1.0 for the airplane at design take-off weight."

4. Amend the first sentence of § 04b.2431 (b) to read as follows: "The limit vertical load shall be 1.2 for the airplane at design landing weight and 1.0 for the airplane at design take-off weight."

5. Amend § 04b.260 by deleting the words "all combinations of" from the second paragraph.

6. Amend the third sentence of § 04b.362 to read as follows: "The landing gear, retracting mechanism, and airplane structure, including wheel well doors, shall be designed to withstand the flight loads occurring with the landing gear in the extended position at any speed up to 0.67 V_c, unless other means are provided to decelerate the airplane in flight at this speed."

7. Amend § 04b.620 (a) by adding the following sentence at the end of the paragraph: "The explanation of the maneuvering speed shall include a statement to the effect that maneuvers involving an approach to a stall, or full application of rudder or aileron controls, should be confined to speeds below this value."

These regulations are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

It is the desire of the Bureau that those interested offer suggestions and comments regarding the proposed amendments. Comments in writing should be addressed to the Safety Bureau, Civil Aeronautics Board, Washington 25, D. C., for receipt within 30 days from the date of this public notice.

[14 CFR, Part 40]

MINIMUM REQUIREMENTS FOR ROUTE QUALIFICATION OF SCHEDULED AIR LINE PILOTS

NOTICE OF PROPOSED RULE MAKING

APRIL 8, 1947.

Pursuant to section 4 (a) of the Administrative Procedure Act the Safety Bureau of the Civil Aeronautics Board hereby gives notice that the Bureau will propose to the Board an amendment to § 40.2611 of the Civil Air Regulations which will give in more specific detail minimum requirements for route qualification of scheduled airline pilots.

Present § 40.2611 requires both the air carrier and the qualifying pilot to certify that the pilot is qualified for the route. The proposed amendment will place the full responsibility of certifying pilot competency over specific routes upon the air carrier and its check pilots and will require at least one round trip or two one-way trips over the route with one of the carrier's check pilots. It should be noted that the provisions of the amendment are basic minimums and do not in any way relieve the air carrier of its responsibility of assuring the actual competency of its pilots.

This proposal has not yet been considered by the Board. It is being published to provide an opportunity for those interested to submit any comments, suggestions, or recommendations which they believe desirable. The Safety Bureau will give careful consideration to all replies received and, after making any changes which appear to be appropriate, will present the proposed amendment to the Board for action. Any substantial objections to this proposal will be brought to the attention of the Board in order that it may have all possible information available when taking this matter under consideration.

It is proposed to amend § 40.2611 of the Civil Air Regulations to read as follows:

§ 40.2611 *Requirements for pilot route qualification.* The air carrier shall be responsible that each first pilot is thoroughly qualified for the route over which he is to fly aircraft in scheduled air transportation as first pilot. The qualifying procedure shall be established in detail by the air carrier in the air carrier operations manual and shall include at least the following:

(a) A written or oral examination on:

(1) Weather conditions peculiar to the route,

(2) Navigational facilities,

(3) Instrument approach procedures,

(4) Communication procedures,

(5) Minimum safe flight levels,

(6) Position reporting points,

(7) Holding procedures, and

(8) All other traffic control procedures for the route.

(b) Familiarization with the terrain, obstructions, or congested areas and the physical layout for the airport and approaches at each regular, provisional, refueling, and alternate airport approved for the route.

(c) Flying through the letdown procedures at each regular, provisional, refueling, or intermediate airport specified for use on the trip to which the pilot is or is to be assigned. Such letdown procedures should be made under visual flight conditions whenever possible. Compliance with this paragraph will not be required, provided the pilot makes his first entry into an airport under visual flight rules or is accompanied by a check pilot.

(d) Demonstration of ability either under instrument flight rule conditions or on a synthetic instrument trainer to accomplish letdowns for all airports approved for the route.

(e) Making at least one round trip or two one-way trips over the route with one of the carrier's check pilots. When, in the opinion of the check pilot, the first pilot is qualified for the route, the check pilot will so certify to the carrier, and this certification shall be made a matter of record by the carrier. Compliance with this paragraph will not be required when qualifying over extensions to, or

modifications of, an existing route, provided the pilot makes his first flight under visual flight rules or is accompanied by a check pilot.

This regulation is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

The Bureau solicits written comment with respect to the proposed regulation. Replies should be addressed to the Safety Bureau, Civil Aeronautics Board, Washington 25, D. C., to be received not later than May 15, 1947.

(52 Stat. 984, 1007; 49 U. S. C. 425, 551)

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-559]

LEONARD CUSTOM TAILORS CO.

NOTICE OF APPLICATION TO WITHDRAW FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 7th day of April A. D. 1947.

The Leonard Custom Tailors Company, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to withdraw its Common Stock, No Par Value, from listing and registration on the Cincinnati Stock Exchange. The application alleges that (1) 50,000 shares of this security have been authorized for issuance; (2) two corporate stockholders, Lowe Donald & Co., Inc. and Kemp-Booth Company, Limited, now own a total of 43,553 shares of this security; (3) Lowe Donald & Co., Inc. and Kemp-Booth Company, Limited, have advised the applicant that they have acquired these shares for the purpose of investment and do not contemplate a distribution of them; (4) 4,815 shares of this security are presently held in the treasury of applicant; (5) there remain outstanding in the hands of 58 other shareholders, 1,632 shares or approximately 3% of the authorized and issued shares of common stock of applicant; (6) there is no longer a sufficient distribution of this security for trading on a national securities exchange; and (7) the rules of the Cincinnati Stock Exchange with respect to withdrawing a security from listing and registration have been complied with.

Upon receipt of a request, prior to April 28, 1947, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Philadelphia, Pennsylvania. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

REPUBLIC SERVICE CORP. AND PENNSYLVANIA POWER & LIGHT CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 4th day of April A. D. 1947.

Notice is hereby given that Republic Service Corporation ("Republic"), a registered holding company, has filed an application and declaration with this Commission pursuant to sections 10 and 12 of the Public Utility Holding Company Act of 1935 and Rules U-44 and U-50 thereunder, and Pennsylvania Power & Light Company ("Pennsylvania"), a non-affiliated public utility company, has also filed an application pursuant to sections 9 (a) (2) and 10 of the act.

All interested persons are referred to said applications and declarations which are on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Republic proposes to sell and Pennsylvania proposes to acquire all of the outstanding securities presently owned by Republic of three of its subsidiary companies, namely, Mauch Chunk Heat, Power and Electric Light Company, Renovo Edison Light, Heat and Power Company, and Renovo Heating Company, for the basic consideration of $674,590 to be paid in shares of Pennsylvania common stock together with certain cash adjustments to the date of closing. The number of shares to be delivered to Republic is to be determined by the average of the closing market prices of the Pennsylvania common stock on the New York Stock Exchange for a certain designated three days preceding the date of closing.

Republic proposes to arrange for the sale of all the shares of the Pennsylvania common stock at or about the time said shares are acquired. Republic would deposit all the shares of Pennsylvania's common stock so acquired from the proposed sale or any cash proceeds it receives from the sale of said Pennsylvania common stock with the Indenture Trustee, as part of the trust property in accordance with the indenture securing an issue of Collateral Trust Bonds of Republic.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a public hearing be held with respect to said application and declaration, and that said application and declaration shall not be granted nor permitted to become effective, except pursuant to further order of the Commission;

It is ordered, That a hearing, under the applicable provisions of the act and rules thereunder, be held at 10:00 a. m., e. s. t., on April 15, 1947, in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as may be designated on that day by the hearing room clerk in room 318. At such hearing cause shall be shown why

said applications should be granted and said declarations permitted to become effective.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing in such matter. The officer so designated at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act, and to a trial examiner under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the applications and declarations and that, upon the basis thereof, the following matters and questions are presented for consideration by the Commission without prejudice, however, to the presentation of additional matters and questions upon further examination:

(1) Whether the consideration to be paid by Pennsylvania and to be received by Republic is reasonable and bears a fair relation to the sums invested in or the earning capacities of such assets;

(2) Whether the proposed acquisitions of securities by Republic and Pennsylvania will respectively tend toward the economical and efficient development of integrated public utility systems and whether such acquisitions will tend toward interlocking relations or concentration of control of public utility companies of a kind or to an extent detrimental to the public interest or to the interest of investors or consumers;

(3) Whether the proposed transactions are detrimental to the carrying out of the provisions of section 11 (b) of the act;

(4) Whether the proposed use of the proceeds from the contemplated sales of securities by Republic is fair and equitable to all persons affected thereby;

(5) Whether competitive conditions have been maintained with respect to the proposed sale by Republic of the securities of its three subsidiary companies;

(6) Whether the fees and expenses to be paid in connection with the proposed transactions are reasonable and appropriate;

(7) Whether the accounting entries to be made in connection with the proposed transactions are proper and in accordance with sound accounting principles;

(8) What terms and conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors and consumers.

It is further ordered, That any person desiring to be heard in connection with this proceeding or proposing to intervene herein shall file with the Secretary of the Commission, on or before April 11, 1947, his request or application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this Order by registered mail to Republic Service Corporation, Pennsylvania Power & Light Company, The Pennsylvania Company for Insurances on Lives and Granting Annuities, Trustee, and The Pennsylvania Public Utility Commission, and that notice of said hearing shall be given to all other persons by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and that further notice to be given to all persons by publication of this order in the FEDERAL REGISTER.

INTERSTATE POWER CO. OF WISCONSIN AND INTERSTATE POWER CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 3d day of April A. D. 1947.

Interstate Power Company ("Interstate"), a registered holding company, and a subsidiary of Ogden Corporation, a registered holding company, and Interstate Power Company of Wisconsin ("Interstate of Wisconsin"), a subsidiary of Interstate, having filed an application and declaration, and an amendment thereto, pursuant to sections 6, 7, 9, 10 and 12 of the Public Utility Holding Company Act of 1935, and Rules U-23, U-43 and U-44 promulgated thereunder, with respect to the transactions summarized below:

Interstate of Wisconsin has outstanding $800,000 principal amount of 6% first mortgage bonds, due 1957, and 5,274 shares of common stock, $100 par value per share. All of said securities are owned by Interstate, and are pledged under the mortgage securing Interstate's 5% first mortgage bonds, due 1957. Interstate of Wisconsin proposes to issue to Interstate an additional 8,000 shares of said common stock in consideration of the surrender by Interstate to Interstate of Wisconsin of said $800,000 principal amount of bonds. Upon consummation of this transaction, said bonds will be cancelled.

Said application and declaration having been filed on March 10, 1947, and an amendment thereto having been filed on March 14, 1947, and notice of said filing, as amended, having been duly given in the manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application and declaration, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The applicants-declarants having requested that the Commission take appropriate action to accelerate its order herein and that said order become effective forthwith, and the Commission deeming it appropriate to grant such request; and

The Commission finding with respect to said application and declaration, as amended, that the requirements of the applicable provisions of the Act and the rules thereunder are satisfied and that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interests of investors and consumers that said application and declaration, as amended, be granted and permitted to become effective;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said act, and subject to the terms and conditions prescribed in Rule U-24, that said application and declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith.

By the Commission.

NATIONAL GAS & ELECTRIC CORP. AND INDUSTRIAL GAS CORP.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its Office in the City of Philadelphia, Pa., on the 4th day of April A. D. 1947.

Notice is hereby given that an application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by National Gas & Electric Corporation ("National"), a registered holding company, and Industrial Gas Corporation ("Industrial"), a wholly owned non-utility subsidiary company of National.

All interested persons are referred to the application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Industrial proposes the issuance and sale of $1,750,000 principal amount of Fifteen year --% Sinking Fund Debentures dated April 1, 1947, to a group of underwriters headed by G. H. Walker & Co. Industrial proposes to use the proceeds from the sale of such debentures (a) to redeem $945,000 principal amount of its First Mortgage 5% Bonds, now held by National; (b) to repay the Freedom-Valvoline Oil Company the amount of $367,040, for advances made to Industrial; and (c) to add the balance, after deducting the expenses of the proposed transactions to the general funds of the company to be available for general corporate purposes.

National proposes to use the $945,000 it would receive from the redemption of Industrial's bonds together with $155,000 of its general funds to retire in full its presently outstanding bank loans in the amount of $1,100,000.

The proposed issue and sale of the new debentures by Industrial has been expressly approved by the Public Utilities Commission of Ohio.

Sections 6 and 12 of the Public Utility Holding Company Act of 1935 and Rules U-42 and U-50 are designated as being applicable to the proposed transactions, and Industrial pursuant to section 6 (b) of the act has requested an exemption from the provisions of section 6 (a) of the act regarding the issuance of the new debentures. Industrial also seeks an exemption from the competitive bidding requirements of Rule U-50.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the matters set forth in the application-declaration and that said application-declaration should not be granted or permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on said application and declaration under the applicable provisions of the act and the rules and regulations promulgated thereunder be held at 10:00 a. m., e. s. t., on the 22d day of April 1947, at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date, the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in these proceedings shall file with the Secretary of the Commission on or before April 21, 1947, his request or application therefor as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Robert P. Reeder, or any other officer or officers of the Commission, designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the application-declaration, upon the basis thereof, the following matters and questions are presented for consideration by the Commission without prejudice, however, to the presentation of additional matters and questions upon further examination:

1. Whether the proposed issuance and sale of securities by Industrial are solely for the purpose of financing its business.

2. Whether in the event the exemption provided by section 6 (b) is granted, it is necessary or appropriate in the public interest or for the protection of investors or consumers to impose terms or conditions in connection with the issuance of the proposed securities.

3. Whether or not the sale of the new debentures of Industrial should be granted an exemption from the competitive bidding requirements of Rule U-50 promulgated under the act.

4. Whether the proposed use of the proceeds from the contemplated sale of new debentures by Industrial complies with the applicable provisions of the act and the rules and regulations thereunder.

5. Whether the fees, commissions, or other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount.

6. Whether the accounting entries proposed to be recorded in connection with the proposed transactions are proper, conform to sound accounting principles, and meet the standards of the act and rules thereunder.

7. Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and the rules thereunder, and, if not, whether and what modifications or terms and conditions should be required or imposed to satisfy the standards of the act.

It is further ordered, That the Secretary of this Commission shall serve notice of the aforesaid hearing by mailing a copy of this order by registered mail to National Gas & Electric Corporation, Industrial Gas Corporation, Continental Illinois National Bank and Trust Company of Chicago, Trustee, and the Public Utilities Commission of Ohio, and that notice of said hearing shall be given to all other persons by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

ORVAL L. DUBOIS,
Secretary.

SOUTH CAROLINA POWER CO. AND COMMONWEALTH AND SOUTHERN CORP.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 4th day of April 1947.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, and its public utility subsidiary, South Carolina Power Company ("South Carolina"). Applicants-declarants designated sections 6 (a), 7, 9 (a), 10, 12 (b) and 12 (f) of the act and Rules U-43 and U-45 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than April 14, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such application-declaration, as filed or as amended, may be granted and become effective as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said act. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said application-declaration which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized below:

South Carolina proposes to borrow not exceeding $1,000,000 from Commonwealth and to issue to Commonwealth a promissory note or notes maturing nine months from the date of the initial loan and bearing interest at the rate of 1½% per annum.

In connection with such proposal, the filing states that South Carolina expects to spend approximately $9,300,000 during 1947, 1948 and 1949 for construction of property additions. It expects to obtain funds for the permanent financing of such construction program from the proceeds of the sale of 200,000 shares of common stock and of not exceeding $4,000,000 principal amount of bonds. A declaration with respect to the issue and sale of said 200,000 shares of common stock was filed with the Commission on March 21, 1947 (File No. 70-1488) and South Carolina states that it will file appropriate amendments to such declaration so as to include therein the proposed issue and sale of said bonds. South Carolina estimates that it will require approximately $1,000,000 in the aggregate before July 1, 1947 of which amount approximately $400,000 will be required promptly. The company states that it will not be possible to complete the proposed sale of common stock and bonds before South Carolina will require some or all of the sum proposed to be obtained by the instant loan. The application-declaration indicates that the proposed loan will be paid in full out of the proceeds from the proposed sale of common stock and bonds.

Applicants-declarants request that the Commission's order herein be issued by April 15, 1947 and become effective forthwith.

By the Commission.

ORVAL L. DUBOIS,
Secretary.

TITLE 7—AGRICULTURE

Chapter VIII—Production and Marketing Administration (Sugar Branch)

PART 802—SUGAR DETERMINATIONS

PROPORTIONATE SHARES FOR FARMS IN DOMESTIC BEET, MAINLAND CANE, HAWAII, AND VIRGIN ISLANDS SUGAR AREAS FOR 1947 CROP AND IN PUERTO RICO FOR 1974–48 CROP

Pursuant to the provisions of section 302 of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.17j *Proportionate shares for farms in the domestic beet sugar area for the 1947 crop.* The proportionate share for the 1947 crop for each farm in the domestic beet sugar area shall be the number of acres of sugar beets planted thereon for the production of sugar beets to be marketed (or processed by the producer) for the extraction of sugar or liquid sugar during the 1947 crop season.

§ 802.26i *Proportionate shares for the Mainland cane sugar area for the 1947 crop*—(a) *Farm proportionate share.* The proportionate share for the 1947 crop for each sugarcane farm in the Mainland cane sugar area shall be the number of acres planted thereon for the production of sugarcane to be marketed (or processed by the producer) for the extraction of sugar or liquid sugar during the 1947 crop season.

(b) *Tenant and sharecropper protection.* Notwithstanding the establishment of a proportionate share for any farm under paragraph (a) of this section, eligibility for payment of any producer on the farm shall be subject to the following conditions:

(1) That such producer shall not have entered into any leasing or cropping agreement for the purpose of diverting to himself or other producers any payment to which tenants or sharecroppers would be entitled if their 1946 leasing or cropping agreements were in effect.

(2) That such producer shall not have interfered with any contracts entered into by tenants or sharecroppers for the sale of their sugarcane or their share of the sugarcane produced on the farm.

§ 802.36i *Proportionate shares for sugarcane farms in the Territory of Hawaii for the 1947 crop*—(a) *Farm proportionate share.* The proportionate share for each farm in the Territory of Hawaii for the 1947 crop shall be the amount of sugar, raw value, commercially recoverable from sugarcane grown on such farm and marketed (or processed by the producer) for the extraction of sugar during the calendar year 1947.

(b) *Adherent planter protection.* Unless considered justified and approved by the Director of the Sugar Branch, Production and Marketing Administration, the plantation-producer on the farm shall be deemed ineligible for payment if, in relation to the 1946 crop operations on such farm, (1) there has been any change in the planter-plantation sugarcane and sugar production ratio, (2) there has been any reduction in the number of planters, or (3) there has been any change in any leasing or cropping agreement which would have the effect of diverting to the plantation-producer any payment to which the planter under such agreement would otherwise be entitled.

§ 802.46h *Proportionate shares for sugarcane farms in Puerto Rico for the 1947–48 crop*—(a) *Farm proportionate share.* The proportionate share for each farm in Puerto Rico for the 1947–48 crop shall be the amount of sugar, raw value, commercially recoverable from sugarcane grown on such farm and marketed (or processed by the producer) for the extraction of sugar during the 1947–48 crop season.

(b) *Tenant and sharecropper protection.* The provisions of this section are subject to the following conditions:

(1) That the number of share-tenants or share-croppers on any sugarcane farm shall not be reduced below the number that was on such farm during the 1946–47 crop year, unless such reduction is approved by the Officer or Acting Officer in Charge of the Production and Marketing Administration Office in Puerto Rico; and

(2) That the terms and conditions of the leasing or cropping agreement shall be not less favorable than those contained in the agreement for the 1946–47 crop year.

(b) *Tenant and sharecropper protection.* The provisions of this section are subject to the following conditions:

(1) That no change shall have been made in the leasing or cropping agreements for the purpose of, or which shall have the effect of, diverting to any producer, any payments to which tenants or sharecroppers would be entitled if the 1945-46 leasing or cropping agreements were in effect.

(2) That there shall have been no interference by any producer with contracts entered into by tenants or sharecroppers for the sale of their sugarcane.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Lemon Reg. 217]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.324 *Lemon Regulation 217*—(a) *Findings.* (1) Pursuant to the marketing agreement and the order (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California or in the State of Arizona, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which the regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., p. s. t., April 13, 1947, and ending at 12:01 a. m., p. s. t., April 20, 1947, is hereby fixed at 275 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said marketing agreement and order. (48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C. 601 et seq.)

[Orange Reg. 173]

PART 966—ORANGES GROWN IN THE STATES OF CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.319 *Orange Regulation 173*—(a) *Findings.* (1) Pursuant to the provisions of the order (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law. 404, 79th Cong.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., p. s. t., April 13, 1947, and ending at 12:01 a. m., p. s. t., April 20, 1947, is hereby fixed as follows:

(i) *Valencia oranges.* (*a*) Prorate Districts Nos. 1 and 2, no movement; and (*b*) Prorate District No. 3, 55 carloads.

(ii) *Oranges other than Valencia oranges.* (*a*) Prorate District No. 1, unlimited movement; (*b*) Prorate District No. 2, 1,050 carloads; and (*c*) Prorate District No. 3, unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Orange Administrative Committee, in accordance with the provisions of the said order, shall calculate the quantity of oranges which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used herein, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 of the rules and regulations (11 F. R. 10258) issued pursuant to said order. (48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 10th day of April 1947.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

PART 308—FORMS, INSTRUCTIONS, AND REPORTS

CERTIFIED STATEMENTS

Resolution adopted April 4, 1947 amending § 308.1 and paragraph (s) of § 308.3 of Part 308 and correcting miscellaneous typographical and other minor errors in the printing of the Corporation's rules and regulations in the FEDERAL REGISTER of September 11, 1946 [1] (11 F. R. 177A–431 to 177A–454, inclusive) Under Part 306 of the Corporation's rules and regulations (11 F. R. 177–435) and the Administrative Procedure Act no notice of proposed rule making or public participation in the amendments adopted by this Resolution is required.

§ 308.1 *Certified statements.* The certified statements required to be filed by insured banks in accordance with the provisions of subsection (h) of section 12B of the Federal Reserve Act, as amended, shall be filed with the Fiscal Agent of the Corporation upon the forms, and in the manner, and pursuant to the instructions herein prescribed by the board of directors; and the assessments required to be certified must be paid to the Corporation at the time such statements are required to be filed. The form of certified statement and instructions for completing the same will be furnished to all insured banks by, or may be obtained upon request from, the Fiscal Agent. (48 Stat. 168; 12 U. S. C. 264)

§ 308.3 *Forms and instructions.* * * *

(s) *Form 645; First Certified Statement—Part 1, based on deposits for the first 31 days of operation as an insured bank.* Form 645 must be executed in quadruplicate, by each bank admitted to membership. Form 645 contains a summary of the aggregate daily totals of deposit liabilities less authorized deductions by which the submitting bank reports the amount of deposits used in computing its assessment base and the amount of its assessment due the Corporation. Three copies, signed and certified under oath as true by the officer authorized to so certify, must be forwarded to the Fiscal Agent on or before the forty-fifth day after the first day of operation as an insured bank. The fourth copy must be retained in the bank's file. These forms are mailed to newly insured banks with appropriate instructions for the preparation.[2] (48 Stat. 168; 12 U. S. C. 264)

TITLE 24—HOUSING CREDIT

Chapter VIII—Office of Housing Expediter

[Suspension Order S–1]

PART 807—SUSPENSION ORDERS

LUCY GARNO & E. F. GARNO

Burche Company, a corporation, with its principal place of business at 2nd and Locust Streets, Harrisburg, Pa., is engaged in the sale and distribution of refrigerating equipment and allied appliances. Lucy Garno is its President and E. F. Garno, is its Vice-President and Treasurer. On or about June 7, 1946 the Burche Company, through Lucy Garno, its President, and E. F. Garno, its Vice-President and Treasurer, began the alteration of a store building at 201–209 North Second Street, Harrisburg, Pa., at an estimated cost of $2,300, without authorization of the Civilian Production Administration or the Office of the Housing Expediter. The officials of the company were aware of the restrictions provided in Veterans' Housing Program Order 1. The beginning and carrying on of this construction, subsequent to March 26, 1946, at a cost in excess of $1,000, without authorization of the Civilian Production Administration or the Office of the Housing Expediter, constituted a wilful violation of Veterans' Housing Program Order 1. This violation has diverted critical materials to uses not authorized by the Civilian Production Administration, or the Office of the Housing Expediter. In view of the foregoing, *It is hereby ordered*, That:

§ 807.1 *Suspension Order No. S–1* (a) Neither Burche Company, a corporation, Lucy Garno, and E. F. Garno, their successors or assigns, nor any other person, shall do any further construction on the building located at 201–209 North Second Street, Harrisburg, Pa., including putting up, completing or altering the structure, unless hereafter authorized in writing by the Office of the Housing Expediter.

(b) Burche Company, Lucy Garno, its President, and E. F. Garno, its Vice-President and Treasurer, shall refer to this order in any application or appeal which it or they may file with the Office of the Housing Expediter for authorization to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve Burche Company, Lucy Garno, and E. F. Garno, their or its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 10th day of April 1947.

PART 807—SUSPENSION ORDERS

[Suspension Order S–2]

E. L. LIVERS

E. L. Livers, whose address is 2419 West 80th Street, Seattle, Washington, is a contractor and builder, and as such was granted authorization and HH preference ratings by the Federal Housing Administration to construct twenty houses for sale or rent to veterans under the Veterans' Housing Program. Two of the houses so authorized were to be four-room brick veneer houses with full basements, but instead, as actually constructed, one was finished with a shake siding and the other was a conversion of an old office building without basement and with cedar siding. On June 17, 1946, E. L. Livers applied an HH rating to an order for 12,886 feet B. M. of shiplap which material was used in houses for which no preference rating had been assigned. Subsequent to March 26, 1946,

[1] This list of corrections appears preceding this document.

[2] Copies of such instructions may be obtained on request from the Fiscal Agent.

E. L. Livers began construction of two houses without authorization of the Civilian Production Administration, Federal Housing Administration or the Office of the Housing Expediter, one at 1938 West 96th Street, Seattle, Washington, and the other at 10201 Val May Avenue, Seattle, Washington, the estimated cost of each of which was in excess of $400.00. The construction of the house at 1938 West 96th Street was subsequently authorized by the Federal Housing Administration. The action of E. L. Livers as aforesaid constituted a willful violation of Priorities Regulation 33, Priorities Regulation 3 and Veterans' Housing Program Order 1. These violations have diverted critical material to uses not authorized by the Office of Housing Expediter. In view of the foregoing, it is hereby ordered that:

§ 807.2 *Suspension Order No. S-2.* (a) Neither E. L. Livers, his successors or assigns, nor any other person shall do any further construction on the premises located at 10201 Val May Avenue, Seattle, Washington, including completing, putting up or altering of any structure located thereon, unless hereafter specifically authorized by the Office of the Housing Expediter or the Federal Housing Administration.

(b) For a period of four months from the effective date of this order, no authorization shall be granted E. L. Livers by the Office of the Housing Expediter for any construction for which authorization is required.

(c) Paragraph (b) of this order shall not apply to any construction authorized, began and continued prior to the effective date of this order.

(d) E. L. Livers shall refer to this order in any application or appeal which he may file with the Office of the Housing Expediter for authorization to carry on construction.

(e) Nothing contained in this order shall be deemed to relieve E. L. Livers, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

PART 807—SUSPENSION ORDERS

[Suspension Order S-4]

JOHN CAVAGLIERI AND ADOLPH DEVENCENZI

John Cavaglieri and Adolph Devencenzi, owners of 9½ acres of land at Calistoga, California, sometime in October 1946, without authorization, began construction, a part of a motel project, of 2 units, "A" and "B", to cost $5,000 each and structurally independent of each other and, thereafter, in spite of the denial of authorization and receipt of a stop telegram, continued construction. This willful violation of Veterans' Housing Program Order 1 has diverted critical materials to uses not authorized by the Office of the Housing Expediter. In view of the foregoing, it is hereby ordered that:

§ 807.4 *Suspension Order No. S-4.* (a) Neither John Cavaglieri and Adolph Devencenzi, as owners, their successors and assigns, nor any other person shall do any further construction on Units "A" and "B" on the 9½ acres of land at Calistoga, California, including completing, putting up or altering of any structure located thereon, unless hereafter specifically authorized in writing by the Office of the Housing Expediter.

(b) For a period of 4 months from the effective date of this order, no authorization shall be granted to John Cavaglieri and Adolph Devencenzi, or either of them by the Office of the Housing Expediter for any construction for which authorization is required.

(c) John Cavaglieri and Adolph Devencenzi shall refer to this order in any application or appeal which they may file with the Office of the Housing Expediter for authorization to carry on construction.

(d) Nothing contained in this order shall be deemed to relieve John Cavaglieri and Adolph Devencenzi, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

PART 3293—CHEMICALS

[Allocation Order M-393]

STREPTOMYCIN

The fulfillment of the requirements for the defense of the United States has created a shortage in the supply of streptomycin, for defense, for private account, and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.113c *Allocation Order M-393.* (a) *Definitions.* For the purposes of this order:

(1) "Streptomycin" means a chemotherapeutic agent isolated from actinomyces griseus and variants. The term includes streptomycin in any medicinal tablet, ampoule or other dosage form, as well as crude streptomycin.

(2) "Primary supplier" means any person who produces or imports streptomycin. However, the term shall not include any retail pharmacist, hospital or physician.

(3) "Primary distributor" means any person who buys streptomycin from a producer or importer for distribution with his (primary distributor's) name on the label. However, the term shall not include any retail pharmacist, hospital or physician.

(b) *General provisions.* (1) The initial allocation date is April 1, 1947. The allocation period is the calendar month.

(2) On and after the allocation date no primary supplier or primary distributor shall use or deliver streptomycin to any person except as specifically authorized in writing by the Civilian Production Administration upon application under this order.

(3) Allocations under Schedule 119 to Order M-300. Each primary supplier or primary distributor holding authorizations to use or deliver streptomycin under Schedule 119 to M-300, may use and deliver streptomycin to the extent permitted by such authorizations. All stocks of streptomycin not allocated under authorizations issued under Schedule 119 to Order M-300 are subject to allocation under this order.

(c) *Exemptions.* Application and specific authorization are not required for the following use or delivery of streptomycin:

(1) Use and delivery by any person who is not a primary supplier or primary distributor as defined in this schedule.

(2) Deliveries of samples to the Food and Drug Administration, Washington 25, D. C.

(3) Use by any primary supplier or primary distributor of samples of his own production or stock for making production control and standardization tests solely for potency, sterility, toxicity, pyrogens, moisture or stability.

(d) *Suppliers' applications on CPA-2947.* Each primary supplier or primary distributor seeking authorization to use or deliver streptomycin shall file application on Form CPA-2947. Filing date is the 17th day of the month before the proposed delivery month. Send three certified copies to the Civilian Production Administration, Washington 25, D. C., Ref.: M-393. The unit of measure is grams of streptomycin activity in terms of streptomycin base.

In section I, first list Army and Navy orders, specifying in Column 1 Army or Navy, in Column 1a the contract or requisition number, in Column 4 the quantity ordered and in Column 5 the proposed delivery. Second, list orders placed by the Veterans' Administration, and U. S. Public Health Service, specifying in Column 1 Veterans' Administration, and U. S. Public Health Service, leaving Column 1a blank, in Column 4 the quantity ordered and in Column 5 the proposed delivery. Quantities desired for other purposes may be stated. In addition the Civilian Production Administration may allocate quantities for delivery to specific customers for civilian purposes. In the case of proposed delivery to a primary distributor the applicant shall list specifically the name of the primary distributor and the quantity proposed to be delivered to him.

In section II, fill in as indicated leaving Columns 8, 9 and 10 blank and reporting only unallocated stocks in Column 13. An applicant who is both a primary supplier and a primary distributor shall report the required information in section II relating to his own production separately from that relating to his purchased material.

(e) Primary suppliers must submit samples of each batch of streptomycin to the Food and Drug Administration, Washington 25, D. C. for tests and have the Food and Drug Administration approval of each batch before making shipment against allocations. Primary suppliers must conform to any Civilian Production Administration instructions regarding preparation and packaging of streptomycin when released.

(f) *Reports.* Reports of production, stocks and shipments shall be filed within 5 days after the close of each calendar month by every primary supplier and primary distributor of streptomycin.

These reports shall be filed on Form CPA-2947 in the following manner:

Specify in the blocks provided the name and address of the company reporting, name of materials, month, unit of measure, grams of streptomycin activity in terms of streptomycin base.

In section I report deliveries made against individual allocations. In Column 4 change heading to read "quantity shipped", showing the amount shipped. Leave Columns 1a, 5, 5a, 6 and 7 blank.

In section II leave Column 8 blank and list in Column 9 production during the month for which the report is filed and in Column 10 unallocated stocks as of the first day of the current month. Leave other columns blank.

A primary supplier who is also a primary distributor shall report the required information in section II relating to his own production separately from that relating to his purchased material.

(g) *Budget Bureau approval.* The above reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(h) *Territorial limitations.* This order applies only to acts occurring within the continental United States (the 48 states and the District of Columbia), and deliveries across the border of the continental United States shall constitute imports and exports for the purpose of this order.

(i) *Imports.* (1) Imports of streptomycin may be accepted by the original consignee without application or authorization under this order. The consignee as an importer shall be subject to the requirements regarding primary suppliers and primary distributors.

(j) *Exports.* (1) No primary supplier or primary distributor shall accept or deliver for export streptomycin after the initial allocation date except as specifically authorized in writing by the Civilian Production Administration upon application under this order. A primary supplier or a primary distributor who is also an exporter shall treat the export part of his operations as a separate entity for the purpose of this order. An exporter applying on Form CPA-2947 for an allocation, and to the Office of International Trade, Department of Commerce, for an export license for streptomycin, shall file both sets of applications with the Office of International Trade. Before filling a purchase order for streptomycin, however, the exporter must first have obtained an approved export license from the Office of International Trade.

(2) Authorized deliveries for export must be made within the authorized periods unless the exporter notifies the primary supplier or primary distributor and the Civilian Production Administration in writing that delivery must be postponed to the later specified period, in which case the limitation on duration of authorization under paragraph (k) is automatically waived subject to any special directions of the Civilian Production Administration. After an exporter has accepted an authorized delivery for export, he may export the material at any time to the designation for which the allocation was made without further allocation or authorization under this order.

(k) *Duration of authorization for delivery.* If it is not practical for a primary supplier or a primary distributor to make all deliveries in the allocation period for which authorized, he may complete them as early as practicable thereafter. However, authorization to deliver shall not be made after the end of the month following the allocation period for which delivery was authorized and shall terminate if the purchaser fails to place his order before the end of the allocation period, or if the purchaser requires postponement of delivery beyond 10 days after the allocation period or an authorization to deliver is received for the specified allocation period. Advance delivery may be made if it does not delay previously authorized deliveries.

(l) *Duration of authorization for use.* There is no limitation on duration of authorization for use in streptomycin.

(m) *Violations.* Any person who wilfully violates any provision of this order, or in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries or from processing or using streptomycin.

(n) *Communications to the Civilian Production Administration.* Communications concerning this order shall be addressed to Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref.: M—393.

(o) *Appeals.* Any appeal from the provisions of this order shall be made by mailing a letter in triplicate to the Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref. M—393, stating the particular provisions appealed from and stating fully the grounds for the appeal.

Issued this 11th day of April 1947.

LIVESTOCK SLAUGHTER PAYMENTS

CROSS REFERENCE: For amendment of regulations covering the livestock slaughter program, affecting § 4003.51, see Part 4004 of this chaper, *infra*.

[Directive 41, Amdt. 11]

PART 4004—PRICE STABILIZATION, MAXIMUM PRICES

LIVESTOCK SLAUGHTER PAYMENTS

Section 4004.1 *Livestock slaughter payments* (Directive 41) is amended by the addition of the following paragraphs to section 7 (b) (1):

As used in this section 7 (b) (1) the phrase "its present procedure" was intended to and does refer to the procedure whereby subsidy funds are withheld from subsidy applicants involved in criminal proceedings. This procedure was and is as follows:

Withholding of subsidy funds from a subsidy applicant involved in criminal proceedings is initially recommended to the Reconstruction Finance Corporation by the Price Administrator only when all three of these factors are present: (1) the Price Administrator (or his duly authorized representative) has investigated the alleged wilful violation and referred the case to the United States Attorney for the institution of criminal proceedings; (2) the grand jury has returned an indictment or the United States Attorney has filed an information against the subsidy applicant for the alleged wilful violations of any meat or livestock regulation or order issued by the Price Administrator; and (3) a responsible member of the applicant's management was chargeable with knowledge of the facts alleged to constitute the wilful violation.

The amount of subsidy money withheld is that allocable to the selling establishments involved in the criminal proceedings, and, as to each selling establishment, to the accounting periods during which the violations are alleged. The recommendation of the Price Administrator as to such withholding is in the form of a letter to the Reconstruction Finance Corporation notifying that agency of the pending criminal proceedings and the selling establishments and periods involved.

After receiving the Price Administrator's recommendation, the Reconstruction Finance Corporation then notifies the applicant as to the specific amount of subsidy funds that are thus to be withheld or recaptured, in the event the subsidy applicant has received the funds.

The recommendations of the Price Administrator as to permanent withholding automatically follow the judicial determinations as to criminal responsibility and may, therefore, be made despite the fact that there was no initial recommendation for withholding based upon the institution of criminal proceedings, due to the absence of either or both of factors (1) and (3). If the criminal proceedings terminate with a conviction of the subsidy applicant, the subsidy payments allocable to the selling establishments for the periods involved in the conviction are then permanently withheld or recaptured. In the event the subsidy applicant is found upon trial to be not guilty of all violations charged in the indictment or information with respect to any particular accounting period or periods, or in the event all counts in the indictment or information relating to any particular accounting period or periods are dismissed or nol prossed by the United States Attorney, the Administrator certifies such facts to the Reconstruction Finance Corporation and thereupon the subsidy funds withheld or recaptured for such accounting period or periods are payable forthwith. However, the fact that all of the counts in the indictment or information relating to any particular accounting period or periods are dismissed or nol prossed by the United States Attorney, does not operate as a bar to an appropriate certification by the Price Administrator in accordance with section 7 (b) (2).

The Reconstruction Finance Corporation is directed to amend its Livestock Slaughter Payments Regulation No. 3 to make it clear that in any instance in which a subsidy applicant may have had subsidy funds withheld after termination of the criminal proceedings contrary to the procedure for such withholding described in this amendment, the applicant may apply for and obtain release of such subsidy funds. The Price Administrator will review all recommendations for initial withholding, in cases in which critical proceedings are still pending, to assure that such recommendations are in accordance with the procedure for such withholding described in this amendment.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

[Instruction No. 2, Sec. 13, Pub. Law 589, 79th Cong.]

PART 5—ADJUDICATION; DEPENDENTS' CLAIMS SERVICE (APPENDIX)

PART 10—INSURANCE (APPENDIX)

ADJUDICATION OF CLAIMS FOR DEATH BENEFITS, NATIONAL SERVICE LIFE INSURANCE

1. *Section 13, Public Law 589, 79th Congress.* Under the provisions of the above citation of law:

(a) The designated beneficiary may assign all or any part of his interest, i. e., if he is beneficiary for $5,000.00, he may assign the entire $5,000.00, or only $2,000.00, or $3,000.00.

(b) The assignees under such assignments are restricted to the classes of relatives enumerated in the law, widow, widower, child, father, mother, grandfather, grandmother, brother or sister of the insured.

(c) The designated contingent beneficiary, if any, must join the principal beneficiary in the assignment.

(d) The assignment is valid only if delivered to the Veterans' Administration before any payments of the insurance shall have been made to the designated beneficiary.

(e) In cases in which an interest in an annuity is assigned, payment must be made to the assignee in equal monthly installments, in multiples of 12, as most nearly equals the number of installments certain under such an annuity or in 240 installments whichever is the lesser.

2. *Definitions*—(a) *Interest in an annuity.* "An interest in an annuity" is any interest in which the designated beneficiary would have been paid in equal monthly installments either for a fixed period or for life with a specified number of installments certain. It comprehends every mode of payment, except payment in one sum.

(b) *Number of installments certain.* The "number of installments certain under such an annuity" is the number of installments in which payment would have been made to the designated beneficiary (assignor).

3. *Application*—(a) *Insurance maturing prior to August 1, 1946.* Applying the above definitions, the rule contained in the last proviso of section 13, supra, as stated in paragraph 1 (e) above, and the provisions of § 10.3459 of this chapter, to insurance maturing prior to August 1, 1946, it follows that:

(1) If the designated beneficiary was under 30 on the date of the insured's death and the insured had not elected the Refund Life Income (i. e., had made no election or had elected 240 equal monthly installments) payment would be made to the assignee in 240 equal monthly installments.

(2) If in a case similar to (1) the insured had elected the Refund Life Income, the assignee would be paid in equal monthly installments (in multiples of 12) as would most nearly equal the number of installments certain under the Refund Life Income which would have been paid to the beneficiary (assignor), e. g., if the beneficiary were 28, the number of installments certain would be 270, and the number of equal installments payable to the assignee would be 240.

(3) If the designated beneficiary was 30, or over on the date of the insured's death and the insured had not elected the Refund Life Income (i. e., had made no election or had elected equal monthly installments for life with 120 months certain) payment would be made to the assignee in 120 equal monthly installments since under the circumstances, the beneficiary (assignor) would have been paid in equal monthly installments for life with 120 months certain.

(4) If in a case similar to (3) the insured had elected the Refund Life Income, payment would be made to the assignee in equal monthly installments (in multiples of 12) as would most nearly equal the number of installments certain under the Refund Life Income which would have been paid to the beneficiary (assignor), e. g., if the beneficiary were 48, the number of installments certain would be 207, and the number of equal monthly installments payable to the assignee would be 204 (nearest multiple of 12 to 207).

(b) *Insurance maturing on or after August 1, 1946.* Applying the same definitions, rules, and provisions to insurance maturing on or after August 1, 1946, it follows that:

(1) If the insured had elected Option 1 (one sum) payment would be made to the assignee in one sum.

(2) If the insured had elected a specific number of installments under Option 2, the assignee would be paid in exactly the same number of installments. The assignee would not be permitted to elect a greater or a lesser number of installments.

(3) If the insured had made no election, the assignee would be paid only in 36 equal monthly installments.

(4) If the insured had elected Option 3 (equal monthly installments for life of beneficiary first receiving payment with 120 installments guaranteed) the assignee would be paid in 120 equal monthly installments.

(5) If the insured had elected Option 4, the assignee would be paid in equal monthly installments (in multiples of 12) as would most nearly equal the number of installments certain under the Refund Life Income which would have been paid to the beneficiary (assignor), e. g., if the beneficiary were 58, the number of installments certain would be 166, and the number of equal monthly installments payable to the assignee would be 168 (nearest multiple of 12 to 166).

(6) In all the examples cited in this paragraph where payment would be made to the assignee in installments and the assignee dies before being paid all of the installments, the commuted value of the remaining installments would be paid to the estate of the insured.

(7) In three instances (at ages 44, 59, and 62) the number of installments certain under the Refund Life Income will be midway between two multiples of 12, both of which will be less than 240. Under these conditions in determining the number of equal monthly installments which most nearly equals the number of installments certain the lesser, not the greater, figure will be selected, i. e., at age 44, the number of installments certain under the Refund Life Income is 222, a figure 6, less than 228, and 6 more than 216. The assignee would, therefore, be paid in 216 equal monthly installments.

4. *Execution of assignment.* (a) The assignee, not the beneficiary (assignor), will execute the claim on VA Form 8–355, Claim for National Service Life Insurance, in every case in which there is to be an assignment. Any election made by the beneficiary (assignor) will be ignored and his claim will not be accepted in lieu of a claim by the assignee. The assignee must submit proof of relationship, unless such proof has been submitted previously for other purposes.

(b) The assignment must be the free act and deed of the assignor. It will not be accepted if the assignor lacked testamentary capacity or was subjected to fraud, duress, undue influence or coercion of any kind.

(c) Although, as already stated, the assignment may be partial in the sense that the designated beneficiary may assign only a portion of his insurance, it may not be limited or qualified in the sense that restrictions as to time or other factors may be placed on the assignment. For example, if the beneficiary is the father, he may not assign to the widow "so long as she remains unmarried."

(d) After the assignment is made and the initial payment thereunder to the assignee is effected, the assignment becomes irrevocable.

(e) In addition to the foregoing, reference is made to Administrator's Decision No. 738, February 15, 1947, which provides:

(1) That assignments of National Service Life Insurance death benefits may be made in cases in which the insurance matured prior to August 1, 1946, as well as in those in which it matured on or after that date.

(2) That the assignment is for the life of the assignee, not for the life of the assignor.

(3) That the number of installments certain under such an annuity referred to in the last proviso of section 13, as stated in paragraph 1 (e) above, is to be determined by the age of the assignor, not the age of the assignee.

(4) That when the designated beneficiary, either principal or contingent, executes or joins in an assignment, he relinquishes his right and title to that part of the insurance which he would otherwise have been entitled to as beneficiary, but he does not thereby relinquish his right and title to any benefits payable under the provisions of section 602 (h) (3), National Service Life Insurance Act of 1940, by reason of his relationship to the insured.

(f) The right to make an assignment is confined to a designated beneficiary, principal or contingent. Therefore, the preferred beneficiaries of gratuitous National Service Life Insurance benefits or those beneficiaries who take contract National Service Life Insurance benefits by devolution or operation of law (Section 602 (h) (3)) may not assign their right and title in such insurance.

PART 36—REGULATIONS UNDER SERVICEMEN'S READJUSTMENT ACT OF 1944

DETERMINATIONS AND APPEALS WITH RESPECT TO UNEMPLOYMENT

1. Section 36.518 *Determinations and appeals with respect to unemployment* (9 F. R. 11012) is amended as follows:

No change in (a).

Paragraph (b) is revoked and superseded by the following:

(b) Such determination shall be final unless within the time limit set by the agency's law and regulations for the filing of appeals from initial determinations an appeal is taken therefrom. Except as provided in §§ 36.501 to 36.522, inclusive, or where another referee or tribunal is designated by the Administrator, such appeal shall be heard and decided by the same referee or tribunal which would hear and decide the appeal if it had arisen under the law of the agency. The hearing shall be conducted in accordance with the agency's law and regulations, in the same manner as are appeals from the agency's unemployment compensation benefit determinations, except as otherwise prescribed by the Administrator.

No change in remainder of section.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 3—RADIO BROADCAST SERVICES

TIME OF OPERATION

At a meeting of the Federal Communications Commission at its offices in Washington, D. C., on March 27, 1947;

The Commission having before it the request of the Television Broadcasters Association, Inc., for an extension to June 30, 1947 of the action of the Commission of December 26, 1946 waiving the requirements of § 3.661 (a) of the rules and regulations of the Federal Communications Commission until March 31, 1947; and

Whereas, it appears that because of construction and operating difficulties the deferment of the effect of § 3.661 (a), which requires television licensees to broadcast a minimum of 2 hours of broadcast service in any given broadcast day and not less than 28 hours broadcast service per week, should be continued until June 30, 1947;

It is hereby ordered, That § 3.661 (a) be amended so that the footnote at the end of § 3.661 (a) will read as follows:

[1] The requirements of § 3.661 (a) are waived until June 30, 1947.

This order is an exemption from existing Commission rules and it is necessary that it become effective immediately upon the expiration on March 31, 1947, of a similar exemption. Hence the public notice and procedure required by section 4 of the Administrative Procedure Act are hereby found to be unnecessary and this order is hereby made effective March 31, 1947.

PART 13—COMMERCIAL RADIO OPERATORS

PERMISSION FOR ORAL EXAMINATION IN CERTAIN CASES OF APPLICANTS FOR RESTRICTED RADIOTELEPHONE OPERATOR PERMIT

MARCH 31, 1947.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of March 1947;

The Commission having under consideration its procedure governing the determination of qualifications of applicants for radio operator licenses, and the procedure governing the issuance of such licenses; and

It appearing that the public interest, convenience, or necessity will be served by waiving temporarily certain procedural requirements for the purpose of expediting the issuance of certain radio operator licenses in appropriate cases; and

It further appearing that the waiver hereinafter set forth relates solely to procedural rules, is for the purpose of promoting safety of life and property, and serves to afford relief from existing restrictions and, therefore, general public notice and procedure for rule making are not required by section 4 (a) of the Administrative Procedure Act and such waiver may be made effective immediately;

It is ordered, That until further order of the Commission, but in no event beyond May 15, 1947, the provisions of §§ 13.21, 13.22 and 13.23 are hereby waived to the extent that applicants for restricted radio-telephone operator permits, who are otherwise qualified, may be examined orally instead of in writing in such cases as the Secretary and the Law and Engineering Departments may find necessary for the purpose of expediting the issuance of restricted radiotelephone operator permits that are needed for the protection of life or property or in connection with employment.

It is further ordered, That this order shall become effective immediately.

PROPOSED RULE MAKING

TREASURY DEPARTMENT

United States Coast Guard

[33 CFR, Part 402]

[CGFR 47-17]

MOORING BUOYS

NOTICE OF RULE MAKING

Notice is hereby given that the United States Coast Guard is considering the issuance, as hereinafter proposed, of regulations for light, signals and colors for mooring buoys pursuant to the authority contained in the act of June 17, 1910, as amended (33 U. S. C. 713, 759) and the Administrative Procedure Act, approved June 11, 1946 (60 Stat. 238).

A public hearing will be held on May 7, 1947, in Room 8205, United States Coast Guard Headquarters, 1300 E Street, NW, Washington, D. C., at 9:30 a. m. to consider all the comments, data and views of persons having an interest in the proposed regulations. All persons who desire to submit written comments, data and views prior to the hearing for consideration in connection with the proposed regulations shall file the same in duplicate with the Chief, Aids to Navigation Division, United States Coast Guard Headquarters, 1300 E Street, NW, Washington, D. C., not later than May 6, 1947. All matters presented orally or in writing will be given due consideration.

The proposed regulations are as follows:

Part 402 is amended by the addition of two new sections, reading as follows:

§ 402.01 *Basis and purpose.* Pursuant to the authority in the act of June 17, 1910, as amended (33 U. S. C. 713,759) the regulations in this part are prescribed to provide a standard by which devices relating to the general safety of navigation are established and maintained, also to provide an efficient, uniform and economic administration of this service.

§ 402.17 *Mooring buoys; lights, signals and colors.* The approval of lights, signals and colors for properly authorized mooring buoys (33 U. S. C. 403) must be obtained, prior to establishment, from the District Commander of the Coast Guard district in which the structure will be situated. Applications for such approval shall be submitted on Coast Guard Form 2554 in accordance with the procedures set forth in § 402.4, insofar as they are applicable to this particular case.

Dated: April 4, 1947.

CIVIL AERONAUTICS BOARD

[14 CFR, Part 224]

FILING, POSTING AND PUBLISHING OF TARIFFS BY AIR CARRIERS AND FOREIGN AIR CARRIERS

NOTICE OF PROPOSED RULE MAKING

The Civil Aeronautics Board proposes to amend subparagraph (6) of paragraph (o) of § 224.1 of the Economic Regulations, implementing section 403 (a) of the Civil Aeronautics Act of 1938, as amended. The purpose of the proposed amendment is to detail the grounds upon which a tariff publication may be rejected, and to empower the Director of the Economic Bureau to reject any tariff, supplement, or revised page which is subject to rejection under the revision. It is believed that the proposed amendment will do much to expedite the handling of rejections.

Consideration will be given to written comments on the proposed revision which are received by the Secretary, Civil Aeronautics Board, Washington 25, D. C., not later than April 21, 1947.

Proposed Amendment No. 5 of § 224.1 of the Economic Regulations, amending subparagraph (6) of paragraph (o):

(6) *Rejection of tariff publications.* (i) A tariff, supplement, or revised page which is received for filing too late to give the Board statutory notice is subject to rejection. Tariff publications will be received for filing only through normal mail channels or by delivery in person directly to the office of the Board charged with the responsibility of maintaining an official file of tariffs, and will be received only during the established working hours of the Board. No consideration will be given to telegraphic advices in computing the notice required, or to the time during which a tariff publication may be held by an express company or by the Post Office Department.

(ii) A tariff, supplement, or revised page which exceeds the authority granted by a permission, order or regulation of the Board shall be subject to rejection.

(iii) A tariff, supplement, or revised page which fails to comply with this section to such an extent as to render it unusable shall be subject to rejection.

(iv) A tariff, supplement, or revised page which otherwise fails to comply with section 403 of the act or regulations adopted thereunder, shall be subject to rejection.

(v) The Director of the Economic Bureau shall have the authority to reject any tariff, supplement, or revised page which is subject to rejection under subdivisions (i), (ii), or (iii) of this subparagraph. Notice of such rejection shall be in writing by the Director. When a tariff publication is rejected subsequent to its effective date or where time does not permit notice by mail prior to the effective date, telegraphic notice shall also be given.

(vi) Tariff publications received by the Board but rejected for filing will not be returned.

(52 Stat. 984, 992, as amended; 49 U. S. C. 425a, 483b)

UNITED STATES MARITIME COMMISSION

[46 CFR, Ch. II]

[Docket No. 657]

AGREEMENTS AND PRACTICES PERTAINING TO BROKERAGE, AND RELATED MATTERS

ORDER TO SHOW CAUSE AND NOTICE OF PROPOSED RULE MAKING

In Docket No. 645 the Commission found with respect to Agreement No. 7790 submitted by Pacific Westbound Conference that the provision prohibiting the payment of brokerage should be eliminated; and for that reason, among others, the Commission withheld approval of the agreement.

Pacific Westbound Conference and other conferences listed in Appendix A, annexed to this order, are functioning under agreements which contain provisions as to brokerage similar in effect to the provision disapproved in Docket No. 645; or under conference regulations which contain provisions forbidding the payment of brokerage.

Representations have been made to the Commission by various conferences indicating that such conferences and their members dispute the finding of the Commission in Docket No. 645 with respect to the agreement for non-payment of brokerage. Other representations have been made to the Commission on behalf of freight forwarders and others, calling upon the Commission to issue rules requiring the payment of brokerage.

The Commission has determined that it should, in the public interest, institute public hearings for the purpose of inquiring into, and of taking appropriate action concerning the payment or nonpayment of brokerage by carriers subject to the Commission's jurisdiction, and concerning conference agreements, regulations, arrangements and practices relative thereto.

In connection with the foregoing matters, the Commission desires to obtain the views of interested persons as to the formulation of appropriate policies.

Accordingly, pursuant to sections 15, 16, 17, 18, 21, 22 and 23 of the Shipping Act, 1916, and section 4 of the Administrative Procedure Act, upon the Commision's own motion,

It is ordered, That the Commission institute public hearings with respect to the payment and non-payment of brokerage by carriers subject to its jurisdiction, and that at such hearings, evidence be received as to whether conference agreements and regulations adopted thereunder, prohibiting the payment of brokerage, are contrary to law or unjustly discriminatory or unfair as between carriers, shippers, importers, exporters, or ports, or detrimental to the commerce of the United States; and

It is further ordered, That respondents show cause before the Commission why conference agreements (including regulations, understandings and other arrangements) to which respondents or any of them are parties, which prohibit the payment of brokerage, should not be disapproved; and

It is further ordered, That all persons (including individuals, corporations, associations, firms, partnerships and public bodies) desiring to be heard at the hearings to be conducted hereunder, whether or not such persons are named as respondents, may file with the Commission within twenty days from the date of publication of this order in the FEDERAL REGISTER written request to appear and be heard; and

It is further ordered, That the conferances and members thereof, named in Appendix A hereto annexed, be, and they hereby are, designated respondents in this proceeding; and

It is further ordered, That this order be published in the FEDERAL REGISTER and that a copy be served upon each respondent, and that respondents be allowed twenty days from the date of service in which to file answers, and that this proceeding be assigned for hearing at such times and places as the Commisson may hereafter direct, and that such hearings be conducted in accordance with the rules of procedure of the Commission.

By order of the United States Maritime Commission.

[SEAL] R. L. MCDONALD, *Assistant Secretary.*

APRIL 1, 1947.

NATIONAL MEDIATION BOARD

[29 CFR, Part 1206]

HANDLING OF REPRESENTATION DISPUTES UNDER THE RAILWAY LABOR ACT

NOTICE OF PROPOSED RULE MAKING

APRIL 1, 1947.

1. Pursuant to section 4 (a) of the Administrative Procedure Act notice is hereby given of proposed rule making in the above entitled matter.

2. Certain questions have arisen in connection with the determination of employee representatives by the National Mediation Board under the provisions of section 2, Ninth, of the Railway Labor Act. The Board deems it advisable to cover such questions by substantive rules which will govern its representatives and labor organizations interested in such disputes. The following rules are therefore proposed to be issued pursuant to the authority given the National Mediation Board to establish the rules to govern representation elections among the employees of the rail and airline carriers subject to Titles I and II of the Railway Labor Act, as amended.

(a) *Run-off elections.* If in any craft or class no organization or individual receives a majority of the legal votes cast, a second, or run-off, election shall be held forthwith between the two organizations or individuals having received the highest number of votes cast in such craft or class in the first election.

(b) *Percentage of valid authorizations required to determine existence of a representation dispute.* (1) Where the employees involved in a representation dispute are represented by an individual or labor organization, either local or national in scope, and are covered by a valid existing contract between such representative and the carrier, a showing of proved authorizations from at least a majority of the craft or class must be made before the National Mediation Board will authorize an election or otherwise determine the representation desires of the employees under the provisions of section 2, Ninth, of the Railway Labor Act.

(2) Where the employees involved in a representation dispute are un-represented, a showing of proved authorizations from at least thirty-five (35) percent of the employees in the craft or class must be made before the National Mediation Board will authorize an election or otherwise determine the representation desires of the employees under the provisions of section 2, Ninth, of the Railway Labor Act.

(c) *Age of authorization cards.* Authorizations must be signed and dated in the employee's own handwriting. No authorizations will be accepted by the National Mediation Board in any employee representation dispute which bear a date prior to one year before the date of the application for the investigation of such dispute.

(d) *Repeat elections.* The National Mediation Board will not commence the investigation of a representation dispute for a period of two (2) years from the date of a certification covering the same craft or class of employees on the same carrier in which a representative was certified.

(e) *Necessary evidence of intervenor's interest in a representation dispute.* In any representation dispute under the provisions of section 2, Ninth, of the Railway Labor Act, an intervening individual or organization must produce proved authorizations from at least twenty-five (25) percent of the craft or class of employees involved to warrant placing the name of the intervenor on the ballot.

(f) *Eligibility of dismissed employees to vote.* Dismissed employees whose request for reinstatement account wrongful dismissal are pending before proper authorities, which includes the National Railroad Adjustment Board, are eligible to participate in elections among the craft or class of employees in which they are employed at time of dismissal. This does not include dismissed employees whose guilt has been determined, and who are seeking reinstatement on a leniency basis.

3. A public hearing on the proposed rules listed above will be held before the Members of the National Mediation Board in Auditorium C, United States Department of Labor Building, 14th and Constitution Avenue, N. W., Washington, D. C., commencing at 10:00 a. m., eastern

standard time, on Tuesday, April 15, 1947, and extending through April 16, 1947. All persons interested are invited to attend this hearing and participate in this rule making through submission of written data, oral views, and arguments.

By order of the National Mediation Board.

ROBERT F. COLE,
Secretary.

[Docket No. G-752]

KENTUCKY NATURAL GAS CORP.

ORDER FIXING DATE OF HEARING

Upon consideration of the application filed on July 12, 1946, in Docket No. G-752 by Kentucky Natural Gas Corporation (Applicant), a Delaware corporation having its principal place of business at Owensboro, Kentucky, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following described natural gas pipe line facilities, subject to the jurisdiction of the Commission:

Approximately 9½ miles of 12-inch solid welded pipe line from a point beginning on Applicant's 12-inch North-South main transmission pipe line in Section 12, Township 15 North, Range 8 West, Parke County, Indiana, thence generally westwardly or north of west to a point of connection with the main pipe line of Panhandle Eastern Pipe Line Company (Panhandle) on the Illinois side of the Indiana-Illinois state line in Edgar County, Illinois.

It appearing to the Commission that:

(a) Due notice of the filing of the application has been given, including publication in the FEDERAL REGISTER on July 25, 1946 (11 F. R. 8014).

(b) Panhandle Eastern Pipe Line Company (Panhandle) was permitted to intervene in these proceedings by order of the Commission on August 15, 1946.

(c) On September 5, 1946, Panhandle filed a motion to dismiss said application.

The Commission, therefore, orders that:

(A) A public hearing be held commencing on May 12, 1947, at 10:00 a. m. (e. s. t.), in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue, N. W., Washington, D. C., respecting the matters involved and the issues presented in this proceeding.

(B) Determination of Panhandle's motion to dismiss the application be and it is hereby reserved until after a hearing on the merits of the application.

(C) Interested State commissions may participate in this hearing as provided in the Commission's rules of practice and procedure.

Date of issuance: April 8, 1947.

By the Commission.

[Docket No. G-878]

INTERSTATE NATURAL GAS CO., INC.

NOTICE OF APPLICATION

APRIL 7, 1947.

Notice is hereby given that on March 14, 1947, Interstate Natural Gas Company, Inc., a Delaware corporation with its principal place of business in Monroe, Louisiana, filed an application for permission and approval, pursuant to section 7 (b) of the Natural Gas Act, to abandon the following-described facilities and service rendered by means of such facilities, to wit:

(1) An 8.49 mile section of the 22-inch loop pipe line that has its beginning in Section 32, Township 12 North, Range 8 East, Franklin Parish, Louisiana, 53.5 miles south of DeSiard Compressor Station and ends in Section 8, Township 10 North, Range 8 East, Catahoula Parish, Louisiana, 61.99 miles south of DeSiard Compressor Station, and

(2) A 4.8 mile section of the 22-inch loop pipe line that has its beginning in Section 19, Township 10 North, Range 9 East, Catahoula Parish, Louisiana, 66.3 miles south of DeSiard Compressor Station and ends in Section 18, Township 9 North, Range 9 East, Catahoula Parish, Louisiana, 71.1 miles south of DeSiard Compressor Station.

Applicant states that its main transmission system extends from the Monroe Gas Field, Ouachita, Louisiana, to Baton Rouge, Louisiana; that within the past several years its source of gas supply has changed from the Monroe Field as the sole source, and at present it is obtaining large quantities of gas from along its pipe line between the Monroe Field and Baton Rouge; that formerly the entire gas supply for New Orleans was transported through its main line, but the gas fields in Southern Louisiana now constitute the source of gas for New Orleans and consequently there is no longer any necessity for maintaining all of the present loop lines; that by introducing gas from any field into the main line at points downstream from DeSiard Station will counter-balance any loss of capacity caused by the removal of the pipe as proposed; that gas available under peak conditions for the main transmission system in 1947, is 62,000 Mcf. from the Monroe Field, 30,000 Mcf. from the Vixen Field and 30,000 Mcf. from the Carthage Point Field, a total of 122,000 Mcf. of natural gas; that additional gas is anticipated from other fields developed adjacent to the main transmission system, such as the Holly Ridge Field in Tenas Parish, Louisiana, and if sufficient gas becomes available along the line, the original capacity thereof of 170,000 Mcf. per 24 hours can be maintained; that its ability to continue to render service to customers supplied from the main transmission line will not be impaired; and that the reasons for discontinuing service by means of the aforesaid loop lines rather than other lines are: the pipe is of lighter weight, more accessible for lifting and removal from location, more valves are salvable, and the condition of the pipe in the original line at these points is such that any trouble necessitating a loop line is not probable.

Any interested state commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Rule 37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board or a joint or concurrent hearing together with the reasons for such request.

The application of Interstate Natural Gas Company, Inc. is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946) and shall set out clearly and concisely the facts from which the nature of the petitioner or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering, specifically and in detail, each material allegation of fact or law asserted in the proceeding.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G-882]

TRUNKLINE GAS SUPPLY CO.

NOTICE OF APPLICATION

APRIL 7, 1947.

Notice is hereby given that on March 20, 1947, Trunkline Gas Supply Company (Applicant), a Delaware corporation having offices at Wilmington, Delaware, and Washington, D. C., filed an application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of a 30-inch O. D. steel welded natural gas transmission pipeline, approximately 855 miles in length, and appurtenant facilities, beginning at a point in Wharton County, Texas, and extending in a generally northerly direction through the States of Arkansas and Missouri, to a point in Keokuk County, Iowa.

The facilities as proposed and described by applicant, in addition to the main pipeline, include appurtenant facilities for gathering, dehydration, compression, transmission and delivery of natural gas through the proposed system, including among other facilities, 60 miles of 24-inch "feeder lines" and 12 compressor stations with an aggregate of 182,400 h. p.

The overall cost of the facilities for which a certificate is sought, including working capital, Applicant estimates, will approximate $74,266,507, which Applicant proposes to finance through the issuance and sale to the public of bonds and preferred stock, supplemented with funds obtained through short-term loans and by the issuance of additional common stock.

Commencement of construction is planned by Applicant as soon as the necessary pipe and materials become available. Construction, according to Applicant, will require approximately 12 months. As of the date of its application Applicant states that no commitments had as yet been received from financial and equipment supply sources.

The sales capacity of the system proposed, Applicant estimates, on a daily basis will approximate in the first year 171,000 Mcf, during the second and third years 300,000 Mcf, increasing to 425,000 Mcf in the fourth and fifth years. A volumetric two part rate is proposed, with a commodity charge of 12¢ per Mcf and a demand charge of 3.6¢ per Mcf.

The service proposed to be rendered, as described by Applicant, is primarily "a wholesale service" to be offered to natural gas companies at such points along Applicant's system as may prove convenient to such companies, including among others, Natural Gas Pipeline Company of America, Northern Natural Gas Company, Michigan-Wisconsin Pipe Line Company, Panhandle Eastern Pipe Line Company, Cities Service Gas Company, Arkansas-Louisiana Gas Company, Arkansas-Western Gas Company, Arkansas-Oklahoma Gas Company and Mississippi River Fuel Corporation.

Applicant states it does not propose, as its primary objective, to sell gas from its facilities directly to industries or directly to gas distributing companies for resale. Industries and distributing companies in cities and towns conveniently located near its proposed main pipeline system, Applicant says, would be served if, as and when Applicant should have gas available for such service, subject to appropriate approval from the Commission.

Applicant proposes to secure its gas supply from Gulf coastal gas fields in Texas in the general area identified by Applicant as Texas Railroad Commission Districts 2, 3 and 4, where the proven gas reserves, Applicant asserts, are now estimated to total over 43 trillion cubic feet, where there are large quantities of flare gas being wasted for want of suitable markets. As of the date of filing its application, Applicant says it "has not finally contracted for any specific reserve or reserves for the supply of its line."

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

The application of Trunkline Gas Supply Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding, so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering, specifically and in detail, each material allegation of fact or law asserted in the proceeding.

Secretary.

[Docket No. G-883]

CONSOLIDATED GAS UTILITIES CORP.

NOTICE OF APPLICATION

APRIL 7, 1947.

Notice is hereby given that on March 31, 1947, Consolidated Gas Utilities Corporation (Applicant), a Delaware corporation, having its principal place of business at Oklahoma City, Oklahoma, and authorized to do business in the States of Texas, Oklahoma, and Kansas, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate the following described facilities:

(a) A field booster compressor station of 600 horsepower to be located in the Northeast Quarter of Section 100, Block 23, H. & G. N. R. R. Co. Survey, Wheeler County, Texas.

(b) Approximately 41 miles of 12-inch pipe line, beginning at or near Applicant's Enid Compressor Station in Garfield County, Oklahoma, and extending northeasterly to a point of connection with Applicant's existing 10-inch pipe line in Section 9, Township 27 North, Range 1 West, Kay County, Oklahoma.

Applicant states that the maximum delivery capacity of the proposed field booster station will be approximately 14,000 Mcf per day, and the maximum delivery capacity of the proposed 41-mile pipe line will be approximately 60,000 Mcf per day.

It is stated that the proposed field booster station is required because pressures of gas wells in the Wheeler County, Texas, area from which Applicant is obtaining natural gas have declined to such an extent that its present field booster station in the area is no longer adequate to provide sufficient quantities of gas for Applicant's existing markets at adequate pressures.

Applicant states that it is now taking deliveries of natural gas from a new producing area in Major County, Oklahoma, designated as "Southeast Meno Gas Field", which has estimated gas reserves of 70 billion cu. ft. to an abandonment pressure of 200 pounds p. s. i. g. Applicant estimates that deliveries to its pipe line system from this source of supply on the 1947–48 peak day will be from 15 to 20 million cu. ft.

Applicant states that the gas to be transported through the facilities described in subparagraph (b) above, will be obtained from the Panhandle Gas Field in Wheeler County, Texas, and Southeast Meno Gas Field in Major County, Oklahoma. It is stated that Applicant's present system from Enid, Oklahoma, to Blackwell, Oklahoma, cannot be operated at pressures required to transport the volumes of gas presently available from these two fields and that connection of the Southeast Meno Gas Field to Applicant's main pipe line, together with operation of the proposed field booster station, will provide natural gas for delivery through the proposed 41-mile, 12-inch pipe line into the general area where curtailments have occurred on Applicant's system and thus enable Applicant to supplement its present declining sources of supply and assist it in meeting its present market requirements.

No new service is proposed to be rendered by Applicant through the facilities described.

The estimated over-all capital cost of constructing the facilities described in subparagraph (a) above is $83,910, and that of constructing the facilities described in subparagraph (b) above is $628,961, all to be financed from funds to be obtained incidental to the refunding of Applicant's present outstanding funded indebtedness. Applicant states that eleven institutional investors have entered into firm agreements to purchase the new securities.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such requests.

The application of Consolidated Gas Utilities Corporation is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contention of the petitioner in the proceeding so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering, specifically and in detail, each material allegation of fact or law asserted in the proceeding.

SKY BROADCASTING SERVICE (KSKY) AND WESTERN OKLAHOMA BROADCASTING CO.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of A. L. Chilton, Lenore H. Chilton and James Ralph Wood, d/b as Sky Broadcasting Service (KSKY) Dallas, Texas, Docket No. 8263, File No. BP-3966; Western Oklahoma Broadcasting Company, Clinton, Oklahoma, Docket No. 8264, File No. BP-5321; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of March 1947;

The Commission having under consideration the following matters:

(1) The application of Western Oklahoma Broadcasting Company for a construction permit for a new standard broadcast station to be operated at Clinton, Oklahoma, on 670 kc, with 250 w power, daytime only; (File No. BP-5321);

(2) The application of A. L. Chilton, Lenore H. Chilton and James Ralph Wood, d/b as Sky Broadcasting Service (KSKY), for a construction permit to increase the power of Station KSKY, operating daytime only on 660 kc at Dallas, Texas, from 1 kw to 50 kw (File No. BP-3966); and

(3) A petition filed by Sky Broadcasting Service (KSKY) on March 6, 1947, requesting that the said application of Western Oklahoma Broadcasting Company above be designated for a hearing and that the petitioner be allowed to participate therein to the extent of opposing a grant of the said application of Western Oklahoma B/C Co.; and

It appearing, that the said application of Sky Broadcasting Service (KSKY), since it proposes an operation more than 750 miles from the dominant station on the frequency 660 kc., has been placed in the pending files pursuant to the Commission's public notice of June 21, 1946, to await the conclusion of the clear channel hearing (Docket No. 6741), but that the said application of Western Oklahoma Broadcasting Company proposes an operation less than 750 miles from the dominant station on the frequency 670 kc. and therefore could be considered on its merits and granted without awaiting the outcome of the said clear channel hearing were it not for objectionable interference which would result between the operation proposed therein and the proposed operation of KSKY;

It is ordered, Pursuant to section 309 (a) of the Communications Act of 1934, as amended, that the aforesaid applications of Western Oklahoma Broadcasting Company (File No. BP-5321) and of Sky Broadcasting Service (KSKY) (File No. BP-3966) be, and they are hereby, designated for hearing in a consolidated proceeding at a time and place to be designated by subsequent order of the Commission: *Provided, however*, That if, as a result of the consolidated hearing, it appears that, were it not for the issues pending in the clear channel hearing (Docket No. 6741) and the Commission's policy pertaining thereto as announced in the public notice of June 21, 1946, the public interest would best be served by a grant of the said application of Sky Broadcasting Service (KSKY), then the said KSKY application will be returned to the pending files until after the conclusion of the said clear channel hearing; and,

It is further ordered, That the said applications be heard upon the following issues:

1. To determine the legal, technical, financial and other qualifications of the applicants, and of the officers, directors and stockholders of the corporate applicant to construct and operate their respective stations as proposed.

2. To determine the areas and populations which may be expected to gain primary service from the proposed operations and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether such service would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the proposed operations would involve objectionable interference with any existing broadcast stations, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the proposed operations would involve objectionable interference, each with the other, or with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the proposed installations and operations would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

It is further ordered, That, in view of the foregoing action, the aforesaid petition of Sky Broadcasting Service (KSKY) be, and it is hereby, dismissed.

Notice is hereby given, that § 1.857 of the Commission's rules and regulations is not applicable to this proceeding.

By the Commission.

Secretary.

INTERSTATE COMMERCE COMMISSION

[Rev. S. O. 620, Special Permit 2]

LIGHT WEIGHING OF CARS LOADED WITH IMPORTED VEGETABLE OILS

Pursuant to the authority vested in me by paragraph (f) of the first ordering paragraph of Revised Service Order No. 620 (12 F. R. 641), permission is granted for any common carrier by railroad subject to the Interstate Commerce Act:

To disregard the provisions of Revised Service Order No. 620 insofar as it applies to the lightweighing:

At its Edgewater Terminal Yard by the New York, Susquehanna and Western Railroad Company (Henry K. Norton, Trustee), or by The New York Central Railroad Company on the scales located at the north end of its Weehawken Yard only, of tank cars to be loaded with imported vegetable oils by The United Africa Company at its Gutenberg Plant at Weehawken, N. J., provided the said company surrenders a written order for the lightweighing on which it certifies that the car ordered to be lightweighed will be loaded only with imported vegetable oils.

A copy of this special permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and notice

of this permit shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 7th day of April 1947.

V. C. CLINGER,
Director,
Bureau of Service.

EDITH MIRSKY

CONSENT ORDER

Edith Mirsky is the owner of the property located at 71 Alexander Street, Yonkers, N. Y. She is charged by the Office of the Housing Expediter with violations of Veterans' Housing Program Order 1 in that (1) on or about December 16, 1946 she began construction, repairs, additions and alterations, without authorization, and at a cost in excess of $1,000 of a commercial building located at 71 Alexander Street, Yonkers, N. Y.; (2) on and after December 16, 1946, she carried on construction, repairs, additions and alterations, without authorization, and at a cost in excess of $1,000 of a commercial building located at 71 Alexander Street, Yonkers, N. Y.

Edith Mirsky admits the violations charged and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Edith Mirsky, the Regional Compliance Director and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Neither Edith Mirsky, her successors and assigns, nor any other person shall do any further construction on the premises located at 71 Alexander Street, Yonkers, N. Y., including the putting up, completing or altering of any of the structures located on said premises, unless hereafter specifically authorized in writing by the Office of Housing Expediter.

(b) Edith Mirsky shall refer to this order in any application or appeal which she may file with the Office of Housing Expediter for priorities assistance or for authorization to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve Edith Mirsky, her successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 10th day of April 1947.

OFFICE OF THE HOUSING EXPEDITER,
By JAMES V. SARCONE,
Authorizing Officer.

PAQUMA, INC.

CONSENT ORDER

Paquma, Inc. is a corporation engaged in real estate and building construction in Miami, Florida. Subsequent to March 26, 1946, it, as owner, and Giller Contracting Co., Inc., as contractor, began the construction of a building or buildings to be used for commercial purposes and known as 1920 to 1940 S. W. 8th Street, in the City of Miami, Florida, at an estimated cost in excess of the $1,000 exemption provided for in Veterans' Housing Program Order 1 and in violation of said order.

Paquma, Inc. and Giller Contracting Co., Inc. admitted the violation as charged and, although denying wilfulness, do not care to contest this issue, and have consented to the issuance of this order.

Wherefore, upon the agreement and consent of Paquma, Inc., Giller Contracting Co., Inc., the Regional Compliance Manager and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Neither Paquma, Inc., Giller Contracting Co., Inc., or either of its or their successors or assigns, nor any other person, shall do any further construction on the premises known as 1920-1940, inclusive, S. W. 8th Street, Miami, Florida, including the putting up, completing or altering of any of the structures located on said premises, unless hereafter specifically authorized in writing by the Office of the Housing Expediter.

(b) Paquma, Inc. and/or Giller Contracting Co., Inc. shall refer to this order in any application or appeal which they may file with the Office of the Housing Expediter for priorities assistance or for authorization to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve Paquma, Inc., or Giller Contracting Co., Inc., its or their successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 10th day of April 1947.

OFFICE OF THE HOUSING EXPEDITER,
By JAMES V. SARCONE,
Authorizing Officer.

[File Nos. 54-53, 54-40, 54-144, 54-156, 59-40, 59-49]

CENTRAL PUBLIC UTILITY CORP. ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING AND ORDER CONSOLIDATING PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 4th day of April A. D., 1947.

In the matters of Central Public Utility Corporation, applicant, File No. 54-156; Central Public Utility Corporation, applicant, File No. 54-144; Consolidated Electric and Gas Company, applicant, File No. 54-40; Central Public Utility Corporation, Consolidated Electric and Gas Company, respondents, File No. 59-40; Christopher H. Coughlin, W. T. Crawford, and Rawleigh Warner, voting trustees under Voting Trust Agreement dated August 1, 1932, relating to common stock of Central Public Utility Corporation, applicants, File No. 54-53; Christopher H. Coughlin, W. T. Crawford, and Rawleigh Warner, voting trustees under Voting Trust Agreement dated August 1, 1932, relating to common stock of Central Public Utility Corporation, respondents, File No. 59-49.

Notice is hereby given that Central Public Utility Corporation ("Central Public"), a registered holding company, has filed an application with this Commission pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 (this being the second plan filed with the Commission by Central Public, pursuant to section 11 (e) of the act and will hereinafter be referred to as "Second Plan").

All interested persons are referred to said document which is on file in the offices of the Commission for a statement of the transactions therein proposed which are summarized as follows:

Central Public proposes to cause Consolidated Electric and Gas Company ("Consolidated"), a registered holding company and a direct subsidiary of Central Public, to transfer the common stock of Atlanta Gas Light Company ("Atlanta"), all of which is now owned by Consolidated, in exchange for the publicly held preferred stock of Consolidated in full satisfaction and discharge of the claims and rights of said publicly held preferred stock.

As at December 31, 1946, Consolidated's capitalization consisted of $10,750,000 principal amount of notes payable to various banks bearing interest at 2¼% per annum and maturing November 29, 1948; 183,719 shares of $6 Cumulative preferred Stock of which 68,856 shares are owned by Central Public and 114,863 shares are owned by the public; 1,480,000 shares of Class "A" Non-Cumulative Stock, par value $1 per share and liquidation preference $25 per share (all owned by Central Public); and 1,000,000 shares of common stock, par value $1 per share (all owned by Central Public). As at December 31, 1946, dividend arrears applicable to the preferred stock amounted to $85.85 per share on the 114,107 shares issued in August 1932; $84 per share on the twelve shares issued in February 1933; and $7.50 per share on the 744 shares issued in 1945. As at the same date Consolidated owned and controlled directly and indirectly seventeen subsidiary companies, including Atlanta.

In connection with carrying out Second Plan, Central Public is to undertake to have Consolidated or Atlanta effectuate the following transactions:

(a) Increase Atlanta's authorized common stock from 250,000 shares to 1,000,000 shares and reclassify its presently outstanding common stock from

240,145 shares, par value $25 per share, to 802,553 shares, par value $10 per share;

(b) Increase Atlanta's common stock capital account from $6,003,625 to $8,025,530 by transferring thereto from Atlanta's capital surplus account $207,092 and from its earned surplus account $1,814,813;

(c) Modify the charter of Atlanta, among other things, to provide for cumulative voting and limited preemptive rights to the common stock, to establish certain limitations with respect to the payment of dividends on said common stock in the event the common equity is reduced to certain specified ratios, and to provide for the election of a new Board of Directors for Atlanta;

(d) The distribution to the public holders of the 114,863 shares of Consolidated's $6 Cumulative Preferred stock, and in exchange for their holdings of said preferred stock of Consolidated, of the 802,533 shares of Atlanta's new common stock on the basis of 7 shares of said common stock of Atlanta for each share of preferred issued originally in August 1932 or February 1933 and 5 shares of new common stock of Atlanta for each share of $6 Cumulative preferred stock issued originally in December 1945 (there being only 744 shares of such stock outstanding).

By the terms of Second Plan, Consolidated is to be caused to secure the release of Atlanta's common stock from the lien securing Consolidated's present bank loan (if Atlanta's stock is still subject to such lien) and deliver the certificate or certificates representing the 802,553 shares of such stock, assigned in blank, to an agent to be selected by Central Public, with the approval of the Commission, this agent to act both as distribution agent and as Atlanta's transfer agent. Upon the day following the day of delivery of Atlanta's common stock to said agent, distribution of said stock to the public holders of the preferred stock of Consolidated is to commence and will continue until terminated by the agent. The termination date is to be not earlier than twenty-three months after the date of the original delivery to the agent of the certificates representing Atlanta's common stock nor more than twenty-six months after such delivery. During the period of distribution, the distributing agent, among other things, will hold the shares of Atlanta's common stock not distributed for the account of the owners of $6 Cumulative Preferred Stock of Consolidated other than Central Public; accept the surrender of such $6 Cumulative preferred stock certificates in exchange for Atlanta's common stock; record in the name of each public owner at the time he shall surrender his certificate or certificates with respect to the $6 Cumulative Preferred Stock of Consolidated the number of shares of Atlanta's common stock to which he is entitled and concurrently issue to him a certificate or certificates representing Atlanta's shares so recorded; and deliver the surrendered certificates of $6 Cumulative Preferred Stock of Consolidated to or in accordance with the order of Consolidated or its successor.

Second Plan provides that "not earlier than two years, and not later than twenty-six months after delivery of Atlanta's common stock the distributing agent will sell in such manner and at such price as the agent, if it shall be a bank or trust company shall, in its sole discretion determine, otherwise at public auction or in such different manner as the Commission may permit, all of the then undistributed shares of such common stock." The fund realized from this sale together with any money received from Consolidated (under circumstances hereinafter described) or from Atlanta as dividends applicable to its common stock held by the agent is to become a trust fund for the benefit of the holders of unexchanged shares of preferred stock of Consolidated. Upon presentation of their certificates these holders may receive their pro rata share of the trust fund. The trustee of the fund is to be the distributing agent, if it shall be a bank or trust company, otherwise a bank or trust company to be selected by the agent.

Upon the delivery by Consolidated to the distributing agent of Atlanta's common stock, Consolidated will lose all of its rights and incidents of ownership and the public owners will become and be the beneficial owners of all of the shares of Atlanta's outstanding stock. The public owners of the $6 Cumulative Preferred Stock of Consolidated will lose all of their rights and incidents of ownership of such preferred stock except that they will have the right to receive the shares of Atlanta's common stock and the monies and dividends, if any, to which they are entitled under the provisions of Second Plan. Consolidated's Certificate of Incorporation is to be amended to extinguish all of the shares of its preferred stock excepting only those shares that are owned by Central Public by reducing its authorized and outstanding preferred stock from 400,000 shares and 183,719 shares, respectively, to 68,856 shares.

Prior to delivery to the distributing agent of Atlanta's common stock, Atlanta is to declare and pay to Consolidated current dividends for the period from December 31, 1946 to the date of delivery in an aggregate amount of not less than $450,000. Consolidated will retain for its own use from such dividends the sum of $450,000. In the event that these aggregate current dividends exceed $450,000, then upon delivery of Atlanta's common stock, Consolidated will pay to the distributing agent a sum equal to such excess. The agent will accept and hold such sum for the account of and for distribution to the public owners of Consolidated's $6 Cumulative Preferred Stock.

Furthermore, prior to delivery of Atlanta's common stock, if Atlanta's net tax liability for Federal income and excess profits taxes for the years 1941 through 1945 shall have been finally determined and settled and Atlanta's net liability for such taxes shall not equal or exceed the sum of $881,634.13 (the aggregate of the accruals now on Atlanta's books for such taxes), Atlanta will declare and pay to Consolidated and Consolidated will retain for its own use as a special dividend 50% of the amount by which said accruals plus any tax refund exceed the tax liabilities as so determined and settled. In the event that such special dividend shall not be paid by reason of the fact that Atlanta's liability for Federal income and excess profits tax for the years 1941-1945 inclusive shall not have been finally determined and settled prior to the delivery of Atlanta's common stock, then prior to such delivery, Atlanta will pay to Consolidated $881,634.13 plus an amount equal to all refunds theretofore repaid to Atlanta and it will agree to pay to Consolidated all refunds of such taxes together with interest thereon thereafter repaid to it and Consolidated will agree to pay all now unpaid Federal income and excess profits taxes which shall be payable by Atlanta for the years 1941-1945 inclusive with interest and penalties thereon (Consolidated reserving the right to require Atlanta to contest any tax claims). Furthermore, Consolidated will undertake to indemnify Atlanta for any now unpaid Federal income and excess profits taxes and interest and penalties thereon for said period and to repay to Atlanta upon the settlement of these tax obligations a sum equal to 50% of the total of the sums paid by Atlanta to Consolidated or 50% of the excess of such total over the aggregate amount of Atlanta's taxes as finally determined and paid, whichever shall be the smaller amount.

The effectuation of Second Plan is subject to the following conditions:

(a) The Commission shall have approved Second Plan and transactions embraced therein;

(b) The Commission upon request of applicant shall have instituted a proceeding in a court of competent jurisdiction pursuant to sections 11 (e) and 18 (f) of the act and such court shall have entered a decree or order to enforce and carry out the terms of Second Plan;

(c) The order or orders of the Commission shall recite that the relevant transactions of Second Plan are necessary or appropriate to the integration or simplification of the Holding Company System of which Central Public and Consolidated are parts and necessary or appropriate to effectuate the provisions of section 11 (b), all in accordance with the meaning and requirements of the Internal Revenue Code, as amended, including section 1808 (f) and Supplement R thereof; and

(d) Authorization satisfactory to counsel for Central Public and counsel for Consolidated shall have been given for the carrying out of any provision of Second Plan by any regulatory commission, the consent of which is in the opinion of such counsel legally necessary.

In connection with Second Plan, Central Public undertakes to cause Consolidated to pay all fees, expenses and other remuneration in such amounts as shall be approved by the Commission for services rendered, or expenses incurred or to be incurred in connection with the proceedings before the Commission, having File Nos. 54-40, 59-40 (in so far as such proceedings involve Consolidated) and 54-144 and in connection with Second Plan and the transactions incident thereto.

There are now pending with this Commission consolidated proceedings under sections 11 (b) (1), 11 (b) (2) and 11 (e) of the act, involving the Voting Trustees for the common stock of Central Public, Central Public and Consolidated. These consolidated proceedings bear File Nos. 54–144, 54–40, 59–40, 54–53 and 59–49. It appears to the Commission that the proceedings with respect to Second Plan designated as File No. 54–156 involve questions of law and fact common to the consolidated proceedings now pending with the Commission and that a substantial saving of time and expense will result if the evidence and testimony adduced in said prior consolidated proceedings, are considered in connection with the issues raised by said Second Plan.

It is hereby ordered, That the proceeding under section 11 (e) of the act with respect to Second Plan designated as File No. 54–156 and the pending consolidated proceedings under sections 11 (b) (1), 11 (b) (2) and 11 (e) of the act and embraced in File Nos. 54–144, 54–40, 59–40, 54–53 and 59–49 be, and the same hereby are, consolidated and the records in said prior consolidated proceedings be, and hereby are, incorporated into the record of the proceeding with respect to Second Plan, subject, however, to the Commission's right, upon its own motion or the motion of any interested party, to strike such portion of the record in respect of said consolidated proceeding designated as File Nos. 54–144, 54–40, 59–40, 54–53 and 59–49 as may be deemed irrelevant to the issues raised by said Second Plan.

It is further ordered, That a public hearing be held under the applicable provisions of the act and rules and regulations promulgated thereunder at 10 a. m., e. s. t., on the 21st day of April 1947 at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as may be designated on that day by the Hearing Room Clerk in Room 318 before the Trial Examiner heretofore designated to preside in the prior consolidated proceedings. All persons desiring to be heard or otherwise to participate in the proceedings who are not now parties to the pending proceedings should notify the Commission in the manner provided by Rule XVII of its rules of practice, on or before April 17, 1947.

Notice is hereby given of said consolidated hearing to the above-named applicants and respondents and to all interested persons, said notice to be given to said applicants, respondents, all perons who have participated in the proceedings involving the first Plan of Central Public (File No. 54–144), and to the Public Service Commission of Georgia by registered mail and to all other persons by publication of this notice and order in the FEDERAL REGISTER and by a general release of this Commission, copies of which are to be furnished to the press and mailed to all persons on the Commission's mailing list to receive copies of releases under the Public Utility Holding Company Act of 1935.

It is further ordered, That Central Public and Consolidated give additional notice of said hearing by publication in appropriate form of a notice at least twice at intervals of not less than five days in a newspaper of general circulation in each of the cities of New York, New York, Chicago, Illinois and San Francisco, California, the last publication to occur not later than five days prior to April 21, 1947, and that Consolidated notify its preferred stockholders, to the extent that their addresses are known or are available to Consolidated, by mailing a copy of this notice and order to said security holders not later than ten days prior to April 21, 1947.

It is further ordered, That without limiting the scope of the issues presented in the consolidated proceeding particular attention shall be directed at the hearing, in addition to issues 1 through 10 inclusive, set forth in this Commission's order of April 18, 1946, and published in Holding Company Act Release No. 6562, to the following matters and questions:

1. Whether Second Plan as presently filed, or as it may hereafter be modified, is necessary to effectuate the provisions of section 11 (b) of the act and fair and equitable to all persons affected thereby;

2. Whether the transfer of the new common stock of Atlanta to the public holders of Consolidated's $6 Cumulative Preferred Stock and the allocation in the manner proposed among these preferred stockholders is in all respects fair and equitable to said security holders and if not what apportionment and allocation thereof would be fair and equitable;

3. Generally whether the transactions proposed in Second Plan are in all respects in the public interest and in the interests of investors and consumers and consistent with all applicable requirements of the act and of the rules thereunder, including the proposals as to the following matters:

(a) The reclassification of the common stock of Atlanta in the manner proposed;

(b) The establishment of a distribution agent for the common stock of Atlanta in the manner proposed;

(c) The establishment of a trust fund with respect to the shares of Atlanta common stock not exchanged in the manner proposed; and

(d) The payments of regular and special dividends and the undertaking with respect to Federal income and excess profits taxes in the manner and for the purposes proposed.

4. Whether, and in what manner, Second Plan should be modified to ensure adequate protection of the public interest and the interest of investors and consumers and compliance with all applicable provisions of the act and rules thereunder.

It is further ordered, That jurisdiction be, and it is hereby reserved to separate either for hearing in whole or in part or for determination in whole or in part any issues or questions which may arise in these proceedings or to take such other action as may appear conducive to an orderly, prompt and economic disposition of the matters involved.

By the Commission.

AMERICAN GAS AND ELECTRIC CO. ET AL.

ORDER APPROVING PLAN

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 7th day of April A. D. 1947.

In the matter of American Gas and Electric Company, File No. 54–155; American Gas and Electric Company, Atlantic City Electric Company, Deepwater Operating Company, South Pennsgrove Realty Company, File Nos. 54–9; 59–2.

American Gas and Electric Company ("American Gas"), a registered holding company having filed an application and amendment thereto pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 for approval of a plan providing for the disposition of its interest in its South Jersey System which consists of Atlantic City Electric Company ("Atlantic City"), and its subsidiaries Deepwater Operating Company ("Deepwater"), and South Pennsgrove Realty Company ("South Pennsgrove") by the sale at competitive bidding of 522,416 shares of the common stock of Atlantic City and the disposition of the remaining 627,584 shares of such stock as dividends to the common stockholders of American Gas commencing with the dividend date June 15, 1947, and terminating with the dividend date December 15, 1948; the issuance of scrip certificates in connection with such dividend distribution; the transfer by American Gas to Atlantic City of the note of Pennsgrove in the principal amount of $16,000 for a like amount of cash plus accrued interest; the transfer of certain real estate to Atlantic City by Franklin Real Estate Company, a subsidiary of American Gas; and certain related transactions; and

American Gas having heretofore filed an application for extension of time to comply with the order of the Commission of December 26, 1945, directing it to dispose of its interest in Atlantic City; and

A public hearing having been held on the proposed plan as amended after appropriate notice, and the Commission having considered the record and having this day entered its findings and opinion herein approving said amended plan and the transactions therein; and

The Commission finding that the foregoing transactions are necessary to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935 and are fair and equitable to the persons affected thereby; and

It appearing to the Commission that it is appropriate to grant the extension of time requested by American Gas for compliance with the order of the Commission dated December 26, 1945; and

American Gas having requested that the order of the Commission conform to the requirements of section 1808 (f) and Supplement R of the Internal Revenue Code, as amended, and contain the findings therein specified; and

American Gas having requested that the ten-day minimum period for reception of competitive bids prescribed by

Rule U-50 be reduced to a minimum of eight days:

It is ordered, That pursuant to the applicable provisions of the act and the rules thereunder, the said plan of American Gas as amended, be, and the same hereby is, approved, effective forthwith, subject to the terms and conditions contained in Rule U-24, and subject to the following additional conditions:

(1) That the proposed sale of the common stock of Atlantic City shall not be consummated until the results of competitive bidding pursuant to Rule U-50 shall have been made a matter of record in this proceeding and a further order shall have been entered by this Commission in the light of the record so completed, which order may contain such further terms and conditions as may then be deemed appropriate.

(2) That jurisdiction be reserved with respect to all legal fees and expenses to be paid in connection with said plan.

It is further ordered, That the request of American Gas for an extension of time for compliance with our order of December 26, 1945, be, and the same hereby is, granted; and

It is further ordered, That the ten-day period for reception of bids with respect to the common stock proposed to be sold, prescribed by Rule U-50, be, and the same hereby is reduced to a period of eight days.

It is further ordered and recited, That the transactions proposed in the plan namely, (a) the transfer, pursuant to the sale by American Gas, through competitive bidding, of 522,416 shares of the common stock of Atlantic City; (b) the transfer, pursuant to the distribution by American Gas to its common stockholders in connection with the proposed dividend policy provided in the plan, of 627,584 shares of the common stock of Atlantic City; (c) the issuance by American Gas of scrip certificates for fractions of shares of the common stock of Atlantic City in connection with the proposed dividend policy of American Gas provided in the plan; (d) The transfer to American Gas by the scrip agent upon the termination of the rights of the holders of outstanding scrip certificates of the cash allocable to such scrip certificates, as provided in the plan; and (e) The purchases and sales of scrip certificates and Stock Certificates by the scrip agent in accordance with the plan, are necessary and appropriate to the integration and simplification of the holding company system of which American Gas is a member, and are necessary and appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

By the Commission.

No. 73——4

[File Nos. 59–86, 54–148]

PUBLIC SERVICE CORP. OF NEW JERSEY ET AL.

NOTICE OF FILING OF AMENDMENT TO PLAN AND ORDER RECONVENING HEARINGS IN CONSOLIDATED PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 7th day of April 1947.

In the matter of Public Service Corporation of New Jersey, and its subsidiary companies, and The United Corporation, File No. 59–86; Public Service Corporation of New Jersey, File No. 54–148.

The Commission, on June 12, 1946, entered an order instituting proceedings (File No. 59–86) under sections 11 (b) (1) and 11 (b) (2) of the Public Utility Holding Company Act of 1935 with respect to Public Service Corporation of New Jersey (Public Service), a registered holding company, and all of its subsidiaries, and in said order named The United Corporation (United), also a registered holding company, as party to the proceedings. The proceedings instituted by said order were directed to a determination of what action and steps, if any, are necessary to be taken by United and Public Service and its subsidiaries or by any of them to effectuate compliance by Public Service or any of its subsidiaries with the provisions of sections 11 (b) (1) and 11 (b) (2).

Public Service, on August 15, 1946, filed an application, pursuant to section 11 (e) of the act (File No. 54–148), for approval of a plan stated to effectuate compliance with section 11 (b) of the act. Said plan was previously described in the notice of and order for hearing and consolidation of the proceedings on the plan with those instituted by the Commission under section 11 (b) (Holding Company Act Release No. 6883). The plan provided for its implementation by further amendments regarding chiefly the dividend and conversion rate and number of shares of Preference Common Stock of Public Service's principal utility subsidiary which were proposed to be exchanged for the several classes of Preferred Stock of Public Service upon the dissolution of Public Service. Hearings were held from time to time in connection with said consolidated proceedings and evidence presented. Said hearings were adjourned subject to the call of the trial examiner to afford Public Service opportunity to prepare and file a definitive amendment to said plan.

Notice is hereby given that Public Service has filed an amendment to the above-mentioned and previously described plan. All interested persons are referred to said amended plan, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

Upon completion of the steps hereinafter set forth, Public Service proposes to liquidate and dissolve by transferring its assets to Public Service Electric and Gas Company (Electric and Gas), its principal utility subsidiary, and causing that company to assume the liabilities of Public Service.

(1) Electric and Gas will retire all of its $5 Cumulative Preferred Stock outstanding in the hands of the public by redemption at $110 per share plus accrued dividends.

(2) Electric and Gas will issue $18,195,610 principal amount of unsecured non-callable 50-year 6% Debenture Bonds which will be exchanged, on a dollar for dollar basis, for all the publicly held 6% Perpetual Interest Bearing Certificates of Public Service which are outstanding in like principal amount.

(3) Electric and Gas will reclassify the common stock, all of which is owned by Public Service, into preference common stock and regular common stock. The dividend preference common stock will be limited to cumulative dividends of $1.40 per annum; it will be entitled to a preference over the regular common stock in respect of such dividends and each share of such dividend preference common stock will be convertible (at the option of the holder), during the first three years following the effective date of the plan into one share of regular common stock; during the next succeeding three years into seven-eighths of a share of regular common stock; during the next succeeding years into three-fourths of a share of common stock; and during the following three years into two-thirds of a share of common stock; thereafter the conversion privilege will terminate. Holders of the dividend preference common stock shall have no preemptive rights but in all other respects will have the same rights and privileges as the regular common stock: *Provided, however*, That to effect a voluntary liquidation of the corporation the consent of at least a majority of the dividend preference common stockholders must be obtained.

(4) Public Service will exchange shares of the $1.40 Dividend Preference Common Stock of Electric & Gas for each share of the several classes of preferred stock in the hands of the public on the following bases:

	$1.40 dividend preference common stock
8% cumulative preferred stock	4.5 shares
7% cumulative preferred stock	3.9 shares
6% cumulative preferred stock	3.4 shares
$5 cumulative preferred stock	3.1 shares

For each share of the common stock of Public Service in the hands of the public, there will be exchanged one share of the regular common stock of Electric & Gas and one-tenth of a share of the common stock of South Jersey Gas Company (See paragraph 6 below).

(5) The charter of Public Service Coordinated Transport (Transport) will be amended to reclassify its outstanding 487,479 shares of preferred stock, all of which is owned by Public Service, into a like number of shares of common stock which will be acquired by Electric & Gas upon the dissolution of Public Service. All existing shares of common stock of Transport will be cancelled and the

stated value thereof transferred to capital surplus.

(6) Public Service will cause its subsidiary, The Atlantic City Gas Company (with which company Peoples Gas Company has been merged and to which Public Service has made a capital contribution of $5,000,000, all subsequent to the date of the filing of the original plan), to change its name to The South Jersey Gas Company.

(7) The stock and indebtedness of County Gas Company held by Public Service will be sold or otherwise disposed of by it.

(8) Electric and Gas will restate its Gas Utility Plant and classify $44,744,603 in Utility Plant Acquisition Adjustments—Gas (Account 100.5) and on the effective date of the plan $30,000,000 of such amount will be charged to Capital Surplus and the balance will be amortized at the rate of at least $500,000 a year through charges to Income Deductions, Earned Surplus or Capital Surplus, as the company may elect.

On the effective date of the Plan, Transport will restate its fixed capital account to eliminate $33,296,464 of intangibles by charging $33,216,720 to Capital Surplus (being the amount of such surplus created by the surrender of the common stock) and the balance to Earned Surplus.

(9) Persons entitled to receive Debenture Bonds of Electric & Gas in a principal amount less than $100 or to receive less than a full share of Electric & Gas $1.40 Dividend Preference Common Stock or South Jersey Gas Company common stock will receive transferable scrip in lieu of such fractional interests. Scrip for fractional interests in Debenture Bonds will be redeemed at the principal amount or exchanged for such bonds if presented in units of $100 principal amount or any multiple thereof. Scrip for fractional interests in the foregoing stocks will be exchanged for such stocks when presented in units aggregating one or more full shares.

(10) All exchanges of Perpetual Interest Bearing Certificates, preferred and common stocks of Public Service and exchanges or redemption of Electric & Gas transferable scrip must be made within five years from the effective date of the plan at the expiration of such time such unexchanged or unredeemed securities will be void and of no value.

The consummation of the plan is subject to all necessary approvals by the Board of Public Utility Commissioners of the State of New Jersey, this Commission and the United States Court having jurisdiction with respect thereto.

It appearing to the Commission that the hearings in connection with the consolidated proceedings herein should be reconvened for the purpose of adducing further evidence and affording further opportunity to all interested persons to be heard:

It is ordered, That the hearings in the consolidated proceedings be held on the 27th day of May 1947, at 10:00 a. m., e. d. s. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That any persons not heretofore having appeared in these proceedings and now desiring to be heard or proposing to intervene herein shall file with the Secretary of this Commission, on or before May 23, 1947, his request or application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a Trial Examiner under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the amended plan and that, upon the basis thereof, the following matters and questions are presented for consideration by the Commission without prejudice to its specifying additional matters and questions upon further examination:

(1) What steps are necessary to be taken by United, Public Service and the subsidiaries of Public Service to ensure that the corporate structure, or the continued existence of any company in the holding company system of Public Service does not unduly or unnecessarily complicate the structure of, or unfairly and inequitably distribute the voting power among the security holders, of the holding company system of Public Service or of United.

(2) What action is necessary to be taken by United, Public Service and/or its subsidiaries to limit the operations of the holding company system of Public Service to a single integrated public utility system and such additional utility systems, or other businesses, as are retainable by Public Service under the standards of section 11 (b) (1) of the act.

(3) Whether the proposed Amended Plan, as submitted or as hereafter further amended, is necessary to effectuate the provisions of section 11 (b) of the act.

(4) Whether the proposed Amended Plan, as submitted or as hereafter further amended, is fair and equitable to the persons affected thereby.

(5) Whether the securities proposed to be issued meet the applicable statutory standards, and, in particular, without limiting the generality of such issue, whether the 50-year 6% Debentures and $1.40 Dividend Preference Common Stock proposed to be issued by Electric and Gas (if they will have been authorized by the Board of Public Utility Commissioners of the State of New Jersey) are solely for the purpose of financing the business of Electric and Gas, or if not, whether they meet with applicable standards of section 7.

(6) Whether the sale or other disposition of the County Gas Company can be permitted prior to recapitalizing said company so as to fairly and equitably distribute its voting power among the several classes of its securities.

(7) Whether the proposed acquisition by Electric and Gas of the securities of Transport is in conformity with the standards of section 10, and not detrimental to the carrying out of the provisions of section 11.

(8) Whether the accounts of the several subsidiaries of Public Service as they are proposed to be stated will be in accord with accepted accounting principles and will meet the applicable statutory standards.

(9) Generally, whether the transactions proposed in the Amended Plan comply with all the requirements of the applicable provisions of the act and the rules promulgated thereunder.

(10) What fees and expenses should be paid in connection with the consummation of the Amended Plan and all transactions incidental thereto.

(11) Whether, if the Amended Plan, as proposed or as hereafter further amended, is approved by the Commission, it is appropriate in the public interest or in the interests of investors or consumers that any terms or conditions be imposed in connection with such approval, and, if so, what such terms and conditions should be.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That jurisdiction be reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings or to be consolidated with these proceedings other filings or matters pertaining to the subject matter of these proceedings, and to take such other action as may appear conducive to an orderly, prompt, and economical disposition of the matters involved; and

It is further ordered, That notice of this hearing be given by registered mail to Public Service and its subsidiaries, United, the Board of Public Utility Commissioners of the State of New Jersey, and the Federal Power Commission and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Public Service shall give further notice of this hearing to all its security holders (insofar as the identity of such security holders is known or available to Public Service) by mailing to each of said persons a copy of this notice and order for hearing, to his last known address, at least 30 days prior to the date of this hearing.

By the Commission.

TRUST SHARES OF AMERICA

NOTICE OF MOTION, STATEMENT OF ISSUES AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 8th day of April A. D. 1947.

Notice is hereby given that the Corporation Finance Division of the Commission, having reasonable cause to believe that Trust Shares of America, a unit investment trust registered under the Investment Company Act of 1940 has ceased to do business, liquidated its assets and distributed or set aside the proceeds thereof for distribution to its certificate holders, will move pursuant to section 8 (f) of the act for an order declaring that Trust Shares of America has ceased to be an investment company within the meaning of the act and terminating its registration thereunder.

It appears that Trust Shares of America was terminated on December 31, 1940 in accordance with the terms of the trust agreement dated July 1, 1930, by and between Distributors Guild, Inc., Depositor, and Central Hanover Bank and Trust Company, Trustee, and the holders from time to time of certificates for Trust Shares of America. It appears further that the trustee has liquidated the assets of Trust Shares of America and holds the cash therefrom on deposit in a Termination Account for distribution to certificate holders.

The Corporation Finance Division has advised the Commission that upon preliminary examination, it deems the following issues to be raised without prejudice to the specification of additional issues upon further examination:

(1) Whether Trust Shares of America has ceased to be an investment company within the meaning of the act, and

(2) Whether it is necessary for the protection of investors to condition any order terminating its registration under the act.

It appearing to the Commission that a public hearing is necessary and appropriate:

It is ordered, Pursuant to section 40 (a) of said act, that a public hearing on the aforesaid motion be held on April 24, 1947, at 9:30 a. m., eastern standard time, in Room 318 in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

It is further ordered, That Robert P. Reeder, or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing and any officer or officers so designated to preside at any such hearing is hereby authorized to exercise all of the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to hearing officers under the Commission's rules of practice, as amended.

Notice of such hearing is hereby given to Trust Shares of America, Central Hanover Bank and Trust Company, Distributors Guild, Inc., and to any person or persons whose participation in such proceeding may be necessary or appropriate in the public interest or for the protection of investors. Persons desiring to be heard or otherwise wishing to participate in said proceeding should file with the Secretary of the Commission, on or before April 22, 1947, an application therefor in accordance with the provisions of Rule XVII of the rules of practice of the Commission, as amended, setting forth the matters or issues of law or fact mentioned above which he desires to controvert and any additional issues he deems raised by the proceeding.

By the Commission.

FEDERAL REGISTER

VOLUME 12 NUMBER 74

Washington, Tuesday, April 15, 1947

TITLE 3—THE PRESIDENT

PROCLAMATION 2727

MOTHER'S DAY, 1947

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS it is a felicitous American custom to turn our thoughts anew to the commemoration of motherhood on one day in each year; and

WHEREAS, in recognition of that custom, Public Resolution 25, 63d Congress, approved May 8, 1914, provides that the second Sunday in May of each year shall be designated as Mother's Day, and authorizes and requests the President to issue a proclamation calling for the public observance of that day; and

WHEREAS, in the eloquent words of the resolution, "the service rendered the United States by the American mother is the greatest source of the country's strength and inspiration":

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, hereby direct the officials of the Government to display the flag on all Government buildings on Mother's Day, May 11, 1947, and I call upon the people of the United States to display the flag on that day in their homes and other suitable places and to manifest through private and public expressions the reverent esteem in which we hold the mothers of our country.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 11th day of April, in the year of our Lord nineteen hundred and forty-seven, and of the Independence of the United States of America the one hundred and seventy-first.

[SEAL]

HARRY S. TRUMAN

By the President:

DEAN ACHESON,
Acting Secretary of State.

PROCLAMATION 2728

NATIONAL MARITIME DAY, 1947

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the future peace of the world, so earnestly sought by all, will be immeasurably advanced by the cooperation of the several nations in removing excessive restrictions upon international trade, and the United States has already assumed the lead in the reduction of barriers to world commerce; and

WHEREAS international trade and travel, utilizing merchant shipping on all the oceans of the globe, will serve as a vehicle of increased participation of the United States in world affairs; and

WHEREAS the welfare of the American Merchant Marine is of the utmost importance to our national economy, our national defense, and our friendly intercourse with foreign nations; and

WHEREAS the Congress by Public Resolution 7, 73rd Congress, approved May 20, 1933, took cognizance of the historic fact that "on May 22, 1819, the steamship *The Savannah* set sail from Savannah, Georgia, on the first successful transoceanic voyage under steam propulsion, thus making a material contribution to the advancement of ocean transportation", and requested the President "to issue a proclamation annually calling for the observance of May 22 as National Maritime Day:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon the people of the United States to observe May 22, 1947, as National Maritime Day by displaying the flag at their homes or other suitable places, and I direct that the flag be displayed on that day on all Government buildings. I also request that all ships sailing under the American flag dress ship on that day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

TITLE 14—CIVIL AVIATION

Chapter II—Administrator of Civil Aeronautics, Department of Commerce

PART 550—FEDERAL AID TO PUBLIC AGENCIES FOR DEVELOPMENT OF PUBLIC AIRPORTS

SPONSOR REQUIREMENTS

Acting pursuant to the authority vested in me by the Federal Airport Act (60 Stat. 170; Pub. Law No. 377, 79th Cong.), I hereby amend Part 550 of the regulations of the Administrator of Civil Aeronautics, as follows:

By amending § 550.13 (e) (1) (12 F.R. 145) to read as follows:

§ 550.13 *Sponsor requirements.*

* * *

(e) *Land*—(1) *Property interests required.* The sponsor or a public agency shall have or be in a position to acquire good title satisfactory to the Administrator to all lands which, in the judgment of the Administrator, are necessary for the development of the airport to the class proposed in the current revision of the National Airport Plan; *Provided*, That if title to any of such lands is held by a public agency other than the sponsor, the sponsor shall have such interest therein as, in the opinion of the Administrator, would enable the sponsor to develop, operate, and maintain the airport in accordance with the regulations in this part. Further, the sponsor shall have or be in a position to acquire all easements or other property interests which in the judgment of the Administrator are necessary for the project, and such easements and other property interests as in the judgment of the Administrator may be required for the prevention, abatement, and mitigation of airport hazards, and to permit the flight of aircraft over nearby property, or for drainage, utilities, or ingress to or egress from the airport.

This amendment shall become effective upon publication in the FEDERAL REGISTER.

(60 Stat. 170, Pub. Law 377, 79th Cong.)

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 249—FORMS PRESCRIBED UNDER THE SECURITIES EXCHANGE ACT OF 1934

ANNUAL REPORTS

Amendment No. 12 to the instruction books for Forms 12–K (17 CFR 249.312) and 12A–K (17 CFR 249.312a) for companies making certain annual reports.

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 13 and 23 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors, and necessary for the execution of the functions vested in it by the said act, hereby amends paragraph 3 under the caption "Instructions as to Exhibits" in the Instruction Books for Forms 12–K (17 CFR 249.312) and 12A–K (17 CFR 249.3 12a) to read as follows:

3. Notwithstanding the provisions of paragraph 1, above, any registrant filing a copy of Form A may, if it so desires, file a copy of Form A leaving blank any or all pages, schedules or items except the following:

Schedules 102; 103; 104A, 104B; 108; 109; 110; 200A; 200L; 200A (System) 200L (System) lines 40, 48, 56, 57, 58 and 59 of 211; 212; 213; 217; 218; 221; 222; 224; 251; 251A; 252; 261M; 261E; 261I; 110A; 261P; 263; 282; 283; 285; 286; 287; 288; 289; 291; 292; 295; 300I; 300P; 300D; 300I (System); 300P (System); 310; lines 67, 68, 69, 100, 101, 102, 115, 168, 176, 178, 191, 192, 193 of 320; 321; 350; 371; 371A; 383; 383A; 396; 411; 412; classes 800, 810, 820, 830, 840, 850, 710, 860 of 541; divisions 1, 2 and 801 of 561; group I of 561C; 562; 563; 581; paragraphs 3 and 4 of 591; and verification.

If this privilege is exercised, all applicable instructions of the Interstate Commerce Commission should be followed in filling out the various schedules subject to the provisions of paragraph 4 below.

Since the foregoing amendments merely continue a privilege heretofore granted to issuers reporting on Forms 12–K (17 CFR 249.312) and 12A–K (17 CFR 249.312a) and such issuers are already familiar with the substance of such amendments and are not materially or adversely affected thereby, the Commission finds that the giving of notice and the institution of public rule-making procedure pursuant to section 4 of the Administrative Procedure Act are unnecessary. Since the adoption of the amendments is for the benefit of such issuers, and as they may desire to avail themselves of the privilege granted thereby, the amendment shall become effective April 8, 1947.

(Secs. 13, 23 (a), 48 Stat. 894, 901; 15 U. S. C. 78m, 78w)

PART 112—TAX ON TRANSFERS OF INTERESTS IN SILVER BULLION

INVENTORY REPLACEMENTS

PARAGRAPH 1. Regulations 85 (26 CFR, Part 112) relating to the tax on transfers of interests in silver bullion, but only as prescribed and made applicable to the Internal Revenue Code by Treasury Decision 4887, approved February 11, 1939 (26 CFR, Cum. Supp., Part 112, note) are amended as follows:

Article 85 (c), as amended by Treasury Decision 5298, approved September 22, 1943 (26 CFR 112.85 (c)), is further amended by striking from the last sentence thereof that portion which reads as follows: "and until the date on which the President proclaims the hostilities in the present war have terminated."

PAR. 2. Because the sole purpose of this Treasury decision is to relieve re-

striction, it is found that it is unnecessary to issue such Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

PAR. 3. This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

(Sec. 1805 of the International Revenue Code (53 Stat. 198; 26 U. S. C. 1805))

[SEAL] JOHN W. SNYDER,
Secretary of the Treasury.

Approved: April 4, 1947.

TITLE 30—MINERAL RESOURCES

Chapter VIII—Coal Mines Administration, Department of the Interior

[CMAN Order 16]

APPENDIX TO PART 801—REGULATIONS FOR THE OPERATION OF COAL MINES UNDER GOVERNMENT CONTROL

SAFETY CONDITIONS AND PRACTICES

The Centralia disaster demonstrates that present procedures for safeguarding against explosion are inadequate.

Each operating manager is therefore hereby directed to make immediate review of safety conditions and practices at each mine operated by him. He shall in this connection give detailed consideration to the report of the last Federal coal mine inspection and to the last report of a State inspection of his mine or mines. He shall also promptly consult with and obtain the views of the Union Mine Safety Committee, if any, at his mine or mines.

No mine shall operate for the production of coal on or after April 7, 1947, until the operating manager, or his chief operating representative at the mine, has forwarded to the Area Officer of the Coal Mines Administration a certificate in substantially the following form with respect to each mine:

I, ----------, do hereby certify:

1. I have reviewed the safety conditions and practices at the ---------- mine and have considered the Federal and State inspection reports in regard thereto.

2. The safety conditions and practices at the above mine are not, in my considered judgment, unduly hazardous and I find and determine that there is no imminent danger to the men working in such mine.

(Signed) ----------

By special telegram and letter of this date I have directed that certain hazardous mines remain closed, until certain conditions are fulfilled. The certification with respect to any such mine must contain, in addition, the recommendation of the Mine Safety Committee at that mine that it be reopened, and the chairman or majority of that committee must also sign the certification. If there should be no Mine Safety Committee at the mine, the president of the local union should be consulted and may act in the place of such committee.

N. H. COLLISSON,
Captain, U. S. N. R.,
Coal Mines Administrator.

Chapter II—Corps of Engineers, War Department

PART 203—BRIDGE REGULATIONS

DRAWBRIDGES ACROSS FOX RIVER, GREEN BAY, WISCONSIN

Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U. S. C. 499), § 203.643 is hereby prescribed to govern the operation of city-owned drawbridges across the Fox River at Main Street, Walnut Street, and Mason Street, respectively, Green Bay, Wisconsin:

§ 203.643 *Fox River: city-owned bridges at Main Street, Walnut Street, and Mason Street, Green Bay, Wis.* (a) Except on Sundays and legal holidays, the owner of or agency controlling these bridges will not be required to open the draws from 7:45 a. m. to 8:00 a. m., from 12:00 noon to 12:15 p. m., from 12:50 p. m. to 1:10 p. m., and from 4:55 p. m. to 5:25 p. m.; *Provided*, That the draws shall be opened promptly at all times for the pasage of vessels carrying United States mails, vessels belonging to the United States, vessels of 300 short tons or over cargo capacity engaging in commercial transportation and their attendant towing tugs, and tugs or fire boats when responding to emergency calls.

(b) Except as provided in paragraph (a) of this section, the draws shall be opened promptly upon signals, given by blasts of a horn, steam whistle, or other approved signalling device, as follows: For Main Street bridge, two short blasts followed by one long blast; for Walnut Street bridge, one long blast followed by two short blasts; for Mason Street bridge, one long blast followed by one short blast and one long blast.

(c) In case the draws cannot be opened immediately when the signals are given, a red flag or ball by day, or a red light by night, shall be conspicuously displayed. [Regs. Mar. 21, 1947, 823 (Fox River—Green Bay, Wis.—Main St.)—ENGWR] (28 Stat. 362; 33 U. S. C. 499)

Chapter I—Coast Guard: Inspection and Navigation

Subchapter C—Motorboats, and Certain Vessels Propelled by Machinery Other Than by Steam More Than 65 Feet in Length

PART 24—GENERAL PROVISIONS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in me, the following amendments to the regulations are prescribed and shall become effective upon the date of publication of this document in the FEDERAL REGISTER.

It is hereby found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 238) is unnecessary.

These amendments make editorial changes in the regulations in accordance with Reorganization Plan No. 3 of 1946 and state the purpose for motorboat regulations.

1. Section 24.1 is amended to read as follows:

§ 24.1 *Basis and purpose of regulations.* By virtue of the authority vested in the Commandant of the Coast Guard under section 101 of the Reorganization Plan No. 3 of 1946 (11 F. R. 7875) and the act of April 25, 1940 (54 Stat. 163–167; 46 U. S. C. 526–526t), the regulations in Parts 24 to 28, inclusive, are prescribed to provide minimum safety requirements for both motorboats and certain motor vessels while operating on the navigable waters of the United States in accordance with the intent of the statute and to obtain its correct and uniform administration.

2. Section 24.2 *Application* is amended in paragraph (e) by changing the phrase "a board of local inspectors" to "the Coast Guard."

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 3—RADIO BROADCAST SERVICES

ANNOUNCEMENT OF MECHANICAL REPRODUCTIONS

APRIL 7, 1947.

At a meeting of the Federal Communications Commission held in its offices in Washington, D. C., on March 20, 1947;

The Commission having before it the requests of American Broadcasting Company Inc., and Mutual Broadcasting System, Inc., for a waiver of the requirements of § 3.407 of the Commission's rules and regulations, during the period in which daylight saving time will be in effect, with respect to programs transcribed and broadcast on a delayed basis because of the time differential resulting from the adoption of daylight saving time in some areas;

It appearing, that during the time daylight saving time is effective, the above mentioned network organizations transcribe programs originating in areas on daylight saving time for rebroadcast one hour later in areas where standard time is effective, in order that listeners may continue to receive the programs at the same clock hour at which they received them prior to the effective date of daylight saving time in the place of origin; and

It further appearing, that repeated announcements that such programs are being presented as delayed broadcasts by means of transcription would be burdensome, both to broadcasters and the listening public, and unnecessary if an appropriate announcement were made at least once daily, as has been done under the provisions of waivers hitherto granted in previous years; and

It further appearing, that the promulgation of an amendment to § 3.407 of the rules and regulations would be a more expedient method of handling the situation than the granting of separate, annual waivers of the requirements of said section; and

It further appearing, that, for the reasons set out above, notice of proposed rule making and public procedure thereon, in accordance with section 4 of the Administrative Procedure Act, is unnecessary;

It is ordered, That §3.407 of the Commission's rules and regulations be, and it is hereby, amended by adding a footnote at the end of the first paragraph thereof to read as follows:

[1] During the annual periods in which daylight saving time will be effective, the requirements of this section are waived, with respect to network programs transcribed and rebroadcast one hour later because of the time differential resulting from the adoption of daylight saving time in some areas, upon the following conditions: The waiver is not to be applicable when an individual station makes an off-the-line recording, but is to be applicable only when the off-the-line recording is made by the network itself at one of its key stations, and is for broadcast one hour later by those stations which operate on standard time. Furthermore, each station which broadcasts network programs one hour later in accordance with this waiver shall make an appropriate announcement at least once each day between the hours of 10:00 a. m. and 10:00 p. m., stating that some or all of the network programs which are broadcast by that station are delayed broadcasts by means of transcription. A network organization taking advantage of this waiver should so advise the Commission.

It is further ordered, That, inasmuch as this order relieves a restriction, it shall take effect immediately.

PART 3—RADIO BROADCAST SERVICES

CLASS A STATIONS

APRIL 4, 1947.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 3d day of April 1947;

It appearing, that the demand for Class A FM stations in certain areas makes it necessary to provide a procedure whereby an equitable distribution and maximum utilization of Class A channels can be achieved; and

It appearing, that a policy of reserving for a period of time certain Class A channels appears to be desirable for the above purpose; and

It appearing, that general notice of proposed rule making to effect a reservation of Class A channels has been published in accordance with section 4 (a) of the Administrative Procedure Act under date of January 16, 1947; and

It appearing, that no statements or briefs have been submitted;

It is ordered, That a new paragraph (d) be added to § 3.203 (11 F. R. 7745) of Part 3, Subpart B of the Commission's rules and regulations as follows:

§ 3.20 *Class A stations.* * * *

(d) No assignments will be made on Channels 297, 298, 299 and 300 until July 1, 1947.

It is further ordered, That § 3.203 (d) shall become effective immediately. The public interest will be served by having § 3.203 (d) become effective immediately since such an action will provide for the maximum benefits of the proposed reservation of Class A FM channels.

TITLE 50—WILDLIFE

Chapter III—International Fisheries Commission

PART 301—PACIFIC HALIBUT FISHERIES

Regulations of the International Fisheries Commission adopted pursuant to the Pacific Halibut Fishery Convention between the United States of America and the Dominion of Canada, signed January 29, 1937.

Sec.

301.1 Regulatory areas.
301.2 Limit of catch in each area.
301.3 Length of closed season.
301.4 Issuance of licenses and conditions limiting their validity.
301.5 Retention of halibut taken with other fish under permit.
301.6 Issuance of permits and conditions limiting their validity.
301.7 Statistical return by vessels.
301.8 Statistical return by dealers.
301.9 Closed small halibut grounds.
301.10 Dory gear prohibited.
301.11 Nets prohibited.
301.12 Retention of tagged halibut.
301.13 Responsibility of master.
301.14 Supervision of unloading and weighing.
301.15 Previous regulations superseded.

AUTHORITY: §§ 301.1 to 301.15, inclusive, issued under 50 Stat. 1351.

§ 301.1 *Regulatory areas.* (a) Convention waters which include the territorial waters and the high seas off the western coasts of Canada and the United States of America including the southern as well as the western coasts of Alaska, shall be divided into the following areas, all directions given being magnetic unless otherwise stated.

(b) Area 1A shall include all convention waters southeast of a line running northeast and southwest through Cape Blanco Light, as shown on Chart 5952, published in February 1935, by the United States Coast and Geodetic Survey, which light is approximately latitude 42°50'14" N., longitude 124°33'45" W.

(c) Area 1B shall include all convention waters between Area 1A and a line running northeast and southwest through Willapa Bay Light on Cape Shoalwater, as shown on Chart 6185, published in July 1939, by the United States Coast and Geodetic Survey, which light is approximately in latitude 46°43'17" N., longitude 124°04'15" W.

(d) Area 2 shall include all convention waters off the coasts of the United States of America and of Alaska and of the Dominion of Canada between Area 1B and a line running through the most westerly point of Glacier Bay, Alaska, to Cape Spencer Light as shown on Chart 8304, published in June, 1940, by the United States Coast and Geodetic Survey, which light is approximately latitude 58°11'57" N., longitude 136°38'18" W., thence south one-quarter east and is exclusive of the areas closed to all halibut fishing in § 301.9.

(e) Area 3 shall include all the convention waters off the coast of Alaska that are between Area 2 and a straight line running from the light on Cape Kabuch at the head of Ikatan Bay as shown on Chart 8701 published in February, 1943, by the United States Coast and Geodetic Survey which light is approximately latitude 53°49'03" N., longitude 163°21'42" W., thence to Cape Sarichef Light at the western end of Unimak Island as shown on Chart 8860 published in December, 1942, (12th Edition) by the United States Coast and Geodetic Survey which light is approximately latitude 54°36'00" N., longitude 164°55'45" W., thence true west.

(f) Area 4 shall include all convention waters in Bering Sea which are not included in Area 3.

§ 301.2 *Limit of catch in each area.* (a) The catch of halibut to be taken during the halibut fishing season of the year 1947 from Area 2 shall be limited to approximately 24,500,000 pounds of salable halibut, and from Area 3 to approximately 28,000,000 pounds of salable halibut, and from Area 4 to approximately 500,000 pounds of salable halibut, the weights in each or any such limit to be computed as with heads off and entrails removed.

(b) The catch of halibut to be taken from each area during the halibut fishing season of the year 1947 shall also be limited to halibut which with the head on are 26 inches or more in length as measured from the tip of the lower jaw to the extreme end of the middle of the tail or to halibut which with the head off and entrails removed are 5 pounds or more in weight, and the possession of any halibut of less than the above length or the above weight, according to whether the head is on or off, by any vessel or by any master or operator of any vessel or by any person, firm, or corporation, is prohibited.

(c) The International Fisheries Commission shall as early in the said year as is practicable determine the date on which it deems each limit of catch defined in paragraph (a) of this section will be attained, and the limit of each such catch shall then be that which shall be taken prior to said date, and fishing for or catching of halibut in the area or areas to which such limit applies shall at that date be prohibited until after the end of the closed season as defined and modified in § 301.3, except as provided in § 301.5 and in Article I of the Convention, and *Provided*, That if it shall at any time become evident to the International Fisheries Commission that the limit will not be reached by such date, it may substitute another date.

§ 301.3 *Length of closed season.* (a) Under the authority of Article I of the aforesaid Convention the closed season as therein defined shall be modified so as to end at 12 midnight of the 30th day of April of the year 1947 and of each year thereafter and shall begin at 12 midnight of the 30th day of November of each year unless an earlier date is determined upon for any area under the provisions of paragraph (b) of this section.

(b) Under authority of Article I of the Convention, the closed season as therein defined shall begin in each area on the date on which the limit is reached as provided in paragraph (c) of § 301.2 and the closing of such area or areas shall be taken to have been duly approved unless before the said date either the President of the United States of America or the Governor General of Canada shall have signified his disapproval (the burden of proving any such signification being upon the person alleging it): *And provided*, That the closing date of Area 2 or of Area 3, whichever shall be later, shall apply to Areas 1A and 4, unless Area 4 shall have been previously closed under this section, and that the closing date of Area 2 shall apply to Area 1B.

(c) Nothing contained in the regulations in this part shall prohibit the fishing for species of fish other than halibut or prohibit the International Fisheries Commission from conducting fishing operations as provided for in Article I of the Convention.

§ 301.4 *Issuance of licenses and conditions limiting their validity.* (a) All vessels of any tonnage which shall fish for halibut in any manner or hold halibut in possession in any area, or which shall transport halibut otherwise than as a common carrier documented by the Government of the United States or of Canada for the carriage of freight, must be licensed by the International Fisheries Commission; *Provided*, That vessels of less than five net tons or vessels which do not use set lines need not be licensed unless they shall require a permit as provided in § 301.5.

(b) Each vessel licensed by the International Fisheries Commission shall carry on board at all times while at sea the halibut license thus secured whether it is validated for halibut fishing or endorsed with a permit as provided in § 301.6 and this license shall at all times be subject to inspection by authorized officers of either of said Governments or by representatives of the International Fisheries Commission.

(c) The halibut license shall be issued without fee by the customs officers of either of said Governments or by representatives of the International Fisheries Commission or by fishery officers of either of said Governments at places where there are neither customs officers nor representatives of the International Fisheries Commission. A new license may be issued by the officer accepting statistical return at any time to vessels which have furnished proof of loss of the license form previously issued, or when there shall be no further space for record thereon, providing the receipt of statistical return shall be shown on the new form for any halibut or other species taken during or after the voyage upon which loss occurred. The old license form shall be forwarded in each case to the International Fisheries Commission.

(d) The halibut license of any vessel shall be validated before departure from port for each halibut fishing operation for which statistical returns are required. This validation of a license shall be by customs officers or by fishery officers of either of said Governments when available at places where there are no customs officers and shall not be made unless the area in which the vessel will fish is entered on the license form and unless the provisions of § 301.7 have been complied with for all landings and all fishing operations since issue of the license: *Provided*, That if the master or operator of any vessel shall fail to comply with the provisions of § 301.7, the halibut license of such vessel may be validated by customs officers upon evidence either that there has been a judicial determination of the offense or that the laws prescribing penalties therefor have been complied with, or that the said master or operator is no longer responsible for, nor sharing in, the operations of said vessel.

(e) The halibut license of any vessel fishing for halibut in Area 1A as defined in § 301.1 after the closure of Areas 1B and 2 must be validated at a port or place within Area 1A prior to each such fishing operation.

(f) No halibut license shall be validated for departure for halibut fishing in Areas 1A or 1B or 2 more than three days, and in Areas 3 or 4 more than five days before the end of the closed season as defined in § 301.3 (a).

(g) No halibut license shall be valid for halibut fishing in more than one area, as defined in § 301.1, during any one trip nor shall it be revalidated for halibut fishing in another such area while the vessel has any halibut on board.

(h) The halibut license shall not be valid for halibut fishing in any area closed to halibut fishing or for the possession of halibut in any area closed to halibut fishing except while in actual transit to or within a port of sale.

(i) The halibut license shall not be valid for halibut fishing in any area while a permit endorsed thereon is in effect, nor shall it be validated while halibut taken under such permit is on board.

(j) The halibut license of any vessel shall not be valid for the possession of any halibut in any area other than that for which validated, if such vessel is in possession of baited gear, except in those waters included within a twenty-five mile radius of Cape Spencer Light, Alaska.

§ 301.5 *Retention of halibut taken with other fish under permit.* (a) There may be retained for sale on any vessel which shall have a permit as provided in § 301.6 such halibut as is caught incidentally to fishing by that vessel in any area that is closed to halibut fishing under § 301.2 with set lines (of the type commonly used in the Pacific Coast halibut fishery) for other species, not to exceed at any time one pound of halibut for each seven pounds of salable fish, actually utilized, of other species not including salmon or tuna, and such halibut may be sold as the catch of said vessel, the weight of all fish to be computed as with heads off and entrails removed: *Provided*, That it shall not be a violation of this section for any such vessel to have in possession halibut in addition to the amount herein allowed to be sold if such additional halibut shall not exceed thirty percent of such amount and shall be forfeited and surrendered at the time of landing as provided in paragraph (d) of this section.

(b) The catch of halibut taken and retained under such permit shall be limited to halibut which with the head on are 26 inches or more in length as measured from the tip of the lower jaw to the extreme end of the middle of the tail or to halibut which with the head off and entrails removed are 5 pounds or more in weight, and the possession of any halibut of less than the above length or the above weight, according to whether the head is on or off, by any vessel or by any master or operator of any vessel or by any person, firm or corporation, is prohibited.

(c) Halibut retained under such permit shall not be landed or otherwise removed or be received by any person, firm or corporation from the catching vessel until all halibut on board shall have been reported to a customs, fishery or other authorized enforcement officer of either of said Governments by the captain or operator of said vessel and also by the person, firm or corporation receiving the halibut, and no halibut or other fish shall be landed or removed or be received from the catching vessel except with the permission of said officer and under such supervision as the said officer may deem advisable.

(d) Halibut retained under such permit shall not be purchased or held in possession by any person other than the master, operator or crew of the catching vessel in excess of the proportion allowed in paragraph (a) of this section until such excess whatever its origin shall have been forfeited and surrendered to the customs, fishery or other authorized officers or either of said Governments. In forfeiting such excess, the vessel shall be permitted to surrender any part of its catch of halibut; *Provided*, That the amount retained shall not exceed the proportion herein allowed.

(e) Permits for the retention and landing of halibut in the year 1947 shall become invalid at 12 midnight of the 15th day of November of said year or at such earlier date as the International Fisheries Commission shall determine.

§ 301.6 *Issuance of permits and conditions limiting their validity.* (a) Any vessel which shall be used in fishing for other species than halibut in any area closed to halibut fishing under § 301.2 must have a halibut license and a permit if it shall retain, land or sell any halibut caught incidentally to such fishing or possess any halibut of any origin during such fishing, as provided in § 301.5.

(b) The permit shall be shown by endorsement of the issuing officer on the face of the halibut license form held by said vessel and shall show the area for which the permit is issued.

(c) The permit shall terminate at the time of first landing thereafter of fish of any species and a new permit shall be secured before any subsequent fishing operation for which a permit is required.

(d) A permit shall not be issued to any vessel which shall have halibut on board taken while said vessel was licensed to fish in an open area unless such halibut shall be considered as taken under the issued permit and is thereby subject to forfeiture when landed if in excess of the proportion permitted in paragraph (a) of § 301.5.

(e) A permit shall not be issued to, or be valid if held by, any vessel which shall fish with other than set lines of the type commonly used in the Pacific coast halibut fishery.

(f) The permit of any vessel shall not be valid unless the permit is granted before departure from port for each fishing operation for which statistical returns are required. This granting of a permit shall be by customs officers or by fishery officers of either of said Governments when available at places where there are no customs officers and shall not be made unless the area in which the vessel will fish is entered on the halibut license form and unless the provisions of § 301.7 have been complied with for all landings and all fishing operations since issue of the license or permit: *Provided*, That if the master or operator of any vessel shall fail to comply with the provisions of § 301.7, the permit of such vessel may be granted by customs officers upon evidence either

that there has been a judicial determination of the offense or that the laws prescribing penalties therefor have been complied with, or that the said master or operator is no longer responsible for, nor sharing in, the operations of said vessel.

(g) The permit of any vessel shall not be valid if said vessel shall have in its possession at any time halibut in excess of the amount allowed under paragraph (a) of § 301.5.

§ 301.7 *Statistical return by vessels.* (a) Statistical return as to the amount of halibut taken during fishing operations must be made by the master or operator of any vessel licensed under the regulations in this part and as to the amount of halibut and other species by the master or operator of any vessel operating under permit as provided for in §§ 301.5 and 301.6, within 48 hours of landing, sale or transfer of halibut or of first entry thereafter into a port where there is an officer authorized to receive such return.

(b) The statistical return must state the port of landing and the amount of each species taken within the area defined in the regulations in this part, for which the vessel's license is validated.

(c) The statistical return must include all halibut landed or transferred to other vessels and all halibut held in possession on board and must be full, true and correct in all respects herein required. A copy of such return must be forwarded to the International Fisheries Commission at such times as the latter shall require.

(d) The master or operator and/or any person engaged on shares in the operation of any vessel licensed or holding a permit under the regulations in this part may be required by the International Fisheries Commission or by any officer of either of said Governments authorized to receive such return to certify to its correctness to the best of his information and belief and to support the certificate by a sworn statement. Validation of a halibut license or issuance of a permit after such sworn return is made shall be provisional and shall not render the license or permit valid in case the return shall later be shown to be false or fraudulently made.

(e) The master or operator of any vessel holding a license or permit under the regulations in this part shall keep an accurate log of all fishing operations including therein date, locality, amount of gear used, and the amount of halibut taken daily in each such locality. This log record shall be open to inspection of representatives of the International Fisheries Commission authorized for this purpose.

(f) The master, operator and/or any other person engaged on shares in the operation of any vessel licensed under the regulations in this part may be required by the International Fisheries Commission or by any officer of either of said Governments to certify to the correctness of such log record to the best of his information and belief and to support the certificate by a sworn statement.

§ 301.8 *Statistical return by dealers.* (a) All persons, firms or corporations that shall buy halibut or receive halibut for any purpose from fishing or transporting vessels or other carrier shall keep and on request furnish to customs officers or to any enforcing officer of either of said Governments or to representatives of the International Fisheries Commission, records of each purchase or receipt of halibut, showing date, locality, name of vessel, person, firm or corporation purchased or received from and the amount in pounds according to trade categories of the halibut and other species landed with the halibut.

(b) All persons, firms, or corporations receiving fish from a vessel fishing under permit as provided in § 301.5 shall within 48 hours make to an authorized enforcing officer of either of said Governments a signed statistical return showing the date, locality, name of vessel received from, and the amount of halibut and of other species landed with the halibut and certifying that permission to receive such fish was secured in accordance with paragraph (c) of § 301.5. Such persons, firms, or corporations may be required by any officer of either of said Governments to support the accuracy of the above signed statistical return with a sworn statement.

(c) All records of all persons, firms, or corporations concerning the landing, purchase, receipt, and sale of halibut and other species landed therewith shall be open at all times to inspection of any enforcement officer of either of said Governments or of any authorized representative of the International Fisheries Commission. Such persons, firms, or corporations may be required to certify to the correctness of such records and to support the certificate by a sworn statement.

(d) The possession by any person, firm, or corporation of halibut which such person, firm, or corporation knows to have been taken by a vessel without a valid halibut license or a vessel without a permit when such license or permit is required, is prohibited.

§ 301.9 *Closed small halibut grounds.* (a) The following areas have been found to be populated by small, immature halibut and are hereby closed to all halibut fishing and the possession of halibut of any origin is prohibited therein during fishing for other species.

(b) First, that area in the waters off the coast of Alaska within the following boundary as stated in terms of the magnetic compass unless otherwise indicated: from the north extremity of Cape Ulitka, Noyes Island, approximately latitude 55°33'48" N., longitude 133°43'35" W., to the south extremity of Wood Island, approximately latitude 55°39'44" N., longitude 133°42'29" W.; thence to the east extremity of Timbered Islet, approximately latitude 55°41'47" N., longitude 133°47'42" W.; thence to the true west extremity of Timbered Islet, approximately latitude 55°41'46" N., longitude 133°48'01" W.; thence southwest three-quarters south sixteen and five-eights miles to a point approximately latitude 55°34'46" N., longitude 134°14'40" W.; thence southeast by south twelve and one-half miles to a point approximately latitude 55°22'23" N., longitude 134°12'48" W.; thence northeast thirteen and seven-eights miles to the southern extremity of Cape Addington, Noyes Island, latitude 55°26'11" N., longitude 133°49'12" W.; and to the point of origin on Cape Ulitka. The boundary lines herein indicated shall be determined from Chart 8157, as published by the United States Coast and Geodetic Survey at Washington, D. C., in June 1929, and Chart 8152, as published by the United States Coast and Geodetic Survey at Washington, D. C., in March 1933, and reissued March 1939, except for the point of Cape Addington which shall be determined from Chart 8158, as published by the United States Coast and Geodetic Survey in December, 1923, *Provided*, That the duly authorized officers of the United States of America may at any time place a plainly visible mark or marks at any point or points as nearly as practicable on the boundary line defined herein, and such mark or marks shall thereafter be considered as correctly defining said boundary.

(c) Second, that area lying in the waters off the north coast of Graham Island, Brtish Columbia, within the following boundary: from the northwest extremity of Wiah Point, latitude 54° 06' 50" N., longitude 132° 19' 18" W., true north five and one-half miles to a point approximately latitude 54° 12' 20" N., longitude 132° 19' 18" W.; thence true east approximately sixteen and three-tenths miles to a point which shall lie northwest (according to magnetic compass at any time) of the highest point of Tow Hill, Graham Island, latitude 54° 04' 24" N., longitude 131° 48' 00" W.; thence southeast to the said highest point of Tow Hill. The points on the shoreline of the above mentioned island shall be determined from Chart 3754, published at the Admiralty, London, April 11, 1911: *Provided*, That the duly authorized officers of the Dominion of Canada may at any time place a plainly visible mark or marks at any point or points as nearly as practicable on the boundary line defined herein, and such marks shall thereafter be considered as correctly defining said boundary.

§ 301.10 *Dory gear prohibited.* The use of any hand gurdy or other appliance in hauling halibut gear by hand power in any dory or small boat operated from a vessel licensed under the regulations in this part is prohibited in all convention waters.

§ 301.11 *Nets prohibited.* It is prohibited to retain halibut taken with a net of any kind or to have in possession any halibut while using any net or nets other than bait nets for the capture of other species of fish, nor shall any license or permit held by any vessel under the regulations in this part be valid during the use or possession on board of any net or nets other than bait nets which are utilized for no other purpose than the capture of bait for said vessel.

§ 301.12 *Retention of tagged halibut.* Nothing contained in the regulations in this part shall prohibit any vessel at any time from retaining and landing any halibut which bears an International Fisheries Commission tag at the time of capture, *Provided*, That such halibut with the tag still attached is reported at the time of landing to representatives of the International Fisheries Commission or to enforcement officers of either of said Governments and is made available to them for examination.

§ 301.13 *Responsibility of master.* Wherever in the regulations in this part any duty is laid upon any vessel, it shall be the personal responsibility of the master or operator of said vessel to see that said duty is performed and he shall personally be responsible for the performance of said duty. This section shall not be construed to relieve any member of the crew of any responsibility with which he would otherwise be chargeable.

§ 301.14 *Supervision of unloading and weighing.* The unloading and weighing of the halibut of any vessel licensed or holding a permit under the regulations in this part shall be under such supervision as the customs or other authorized officer may deem advisable in order to assure the fulfillment of the provisions of the regulations in this part.

§ 301.15 *Previous regulations superseded.* The regulations in this part shall supersede all previous regulations adopted pursuant to the Convention between the United States of America and the Dominion of Canada for preservation of the halibut fishery of the northern Pacific Ocean and Bering Sea, signed January 29, 1937, except as to offenses occurring prior to the approval of the regulations in this part. This part shall be effective as to each succeeding year, with the dates herein specified changed accordingly, until superseded by subsequently approved regulations. Any determination made by the International Fisheries Commission pursuant to the regulations in this part shall become effective immediately.

LUISE ADELHELM AND ANNA PFAFF

In re: Guardianship estate of Luise Adelhelm, an incompetent person, and real property owned by Anna Pfaff. File F-28-9100; E. T. sec. 1289.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, Vesting Order 3329, dated March 18, 1944, as affirmed by § 500.41, as amended, of the rules, Office of Alien Property, Department of Justice (11 F. R. 14155), is hereby amended to read as follows:

It is hereby found:

1. That Luise Adelheim and Anna Pfaff, whose last known addresses are Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That all property and estate of any nature whatsoever of the aforesaid Luise Adelheim, an incompetent person, which includes but is not limited to: A one-half (½) interest in and to the real property situated in the City and County of Philadelphia, Pennsylvania, particularly described in Exhibit A, attached hereto and by reference made a part hereof,

is property payable or deliverable to, or claimed by, Luise Adelheim, the aforesaid national of a designated enemy country (Germany);

3. That the property described in subparagraph 2 hereof is in the process of administration by the Liberty Title and Trust Company, acting under the judicial supervision of the Court of Common Pleas, Philadelphia County, Pennsylvania;

4. That the remaining one-half (½) interest in and to the real property situated in the City and County of Philadelphia, Pennsylvania, particularly described in said Exhibit A, is property within the United States owned or controlled by Anna Pfaff, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

5. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it having been and being deemed necessary in the national interest.

There is hereby vested the property described in subparagraphs 2 and 4 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein and in said Vesting Order 3329 shall have and had the meanings prescribed in section 10 of Executive Order 9095, as amended by Executive Order 9193.

Executed at Washington, D. C., on March 31, 1947.

For the Attorney General.

[Vesting Order 8611]

EARNEST RUDOLF CARL WANAERKE

In re: Estate of Earnest Rudolf Carl Wanaerke, deceased. File D-28-9791; E. T. sec. 13760.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Robert Ruppricht, Auguste Kleinander, Ferdinand Ruppricht, Ernestine Scharf, whose last known addresses are Germany, are residents of Germany and are nationals of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the persons named in subparagraph 1 hereof in and to the estate of Earnest Rudolph Carl Wanaerke, deceased, is property payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country (Germany);

3. That such property is in the process of administration by County Treasurer of Monroe County, as depositary, acting under the judicial supervision of the Surrogate's Court, Monroe County, New York;

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 31, 1947.

For the Attorney General.

CIVIL AERONAUTICS BOARD

[Docket No. 2635]

SKYLINE, INC.

NOTICE OF HEARING

In the matter of the non-certificated operation of Skyline, Inc.

The proceeding was initiated by an order of the Board dated November 14, 1946 (Serial No. E-97), directing Skyline, Inc., to show cause why it should not be ordered to cease and desist from engaging in scheduled air transportation in violation of sections 401 (a) and 610 (a) (4) and each thereof, of the Civil Aeronautics Act of 1938, as amended.

Notice is hereby given that pursuant to sections 401 (a), 610 (a) (4), 1001, 1002 (b) and (c) of the Civil Aeronautics Act of 1938, as amended, the said proceeding be and it is hereby designated for public hearing on April 30, 1947, 10:00 a. m., (eastern standard time) in Room 1302 Temporary Building "T" between 12th and 14th Streets NW., on Constitution Avenue, Washington, D. C., before Examiner R. Vernon Radcliffe.

Without limiting the scope of the issues presented by this proceeding particular attention will be directed to the following matters and questions:

1. Is respondent an "air carrier" engaged in "air transportation" within the meaning of the Civil Aeronautics Act of 1938, as amended, and accordingly subject to the provisions of such act?

2. If respondent is an "air carrier" engaged in "air transportation" do its past and present operations in air transportation fall within those non-certificated operations authorized by § 292.1 of the Board's economic regulations?

3. Whether the Board should issue an order that respondent cease and desist from engaging in scheduled air transportation in violation of sections 401 (a) and 610 (a) (4) of the Civil Aeronautics Act of 1938, as amended?

Dated at Washington, D. C., April 10, 1947.

By the Civil Aeronautics Board.

STEPHENS BROADCASTING CO. OF WDSU [1]

PUBLIC NOTICE CONCERNING PROPOSED ASSIGNMENT OF LICENSE

The Commission hereby gives notice that on April 3, 1947 there was filed with it an application (BAL-596) for its consent under section 310 (b) of the Communications Act to the proposed assignment of license of Stephens Broadcasting Company, licensee of WDSU, New Orleans, Louisiana from Stephens Broadcasting Company to International City Broadcasting Corporation. The proposal to assign the license arises out of contracts of February 26, 1947 pursuant to which E. A. Stephens and H. G. Wall have agreed to sell their 77½% partnership interest in the assets of Stephens Broadcasting Company to William I. Spiegelberg and associates for a total consideration of $581,250 in cash (representing the 77½% of the agreed valuation of $750,000 for 100% of said assets). Under separate agreement entered into between Spiegelberg and associates and Fred Weber (presently owner of 22½% partnership interest in Stephens Broadcasting Company) Weber agrees to exchange his 22½% partnership interest in Stephens Broadcasting Company for a 33% stock interest in and a $43,750 debenture bond interest in and a five year employment contract with corporation to be known as International City Broadcasting Corporation which will acquire all the assets and licenses of Stephens Broadcasting Company. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

On July 25, 1946, the Commission adopted § 1.388 (known as § 1.321 effective September 11, 1946) which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application. Pursuant thereto the Commission was advised by application on April 8, 1947, that starting on April 7, 1947, notice of the filing of the application would be inserted in a newspaper of general circulation at New Orleans, Louisiana, in conformity with the above rule.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from April 7, 1947, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

[Docket No. G-500]

NORTHERN NATURAL GAS CO.

ORDER FIXING DATE OF HEARING

Upon consideration of the application filed March 14, 1947, in Docket No. G-500, by Northern Natural Gas Company (Applicant), a Delaware corporation with its principal place of business at Omaha, Nebraska, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate the following described natural-gas pipe-line facilities subject to the jurisdiction of the Federal Power Commission:

4,508 feet of 4½-inch O. D. branch pipe line extending from a point of connection with Applicant's 20-inch main pipe line to the Nebraska Ordnance Plant near Mead, Nebraska, and a measuring station at the end of such branch line, located in Sections 14 and 15, Township 14 North, Range 8 East, Saunders County, Nebraska.

It appearing to the Commission that:

(a) Applicant proposes the construction and operation of the above described facilities for the purpose of delivery and sale by Applicant of the entire gas requirements of the Nebraska Ordnance Plant near Mead, Nebraska; [1] and

(b) This proceeding is a proper one for disposition under the provisions of Rule 32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure (effective September 11, 1946), Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on April 4, 1947 (12 F. R. 2281);

The Commission, therefore, orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure (effective September 11, 1946), a hearing be held on the 30th day of April 1947, at 9:50 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters of fact and law asserted in the application filed in the above entitled proceedings; *Provided, however*, If no request to be heard, protest or petition to intervene, raising in the judgment of the Commission an issue of substance, has been filed or allowed prior to the conclusion of the hearing provided for herein, the Commission may then forthwith dispose of the proceeding by order upon consideration of the application and the evidence filed therewith and incorporated in the record of the proceeding, together with such additional evidence as may be available or as the Commission may require to be filed and incorporated in the record for its consideration.

(B) Interested State Commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure (effective September 11, 1946).

Date of issuance: April 9, 1947.

[Docket No. G-886]

COLORADO INTERSTATE GAS CO.

ORDER SUSPENDING RATE SCHEDULE

It appears to the Commission that:

(a) Colorado Interstate Gas Company (Colorado Interstate) on March 20, 1947, filed with the Commission an agreement dated December 4, 1946, between Colorado Interstate Gas Company and Public Service Company of Colorado designated by the Commission as Rate Schedule FPC No. 11, together with a letter agreement dated March 14, 1947, between the above said parties designated by the Commission as Supplement No. 1 to Rate Schedule FPC No. 11.

(b) The aforesaid rate schedule and supplement purport to cancel and supersede the existing rate schedule, as supplemented, of Colorado Interstate, designated as Colorado Interstate Gas Company Rate Schedule FPC No. 1, pertaining to the sale of natural gas by Colorado Interstate to Public Service Company of Colorado.

(c) Rate Schedule FPC No. 11 and Supplement No. 1 referred to in paragraph (a) above do not change the rates to be charged, and said Rate Schedule FPC No. 11 and Supplement No. 1 provide that the rates contained in schedules on file with the Commission and lawfully in effect from time to time shall be filed as a supplement or supplements to said Rate Schedule FPC No. 11.

(d) Rate Schedule FPC No. 11 and Supplement No. 1 referred to in paragraph (a) above provide that Public Service Company of Colorado, as Buyer, for a period of 20 years shall take and purchase from Colorado Interstate, subject to certain qualifications not here material, the entire amount of gas required by said Public Service Company of Colorado to supply its consumers in the area of service defined therein whether now or hereafter connected to its distribution facilities.

(e) Supplement No. 1 referred to in paragraph (a) above provides that Rate Schedule FPC No. 11 is to be made effective as of February 14, 1947, as the beginning date of the primary twenty-year period of Rate Schedule FPC No. 11.

(f) The proposed conditions of service of said Rate Schedule FPC No. 11 and Supplement No. 1, as noted in paragraph (d) above, may be inconsistent with the public interest and place an undue burden upon the ultimate consumers of natural gas, and, may be unjust and unreasonable and, therefore, unlawful.

(g) Unless suspended by order of the Commission, or otherwise ordered by the Commission, the aforesaid Rate Schedule FPC No. 11 and Supplement No. 1 thereto will become effective on April 20, 1947.

The Commission finds:

It is necessary, desirable, and in the public interest that a public hearing be held concerning the lawfulness of the proposed conditions of service set forth in the rate schedule and supplement filed by Colorado Interstate Gas Company, referred to in paragraph (a) above, and that said rate schedule and supplement be suspended pending hearing and decision thereon.

The Commission orders that:

(A) A public hearing be held on a date and at a place to be fixed by further order of the Commission respecting the matters involved and the issues presented concerning the lawfulness of the proposed conditions of service set forth in Rate Schedule FPC No. 11 and Supplement No. 1 of Colorado Interstate Gas Company referred to in paragraph (a) above.

(B) Pending such hearing and decision thereon, Rate Schedule FPC No. 11 and Supplement No. 1 filed by Colorado Interstate Gas Company, referred to in paragraph (a) above, in so far as such Rate Schedule and Supplement provide for the sale of natural gas other than for resale for industrial use only, be and they hereby are suspended until September 20, 1947, and until such time thereafter as said Rate Schedule and Supplement shall be made effective in the manner prescribed by the Natural Gas Act.

(C) During the period of suspension Colorado Interstate Gas Company Rate Schedule FPC No. 1, as supplemented, shall remain in full force and effect.

(D) Interested State commissions may participate in said hearing as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) in the Commission's rules of practice and procedure (effective September 11, 1946).

Date of issuance: April 9, 1947.

[Project No. 16]

NIAGARA FALLS POWER CO.

ORDER SETTING ORAL ARGUMENT ON VALIDITY OF CLAIMED WATER RIGHTS AND ON APPLICATION FOR AMENDMENT OF LICENSE

Upon application filed February 17, as supplemented March 20, 1947, by The Niagara Falls Power Company, licensee, for Project No. 16 located along the Niagara River at Niagara Falls, New York, for amendment of the license to include certain alleged water rights to be acquired from Buffalo Niagara Electric Corporation;

(1) The licensee proposes to acquire from Buffalo Niagara Electric Corporation (Buffalo Niagara) certain alleged rights to take and withdraw from the Hydraulic Basin of the licensee operated as a part of Project No. 16 and to use under a head not exceeding 100 feet 262.6 cubic feet per second of water and to pay therefor the amount of $728,415.48 which it states is the original cost of said water rights to Niagara Lockport and Ontario Power Company (Niagara-Lockport), predecessor to Buffalo Niagara; and the licensee then requests that paragraph 13 of the license be changed to eliminate any reference to said water rights.

(2) Paragraph 13 of the license reads as follows:

Such taking over of the project shall also be subject [to the rights, if any, of Pettebone-Cataract Paper Company and Cataract City Milling Company to withdraw water at a rate not exceeding 265 cubic feet per second from the Hydraulic canal or basin of licensee, and] to the rights, if any, of International Paper Company.

and the licensee seeks to eliminate therefrom the language in brackets.

(3) In 1925 certain lands and buildings and the water rights in question were sold by Pettebone-Cataract Paper Company and Cataract City Milling Company to Niagara-Lockport which in turn by a deed and agreement dated May 1, 1925 transferred all of the property except the water rights to the licensee. Article I of the deed and agreement conveys the lands and buildings, subject to the reservation of certain easements set out in another article. Article III of the deed and agreement provides that in consideration of the lease to the licensee of 262.6 c. f. s. of water for which water rights were claimed, the licensee is to deliver to Niagara-Lockport at Echota substation in Niagara Falls 2,000 kilowatts of electric energy at a price of $6.70 per kilowatt per annum; this amount of energy being the equivalent of the energy which could be produced by 262.6 c. f. s. of water through 100 feet of head, the use which was being made by the Paper Milling companies prior to 1925. The price of $6.70 is subject to readjustment after 15 years and at 5-year intervals thereafter.

(4) The Niagara River is an international boundary stream and a navigable water of the United States and the right to divert water therefrom and to use the water so diverted cannot be acquired without the authority of the United States, and no such authority is claimed for or has been granted to Buffalo-Niagara or its predecessors in interest for the use of the 262.6 c. f. s. in question, at least since June 10, 1920, the date of approval of the Federal Water Power Act (41 Stat. 1063).

(5) The 262.6 c. f. s. of water which the applicant licensee proposes to acquire is a part of the 19,725 c. f. s. of water which the licensee was authorized by the license issued March 2, 1921, as amended, to divert through Project No. 16.

The Commission finds that:

(6) Amendment of the license as requested should only be authorized if the water rights which the applicant licensee proposes to acquire from Buffalo Niagara are valid rights which may be recognized under the Federal Power Act.

(7) The facts necessary to determine the validity of the water rights in question are presented in sufficient detail in the application filed February 17, 1947, together with the exhibits attached thereto, as supplemented March 20, 1947.

(8) Opportunity should be afforded the licensee to support the validity of said water rights and the authority of the Commission to approve the license amendment requested.

It is ordered, That:

(9) The question of the validity of the water rights referred to above and the authority of the Federal Power Commission to approve the license amendment requested are hereby set for oral argument before the Commission commencing at 10 o'clock a. m. on Friday, April 25, 1947, in the Commission's Hearing Room, 12th floor, Hurley-Wright Building, 1800 Pennsylvania Avenue, NW., Washington, D. C.

Date of issuance: April 9, 1947.

FIRST IOWA HYDRO-ELECTRIC COOPERATIVE

ORDER SETTING ORAL ARGUMENT

This proceeding was initiated in 1941 when First Iowa Hydro-Electric Cooperative filed an application for license under the Federal Power Act to authorize the construction of a hydroelectric power development on Cedar River in the State of Iowa. Several hearings have been held in this matter and after various intermediate steps not here important the Trial Examiner who presided at the hearings submitted his report which was served on the parties to this proceeding on March 5, 1947. On March 24, 1947, the applicant and the State of Iowa, intervenor herein, filed their respective exceptions and objections to the findings and conclusions and the recommended decision contained in the Trial Examiner's Report, and both parties requested an opportunity to present oral argument before the Commission on the issues raised by their exceptions.

As a matter of incidental recitation the Trial Examiner included two findings relating to the question of the Commission's jurisdiction over the project although the project has already been determined finally to be subject to the jurisdiction of the Commission.

The Commission, having considered the project record and the requests for oral argument, finds that:

It is appropriate for the purposes of administration of the Federal Power Act that an opportunity for oral argument before the Commission be afforded as hereinafter provided; and

It is ordered, That:

Oral argument before the Commission on the issues raised by the aforesaid exceptions to the Trial Examiner's Report, other than on the issue of the Commission's jurisdiction, is hereby set to commence at 10:00 a. m. on May 9, 1947, in the Commission's Hearing Room, 1800 Pennsylvania Avenue, N. W., Washington, D. C.

Date of issuance: April 8, 1947.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[S. O. 715]

UNLOADING OF CROSS ARMS AT LAREDO, TEX.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 9th day of April A. D. 1947.

It appearing, that car IC 10154, containing cross arms, at Laredo, Texas, on the International-Great Northern Railroad Company (Guy A. Thompson, Trustee), has been on hand for an unreasonable length of time and that the delay in unloading said car is impeding its use; in the opinion of the Commission an emergency exists requiring immediate action: it is ordered, that:

(a) *Cross arms at Laredo, Texas, be unloaded.* The International-Great Northern Railroad Company (Guy A. Thompson, Trustee), its agents or employees, shall unload immediately car IC 10154, loaded with cross arms, now on hand at Laredo, Texas, consigned shippers order, advise M. S. Tamez & Co., Laredo, Texas.

(b) *Demurrage.* No common carrier by railroad subject to the Interstate Commerce Act shall charge or demand or collect or receive any demurrage or storage charges, for the detention under load of any car specified in paragraph (a) of this order, for the detention period commencing at 7:00 a. m., April 11, 1947, and continuing until the actual unloading of said car or cars is completed.

(c) *Provisions suspended.* The operation of any or all rules, regulations, or practices, insofar as they conflict with the provisions of this order, is hereby suspended.

(d) *Notice and expiration.* Said carrier shall notify V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where, and by whom such unloading was performed. Upon receipt of that notice this order shall expire.

It is further ordered, that this order shall become effective immediately; that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1496]

ELECTRIC POWER & LIGHT CORP. AND MISSISSIPPI POWER & LIGHT CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 8th day of April A. D. 1947.

Electric Power & Light Corporation ("Electric"), a registered holding company, and its subsidiary, Mississippi Power & Light Company ("Mississippi"), having filed a joint application-declaration pursuant to sections 6 (a), 7, 9 (a), 10 and 12 (f) of the Public Utility Holding Company Act of 1935 and Rule U-42 thereunder regarding the following proposed transactions:

Electric is the owner of all of the outstanding common stock of Mississippi consisting of 700,000 shares without par value, having a stated value of $7,000,000. Mississippi proposes to issue and sell, and Electric proposes to acquire, an additional 250,000 shares of common stock of Mississippi for a cash consideration of $2,500,000. The proceeds of the sale of the new common stock will be used by Mississippi for the construction of needed facilities. Electric proposes to use treasury funds to make the proposed purchase.

Such application-declaration having been filed on the 27th day of March, 1947, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act and the Commission not having received a request for a hearing with respect to said application-declaration within the period specified in said notice or otherwise and not having ordered a hearing thereon; and

The Commission finding with respect to said application-declaration that the requirements of the applicable provisions of the act and the rules thereunder are satisfied and deeming it appropriate in the public interest and in the interest of investors and consumers that the said application-declaration be granted and permitted to become effective; and

The applicant-declarant having requested that the Commission's order with respect to said application-declaration become effective as soon as possible in order that it may proceed with the proposed transactions without delay and the Commission deeming it appropriate to grant such request:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24 that the said application-declaration be, and the same hereby is, granted and permitted to become effective forthwith.

By the Commission.

EAST COAST PUBLIC SERVICE CO. AND VIRGINIA EAST COAST UTILITIES, INC.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 9th day of April A. D. 1947.

Notice is hereby given that a joint declaration has been filed with this Commission, pursuant to sections 7 and 12 (b) of the Public Utility Holding Company Act of 1935 and Rule U-45 promulgated thereunder, by East Coast Public Service Company, a registered holding company and the public utility subsidiary company, Virginia East Coast Utilities, Incorporated.

Notice is further given that any interested person may, not later than April 18, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt the transactions therein proposed as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration, which is on file in the offices of the Commission, for a statement of the transactions therein proposed, which are summarized below:

Virginia East Coast Utilities, Incorporated, proposes to issue and sell to Baltimore National Bank of Baltimore, Maryland, its promissory note in the principal amount of $250,000, bearing interest at the rate of 2½% per annum and maturing on July 7, 1947. The proceeds of such sale are to be used in part to retire its presently outstanding loan of $200,000 from the Baltimore National Bank, and in part for the construction of property additions. East Coast Public Service Company proposes to guarantee to Baltimore National Bank the repayment of the loan of $250,000 with interest.

The declarants request that the Commission's order permitting the declaration become effective immediately upon issuance.

By the Commission.

FEDERAL REGISTER

VOLUME 12 NUMBER 75

Washington, Wednesday, April 16, 1947

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 9839

TRANSFERRING TO THE FEDERAL WORKS ADMINISTRATOR CERTAIN FUNCTIONS, POWERS, AND DUTIES RELATING TO THE GRAND RIVER DAM PROJECT (PWA DOCKET OKLAHOMA 1097-P-DS)

WHEREAS in accordance with a certain Settlement Agreement dated as of August 1, 1946, executed by and between the Secretary of the Interior and Grand River Dam Authority pursuant to the act of July 31, 1946, 60 Stat. 743, the Secretary of the Interior has returned possession and control of and conveyed to the Grand River Dam Authority the Grand River Dam Project (Licensed Project No. 1494), and has adjusted and settled certain accounts between the United States and the said Authority resulting from the taking, occupation, and use by the United States of that Project; and

WHEREAS in the administration of the Grand River Dam Project (PWA Docket Oklahoma 1097-P-DS) the Secretary of the Interior has accepted as a part of such adjustment and settlement certain Refunding and Project Bonds known as "Grand River Dam Authority 2½% Revenue Bonds, Series A", in the aggregate principal amount of $14,000,000; and

WHEREAS the said Grand River Dam Project (PWA Docket Oklahoma 1097-P-DS) was transferred from the Federal Works Administrator to the Secretary of the Interior by Executive Order No. 9373 of August 30, 1943, under the authority of Title I of the First War Powers Act, 1941, and upon the expiration of that Title the functions, powers, and duties of the Secretary of the Interior with respect to that Project, including the said bonds, would by operation of law be vested in the Federal Works Administrator, who is custodian for the United States of all other revenue bonds of like character; and

WHEREAS it appears that it would be in the interest of administrative convenience and continuity to effect an immediate transfer to the Federal Works Administrator of the functions, powers, and duties previously transferred to the Secretary of the Interior by the said Executive Order No. 9373 with respect to the said Grand River Dam Project (PWA Docket Oklahoma 1097-P-DS) and the contracts, records, and accounts relating thereto, including the said bonds:

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and the statutes of the United States, including Title I of the First War Powers Act, 1941, 55 Stat. 838, and in the interest of the internal management of the Government, it is hereby ordered as follows:

1. All functions, powers, and duties previously transferred by Executive Order No. 9373 of August 30, 1943, from the Federal Works Administrator to the Secretary of the Interior with respect to the Grand River Dam Project (PWA Docket Oklahoma 1097-P-DS), including the functions, powers, and duties of the Secretary of the Interior with respect to the said Refunding and Project Bonds, are hereby transferred to and vested in the Federal Works Administrator, to be exercised by him or by such person or persons as he may designate.

2. The said Refunding and Project Bonds and all contracts, records, and accounts used primarily by the Secretary of the Interior in the administration of any function, power, or duty transferred by this order or primarily relating thereto are hereby transferred to the Federal Works Administrator for use in the administration of such functions, powers, and duties.

3. Nothing in this order shall be construed to derogate or affect (a) the authority of the Secretary of the Interior to continue the completion of the adjustment and settlement of accounts between the United States and the Grand River Dam Authority under the said act of July 31, 1946, and the Settlement Agreement executed in pursuance thereof, and under all other applicable statutes; or (b) the functions, powers, and duties of the Secretary of the Interior with respect to the project for the acquisition of an additional five feet of reservoir storage for the Grand River Dam Project (Federal List No. 584; N. I. R. A.) transferred by the said Executive Order No. 9373 to the Secretary of the Interior from the Federal Works Administrator.

PART 904—MILK IN GREATER BOSTON, MASS., MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937 (7 U. S. C., 601 et seq.), hereinafter referred to as the "act," and of the order, as amended, regulating the handing of milk in the Greater Boston, Massachusetts, marketing area, hereinafter referred to as the "order," it is hereby found and determined that:

1. Subdivisions (i), (ii), and (iii) of § 904.6 (a) (1) of the order and the entire table contained in subdivision (iv) of said subparagraph, with the exception of the words "Class I price (dollars per cwt.)" and the figure or price "4.33," do not tend to effectuate the declared policy of the act with respect to all milk subject to the provisions of the order during the months of May and June 1947; and

2. It is impracticable and contrary to the public interest to comply with the specific notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 60 Stat. 237) in that the time intervening between the date when the conditions necessitating the foregoing finding became apparent and May 1, 1947 is insufficient to permit compliance with such specific notice, public rule making procedure, and effective date requirements, and in that any delay in the effective date of this action beyond May 1, 1947, will seriously jeopardize the orderly marketing of milk produced for the Greater Boston, Massachusetts, milk marketing area.

It is therefore ordered, That subdivisions (i), (ii), and (iii) of § 904.6 (a) (1) of the order and the entire table contained in subdivision (iv) of said subparagraph, with the exception of the words "Class I price (dollars per cwt.)" and the figure or price "4.33," be and they hereby are suspended with respect to all milk subject to the provisions of the order during the months of May and June 1947.

(48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 9th day of April 1947.

do not tend to effectuate the declared policy of the act with respect to all milk subject to the provisions of the order during the months of May and June 1947; and

2. It is impracticable and contrary to the public interest to comply with the specific notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 60 Stat. 237) in that the time intervening between the date when the conditions necessitating the foregoing finding became apparent and May 1, 1947 is insufficient to permit compliance with such specific notice, public rule making procedure, and effective date requirements, and in that any delay in the effective date of this action beyond May 1, 1947, will seriously jeopardize the orderly marketing of milk produced for the New York metropolitan milk marketing area.

It is therefore ordered, That the entire table contained in § 927.5 (a) (1) of the order, with the exception of the words "Dollars per cwt." and the figure or price "4.14," be and it hereby is suspended with respect to all milk subject to the provisions of the order during the months of May and June 1947.

PART 934—MILK IN LOWELL-LAWRENCE, MASS., MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937 (7 U. S. C., 601 et seq.), hereinafter referred to as the "act," and of the order, as amended, regulating the handling of milk in the Lowell-Lawrence, Massachusetts, milk marketing area, hereinafter referred to as the "order," it is hereby found and determined that:

1. Subdivisions (i), (ii), and (iii) of § 934.6 (a) (1) of the order and the entire table contained in subdivision (iv) of said subparagraph with the exception of the words "Class I Price (dollars per cwt.)" and the figure or price "4.77," do not tend to effectuate the declared policy of the act with respect to all milk subject to the provisions of the order during the months of May and June 1947, and

2. It is impracticable and contrary to the public interest to comply with the specific notice, public rule-making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 60 Stat. 237), in that the time intervening between the date when the conditions necessitating the foregoing finding became apparent and May 1, 1947, is insufficient to permit compliance with such specific notice, public rule making procedure, and effective date requirements, and in that any delay in the effective date of this action beyond May 1, 1947, will seriously jeopardize the orderly marketing of milk produced for the Lowell-Lawrence, Massachusetts, milk marketing area.

It is therefore ordered, That subdivisions (i), (ii), and (iii) of § 934.6 (a) (1) of the order and the entire table contained in subdivision (iv) of said subparagraph, with the exception of the words "Class I Price (dollars per cwt.)" and the figure or price "4.77," be and they hereby are suspended with respect to all milk subject to the provisions of the order during the months of May and June 1947.

(48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.)

PART 927—MILK IN NEW YORK METROPOLITAN MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937 (7 U. S. C., 601 et seq.), hereinafter referred to as the "act," and of the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area, hereinafter referred to as the "order," it is hereby found and determined that:

1. The entire table contained in § 927.5 (a) (1) of the order, with the exception of the words "Dollars per cwt." and the figure or price "4.14," does not tend to effectuate the declared policy of the act with respect to all milk subject to the provisions of the order during the months of May and June 1947; and

2. It is impracticable and contrary to the public interest to comply with the specific notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 60 Stat. 237) in that the time intervening between the date when the conditions necessitating the foregoing finding became apparent and May 1, 1947 is insufficient to permit compliance with such specific notice, public rule making procedure, and effective date requirements, and in that any delay in the effective date of this action beyond May 1, 1947, will seriously jeopardize the orderly marketing of milk produced for the Fall River, Massachusetts milk marketing area.

It is therefore ordered, That subparagraphs (1), (2), and (3) of § 947.4 (a) of the order and the entire table contained in subparagraph (4) of said paragraph with the exception of the words "Class I price (dollars per cwt.)" and the figure or price "5.08," be and they hereby are suspended with respect to all milk subject to the provisions of the order during the months of May and June 1947.

(48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.)

TITLE 24—HOUSING CREDIT

Chapter VI—Federal Public Housing Authority

PART 631—WAR HOUSING PROGRAM: POLICY

DISPOSITION OF FEDERALLY OWNED WAR HOUSING PROJECTS

Section 631.4 (c), (11 F. R. 177A–913), is hereby amended, effective upon publication in the FEDERAL REGISTER, by adding subparagraph (8) thereto, as follows:

§ 631.4 *Disposition of federally owned war housing projects.* • • •

(c) *Disposition of temporary projects not used for Veterans' Emergency Housing.* • • •

(8) *Sale for on-site, non-residential use.* Dwelling structures of temporary character may, with FPHA Central Office approval, be sold for on-site, non-residential use when the community recommends in its disposition plan, or any amendment thereto, that sale for such use is desirable, and the prospective purchaser submits plans and specifications to the FPHA for remodelling for non-residential use which will clearly eliminate any possibility of the structures being used as housing.

FPHA funds shall not be used for alterations. Sales shall be effected with such legal safeguards as are necessary to give the Government the right to enforce the purchaser's agreement that the required changes will be made.

Chapter VIII—Office of Housing Expediter

[Suspension Order S–3]

PART 807—SUSPENSION ORDERS

BEN ROGOFF

Ben Rogoff, doing business as Duffy's Tavern, 10526 St. Clair Avenue, Cleveland, Ohio, on or about September 1, 1946, without authorization of the Civilian Production Administration or the Office of the Housing Expediter, and at an estimated cost in excess of $1,000 began and carried on construction in the remodeling of a storeroom into a restaurant-bar, at 10526 St. Clair Avenue, Cleveland, Ohio, in willful violation of Veterans' Housing Program Order 1. This violation has diverted critical materials to uses not authorized by the Civilian Production Administration or the Office of the Housing Expediter. In view of the foregoing, it is hereby ordered that:

§ 807.3 *Suspension Order No. S–3.* (a) Neither Ben Rogoff, his successors or assigns, nor any other person shall do any further construction on the storeroom used as a restaurant-bar located at 10526 St. Clair Avenue, Cleveland, Ohio, including completing or further altering said premises unless hereafter authorized in writing by the Office of the Housing Expediter.

(b) Ben Rogoff shall refer to this order in any application or appeal which he may file with the Office of the Housing Expediter relating to the above premises.

(c) Nothing contained in this order shall relieve Ben Rogoff, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 14th day of April 1947.

PART 807—SUSPENSION ORDERS

SONS OF ITALY-GARABALDI CLUB AND ANDREW C. SABELLA

Sons of Italy-Garabaldi Club maintain club quarters at 311–315 Eleventh Street, New Kensington, Pa., and is the local chapter of the National order. Andrew C. Sabella, 305 Tenth Street, New Kensington, Pa., is a contractor and builder. On or about November 1, 1946, Sons of Italy-Garabaldi Club and Andrew C. Sabella began the construction of a two-story addition to the club house at 311–315 Eleventh Street, New Kensington, Pa., without authorization of the Civilian Production Administration or the Office of the Housing Expediter, at an estimated cost in excess of $1,000. This construction was carried on after Contractor Sabella, the President of the Club, and other members actively engaged in the building program, had been informed of the restrictions of Veterans' Housing Program Order 1, and after the Club, by its duly authorized officials, had executed a voluntary statement to restrict the construction to the $1,000 limitation for that type of construction allowed under Order VHP–1. The beginning and carrying on of this construction at an estimated cost in excess of $1,000, subsequent to March 26, 1946, constituted a wilful violation of the Veterans' Housing Program Order 1. This violation has diverted critical materials to uses not authorized by the Office of the Housing Expediter. In view of the foregoing it is hereby ordered that:

§ 807.11 *Suspension Order No. S–11.* (a) Neither Sons of Italy-Garabaldi Club, Andrew C. Sabella, their successors or assigns, nor any other person, shall do any further construction on the building located at 311–315 Eleventh Street, New Kensington, Pa., including putting up, completing or altering the structure, unless hereafter authorized in writing by the Office of the Housing Expediter.

(b) Sons of Italy-Garabaldi Club, and Andrew C. Sabella shall refer to this order in any application or appeal which they may file with the Office of the Housing Expediter for authorization to carry on the construction.

(c) Nothing contained in this order shall be deemed to relieve Sons of Italy-Garabaldi Club, Andrew C. Sabella, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

PART 807—SUSPENSION ORDERS

T. R. JOHNSON

T. R. Johnson, 235 South Dock Street, Sharon, Pennsylvania, engaged in the manufacture of prefabricated houses and sections, was suspended by Suspension Order No. S–1079 on February 7, 1947, from use of preference ratings or certifications to obtain plywood. In view of the fact that the revocation of Order L–358 on March 31, 1947 withdrew from all prefabricators the authority to use ratings or certifications for plywood, the Chief Compliance Commissioner has directed that the suspension order be revoked. In view of the foregoing:

It is hereby ordered, That: § 1010.1079, Suspension Order No. S–1079, be revoked.

Issued this 11th day of April 1947.

TITLE 25—INDIANS

Chapter I—Office of Indian Affairs, Department of the Interior

Subchapter L—Irrigation Projects: Operation and Maintenance

PART 130—OPERATION AND MAINTENANCE CHARGES

SALT RIVER INDIAN IRRIGATION PROJECT, ARIZONA

On February 6, 1947, there was published in the daily issue of the FEDERAL REGISTER a notice of intention to modify § 130.105 of Title 25 CFR and to issue a separate order for the Salt River Indian irrigation project, Arizona, as therein set forth. Interested persons were given opportunity to participate in the proceedings by submitting data or written arguments within 30 days from the date of publication of the notice.

A petition opposing the proposed $3.50 annual per acre rate was filed by the Salt River Pima-Maricopa Indian Community Council. The Community Council was given a hearing by the District Director at Phoenix, Arizona. Objections of the Community Council pointed (1) to the failure of the Government to complete the project; (2) inability to irrigate certain high areas of land; (3) areas alleged inadequately drained; and (4) that $3.50 per acre is an excessive rate.

With respect to objection No. 1, the failure to complete the project by extending facilities to irrigate the ultimate irrigable area, it would require the appropriation and expenditure of additional funds for construction purposes with which the proposed order is not concerned. The fact that all construction work has not been completed is not a valid reason why operation and maintenance assessments should not be paid on lands which can be served water through the existing project works.

As to objections 2 and 3, ordinarily the work of leveling and conditioning land for the application of water for irrigation farming is the job of the individual farmer. Because of the inability of the Indian landowners of the Salt River project to meet the expense of the work, large sums of appropriated funds have been expended under Government supervision in leveling and conditioning their lands. Any high places of appreciable area which have not been leveled so that water may be applied, and any lands which may need project drainage facilities and which cannot be served with irrigation water are not assessed.

Regarding the fourth objection, it was pointed out that the delivery of water would not be refused to Indian farmers utilizing their own lands who could not pay the entire basic rate, upon the partial payment of not less than $1.00 per acre of that rate; and that such Indian farmers unable to pay any part of the basic rate might arrange to do work on the project and apply the proceeds of their labor to the payment of as much as $1.00 per acre of that rate, the balance to stand as a charge against their lands without penalty for delinquency. It was also explained that when the Superintendent is of the opinion that an Indian is unable to pay any part of the basic charge, either in cash or by work on the project, water would be delivered to irrigate as much as ten (10) acres of his land. It was also pointed out that the 1947 rate for lands of the Salt River Valley Water Users Association which surrounds the Salt River project has been increased to $4.50 for two acre feet of water per acre and $2.00 per acre foot for additional water, and that operation and maintenance collections on the Salt River propect are running below actual costs.

The objections having been carefully considered, it has been determined that in view of the excess costs over collections the increased rate should be established. The order is accordingly promulgated as follows:

Sec.
130.120 Basic charge.
130.121 Payment.
130.122 Delivery of water.

AUTHORITY: § 130.120 to § 130.122 issued under 38 Stat. 583, 45 Stat. 210; 25 U. S. C. 385, 387.

§ 130.120 *Basic charge.* Pursuant to provisions of the acts of Congress approved August 1, 1914 and March 7, 1928 (38 Stat. 583; 45 Stat. 210, 25 U. S. C. 385, 387), the basic operation and maintenance charge against the lands under the Salt River Indian irrigation project in Arizona to which water can be delivered through the irrigation project works is hereby fixed at $3.50 per acre per annum until further notice.

§ 130.121 *Payment.* The annual basic charge fixed in § 130.120 shall be due and payable on or before May 1, 1947, and on April 1 of each year thereafter until further notice. Charges not paid on the due date shall stand as a first lien against the lands until paid.

§ 130.122 *Delivery of water.* Delivery of water shall be refused to all tracts of land for which the basic charge remains unpaid on the due date except that water may be delivered (a) to irrigate Indian owned lands that are not under lease, permit, or other form of use by someone other than the Indian owner, upon the partial payment on or before the due date of not less than $1.00 per acre per annum of the basic charge; (b) to irrigate Indian owned lands not under lease, permit, or other form of use by someone other than the Indian owner when said owner is unable to pay any part of the basic charge, upon the performance of labor on project works and the prior agreement that he will pay from the proceeds received for such work at least an amount equal to $1.00 per acre per annum; and (c) to irrigate not to exceed 10 acres of Indian owned land when the Superintendent is of the opinion that an Indian landowner is unable to meet the requirements of paragraphs (a) or (b) of this section, when the Superintendent certifies to that fact. The Superintendent shall promptly furnish the Director of the District, for approval or rejection, all such certifications. In such cases, covered by paragraphs (a), (b) and (c) of this section, the unpaid charges shall be entered on the accounts and will stand as a first lien against the land until paid, without penalty.

[S. O. 369, Amdt. 12]

DEMURRAGE CHARGES ON CLOSED BOX CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 10th day of April A. D. 1947.

Upon further consideration of Service Order No. 369 (10 F. R. 14030), as amended (10 F. R. 15073; 11 F. R. 639, 2383, 7857, 10304, 8453, 11013, 14522; 12 F. R. 1606, 1724, 2053), and good cause appearing therefor, it is ordered, that:

Section 95.369 *Demurrage charges on closed box cars*, of Service Order No. 369, as amended, be, and it is hereby, further amended by substituting the following paragraph (c) (3) for paragraph (c) (3) thereof:

(c) *Application.* * * *

(3) *Export, import, coastwise or intercoastal traffic.* Except as shown below, import, export, coastwise (including Great Lakes) or intercoastal traffic is subject to this order.

Exceptions. Import, export, coastwise (including Great Lakes) or intercoastal bulk freight or explosives traffic, during the period such traffic is held in cars at ports for transfer to vessels or held at United States-Canadian border crossings, is not subject to this order. Bulk freight means any carload freight consisting of any non-liquid, non-gaseous commodity shipped loose or in mass and which in the unloading thereof is ordinarily shoveled, scooped, forked, or mechanically conveyed, or which is not in containers or in units of such size as to permit piece by piece unloading.

It is further ordered, that this amendment shall become effective at 7:00 a. m., April 12, 1947, and the provisions of this amendment shall apply to cars on hand on or after the effective date hereof.

It is further ordered, that a copy of this order and direction be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Sec. 26, E½, E½NW¼, NE¼, and NE¼SW¼.

2. *Charges and terms of payment.* Water rental charges shall be payable in advance of the delivery of water at rates as follows:

(a) For private lands and for public lands on the Yuma Mesa Division irrigated before July 1 of any year, the minimum charge shall be $6.00 per acre for each acre of land for which water service is requested, payment of which will entitle the applicant to 8 acre-feet of water per acre. Additional water will be furnished at the rate of $0.85 per acre-foot.

(b) For private lands on the Yuma Mesa Division not irrigated before July 1 of any year but receiving water after that date, and for public lands entered after July 1 of any year pursuant to the provisions of such public notice as may hereafter be issued opening public lands to entry on the Yuma Mesa Division, there will be a charge of $0.75 per acre-foot for the first 4 acre-feet of water ordered during that year and a charge of $0.85 per acre-foot for all additional water ordered during that year.

(c) For private lands and for leased public lands in the North and South Gila Valleys irrigated under the Gila Gravity Main Canal, the minimum charge shall be $3.00 per acre for each acre of land for which water service is requested, payment of which will entitle the applicant to 4 acre-feet of water per acre. Additional water will be furnished at the rate of $0.75 per acre-foot.

3. Applications for temporary water service may be made by the landowner or entryman or by anyone who presents evidence satisfactory to the Superintendent of the Gila Project that he is the tenant or lessee of the land for which water is requested, or that he has been authorized by the owner or entryman to make a water rental application for such land.

4. Applications for temporary water service and the payments required by this notice will be received at the office of the Superintendent, Gila Project, Yuma, Arizona.

[No. 44]

KLAMATH IRRIGATION PROJECT, OREGON-CALIFORNIA

PUBLIC NOTICE OF ANNUAL WATER CHARGES

MARCH 31, 1947.

1. *Operation and maintenance.* The minimum operation and maintenance charge for the irrigation season of 1947 against all lands of the Main Division lying outside of the Klamath Irrigation District shall be $2.52 per irrigable acre, whether water is used or not, payment of which will entitle the water user to 2½ acre-feet of water per irrigable acre. Additional water, if available, will be furnished during the irrigation season at the rate of $0.50 per acre-foot.

2. The minimum operation and maintenance charge for the irrigation season

of 1947 against all lands under district or individual Warren Act contracts shall be $1.26 per irrigable acre, whether water is used or not. Pending the final adjustment of differences between certain Warren Act contractors and the Bureau arising out of charges for additional water, the charge of $0.25 per acre-foot for additional water announced in prior notices will not be made for this season.

3. *Water rental.* The minimum water rental charge for the irrigation season of 1947 against all lands of the Tule Lake Division lying outside of the Klamath Irrigation District and subject to Public Orders of January 22, 1927, March 30, 1928, February 6, 1929, September 10, 1930, October 16, 1931, September 9, 1937, and August 1, 1946, shall be $2.80 per irrigable acre, whether water is used or not, payment of which will entitle the water user to 2½ acre-feet of water per irrigable acre. Additional water will be furnished, if available, up to a limit of 3½ acre-feet per irrigable acre at a rate of $0.50 per acre-foot and all further quantities for $0.75 per acre-foot.

4. For irrigation or waste water furnished Tule Lake leased lands the charge, unless otherwise specified in the leases, shall be $1.00 per acre-foot for the season of 1947.

5. For irrigation or waste water furnished private lands within the dry bed of or bordering Lower Klamath Lake, the charge shall be $0.50 per acre-foot for the season of 1947.

6. For water furnished lands not subject to the operation and maintenance or water rental charges named above the charge shall be $1.00 per acre-foot for the season of 1947.

7. *Time of payment.* For lands of the Tule Lake Division under public notice or public order lying outside of the Klamath Irrigation District, the minimum charge stated in paragraph 3 above shall be due and payable one-half before the delivery of water if water is delivered before July 1, and one-half on or before July 1. If no water is delivered before July 1, then the entire charge shall become due and payable on that date. For all other lands referred to herein the minimum charges announced shall be due and payable before the delivery of water and in any event not later than May 1 of the current irrigation season. Payment for all water used in addition to the allowance under the minimum charge shall be made on or before December 1 of the year in which used.

8. *Penalties.* On all payments not made on or before the due dates, there shall be added on the following day a penalty of one-half of one percent of the amount unpaid and a like penalty of one-half of one percent of the amount unpaid on the first day of each calendar month thereafter so long as such default shall continue.

9. Where water rental application is made for public lands entered under the Reclamation Law after June 15 and where water rental application is made after August 1 for land in private ownership, no water rental charge shall be made for water delivered during the remainder of the irrigation season in which water rental application is made, but for entered public lands for which water rental application is made after June 15 the minimum water rental charge required by paragraph 10 of public notice No. 43 dated August 1, 1946, to be paid shall apply as a credit on the minimum charge for the following irrigation season.

(Act of June 17, 1902, 32 Stat. 388, as amended or supplemented)

BAHAMAS AIRWAYS, LTD.

NOTICE OF HEARING

In the matter of the application of Bahamas Airways, Limited pursuant to section 402 of the Civil Aeronautics Act of 1938, as amended, for a foreign air carrier permit authorizing foreign air transportation with respect to persons, property, and mail between Nassau, Bahama Islands, and the co-terminals Miami and Palm Beach, Florida via Cat Cay, Bahama Islands.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, that a hearing in the above-entitled proceeding is assigned to be held on April 17, 1947, at 10:00 a. m. (eastern standard time) in Room 1508, Commerce Building, 14th Street and Constitution Ave., N. W., Washington, D. C., before Examiner James S. Keith.

Without limiting the scope of the issues presented by said application, particular attention will be directed to the following matters and questions:

1. Whether the proposed air transportation will be in the public interest, as defined in section 2 of the Civil Aeronautics Act of 1938, as amended.

2. Whether the applicant is fit, willing and able to perform such transportation and to conform to the provisions of the act and the rules, regulations, and requirements of the Board thereunder.

3. Whether the authorization of the proposed transportation is consistent with any obligation assumed by the United States in any treaty, convention or agreement in force between the United States and the Government of the United Kingdom.

Notice is further given that any person desiring to be heard in this proceeding must file with the Board, on or before April 17, 1947, a statement setting forth the issues of fact or law raised by said application which he desires to controvert.

For further details of the service proposed and authorization requested, interested parties are referred to the application on file with the Civil Aeronautics Board.

Dated at Washington, D. C., April 11, 1947.

FEDERAL POWER COMMISSION

[Docket No. G-796]

SOUTHERN NATURAL GAS CO.

NOTICE OF AMENDED APPLICATION

APRIL 9, 1947.

Notice is hereby given that on March 18, 1947, Southern Natural Gas Company (Applicant), a Delaware corporation, having its principal place of business in Birmingham, Alabama, and authorized to do business in the States of Alabama, Georgia, Louisiana, Mississippi and Texas, filed an amendment to its application filed on October 7, 1946, striking out its entire previous application and all of the exhibits thereto, and substituting in lieu thereof an amended application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate the following facilities:

I. Additions to Applicant's present main line system as follows:

A. Loop lines:

(1) 3.5 miles of 20-inch line between the Reform and Tarrant compressor stations.
(2) 1.5 miles of 22-inch line between the Reform and Tarrant compressor stations.
(3) 11.0 miles of 22-inch line extending eastward from the Tarrant compressor station.
(4) 2.5 miles of 20-inch line between the DeArmanville compressor station and Atlanta.
Total main line loops, 18.5 miles.

B. Compressor station additions:

(1) 1,000 H. P. unit at the Louisville station.
(2) 1,000 H. P. unit at the Reform station.
(3) 1,000 H. P. unit at Tarrant station.
(4) 1,000 H. P. unit at the DeArmanville station.
Total H. P., 4,000.

Applicant recites that it intends to make certain tests of the feasibility and safety of increasing operating pressures in certain sections of its main line from the present pressure of 450 p. s. i. to approximately 475 p. s. i. In the event such tests indicate that pressures can be increased to such an extent, Applicant intends to install the facilities required for operation at such higher pressure. According to the application, on the basis of the present 450 p. s. i. operating pressures, the installation of the above facilities will increase the delivery capacity of Applicant's main line by 10,000 Mcf daily. On the basis of the increased 475 p. s. i. operating pressures, the installation of such facilities will provide an increase of 19,000 Mcf daily in delivery capacity.

II. Additions to present branch lines as follows:

A. Meridian (Mississippi) branch line—9 miles of 6⅝-inch loop line.

B. Columbus-West Point (Mississippi) branch line—6.5 miles of 6⅝-inch loop line.

C. Gadsden (Alabama) branch line—33 miles of 12¾-inch pipe line parallel to the present branch line.

Applicant states that installation of the above facilities will increase daily delivery capacities as follows:

Meridian line from 9,000 Mcf to 10,000 Mcf.
Columbus line from 12,000 Mcf to 14,000 Mcf.
Gadsden line from 30,000 Mcf to 76,000 Mcf.

Applicant proposes to sell gas directly to Alabama Power Company from the proposed Gadsden line for use at a new power plant presently under construction near Gadsden.

III. A new line from the Gwinville, Mississippi, gas field to Atlanta, Georgia. This will consist of approximately 375 miles of 24-inch pipe line and stream crossings, cross connections with Applicant's existing Montgomery branch line, measuring facilities and appurtenances.

When operated at an initial pressure of 1,000 p. s. i. this line will have, without the installation of compressing facilities, a daily delivery capacity of 215,000 Mcf at Atlanta, in addition to contemplated daily deliveries during periods of peak demands of 10,000 Mcf at intervening points.

Applicant notes that the total daily delivery capacity of this line could be increased to approximately 540,000 Mcf by the installation of 5 compressor stations with a total of 108,000 H. P., and certain dehydration and other appurtenant facilities, application for which is not now made.

IV. Facilities to extend Applicant's system to new markets, as follows:

A. *An extension to Chattanooga, Tennessee.* This will comprise approximately 44 miles of 8⅝-inch pipe line, extending from a point on Applicant's existing Cedartown-Calhoun, Georgia branch line (at the end of the 6⅝-inch section of said line in Gordon County, Georgia) to a point of delivery in Catoosa County, Georgia, at or near the Georgia-Tennessee state line near Chattanooga. A new compressor station of 1,600 H. P. capacity is also to be installed at the end of the existing 12¾-inch section of the Cedartown-Calhoun branch line, near Rockmart, Georgia, together with a meter station and dwelling houses at said point of delivery and appurtenant facilities.

Applicant recites that this new line will be designed to operate at pressures up to 1,200 p. s. i. The line will have a capacity of about 2,000 Mcf per day without compression at Rockmart, and a capacity of 20,000 Mcf per day when operated at 1,200 p. s. i. with compression at Rockmart.

In the event Applicant makes contracts for the delivery of gas for distribution in Rossville, Dalton and other communities along the route of the Chattanooga extension, such facilities will also include lateral lines and measuring facilities, or such portions thereof as Applicant may agree to construct, of appropriate sizes to supply such communities.

Applicant is conducting negotiations with a group of individuals for supplying the requirements of a line to be constructed by a corporation (to be organized by said individuals) from the northern terminus of Applicant's proposed Chattanooga extension to Knoxville, Tennessee, with lateral lines to Cleveland, Athens, Niota, Maryville, Loudon, Sweetwater, Alcoa and Lenoir City.

In this connection, Applicant notes that the delivery capacity of its proposed Chattanooga extension could be further increased to 40,000 Mcf per day by looping the aforesaid 6⅝-inch section of the Cedartown-Calhoun branch line with 20 miles of 8⅝-inch line and the installation of 1,400 H. P. of additional compressors.

B. *An extension to Lexington, Mississippi.* This will comprise approximately 11 miles of 4½-inch pipe line, extending from a point north of Goodman, Mississippi, on the Goodman-Durant branch line in Holmes County, Mississippi, to the town of Lexington, Mississippi, together with a meter station and appurtenant facilities. This line will have a daily delivery capacity of approximately 2,000 Mcf. Gas is to be sold to Mississippi Power and Light Company for distribution in the town of Lexington.

C. *An extension to various cities and towns in North Alabama,* including Athens, Decatur, Florence, Hartselle, Huntsville, Sheffield and Tuscumbia.

This extension will consist of approximately 97 miles of 10¾-inch pipe line, commencing at a point on Applicant's existing main line system east of its Reform compressor station and extending northward to Sheffield, together with lateral lines comprising approximately 39 miles of 8⅝-inch line, 23 miles of 6⅝-inch line and 28 miles of 4½-inch line extending to the other cities mentioned above.

This project also includes the installation of 1,000 H. P. of additional compressing facilities at Applicant's Reform compressor station, a river crossing consisting of two 6⅝-inch lines across the Tennessee River, meter stations at various points of delivery and appurtenant facilities.

In the event Applicant makes contracts for the delivery of gas for distribution in other communities along the route of this extension, the facilities will also include lateral lines and measuring facilities, or such portions thereof as Applicant may agree to construct, of appropriate sizes to supply such communities. Such communities include Fayette, Winfield, Hamilton, Haleyville, Russellville, Town Creek, Leighton, Courtland, Wheeler, Hillsboro and Trinity.

By means of this proposed extension, Applicant proposes to sell gas for resale to distributing companies in the above named municipalities, and, in addition, make direct sales to the following industrial customers: Reynolds Metals Company and Reynolds Alloy Company at Listerhill; Calumet & Hecla Copper Mining Company at Decatur; Tennessee Valley Authority Nitrate Plant No. 2 at Sheffield; and E. I. du Pont de Nemours Company at Huntsville.

This proposed extension is designed to operate at a pressure of 1,000 p. s. i., and will have a capacity of 25,000 Mcf per day.

D. *Extensions to LaGrange, Georgia and adjacent communities.* This will comprise approximately 6 miles of 4½-inch lateral lines and 6 miles of 6⅝-inch lateral lines extending from the new 24-inch pipe line described in Part III above to LaGrange and West Point, Georgia, and Lanett, Shawmut, Langdale, Fairfax and Riverview, Alabama.

Applicant proposes to sell gas for distribution in the City of LaGrange by the municipality, which presently operates a system distributing manufactured gas. Applicant also proposes to make direct sales to the following industrial customers: West Point Manufacturing Company at West Point, Georgia, and Lanett, Shawmut, Langdale, Fairfax and Riverview, Alabama; and Calloway Mills, Dunison Mills and Dixie Mills near LaGrange.

In the event Applicant makes contracts for delivery of gas for distribution in other communities adjacent to the new line this extension will also include lateral lines and measuring equipment, or such portions thereof as Applicant may agree to construct, of appropriate sizes to supply such communities.

E. *An extension to White Plains, Alabama.* This extension will comprise approximately 7.5 miles of 4½-inch line, commencing at a point on Applicant's existing main line system east of its DeArmanville compressor station and extending northward to a point in Calhoun County known as White Plains, where said line will connect with lines extending to the towns of Jacksonville and Piedmont, Alabama (which latter lines and distribution systems within the towns are to be constructed and owned by the respective towns), together with a meter station and appurtenant facilities.

This line will have a daily delivery capacity of approximately 2,000 Mcf.

F. *A connection at Tallassee, Alabama.* This will consist of a tap and meter station at a point on Applicant's existing Montgomery-Columbus branch line in the town of Tallassee, Alabama. By means of such facilities, Applicant proposes to sell gas for distribution in Tallassee by a municipally or privately owned distribution system.

Applicant states that the estimated total over-all capital cost of the proposed facilities is $24,533,350. Information with respect to Applicant's plans for financing such facilities is to be supplied by an amendment to the pending application.

Applicant recites that it does not propose to make any change in its present rates by reason of the construction of the facilities.

Applicant notes that it has made preliminary surveys as to the feasibility of extending its system to various other communities in the northern part of Florida, the southern parts of Alabama and Georgia and northeasterly along the Atlantic Seaboard. It presently has in contemplation a line extending southeasterly from the vicinity of Montgomery, Alabama or Columbus, Georgia toward Jacksonville, Florida, which line could supply the intervening area in southeast Alabama and Georgia. This same line may extend northeasterly, via Savannah, Georgia into the Charleston, South Carolina area. Applicant also contemplates the extension of its system from a point in the vicinity of Atlanta, Georgia, northeasterly through the Carolinas along the Eastern Seaboard to supply Augusta, Athens, and other northeast Georgia communities, Columbia, South Carolina and what is generally described as the Piedmont area of the Carolinas and Virginia.

Applicant contemplates filing an application for authorization of facilities required to deliver gas for distribution in the areas mentioned above.

Applicant states that installation of the facilities for which application is now made will increase the delivery capacity of Applicant's system to approximately 490,000 Mcf per day, an amount in excess of its estimated peak day requirements of 393,780 Mcf for the winter of 1949–1950. Applicant considers that the additional capacity resulting from the construction of the proposed new 24-inch line from the Gwinville field to Atlanta, which can deliver without compression approximately 225,000 Mcf per day, will be justified in view of Applicant's future plans just before mentioned.

To meet its 1947–48 peak day requirements, Applicant proposes to install propane standby equipment near its Ben Hill compressor station near Atlanta and at its regulator station serving Phoenix City and Columbus, Alabama, capable of delivering 7,500 Mcf per day and 6,000 Mcf per day, respectively.

Applicant's system is presently connected to five gas fields: the Gwinville field in Mississippi, the Monroe and the Bear Creek fields in Louisiana, the Logansport field in Louisiana and Texas, and the Carthage field in Texas.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

The application, as amended, of Southern Natural Gas Company is on file with the Commission and is open to public inspection. Any person (unless permission to intervene in the original application has already been granted by the Commission) desiring to be heard or to make any protest with reference to the application, as amended, shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceedings, so as to advise the parties and the Commission as to the issues of fact or law to be raised or controverted, by admitting, denying, or explaining specifically and in detail, each material allegation of fact or law asserted with respect to the application.

[Docket No. G-881]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

APRIL 10, 1947.

Notice is hereby given that on April 1, 1947, an application was filed with the Federal Power Commission by El Paso Natural Gas Company (Applicant), a Delaware corporation with its principal place of business in El Paso, Texas, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of certain natural gas pipeline facilities subject to the jurisdiction of the Federal Power Commission, all of which are hereinafter more fully described.

Applicant seeks authorization to construct and operate the following described facilities:

A 6-inch O. D. Loop Line beginning at Applicant's mile Post 35.3 miles located on Applicant's Globe-Miami Transmission Line, Hidalgo County, New Mexico, and from that point extending in a northwesterly direction 17 miles, parallel and adjacent to Applicant's 8⅝-inch transmission line, to another point in Hidalgo County, near Applicant's mile Post 52.3.

Applicant submits that the proposed construction will increase its capacity from Compressor Station No. 4, approximately 2½ million cubic feet per day over its present capacity for the purpose of supplying additional volumes of natural gas to the Phelps Dodge Corporation's Morenci smeltering plant, a customer now being served by Applicant. The Applicant further recites that the Morenci plant of the Phelps Dodge Corporation is engaged in the producing of copper and that due to the large demand for this product, the additional fuel is necessary in order that the plant may operate at capacity.

Applicant proposes to obtain its gas supply necessary to render the proposed service from its reserves located in Jal-Eunice Area in Lea County, New Mexico.

The estimated over-all cost of the proposed project is approximately $78,100, which will be paid for in cash out of funds on hand.

The application of El Paso Natural Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering, specifically and in detail, each material allegation of fact or law asserted in the proceeding.

[Order 136]

POWER SYSTEM STATEMENTS FOR 1946

EXTENSION OF TIME FOR FILING

On November 22, 1946, the Commission adopted the following three orders respecting the filing of Power System Statements by electric utilities, licensees, and others, to wit: Order No. 133 (11 F. R. 14173) regarding FPC Form No. 12 (Class I and Class II Systems) Order No. 134 (11 F. R. 14173) regarding FPC Form No. 12–A (Class III and Class IV Systems) and Order No. 135 (11 F. R. 14174) regarding FPC Form No. 12–D (Class III and Class IV Systems). Each of these orders requires that the Power System Statement referred to therein shall be filed with the Commission annually on or before the 15th of April;

It appearing that because of a delay in printing and distributing FPC Forms 12, 12–A and 12–D to the electric utilities concerned which will make it impossible for most utilities to file the required Form by April 15, 1947, an extension of time for filing the 1946 FPC Forms 12, 12–A and 12–D should be granted; and

Finding that the notice and public procedure provided for in section 4 (a) of the Administrative Procedure Act are impracticable and unnecessary with respect to amending Commission Orders Nos. 133, 134 and 135 as hereafter set forth; and further finding that such action is necessary and appropriate for carrying out the provisions of the Federal Power Act;

The Commission, pursuant to the authority vested in it by the Federal Power Act, particularly sections 4 (a), 301 (a), 309 and 311 thereof, orders that:

(A) Commission Order No. 133, dated November 22, 1946 is hereby amended to provide that FPC Form No. 12 Power System Statement (Class I and Class II Systems) for the year 1946 shall be filed on or before June 1, 1947;

(B) Commission Order No. 134, dated November 22, 1946 is hereby amended to provide that FPC Form No. 12–A Power System Statement (Class III and Class IV Systems) for the year 1946 shall be filed on or before June 1, 1947;

(C) Commission Order No. 135, dated November 22, 1946 is hereby amended to provide that FPC Form No. 12–D Power System Statement (Class III and Class IV Systems) for the year 1946 shall be filed on or before June 1, 1947;

OFFICE OF HOUSING EXPEDITER

[C-10]

BRADY HAULERS, INC.

CONSENT ORDER

Brady Haulers, Inc. has been constructing a one-story building located at McKinley Avenue and Main Street, Endicott, New York. It is charged by the Office of the Housing Expediter with violations of Veterans' Housing Program Order 1 in that (1) on or about November 15, 1946 it began construction, repairs, additions and alterations without authorization and at a cost in excess of $1,000 of a commercial building located at McKinley Avenue and Main Street, Endicott, New York; (2) on and after November 15, 1946 it carried on construction, repairs, additions and alterations without authorization and at a cost in excess of $1,000 of a commercial building located at McKinley Avenue and Main Street, Endicott, New York.

Brady Haulers, Inc. admits the violations charged and does not desire to contest the same and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Brady Haulers, Inc., the Regional Compliance Director and the Regional Attorney and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Neither Brady Haulers, Inc., its successors and assigns, nor any other person shall do any further construction on the premises located at McKinley Avenue and Main Street, Endicott, New York, including the putting up, completing or altering of any of the structures located on said premises, unless hereafter specifically authorized in writing by the Office of the Housing Expediter.

(b) Brady Haulers, Inc. shall refer to this order in any application or appeal which it may file with the Office of the Housing Expediter for priorities assistance or for authorization to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve Brady Haulers, Inc., its successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 14th day of April 1947.

MAY PLUMBING & APPLIANCE CO.

CONSENT ORDER

Herbert May, doing business as May Plumbing and Appliance Company is engaged in the plumbing and electrical appliance business at 324 North 21st Avenue, Hollywood, Florida. Subsequent to March 26, 1946, he began the construction of a one-story concrete building, 67.6' x 45' on Lot 5, Block "E", Little Ranches Subdivision, Hollywood, Florida, and known as No. 324 North 21st Avenue, to be used for commercial purposes and at an estimated cost in excess of $1,000 exemption provided for in Veterans' Housing Program Order 1 and in violation of said order.

Herbert May, doing business as May Plumbing and Appliance Company admits the violation as charged and although denying willfulness, does not care to contest this issue, and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Herbert May, doing business as May Plumbing and Appliance Company, the Regional Compliance Manager and the Regional Attorney, and upon approval of the Compliance Commissioner, *It is hereby ordered*, That

(a) Neither Herbert May, individually, nor doing business as to the May Plumbing and Appliance Company, his administrators, executors, successors or assigns nor any other person, shall do any further construction on the premises known as 324 North 21st Avenue, Hollywood, Florida, including the putting up, completing or altering of the structure located on said premises, until hereafter specifically authorized in writing by the Office of the Housing Expediter, except nothing herein shall prevent Herbert May, doing business as May Plumbing and Appliance Company, from building to completion a structure not exceeding 1,000 square feet of floor space at a cost not to exceed $5,000 at said location.

(b) Herbert May, doing business as May Plumbing and Appliance Company shall refer to this order in any application or appeal which they may file with the Office of the Housing Expediter for priorities assistance or for authorization to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve Herbert May, doing business as May Plumbing and Appliance Company, his or its successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

CUNEO PRESS, INC.

CONSENT ORDER

Cuneo Press, Inc., a corporation, Canal, Cermak and Grove Streets, Chicago, Illinois, is engaged in the printing and publishing business. It is charged with having exceeded authorization on Form CPA-4423, dated April 23, 1946, in the construction of a brick building approximately 100' x 369', at an estimated cost of approximately $178,000, instead of the installation of a demountable airplane hangar 100' x 320' at an estimated cost of $78,000, as set forth in said application. Cuneo Press, Inc., a corporation, does not wish to contest such charge and consents to the issuance of this order.

Wherefore, upon the agreement and consent of Cuneo Press, Inc., a corporation, the Regional Compliance Director and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Authorization to Cuneo Press, Inc., corporation, on Form CPA-4423, dated April 23, 1946, is hereby revoked.

(b) Neither Cuneo Press, Inc., a corporation, its successors or assigns, nor any other person, shall do any further construction on the premises at 2416 South Archer Avenue, Chicago, Illinois, unless specifically authorized by the Office of the Housing Expediter.

(c) Nothing contained in this order shall be construed as preventing the processing on its merits of any application for permission to complete the construction on the aforesaid premises heretofore or hereafter filed with the Office of the Housing Expediter.

(d) Nothing contained in this order shall be deemed to relieve Cuneo Press, Inc., a corporation, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7-980]

GULF, MOBILE & OHIO RAILROAD CO.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 10th day of April A. D. 1947.

The Boston Stock Exchange, pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 thereunder, has made application for unlisted trading privileges in the Common Stock, No Par Value, of Gulf, Mobile & Ohio Railroad Company, a security listed and registered on the New York Stock Exchange.

Rule X-12F-1 provides that the applicant shall furnish a copy of the application to the issuer and to every exchange on which the security is listed or already admitted to unlisted trading privileges. The application is available

for public inspection at the Commission's principal office in Philadelphia, Pennsylvania.

Notice is hereby given that, upon request of any interested person received prior to April 30, 1947, the Commission will set this matter down for hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Philadelphia, Pennsylvania. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

BUFFALO, NIAGARA AND EASTERN POWER CORP. ET AL.

NOTICE OF FILING OF APPLICATION FOR EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 9th day of April 1947.

In the matters of Buffalo, Niagara and Eastern Power Corporation, File Nos. 54-106, 31-524; Niagara Hudson Power Corporation, File Nos. 54-107, 31-523; Niagara Hudson Power Corporation and its Subsidiary Companies, respondents, File No. 59-52.

The Commission having by order dated October 28, 1946 extended for a period of six months the time within which Niagara Hudson Power Corporation must dispose of all its interest, direct or indirect, in Buffalo Niagara Electric Corporation and all the subsidiaries thereof, as provided by the amended plan of Niagara Hudson Power Corporation approved by Commission Order of October 4, 1945 issued in respect thereof; and

Niagara Hudson Power Corporation having filed an application requesting that an order be issued extending to November 1, 1947 the time within which Niagara Hudson may effect compliance with the disposition requirements of the amended plan referred to above; the applicant having stated that Niagara Hudson and three of its subsidiaries, i. e., Buffalo Niagara Electric Corporation, Central New York Power Corporation, and New York Power and Light Corporation, have pending before the Public Service Commission of the State of New York an application for approval of the consolidation of the three subsidiaries into Buffalo Niagara Electric Corporation as the single surviving corporation; and

Applicant having further stated that to date no hearings have been held by the State Commission on the consolidation application but that applicant believes that such hearings will be held in sufficient time to permit determination of the matters therein involved prior to the expiration of the requested extension of time; and

Applicant having alleged that the interest of all its stockholders will be best and most equitably served through effectuation of the proposed consolidation and upon completion thereof applicant will proceed forthwith to present to this Commission a program designed to effectuate further simplification of Niagara Hudson's own capital structure through elimination of its own preferred stock and payment of its bank loans with a view to the eventual elimination of Niagara Hudson as a public utility holding company;

It appearing to the Commission that it is appropriate in the public interest and the interests of investors that notice of the filing of said application for extension of time and opportunity for requesting a hearing thereon be given to all interested persons;

It is ordered, That notice of the filing of Niagara Hudson's request for an extension to November 1, 1947 of the time within which to comply with the disposition requirements of the amended plan referred to above be given to Niagara Hudson Power Corporation, the Public Service Commission of the State of New York and the Federal Power Commission by mailing copies of this notice of filing by registered mail, and to all other persons by publication thereof in the FEDERAL REGISTER.

Any interested person may, not later than April 18, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after 5:30, April 18, 1947, the Commission may take such action as may be deemed appropriate with respect to Niagara Hudson's application.

ARKANSAS POWER & LIGHT CO. AND ELECTRIC POWER & LIGHT CORP.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 9th day of April A. D. 1947.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Electric Power & Light Corporation ("Electric"), a registered holding company, and its subsidiary, Arkansas Power & Light Company ("Arkansas"). Applicants-declarants have designated sections 6 (b), 9 (a), 10 and 12 (f) of the act and Rule U-43 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than April 21, 1947 at 5:30 p. m., e. s. t., request the

Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request and the issues, if any, of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after April 21, 1947 said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized below:

Arkansas has outstanding 1,360,000 shares of common stock, having a par value of $12.50 per share, all of which are owned by Electric. Arkansas proposes to issue and sell and Electric proposes to acquire an additional 100,000 shares of common stock of Arkansas for a cash consideration of $1,250,000. The proceeds from the sale of the new common stock will be used by Arkansas for the construction of needed facilities. Electric proposes to use treasury funds in making the proposed transaction.

The issue and sale by Arkansas of such common stock has been expressly authorized by the Arkansas Public Service Commission.

Applicants-declarants request that the Commission's order issue as soon as possible and become effective upon the issuance thereof in order to permit consummation of the proposed transactions at the earliest possible opportunity.

By the Commission.

VOLUME 12 NUMBER 76

Washington, Thursday, April 17, 1947

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 902—ORANGES AND GRAPEFRUIT GROWN IN CALIFORNIA AND ARIZONA

TERMINATION OF MARKETING AGREEMENT AND ORDER

Marketing Agreement No. 30, as amended, hereinafter referred to as the "marketing agreement," and Order No. 2, as amended (7 CFR 901.1 et seq.), hereinafter referred to as the "order," regulating the handling of oranges and grapefruit grown in the States of California and Arizona, are effective pursuant to the provisions of Public Act No. 10, 73d Congress, as amended and reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.); and it is provided in said act and order that the Secretary of Agriculture shall terminate or suspend the operation of such order whenever he finds that the provisions thereof obstruct or do not tend to effectuate the declared policy of the act.

It is provided in said marketing agreement that the Secretary may effectuate its termination by giving twenty-four hours' notice thereof by press release or in any other manner which the Secretary may determine.

It is hereby found and determined, (a) that the provisions of the aforesaid marketing agreement and order regulating the handling of oranges and grapefruit grown in the States of California and Arizona no loner tend to effectuate the declared policy of the act; and (b) that the Growers Advisory Committee, established pursuant to the marketing agreement and order, has no funds or property in its possession or under its control and has no liability or outstanding obligation under the said marketing agreement and order.

It is, therefore, ordered, That the said marketing agreement and order regulating the handling of oranges and grapefruit grown in the States of California and Arizona be, and the same hereby are, terminated, effective thirty days after the publication of this order in the FEDERAL REGISTER: *Provided*, That such termination shall not affect or waive any right, obligation, duty, or liability under said marketing agreement or order, or release or extinguish any violation of said marketing agreement or order, or affect or impair any right or remedy of the United States, the Secretary, or any person with respect to any violation, which has arisen or occurred or which may arise or occur prior to the time that such termination becomes effective; and

It is further ordered, That the members of the aforesaid Growers Advisory Committee be, and the same hereby are, discharged and released from any and all obligations and duties which would otherwise accrue upon the termination of said marketing agreement and order.

Issued at Washington, D. C., this 11th day of April 1947.

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

Subchapter B—Immigration Regulations

PART 110—PRIMARY INSPECTION AND DETENTION

DESIGNATION OF DAAQUAM, MAINE, AS CLASS B PORT OF ENTRY

APRIL 1, 1947.

Section 110.1, Chapter I, Title 8, Code of Federal Regulations is amended by inserting "Daaquam, Maine," between "Boundary Cottage, Maine" and "Easton, Maine" in the list of Class B ports of entry in District No. 1.

This order shall become effective on the day of its publication in the FEDERAL REGISTER. The publication of notice, the public procedure, and the delayed effective date prescribed by section 4 of the Administrative Procedure Act (Pub. Law 404, 70th Cong.; 60 Stat. 238) are found unnecessary and contrary to the public interest for the reasons that (1) interested persons have recently made rep-

TITLE 10—ARMY: WAR DEPARTMENT

Chapter VI—Organized Reserves

PART 602—RESERVE OFFICERS TRAINING CORPS

TRAINING CAMPS

Sections 602.56 to 602.79, inclusive, are superseded by the following §§ 602.56 to 602.77, inclusive:

Sec.
602.56 Supervision and command.
602.57 Number, type and location of camps.
602.58 Designation.
602.59 Time and duration.
602.60 Attendance.
602.61 Camps for units at MI, MS, and CS institutions.
602.62 Deferred attendance.
602.63 Attendance at camp of arm or service other than that in which enrolled.
602.64 Absence from camp.
602.65 Physical examinations.
602.66 Medical and hospital treatment.
602.67 Army exchanges.
602.68 Dismissal and withdrawal from camp.
602.69 Disposition of supplies at termination of camp.
602.70 Responsibility for Government property.
602.71 Dress uniforms.
602.72 Sale of quartermaster property.
602.73 Transportation.
602.74 Pay.
602.75 Laundry and dry cleaning service.
602.76 Subsistence.
602.77 Disposal of remains of deceased students.

AUTHORITY: §§602.36 to 602.77, inclusive, issued under 41 Stat. 778; 10 U. S. C. 44.

§ 602.56 *Supervision and command.* These camps will be conducted by the appropriate army commanders, department commanders, and air force commanders, and when located at class II installations, with the assistance of the chiefs of the administrative or technical services represented by the ROTC units, and in accordance with instructions issued by the War Department. For service type ROIC units, all matters pertaining to summer camps will be coordinated with chiefs of administrative or technical services concerned.

§ 602.57 *Number, type, and location of camps.* The number, type, and location of camps will be determined by the Commanding Generals of the Army Air Forces and Army Ground Forces, and the department commanders concerned, and submitted to the War Department, Attention: Director of Organization and Training, for approval.

§ 602.58 *Designation.* Camps will be designated: "The Fort ---------- ROTC Camp," "The ---------- (base or field) Air ROTC Camp," etc.

§ 602.59 *Time and duration.* Camp will ordinarily open in June of each year (as soon as practicable after the closing date of educational institutions concerned) and will continue for a period of 6 weeks.

§ 602.60 *Attendance.* (a) The War Department will prescribe the number of students in each army area, department, and air force command to attend camps annually.

(b) Camp attendance is required of and open to, students as indicated below:

(1) Attendance at one camp is required of students enrolled in the advanced course, normally upon completion of the first year of the advanced course.

(2) Students who are required or who elect to pursue technical training or engage in employment of furtherance of such training during the summer following their junior academic year under the general supervision of the authorities of the institution may be authorized by commanders referred to in § 602.56 to attend camp upon completion of the advanced course. Commanders referred to in § 602.56 are authorized to forward to the War Department for consideration cases of exceptional merit not specifically covered by this subparagraph and by subparagraph (3) of this paragraph.

(3) Students who, after completion of the elementary course, have but one more year before graduation from collegiate institutions and for whom curtailment of the advanced course under the provisions of AR 145–10 and §§ 602.1 to 602.34, is authorized, may be permitted by commanders referred to in § 602.56 to attend camp upon completion of the advanced course.

(4) Attendance is required of graduates of an institution to whom deferred camp attendance has been granted under the provisions of § 602.62.

(5) Students pursuing the ROTC course under the provisions of AR 145–10 and § 602.17 of this part may be authorized by the commanders referred to in § 602.56 to attend an ROTC camp without expense to the Government other than payment for attendance as authorized by section 47c National Defense Act. The conditions of attendance will be explained to each student and he will be required to sign a waiver of claim against the United States for any allowance whatsoever based on such attendance, except for payment under the provisions of section 47c, National Defense Act, as amended.

(6) When the number of students that can be trained is such that all cannot be accommodated, selection for camp training will be made with priority in the following order:

(i) Advanced course students to whom deferred camp attendance was granted the previous year.

(ii) Students compelled to withdraw from a previous camp under the conditions cited in subdivision (iv) of this subparagraph.

(iii) Advanced course students attending at the normal time, i. e., after satisfactory completion of the first year of the advanced course.

(iv) Students pursuing the ROTC course under provisions of AR 145–10 § 602.17 authorized to attend.

(c) The training of the ROTC student is conducted in clearly defined stages according to a progressive scheme of instruction. The camp training supplements and follows in progression the first year of the advanced course at the institution.

(d) Students will not be authorized to attend more than one camp except in the following cases:

(1) When the student was compelled to withdraw from a camp previously attended and was unable to complete the camp course of instruction due to sickness or other cause than misconduct, fault, or neglect on his part.

(2) When the student after attending camp has transferred to a unit of an arm or service other than that of the camp previously attended.

(3) When authorized by the Secretary of War, in exceptional cases. In these cases the student, if eligible, will be required to attend the next camp of his unit

in accordance with the provisions of his advanced course contract.

(e) The exemption of members of the advanced course from the required camp attendance or the extension of credit toward such attendance for previous military training is not authorized by law.

§ 602.61 *Camps for units at MI, MS, and CS institutions.* The only camps provided for by §§ 602.56 to 602.77, inclusive, are advanced course camps. The War Department does not maintain camps for the instruction of students in the junior division or for students at class MI institutions, as such. Nevertheless, where such camps are maintained by institutions, the personnel and equipment allotted to such institutions may be used for this purpose, without expense to the Government beyond such expense as would be involved in the maintenance of such personnel and equipment at the institution.

§ 602.62 *Deferred attendance.* (a) When it is not practicable for an advanced course student to attend camp until after the normal period, attendance may be deferred by commanders referred to in § 602.56 to whom application for such deferment, setting forth the reasons which require deferment, will be addressed.

(b) Commanders referred to in § 602.56 will not authorize a change of advanced camp attendance from the normal period to a period subsequent to graduation unless the reasons given are substantial (see § 602.60 (b) (2) and (3)).

(c) A student will not be permitted to defer camp attendance to a time subsequent to the camp which immediately follows his graduation unless he is physically unable to attend that camp, in which case, upon receipt of proper evidence of disability, including the certificate of a reputable physician, the commanders referred to in § 602.56 may authorize the student to defer attendance at camp for an additional year.

§ 602.63 *Attendance at camp of arm or service other than that in which enrolled.* There will be students in scientific and technical courses whose services will be needed in and who will wish to be commissioned in branches not represented by units on their campuses. Commanders referred to in § 602.56 may authorize the attendance of such advanced students at ROTC camps of the appropriate branches after the necessary coordination with the chief of technical service concerned has been accomplished.

§ 602.64 *Absence from camp.* (a) For unavoidable causes such as sickness commanders referred to in § 602.56 may in each particular case authorize a short delay in arrival, which in no event is to extend beyond the fifth day of camp. Students will not be admitted to camp later than the fifth day.

(b) In exceptional cases when hardship would otherwise ensue, camp commanders in each particular case may authorize students to be absent from camp for short periods during which they should ordinarily be present for instruction.

(c) A student, who through absence from camp, fails to receive at least 85 percent of the total scheduled instruction, will not be credited with camp attendance nor will he be considered as fulfilling that part of his advanced course contract which requires camp attendance.

§ 602.65 *Physical examinations.* (a) See AR 40–100, AR 40–105, AR 145–10 and §§ 602.1 to 602.34, inclusive.

(b) *Preliminary physical examination prior to departure for camp.* See AR 145–10 and § 602.16.

(c) *Physical examination at opening of camp.*

(1) Within 48 hours after arriving at camp, all students will be given a physical examination and the result will be recorded on WD AGO Form 63. Students who possess minor disqualifying defects which in the opinion of the examining board will be overcome prior to the time they become eligible for commission in the Officers' Reserve Corps will be permitted to remain in camp, in which case suitable remarks and recommendations for waiver of the defect will be made on the report. Those students who are found to have any condition which would render training hazardous to themselves, or whose presence in camp would be a menace to others, or who possess permanent physical defects which will disqualify them for commission in the Officers' Reserve Corps, will be reported on the report as disqualified. Ordinarily, these students will then be returned to their homes; however, when no danger to others will result, a physically disqualified student may be permitted to continue the camp training at his own risk, pending final action by the War Department, provided a signed statement is presented by him and his parent or guardian in effect that his physical condition is understood and the Government will not be held responsible for any possible detrimental effects that may result.

(2) As soon as practicable after the completion of the physical examination, the records of all students who have been found to be physically disqualified and the records of those for whom waiver of defects is recommended will be forwarded to the army, department, or air force commander concerned, whose decision with respect to waiver of defects is final. The records with notation of action taken on waivers of defects will then be forwarded to The Adjutant General for appropriate action on any other matters and for record and will be returned to the army, department, or air force commander with instructions, if any. The army, department, or air force commander will, after taking appropriate action, return the records to the professor of military science and tactics for file in his office. For advanced course students who are discharged for physical disqualification, see AR 145–10 and § 602.17.

(3) The physical examination made at the camp will be made primarily with a view of determining the student's physical qualification for a commission in the Officers' Reserve Corps.

(4) At the discretion of the Commanding General, Army Air Forces, air ROTC students may be given a physical examination for flying in accordance with the provisions of AR 40.110 and §§ 602.1 to 602.34, inclusive.

(d) *Physical examination at close of camp.*

(1) The camp commander will cause each student who has suffered an injury or illness while in attendance at his camp to undergo a thorough physical examination within 48 hours prior to the termination of his course of training. The fact of injury or illness, the line-of-duty status, and the physical condition at the time of discharge from camp will be recorded on the report of physical examination made at the opening of camp. In case that report is not available, a new report of physical examination will be prepared.

(2) In other cases the student's certificate that he has suffered no disability as a result of his training will be accepted in lieu thereof and will be attached to his report of physical examination.

§ 602.66 *Medical and hospital treatment*—(a) *General authorization.* (1) Members of the ROTC who suffer personal injury or contract disease in line of duty while en route to or from and during their attendance at camps of instruction under the provisions of section 47a of the National Defense Act, as amended, shall, under such regulations as shall be prescribed, be entitled to hospitalization, rehospitalization, medical, and surgical care, in hospital or at their homes, until the disability resulting from such injury or disease cannot be materially improved by further hospitalization or treatment.

(2) Members of the ROTC may be treated at public expense for injury or disease not in line of duty only in Army medical facilities and under the following conditions:

(i) During the period of their attendance at ROTC camps they may be admitted to Army hospitals at such camps without regard to line of duty.

(ii) In the event a member of the ROTC is undergoing hospital treatment upon the termination of the camp, or before his departure from the camp is in need of hospital treatment, because of a disability not in line of duty, and is physically unable to withstand transportation to his home for the time being, his case will be handled by the local commanding officer in such manner as he may deem to be for the best interests of all concerned.

(b) *Place of treatment.* (1) Members of the ROTC entitled to treatment under paragraph (a) of this section, will be treated in Army medical facilities, when available.

(2) If Army medical facilities are not available, members of the ROTC entitled to treatment under the provisions of paragraph (a) (1) of this section, will be treated in hospitals of other Federal departments or agencies on written request for treatment signed by the responsible officer (or, if for rehospitalization or treatment after termination of the camp and return home, by the commanding general of the army, air command, or department under whose jurisdiction the camp was held).

(3) *By civilian agencies.* If no medical facilities of the Army or other Federal department or agency are available, members of the ROTC entitled to treatment under paragraph (a) (1) of this section may be treated by civilian agencies on written request signed by the responsible officer (or, if for rehospitalization or treatment after termination of the camp and return home, by the commanding general of the army, air command, or department under whose jurisdiction the camp was held).

(c) *Charges for treatment.* (1) In Army hospitals hospitalization will be at the per diem rate established by the Federal Board of Hospitalization for the fiscal year in which treatment is rendered. This will cover the entire charge for hospitalization, including subsistence. Outpatient treatment will be at the rate established by The Surgeon General.

(2) In hospitals of Federal departments or agencies (other than Army) hospitalization will be at the per diem rate established by the Federal Board of Hospitalization for the fiscal year in which treatment is rendered. This will cover the entire charge for hospitalization, including subsistence. Outpatient treatment will be at the rates established by the Federal agency concerned.

(3) Charges by civilian agencies will be at reasonable rates allowed by the final approving authority.

§ 602.67 *Army exchanges.* Army exchange facilities with an equitable distribution of the profits thereof will be provided for ROTC camps by the commanding general of the appropriate army area or appropriate major Army Air Forces command under existing regulations. Dividends will be paid and distributed in accordance with the provisions of AR 210–50 and AR 210–65 and Part 504 of this title.

§ 602.68 *Dismissal and withdrawal from camp.* (a) Any student who because of demonstrated inaptitude, indifference to training, or who is guilty of misconduct, or whose habits or traits of character indicate that upon completion of 4 years' course of instruction prescribed for ROTC units he would not be qualified for a commission in the Officers' Reserve Corps, will be dismissed from the camp by the camp commander. Such action by the camp commander will be based upon a thorough and impartial investigation by a board of officers. A full report concerning the dismissal of the student, setting forth the reasons therefor, will be prepared in duplicate. For ground ROTC students, the first copy will be forwarded to the army commander of the army area or the commander of the oversea department in which the student's unit is located; for air ROTC students, the first copy will be forwarded to the Commanding General, Air Defense Command; in each case, the second copy will be forwarded to the authorities of the institution in which the student is enrolled. Any student who is compelled by necessity to leave the camp through no fault or misconduct of his own may be permitted to withdraw by the commanding officer. Students who are dismissed or who withdraw from camp are entitled to transportation and subsistance as provided hereinafter.

(b) While dismissal from camp ordinarily should result in discharge from the ROTC, such discharge is not included in the dismissal. The professor of military science and tactics at the institution, after thorough investigation and examination of the report of dismissal, will recommend to the army commander or department commander for ground ROTC students, or to the Commanding General, Air Defense Command, for air ROTC students, through the head of the institution, either that the students be discharged from the ROTC or that he, in an exceptional case, be retained therein, and upon action by the higher authority, designated above, will take steps accordingly.

§ 602.69 *Disposition of supplies at termination of camp.* All articles of clothing and equipment issued to units and individuals of the training camp will be turned in at the termination of the camp to the camp supply officer, and disposed of as follows:

(a) Articles on loan from chiefs of technical services and the Commanding General, Army Air Forces, will be disposed of in accordance with instructions from respective chiefs of technical services and the Commanding General, Army Air Forces.

(b) Articles furnished from station stock will be turned in to the appropriate station supply officer.

(c) Articles furnished on loan from Army or Army Air Forces organizations will be returned to the lending organization, or, at the discretion of the army commander or air commander concerned, disposed of in accordance with paragraph (b) of this section.

§ 602.70 *Responsibility for Government property.* (a) The necessary cost of renovation and reconditioning of property returned to supplying agencies after use at ROTC summer camps will be met by ROTC funds.

(b) (1) Any loss of or damage to clothing or equipment due to lack of care on the part of the student to whom whom issued will be assessed and charged on the payroll against the student. In case the pay of the student is insufficient to cover the complete indebtedness, the balance due will be collected from him if practicable; otherwise, it will be reported to the institution with request for assistance in collection.

(2) Clothing and equipment will be charged in accordance with current price lists.

(c) (1) Articles lost, damaged, or destroyed and not paid for by the individuals responsible therefor will be surveyed and the responsibility determined.

(2) Losses to the United States through fault on the part of students will be itemized on surveys separately from other losses.

(3) Records and certifications of students will show the amount of property loss to the United States and the amount received as reimbursement.

(d) No deduction to reimburse the Government will be made or accepted from the travel allowances due a student for travel to or return to his home.

§ 602.71 *Dress uniforms.* Each student, with the consent of the authorities of the institution attended by him, may bring to camp one dress uniform, as authorized for his institution. Students will be given every encouragement to wear their institutional uniform during any off-duty periods in which they desire to present a particularly neat appearance.

§ 602.72 *Sale of quartermaster property.* The sale of quartermaster property (except subsistence articles at camps) to ROTC students is not authorized.

§ 602.73 *Transportation*—(a) *Transportation authority.* (1) Students will normally be authorized to proceed to designated camps from their institutions, or from their legal residences where the distances from such residences to the camps do not exceed the distances from their institutions to the camps, and to return thereto, by the shortest usually traveled route.

(2) Under exceptional circumstances, army or air force commanders may:

(i) Authorize a student to proceed to the camp designated for his unit from his legal residence when the distance from such residence to the camp is greater than from the institution to the camp. This authorization will be given only to students whose institutions close so early in the year as to make it impracticable for them to proceed directly from the institution to the camp.

(ii) In the interest of economy, authorize a student, except air students, to attend a camp of an arm or service other than the camp prescribed for his unit. If the camp to be attended is beyond the territorial limits of the Army in which the institution of the student is located, the camp attendance will be arranged by the army commanders concerned by direct correspondence.

(b) *Travel allowances.* (1) Members of the ROTC will be paid travel allowance at the rate of five cents per mile from the place from which the students are authorized to proceed to camp and for the return travel thereto. Payment of the travel allowance for the return journey may be made in advance of the actual performance thereof. WD FD Form 21 (Reimbursement Voucher, Pay Roll, CMTC, ROTC) will be used as a voucher for payment of travel allowances and copies of orders will be filed therewith.

(2) Return travel allowance is not due to a student until the close of camp. The commanding officer will pay travel allowances to a student upon dismissal or withdrawal if determined by him that such advanced payment is proper and desirable for the good of the service. However, the commanding officer is authorized to withhold travel allowances until the termination of the camp, if he determines such course advisable, and if the student is not present at the close of the camp to refuse payment thereof.

(3) The shortest usually traveled route will be the basis of calculation for travel allowances. Travel allowances

for members of the ROTC will be paid from the appropriations for ROTC.

(4) (i) Orders for travel to camp and return therefrom will be issued by army, department, or air force commanders, or such subordinate authority as they may designate.

(ii) In the case of a student authorized to attend a camp in an army area or air force area other than that wherein the place from which he is directed to proceed is located, the travel order will be issued by the commander of the army or air force from which the student is directed to travel, and 3 copies of the order will be sent at once to the commander of the army or air force in which the camp to be attended is located for each student so ordered.

(c) *Students without funds.* Students unable to pay their own railroad fare may be authorized transportation in kind by army or air force commanders, in which cases orders issued will specifically state that the Transportation Corps will furnish necessary transportation and provide for the payment of $1 per meal for the number of meals required for the journey. Transportation request will be forwarded to the student with orders directing him to proceed to camp. Cost of this transportation and subsistence will be borne by ROTC funds.

§ 602.74 *Pay.* (a) Members of the ROTC or other persons authorized by the Secretary of War to attend advanced camps shall be paid for attendance at such camps at the rate prescribed for enlisted men of the seventh grade of the Regular Army with less than 3 years service.

(b) Pay will begin with the day of arrival at the camp and end with the day of relief from duty connected therewith (41 Stat. 779; 10 U. S. C. 443).

§ 602.75 *Laundry and dry-cleaning service.* (a) All students will be furnished laundry or dry-cleaning services under the same conditions as for enlisted men of the Regular Army.

(b) Army, department, or air force commanders will specify the articles to be laundered or dry cleaned, including the underclothing owned by the students.

§ 602.76 *Subsistence.* (a) All students in attendance will subsist under the field ration as prescribed in current War Department directives. For hospital rations, see paragraph 11b AR 40-590.

(b) The employment of civilian mess attendants, and the payment of additional compensation to enlisted cooks and mess personnel, is authorized. When so employed or compensated, they will be compensated from ROTC funds. The total amount available for such compensation is limited to ten cents per student per day.

§ 602.77 *Disposal of remains of deceased students.* The recovery, preparation, and disposition of the remains of students who die while en route to or from or during their attendance at an ROTC camp or who die while receiving hospital treatment at Government expense, will be in accordance with the provisions of Army Regulations. Burial expenses authorized by AR 30-1830 and §§ 306.50-306.53, of this title, will be paid from the appropriation "Reserve Officers' Training Corps," as provided by law and the instructions issued by the War Department. At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 20th day of March A. D. 1947.

In the Matter of Isidore Gendelman, Samuel Gendelman, Individually and as Copartners, Trading and Doing Business as American Sales Company, Universal Bargain House, and National Sales Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondents, evidence introduced before a trial examiner of the Commission theretofore duly designated by it, and a stipulation of facts entered into between counsel for the Commission and counsel for respondents (the trial examiner's report, the filing of briefs, and oral argument having been waived); and the Commission having made its findings as to the facts and its conclusion that respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondents, Isidore Gendelman and Samuel Gendelman, individually and trading as American Sales Company or trading under any other name, and their agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of wearing apparel and other merchandise, including used or secondhand clothing and hats, do forthwith cease and desist from:

1. Representing that respondents' merchandise consists of bankrupt stocks, manufacturers' surpluses, auction stocks, close-out lots, or manufacturers' sample lots which respondents have purchased direct from such sources of supply.

2. Representing that respondents manufacture any of the products sold by them.

3. Representing that garments sold by respondents are cleaned, repaired, or pressed when such is not the fact.

4. Representing that garments are only slightly used when such is not the fact.

5. Representing that respondents' garments are tailored to customers' individual measurements.

6. Representing that respondents handle no inferior grades of merchandise.

7. Representing that hats composed in whole or in part of used or secondhand materials are new or are composed of new materials by failure to stamp on the sweatbands thereof, in conspicuous and legible terms which cannot be removed or obliterated without mutilating the sweatband, a statement that such hats are composed of used or secondhand materials (subject to the provision, however, that if sweatbands are not affixed to such hats, then such stamping shall appear on the bodies of such hats in conspicuous and legible terms which cannot be removed or obliterated without mutilating such bodies).

8. Misrepresenting, either through words or pictorial representations, the character or condition of respondents' merchandise.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PART 3290—MANILA (ABACA) AND AGAVE FIBERS AND CORDAGE [1]

[Conservation Order M-84, as Amended Apr. 16, 1947]

MANILA (ABACA) AND AGAVE FIBER AND CORDAGE

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of manila and agave and products made from them for defense for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3290.221 *Conservation Order M-84—*(a) *Restrictions on sales, deliveries, receipts, and use of certain cordage products—*(1) *Rope and twine (except binder and baler twine).* No processor or dealer may sell, deliver, or accept delivery of new rope or new twine produced in the United States in whole or in part from Manila or agave, or from yarn made from such fibers, for end uses for which the rope or twine may not be manufactured under this order. However, this rule shall not prohibit the sale, delivery, or acceptance of rope made from agave fiber put into process before January 16, 1947 for any end use, or of those twines listed in Schedule B made from agave fiber put into process before March 25, 1947.

(2) *Binder and baler twine.* No person may sell or deliver new binder or new baler twine (wherever produced) if he knows or has reason to believe that:

(i) The binder twine will not be used with mechanical harvesting equipment or in the growing, harvesting, or delivering of agricultural crops, or that the binder twine will be converted into rope or any other product; or

(ii) The baler twine will not be used in a self-tying machine for baling hay, straw, or other fodder crops.

(3) No person may use new binder or new baler twine (wherever produced) to manufacture rope for sale.

(b) *Purposes for which Manila or agave fiber or yarn may not be used—*(1) *Manila.* No processor may put into process any spinnable Manila fiber, or yarn made from such fiber (wherever produced) except to make rope for any end use, or twines permitted in Schedule B of this order, or as specifically authorized or directed by the Civilian Production Administration under subparagraph (c) (5) below. Non-spinnable Manila fiber may be used for any purpose.

(2) *Agave.* No processor may put into process any agave fiber, or yarn made from such fiber (wherever produced), except to make rope in the sizes described in Schedule A of this order, and binder and baler twine, or as specifically authorized or directed by the Civilian Production Administration under subparagraph (c) (5) below.

Except as specifically authorized or directed in writing by the Civilian Production Administration, no processor may manufacture any binder or baler twine from agave fiber, unless made in accordance with the following specifications: The binder twine must measure 500 feet to the pound with a plus or minus tolerance of five per cent; and must contain a lubricant of at least ten per cent of the total weight of the twine, and an insect repellent. The baler twine must measure 200 to 225 feet to the pound with a plus or minus tolerance of five per cent; must contain a lubricant of at least ten per cent of the total weight of the twine, and an insect and rodent repellent.

(c) *Quantities of manila and agave fibers which may be used.* (1) Processing quotas will be issued in writing by the Civilian Production Administration to processors making any of the products permitted under paragraphs (b) (1) and (b) (2) above. No person shall put into process any spinnable Manila fiber or any agave fiber, until he has received such a quota, or in amounts in excess of his quota, regardless of whether the fiber is taken from inventory, or obtained by allocation under this order or in any other way. These quotas may not be transferred except as specifically authorized in writing by the Civilian Production Administration, or in accordance with Allocations Regulation 1.

(2) In general, processing quotas for spinnable Manila fiber or agave fiber, for

[1] Formerly Part 3290—Textile, Clothing and Leather.

rope and products permitted in Schedule B, will be issued upon the following basis: The aggregate processing quota for Manila and agave fibers for each processor will be in proportion to his average monthly sales of both types of rope during the period January 1, 1939 through December 31, 1941; his processing quota for Manila fiber for rope and twines listed in Schedule B will be in proportion to his average monthly sales of Manila rope during the period January 1 through December 31, 1939; and his processing quota for agave fiber will be in proportion to his processing quota for both fibers, less that for Manila. A manufacturer who was not in the hard fiber cordage business during 1939–40–41 may apply to the Civilian Production Administration for a processing quota. The application should be filed by letter stating the quantity of fiber desired to be processed for each permitted product, and should include a statement of the facilities available for the manufacture of cordage products, as permitted under Order M–84, the maximum poundage of fiber which can be processed with his facilities on the basis of a 40-hour week, and the minimum poundage of fiber needed for economical operation during a three-month period. Applications from new manufacturers will be considered on an equitable basis, in view of the quotas issued to other manufacturers.

(3) Processing quotas for agave fiber for binder twine and baler twine will be prorated among processors on the basis of information previously filed with the War Production Board and Civilian Production Administration as to productive capacity, method, and rate of operation.

(4) Processing quotas for Manila fiber other than spinnable, are not required under this order.

(5) The Civilian Production Administration may also issue specific directions or authorizations to processors as to the extension of more critical fibers by mixture with less critical ones (i. e., use of "extenders") in the manufacture of any products permitted under this order. No processor shall put any manila or agave fibers into process contrary to the terms of any such direction or authorization, regardless of whether the fiber is taken from inventory, or obtained by allocation under this order or in any other way.

(d) *Inventory restrictions on Manila and agave fiber, and cordage products*—(1) *Processors' inventories.* No processor may accept delivery of any spinnable Manila fiber, or yarn made from such fiber, if his inventory of spinnable Manila fiber will be more than the amount he needs during the next 150 days, on the basis of his current or scheduled method and rate of operation, and for making only those products permitted under this order. No processor may accept delivery of any such fiber or yarn for making any product not permitted by this order.

(2) *Importers' and dealers' inventories.* No person, other than a processor or the Reconstruction Finance Corporation, may accept delivery of any spinnable Manila fiber if his inventory of such fiber held for resale will be more than the amount he would normally stock up in the ordinary course of his business to meet reasonably anticipated requirements, while continuing to dispose of such inventory as promptly as practicable in view of the orders received by him from persons permitted to accept deliveries under this order. If a person imports or buys fiber both for resale and for processing on his own facilities, and keeps separate inventory records of the fiber held for each purpose, his inventory held for resale shall be governed by this rule instead of that in paragraph (d) (1); but if he does not keep separate inventory records, his inventory shall be governed by the rule in (d) (1).

(3) *Manila being imported.* The limitations in paragraphs (d) (1) and (d) (2) above apply to deliveries and inventories within the continental United States only. Material which is being imported, but has not been released from United States Customs, is not to be considered as in inventory.

(4) *Inventories of rope and twines.* A person buying new rope or new twines made from Manila or agave fiber, whether for use or resale (including a person buying for export) may not accept delivery of any of such materials if his inventory of that material is, or will be, more than a practicable minimum working inventory reasonably necessary to meet his own deliveries or to supply his services on the basis of his current or scheduled method and rate of operation.

(5) *Restriction on ordering more than needed.* A person may not place any order for delivery of any material on earlier dates or in larger amounts than he would be permitted to receive under this order or any other applicable orders or regulations of CPA. Orders aggregating more than he is allowed to receive may not be placed with different suppliers even though he intends to cancel one or more of them before delivery.

(6) *Adjusting outstanding orders when requirements change.* If because of a change in operations, slowing or stoppage of production, delayed delivery by a supplier, or any other change in requirements, a person who has ordered material for future delivery would, if he accepted delivery on the date specified, exceed the limits prescribed by this order, he must promptly adjust his outstanding orders, and if necessary, postpone or cancel them.

(e) *Distribution of binder twine held by Reconstruction Finance Corporation.* The Civilian Production Administration may from time to time specifically direct the time and quantities in which deliveries of binder twine held by the Reconstruction Finance Corporation shall be made or withheld, and the purposes for which such deliveries may be made.

(f) *Allocation of fiber.* (1) No processor shall make or accept delivery of any Manila or agave fiber contrary to directions which from time to time the Civilian Production Administration may issue. The Civilian Production Administration may from time to time allocate to processors the available supplies of Manila and agave fiber held by the Reconstruction Finance Corporation, and specifically direct the time, manner, and quantities in which deliveries to processors shall be made or withheld.

(2) In general, allocations of spinnable Manila fiber and agave fiber held by the Reconstruction Finance Corporation, for rope and products permitted in Schedule B, and of agave fiber for binder twine and baler twine, will be prorated upon the same bases as are the processing quotas issued under paragraph (c) above. Applications need not be made by processors who have processing quotas. An application for a processing quota under paragraph (c) from a manufacturer who was not in the hard fiber cordage business during 1939–40–41 will also be considered as an application for an allocation, unless the applicant specifically indicates that he does not want to get any fiber from the Reconstruction Finance Corporation.

Since the only Manila fiber to be allocated will be that held by RFC, the amounts allocated will usually be less than those which may be accepted and used under the inventory limitations and processing quotas; and such additional amounts as may be accepted or used under this order within those limitations and quotas may be obtained from other sources without allocations.

(3) Manila, other than spinnable, held by RFC, will not be allocated after March 25, 1947. Applications may be made to RFC for such non-spinnable Manila fiber, and not to CPA.

(g) *End use information.* No person may sell or deliver any product controlled by this order to any person who he knows or has reason to believe will use the product in a manner which this order does not permit. He should satisfy himself as to this in some reasonable manner before delivering. He may, but need not, require a statement in writing showing the specific purpose or use for which the item is ordered.

(h) *Restrictions on the use of damaged material.* Any processor or dealer who has in his possession damaged or defective manila or agave fiber or cordage, may report by letter the extent of the damage and state to the Civilian Production Administration the percentage not suitable for the manufacture of products or for use permitted by this order. He may then upon receipt of acknowledgment, without objection from the Civilian Production Administration, use or dispose of any portion unsuitable for the manufacture of products permitted by this order, free from its restrictions.

(i) *Reports.* (1) Processors of manila and agave fiber shall report monthly on CPA–2901, sections 1 and 2.

(2) Every person, except the Reconstruction Finance Corporation, who imports or purchases for import any spinnable Manila fiber, or yarn made from Manila fiber, shall report in writing (by letter or other written communication) to the Civilian Production Administration, Washington 25, D. C., Ref: M–84, stating the information required by the following instructions:

(i) Send this report to the above address not later than the 10th of each month to cover the preceding month. Keep one copy for your files. Date the report, state calendar month for which filed, name of your company, and its address (street, city, zone, and state).

(ii) As Item No. 1, list Manila (Abaca) Fiber (in bales); and as Item No. 2, list Manila Yarn (in thousands of pounds).

(iii) For each item, show separately the monthly shipments to you from any foreign countries during the calendar month covered by the report, and your inventory of each item as of the end of the month, for United States consumption. List separately that which is afloat to the United States, and that which is in the United States. For the purpose of this report (although not under paragraph (d) above), inventory includes fiber and yarn afloat, and on hand in the continental United States, where title has not been transferred to some other person (or in the case of an importer who is also a processor, all fiber and yarn afloat, and all within the continental U. S. except that held in this country for his own use). Report in units of bales on fiber, and in thousands of pounds on yarn.

(iv) To avoid partial duplication in reports by processors and importers, if a quantity of fiber in the United States has been sold and the sales invoice for it sent the purchaser during the calendar month, the seller should exclude it from his report, even though physical transfer has not been completed. Similarly, the purchaser should include in his report fiber invoiced to him during the month, even though still in transit to him at the end of the month.

[Deleted April 16, 1947.]

(j) *Imports.* The provisions of this paragraph (j) replace those in General Imports Order M–63, insofar as that order has applied to materials subject to this paragraph. However, authorizations for the importation of such materials issued under Order M–63 shall continue to have the same force and effect as if issued under this Order M–84.

(1) *Definitions.* For the purposes of this paragraph (j):

(i) "Fibers subject to import control under this order" means any of the following materials: agave fibers, unmanufactured (except flume tow and bagasse waste), cantala (except maguey), unmanufactured, and sisal and henequen, unmanufactured (except flume tow and bagasse waste).

(ii) "Owner" of any material means any person who has any property interest in such material except a person whose interest is held solely as security for the payment of money.

(iii) "Consignee" means the person to whom a material is consigned at the time of importation.

(iv) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States. It includes shipments into a free port, free zone, or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments into the continental United States for processing or manufacture in bond for exportation. It does not include shipments in transit in bond through the continental United States without processing or manufacture, to Canada, Mexico or any other foreign country, or shipments through a free port or free zones to a foreign country without processing or manufacture.

(v) Material shall be deemed "in transit" if it is afloat, if an on board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(2) *Restrictions on imports*—(i) *General restriction.* No person, except as authorized in writing by the Civilian Production Administration shall purchase for import, import, offer to purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any fibers subject to import control under this order. The foregoing restrictions shall apply to the importation of any fibers subject to import control under this order regardless of the existence of any contract or other arrangement for the importation of such material.

(ii) *Authorization by Civilian Production Administration.* Any person desiring such authorization, whether owner, purchaser, seller, or consignee of the material to be imported, or agent of any of them, shall make application therefor in duplicate on Form CPA–1041 addressed to the Civilian Production Administration Ref: M–84, Washington 25, D. C. Unless otherwise expressly permitted, such authorization shall apply only to the particular material and shipment mentioned therein and to the persons and their agents concerned with such shipment; it shall not be assignable or transferable either in whole or in part.

(iii) *Restrictions on financing of imports.* No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation of any fibers subject to import control under this order, unless such bank or person either has received a copy of the authorization issued by the Civilian Production Administration under the provisions of paragraph (j) (2) (ii) or is satisfied from known facts that the proposed transaction comes within the exceptions set forth in paragraph (j) (2) (iv).

(iv) *Exceptions.* Unless otherwise directed by the Civilian Production Administration, the restrictions set forth in this paragraph (j) (2) shall not apply:

(a) To the Reconstruction Finance Corporation, U. S. Commercial Company, Commodity Credit Corporation, or any other United States governmental department, agency, or corporation, or any agent acting for any such department, agency or corporation; or

(b) To any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, or to any material which the owner at the time of importation had purchased or otherwise acquired from any United States governmental department, agency, or corporation; or

(c) To any material consigned or imported as a sample where the value of each consignment or shipment is less than $25.00.

(3) *Reports*—(i) *Reports on customs entry.* No fibers subject to import control under this order, including materials imported by or for the account of the Reconstruction Finance Corporation, U. S. Commercial Company, Commodity Credit Corporation or any other United States governmental department, agency or corporations, shall be entered through the United States Bureau of Customs for any purpose, unless the person making the entry shall file with the entry Form CPA–1040 in duplicate. The filing of such form a second time shall not be required upon any subsequent entry of such material through the United States Bureau of Customs for any purpose; nor shall the filing of such form be required upon the withdrawal of any material from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of such form shall be transmitted by the Collector of Customs to the Civilian Production Administration, Ref.: M–84, Washington 25, D. C.

(ii) *Other reports.* All persons having any interest in, or taking any action with respect to any fibers subject to import control under this order, whether as owner, agent, consignee, or otherwise, shall file such other reports as may be required from time to time by the Civilian Production Administration.

(k) *Definitions.* In this order:

(1) "Manila" means fiber which is commonly known in the trade by this term and also known as Abaca or Manila Hemp wherever grown (either stripped or decorticated), but does not mean processor's mill waste or bagasse. "Spinnable Manila" means Manila which is spinnable over machinery but does not mean the fiber grades of O, T,

Y, and W or equivalent as established by the Insular Government of the Philippine Islands.

(2) "Agave" means fiber spinnable over machinery of the species agave sisalana, agave fourcroydes, and agave cantala, of all grades and quantities including tow and fiber under 20'' in length, commonly known in the trade as sisal, henequen, and cantala, and sometimes preceded by an adjective designating the country or district of origin, but does not include processor's mill waste, bagasse, maguey or agave tow No. 2 grade.

(3) "Rope" means any rope or cable, treated or untreated, composed of three or more strands each strand composed of two or more yarns, and not less than 10 percent cordage lubricant (excluding tent, awning and lariat rope), but does not include strings and twines of whatever construction which are commonly used for tying, sewing, baling or other commercial packaging use.

(4) "Twine" means any single or plied yarn or roving, including marlin, for use as a tying material, for sewing or for any similar purpose, but does not include any product falling within the definition of "rope" "binder twine" or "baler twine."

(5) "Binder twine" means a single yarn twine usually containing agave, but sometimes containing manila, istle, jute, coir, hemp, cotton or paper, suitable for use in a harvesting machine and of the type customarily heretofore manufactured. It is also known as binding twine.

(6) "Baler twine" means a single yarn usually made of agave fiber and used in a self-tying machine for baling hay, straw or other fodder crops.

(7) "Processor" means any person (other than a United States Government agency) who spins, twists or otherwise uses any fiber or yarn in the manufacture of rope or twine, or who uses manila or agave fiber in the manufacture of any other product.

(l) *Appeals.* Any appeal from the provisions of this order should be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(m) *Applicability of regulations.* Except as specifically otherwise provided this order and all transactions affected thereby are subject to all applicable provisions of the regulations of the Civilian Production Administration as amended from time to time.

(n) *Violations.* Any person who willfully violates any provision of this order, or who in connection with this order willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the Civilian Production Administration.

(o) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the Civilian Production Administration, Washington 25, D. C., Ref.: M-84.

(p) The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 16th day of April 1947.

CIVILIAN PRODUCTION ADMINISTRATION,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A—AGAVE CORDAGE END USE

This list specifies the permitted end uses for which rope may be manufactured from agave. It does not, however, restrict manufacture for and delivery to the Army, Navy and Maritime Commission.

Fibers other than agave may be used in the manufacture of rope for any end use subject to applicable provisions of any Civilian Production Administration order dealing specifically with such fibers.

End use
Agave rope ⅞'' diam. (2¾'' cir.) and smaller, for any use.

The use of agave fiber for the manufacture of binder and baler twine will be authorized as stated in paragraph (c) of this Order M-84.

SCHEDULE B—MANILA TWINE END USE

NOTE: "Wrapping and tying twine" deleted March 25, 1947.

This list specifies the permitted end uses for which twine may be manufactured from manila. It does not include wrapping and tying twine, which is defined as a single yarn used as twine, or plied twine twisted or laid used for tying, packaging, baling or bundling.

End use	*Definition*
Hanging twine—Hard and soft fiber nets	Twine used to hang hard and soft fiber nets to lines.
Heading twine	See Marline-Lobster.
Marline-Lobster	A twine required in the manufacture of the inside tunnels of lobster pots.
Net twine-Otter trawls	A hard laid twine, usually 2, 3, or 4 ply in sizes from #600 to #1355 used for the manufacture of hard fiber fishing nets. Also for mending nets.

Chapter XI—Office of Temporary Controls, Office of Price Administration

PART 1300—PROCEDURE

[Rev. Procedural Reg. 3, as Amended,[1] Amdt. 1]

PROCEDURE FOR ADJUSTMENTS, AMENDMENTS, PROTESTS, AND INTERPRETATIONS UNDER RENT REGULATIONS

Revised Procedural Regulation No. 3, as amended, is amended in the following respects:

1. Section 1300.208 (b) is amended to read as follows:

(b) Where the petition requests a certificate relating to eviction pursuant to section 6 (b) of the rent regulations, a copy of the landlord's petition and all supporting documents shall be served by the rent director upon the tenant of the housing accommodations concerned and the tenant shall be provided an opportunity to present objections or other written evidence prior to entry of any final order on the petition. A copy of such final order shall be served by the rent director upon the tenant: *Provided, however,* That the provisions of this paragraph shall not apply where the petition on its face clearly fails to set forth facts justifying the issuance of a certificate.

2. Section 1300.209 (a) is amended to read as follows:

§ 1300.209 *Tenants' and landlords' applications for review in cases concerning certificates relating to eviction.* (a) Any tenant occupying housing accommodations as to which a certificate relating to eviction has been issued by order of a rent director pursuant to section 6 (b) of the rent regulations may file with the rent director a tenant's application for review of such determination by the Regional Administrator for the region in which the defense-rental area office is located. An original and two copies of such application, prepared upon a form prescribed by the Administrator, and pursuant to instructions stated on such form, shall be filed with the rent director.

This amendment shall become effective April 16, 1947.

Issued this 16th day of April 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

PART 1388—DEFENSE-RENTAL AREAS

[Housing, Atlantic County Area,[1] Amdt. 28 (§ 1388.1411)]

HOUSING IN ATLANTIC COUNTY AREA

Section 1 (b) (7) of the rent regulation for Housing in the Atlantic County Defense-Rental Area is amended to read as follows:

(7) *Subletting.* The subletting or other subrenting of housing accommodations for a term beginning on or after June 1, 1947 and ending on or before September 30, 1947 by a tenant who remained in occupancy and used the accommodations as his home from January 1, 1947 to the date of subletting or other subrenting.

This amendment shall become effective April 16, 1947.

Issued this 16th day of April 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

Statement To Accompany Amendment 28 to the Rent Regulation for Housing in the Atlantic County Defense-Rental Area

By previous actions, the Administrator exempted from regulation during previous summer seasons the subletting of housing accommodations in the Atlantic County defense-rental area. Heretofore the exemption of subletting was not limited to tenant-occupied dwelling units. As a result the exemption was the subject of abuse by some landlords who have used the device of a fictitious tenant to obtain exemption from rent control. In order to more effectively prevent this type of evasion and circumvention of the regulation the accompanying amendment limits the exemption for 1947 to situations in which the subletting is done by a tenant who remained in occupancy and used the accommodations as his home from January 1, 1947 to the date of the subletting. The Administrator deems this limitation on the exemption to be reasonable.

In the judgment of the Price Administrator, this amendment is necessary and proper in order to effectuate the purposes of the Emergency Price Control Act.

No provisions which might have the effect of requiring a change in established rental practices have been included in the amendment unless such provisions have been found necessary to achieve effective rent control and to prevent circumvention or evasion of the rent regulation and the act. To the extent that the provisions of this amendment compel or may operate to compel changes in established rental practices, such provisions are necessary to prevent circumvention or evasion of the rent regulation and the act.

PART 210—STATEMENTS OF GENERAL POLICY AND INTERPRETATION NOT DIRECTLY RELATED TO REGULATIONS

COVERAGE OF TRUCK DRIVERS EMPLOYED BY OIL DEALERS

§ 210.1 *Coverage of truck drivers employed by oil dealers.* The Division of Public Contracts returns to the interpretation contained in rulings and Interpretations No. 2[1] with respect to coverage of truck drivers employed by oil dealers, by amending section 40 (e) (1) of rulings and Interpretations No. 3[1] to read as follows:

Where the contractor is a dealer, the act applies to employees at the central distributing plant, including warehousemen, compounders, and chemists testing the lot out of which the Government order is filled, the crews engaged in loading the materials in vessels, tank cars or tank wagons for shipment, and truck drivers engaged in the activities described in section 37 (m) above.[2] However, the contractor is not required to show that the employees at the bulk stations, including truck drivers, are employed in accordance with the standards of the act. (Bulk stations as the term is used herein are intermediate points of storage between a central distributing plant and service stations.)

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

[Circ. 1645]

PART 147—EXCHANGES BY STATES UNDER TAYLOR GRAZING ACT

MISCELLANEOUS AMENDMENTS

Part 147 as amended by Circular 1617, June 20, 1946 (11 F. R. 7434), and Circular 1625, November 1, 1946 (11 F. R. 13465), is further amended as follows:

1. Section 147.2 is amended to read as follows:

§ 147.2 *Lands which may be offered in exchange.* Lands offered in exchange by a State may be lands owned by the State within or without the boundary of a grazing district, and the selected lands may be surveyed grazing district lands not otherwise appropriated or reserved, or unappropriated and unreserved surveyed public lands of the United States, within the same State. If, however, the selected lands are within a grazing district, the lands offered by the State in exchange must be within the same grazing district and such selected lands must lie in a reasonably compact body so as not to interfere with the administration or value of the remaining lands in the district for grazing purposes.

An application for exchange may be made on the basis of equal area or equal value. However, with respect to all exchange applications filed after the date of the regulations in this part the Secretary of the Interior will consider and determine the value of the offered and selected land and will not approve an exchange unless the values of the offered and selected land are approximately equal. In determining such values, consideration will be given to such matters as the actual appraised value of the lands, the benefits of consolidation or blocking out of land holdings by the State and the Federal Government as a result of the proposed exchange, the size of the areas involved, the value of the surface or other resources, including such reservations of minerals or easements as may be made by the State or the United States, and any other considerations which may have appropriate bearing on the value of the lands involved.

When mineral lands are selected in an exchange based upon equal acreage, the patent will contain a reservation of all minerals to the United States, and in any exchanges based upon equal acreage, the State may offer mineral lands owned by the State, with a mineral reservation to the State.

Unsurveyed school sections within or without the boundary of a grazing district may be offered by the State in an exchange based upon equal areas, but no mineral reservations to the State may be made in such unsurveyed sections, the identification of which will be determined by protraction or otherwise, the

PART 10—DELEGATIONS OF AUTHORITY

REGIONAL DIRECTORS TO ISSUE REVOCABLE PERMITS

Part 10 is amended by adding a new § 10.7, reading as follows:

§ 10.7 *Regional Directors to issue revocable permits.* (a) The appropriate Regional Directors, as designated in §§ 01.30 and 01.82 of this chapter, are authorized to issue revocable business concession, grazing, and special use permits for use and occupancy of the Federally-owned lands, buildings, and property within the parks and monuments for all authorized purposes, including commercial operations, occupancy of quarters, haying, farming, grazing of livestock, livestock driveways, and other agricultural and special uses not excepted in paragraph (b) of this section.

(b) The delegation of authority in paragraph (a) of this section shall not apply to the issuance of licenses and permits for the purposes enumerated in paragraphs (c) and (d) of § 2.31 of this chapter.

(c) The provisions of this section shall become effective on May 15, 1947. (See 36 CFR, Part 2 (12 F. R. 2036)) (Pub. Law 404, 79th Cong., 60 Stat. 237)

Director.

State by such selections waiving all rights to the unsurveyed sections.

State-owned lands, as well as school sections surveyed and unsurveyed the title to which has not yet vested in the State, located within national forests, national parks and monuments, Indian or other reservations or withdrawals, may be offered as a basis for an exchange under said section 8 of the Taylor Grazing Act as amended, where the selected lands are not within a grazing district. Where the selected lands are within a grazing district, lands within the exterior boundaries of the grazing district and also within such reservations or withdrawals may be offered as a basis for an exchange only if the Secretary of the Interior determines that the exchange would not interfere with the administration or value of the remaining lands in the grazing district for grazing purposes.

2. Section 147.4 is amended to read as follows:

§ 147.4 *Application for exchange; evidence required.* A State desiring to exchange lands under section 8 of the Taylor Grazing Act (48 Stat. 1269; 43 U. S. C. 315–315n, 1171) should file application, in triplicate, in the district land office having jurisdiction over the selected lands, or in the Bureau of Land Management when there is no district land office within the State. Such application should describe the lands offered to the Government as well as those selected in exchange, by legal subdivisions of the public land surveys, or by entire sections, and nothing less than a legal subdivision may be surrendered or selected.

The application for exchange should identify the grazing district or districts in which the offered or selected lands are situated, if such lands lie within a grazing district, and should state whether the State desires the proposed exchange to be based upon equal value or equal acreage. In addition, the application should state whether or not any reservations of minerals, easements, or other rights of use in or to the offered lands are desired, and what use thereof is contemplated, whether the State consents to a reservation of minerals to the United States in the selected lands and what other reservations or easements which are to be made by the United States with respect to the selected lands are acceptable to the State. Each application for an exchange must be accompanied by the following certificate and statement:

(a) A certificate by the selecting agent showing that the selection is made under and pursuant to the laws of the State; that the lands selected and the lands relinquished are approximately of equal value, unless the exchange is proposed to be based on equal areas; that the State is the owner of the lands offered in exchange, if such is the case; that the offered lands are not the basis of another selection or exchange, and that the selected lands are unappropriated and are not occupied, claimed, improved, or cultivated by any person adversely to the State.

(b) A corroborated statement relative to springs and water holes on the selected lands in accordance with the regulations in §§ 292.1 to 292.9, inclusive, of this chapter.

3. Section 147.6 is revoked.

4. Sections 147.7 to 147.16 are renumbered §§ 147.6 to 147.15, respectively.

5. The first sentence of § 147.8, renumbered § 147.7, is amended to read as follows:

§ 147.7 *Additional evidence required.* After considering the application and any evidence relative thereto as he may deem necessary, the Director of the Bureau of Land Management, unless he has reason to do otherwise, will with the approval of the Secretary of the Interior, issue notice for publication of the contemplated exchange, and will require the State, through the Manager of the District Land Office, to submit proof of publication of notice, a duly recorded deed of conveyance of the offered lands (unless such offered lands are not owned by the State), a certificate of the proper State officer showing that the offered lands have not been sold or otherwise encumbered by the State, and a certificate by the recorder of deeds or official custodian of the records of transfers of real estate in the proper county, or by an abstractor or abstract company satisfactory to the Department of the Interior, that no instrument purporting to convey or in any way encumber title to the offered land is of record or on file in his office. * * *

6. Section 147.15, renumbered § 147.14, is amended to read as follows:

§ 147.14 *No indemnity right accrues by the inclusion of school sections within grazing districts.* A grazing district is not a reservation within the meaning of the act of February 28, 1891 (26 Stat. 796; 43 U. S. C. 851, 852), and therefore school sections, surveyed or unsurveyed, within a grazing district are not for that reason only valid base for indemnity school land selections under said act of 1891. The inclusion of unsurveyed school sections within a grazing district will not prevent the title to such lands from vesting in the State upon the acceptance of the plat of survey thereof by the Director of the Bureau of Land Management.

Granted school sections owned by a State within or without the boundaries of a grazing district may be assigned by the State as a basis for an equal value, or equal area exchange, and unsurveyed school sections within or without the boundaries of a grazing district may be assigned by the State as a basis for an equal area exchange.

• • • section 1532 (d) of the Internal Revenue Code are each amended as follows: After the word "if" where it first appears therein insert "(i)" and for the phrase "which services he renders for compensation" substitute the following: "or he is rendering professional or technical services and is integrated into the staff of the employer, or he is rendering, on the property used in the employer's operations, other personal services the rendition of which is integrated into the employer's operations, and (ii) he renders such service for compensation" • • •. Said subsections are further amended by inserting at the end of the first proviso the following: ", and if the application of such mileage formula, or such other formula as the Board may prescribe, would result in the compensation of the individual being less than 10 per centum of his remuneration for such service no part of such remuneration shall be regarded as compensation".

SECTION 3 (e) AND (f) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(e) Section 1532 (b) of the Internal Revenue Code is amended to read as follows:

(b) *Employee.* The term "employee" means any individual in the service of one or more employers for compensation: *Provided, however,* That the term "employee" shall include an employee of a local lodge or division defined as an employer in subsection (a) only if he was in the service of or in the employment relation to a carrier on or after August 29, 1935. An individual shall be deemed to have been in the employment relation to a carrier on August 29, 1935, if (i) he was on that date on leave of absence from his employment, expressly granted to him by the carrier by whom he was employed, or by a duly authorized representative of such carrier, and the grant of such leave of absence will have been established to the satisfaction of the Railroad Retirement Board before July 1947; or (ii) he was in the service of a carrier after August 29, 1935, and before January 1946 in each of six calendar months, whether or not consecutive; or (iii) before August 29, 1935, he did not retire and was not retired or discharged from the service of the last carrier by whom he was employed or its corporate or operating successor, but (A) solely by reason of his physical or mental disability he ceased before August 29, 1935, to be in the service of such carrier and thereafter remained continuously disabled until he attained age sixty-five or until August 1945, or (B) solely for such last stated reason a carrier by whom he was employed before August 29, 1935, or a carrier who is its successor did not on or after August 29, 1935, and before August 1945 call him to return to service, or (C) if he was so called he was solely for such reason unable to render service in six calendar months as provided in clause (ii); or (iv) he was on August 29, 1935, absent from the service of a carrier by reason of a discharge which, within one year after the effective date thereof, was protested, to an appropriate labor representative or to the carrier, as wrongful, and which was followed within ten years of the effective date thereof by his reinstatement in good faith to his former service with all his seniority rights: *Provided,* That an individual shall not be deemed to have been on August 29, 1935, in the employment relation to a carrier if before that date he was granted a pension or gratuity on the basis of which a pension was awarded to him pursuant to section 6 of the Railroad Retirement Act of 1937, or if during the last pay-roll period before August 29, 1935, in which he rendered service to a carrier he was not in the service of an employer, in accordance with subsection (d), with respect to any service in such pay-roll period, or if he could have been in the employment relation to an employer only by reason of his having been, either before or after August 29, 1935, in the service of a local lodge or division defined as an employer in subsection (a).

The term "employee" includes an officer of an employer.

The term "employee" shall not include any individual while such individual is engaged in the physical operations consisting of the mining of coal, the preparation of coal, the handling (other than movement by rail with standard railroad locomotives) of coal not beyond the mine tipple, or the loading of coal at the tipple.

(f) Section 1532 (e) of the Internal Revenue Code is amended by adding at the end thereof the following new paragraph:

A payment made by an employer to an individual through the employer's pay roll shall be presumed, in the absence of evidence to the contrary, to be compensation for service rendered by such individual as an employee of the employer in the period with respect to which the payment is made. An employee shall be deemed to be paid, "for time lost" the amount he is paid by an employer with respect to an identifiable period of absence from the active service of the employer, including absence on account of personal injury, and the amount he is paid by the employer for loss of earnings resulting from his displacement to a less remunerative position or occupation. If a payment is made by an employer with respect to a personal injury and includes pay for time lost, the total payment shall be deemed to be paid for time lost unless, at the time of payment, a part of such payment is specifically apportioned to factors other than time lost, in which event only such part of the payment as is not so apportioned shall be deemed to be paid for time lost.

SECTION 402 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

• • • • •

The amendments to section 1532 of the Internal Revenue Code made by sections 1 and 3 (e) and (f) shall be effective only with respect to services rendered after December 31, 1946. • • •

SECTION 3 (g) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(g) Subchapter B of Chapter 9 of the Internal Revenue Code is amended by adding at the end thereof the following new section:

SEC. 1538. TITLE OF SUBCHAPTER. This subchapter may be cited as the "Railroad Retirement Tax Act".

SECTION 401 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

Except as otherwise provided in this act, the provisions thereof shall become effective upon approval.

PAR. 2. Section 410.1 (Article 1) is amended as follows:

(A) By striking out the heading thereof and inserting in lieu thereof the following:

§ 410.1 *Definitions of miscellaneous terms; applicability of provisions of Internal Revenue Code.*

(B) By inserting at the end of § 410.1 the following:

(m) "Railroad Retirement Tax Act" means Subchapter B of Chapter 9 of the Internal Revenue Code, as amended.

(n) "*Internal Revenue Code*" means the act approved February 10, 1939 (53 Stat., Part 1), entitled "An Act To Consolidate and Codify the Internal Revenue Laws of the United States", as amended.

Subchapter B of Chapter 9 of the Internal Revenue Code corresponds to and, effective April 1, 1939, superseded the Carriers Taxing Act of 1937. Such subchapter comprises certain sections numbered from 1500 to 1538, both inclusive. All provisions of, or references to, the Carriers Taxing Act of 1937 or other laws of the United States which have been codified in the Internal Revenue Code, but which remain in the regulations in this part as made applicable to the Code, shall be deemed to be, and shall be read as if they were, the corresponding provisions of the Internal Revenue Code or references thereto.

PAR. 3. Section 410.2 (f) (Article 2 (f)) is amended to read as follows:

(f) Any subordinate unit of a national railway-labor-organization employer, that is, any State or National legislative committee, general committee, insurance department, or local lodge or division, of an employer as defined in paragraph (e) of this section, established pursuant to the constitution and bylaws of such employer.

PAR. 4. Immediately following the provisions of law under the caption "Sections 3 and 4 of the Act" approved August 13, 1940 (Pub. No. 764, 76th Cong., 3d Sess.)", added by Treasury Decision 5017, approved October 24, 1940, preceding § 410.3 (Article 3), the following is inserted:

SECTION (3) (g) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(e) Section 1532 (b) of the Internal Revenue Code is amended to read as follows:

(b) *Employee.* The term "employee" means any individual in the service of one or more employers for compensation: *Provided, however,* That the term "employee" shall include an employee of a local lodge or division defined as an employer in subsection (a) only if he was in the service of or in the employment relation to a carrier on or after August 29, 1935. An individual shall be deemed to have been in the employment relation to a carrier on August 29, 1935, if on that date he was on leave of absence from his employment, expressly granted to him by the carrier by whom he was employed, or by a duly authorized representative of such carrier, and the grant of such leave of absence will have been established to the satisfaction of the Railroad Retirement Board before July 1947; or (ii) he was in the service of a carrier after August 29, 1935, and before January 1946 in each of six calendar months, whether or not consecutive; or (iii) before August 29, 1935, he did not retire and was not retired or discharged from the service of the last carrier by whom he was employed or its corporate or operating successor, but (A) solely by reason of his physical or mental disability he ceased before August 29, 1935, to be in the service of such carrier and thereafter remained continuously disabled until he attained age sixty-five or until August 1945, or (B) solely for such last stated reason a carrier by whom he was employed before August 29, 1935, or a carrier who is its successor did not on or after August 29, 1935, and before August 1945 call him to return to service, or (C) if he was so called he was solely for such reason unable to render service in six calendar months as provided in clause (ii); or (iv) he was on August 29, 1935, absent from the service of a carrier by reason of a discharge which, within one year after the effective date thereof, was protested, to an appropriate labor representative or to the carrier, as wrongful, and which was followed within ten years of the effective date thereof by his reinstatement in good faith to his former service with all his seniority rights: *Provided,* That an individual shall not be deemed to have been on August 29, 1935, in the employment relation to a carrier if before that date he was granted a pension or gratuity on the basis of which a pension was awarded to him pursuant to section 6 of the Railroad Retirement Act of 1937, or if during the last pay-roll period before August 29, 1935, in which he rendered service to a carrier he was not in the service of an employer, in accordance with subsection (d), with respect to any service in such pay-roll period, or if he could have been in the employment relation to an employer only by reason of his having been, either before or after August 29, 1935, in the service of a local lodge or division defined as an employer in subsection (a).

The term "employee" includes an officer of an employer.

The term "employee" shall not include any individual while such individual is engaged in the physical operations consisting of the mining of coal, the preparation of coal, the handling (other than movement by rail with standard railroad locomotives) of coal not beyond the mine tipple, or the loading of coal at the tipple.

PAR. 5. Immediately preceding the caption "Section 1 (h) and (i) of the act" which precedes § 410.3 (article 3), the following is inserted:

SECTION 14 OF THE ACT APPROVED APRIL 8, 1942 (PUB. LAW 520, 77TH CONG.)

The first proviso in subsection (d) of section 1532 of the Internal Revenue Code, approved February 10, 1939 (53 Stat. 1), is hereby amended to read as follows: *"Provided, however,* That an individual shall be deemed to be in the service of an employer, other than a local lodge or division or a general committee of a railway-labor-organization employer, not conducting the principal part of its business in the United States only when he is rendering service to it in the United States; and an individual shall be deemed to be in the service of such a local lodge or division only if (1) all, or substantially all, the individuals constituting its membership are employees of an employer conducting the principal part of its business in the United States; or (2) the headquarters of such local lodge or division is located in the United States; and an individual shall be deemed to be in the service of such a general committee only if (1) he is representing a local lodge or division described in clauses (1) or (2) immediately above; or (2) all, or substantially all, the individuals represented by it are employees of an employer conducting the principal part of its business in the United States; or (3) he acts in the capacity of a general chairman or an assistant general chairman of a general committee which represents individuals rendering service in the United States to an employer, but in such case if his office or headquarters is not located in the United States and the individuals represented by such general committee are employees of an employer not conducting the principal part of its business in the United States, only such proportion of the remuneration for such service shall be regarded as compensation as the proportion which the mileage in the United States under the jurisdiction of such general committee bears to the total mileage under its jurisdiction, unless such mileage formula is inapplicable, in which case such other formula as the Railroad Retirement Board may have prescribed pursuant to subsection (c) of section 1 of the Railroad Retirement Act of 1937 shall be applicable:".

The amendment in this section shall operate in the same manner and have the same effect as if it had been part of the Internal Revenue Code when that code was enacted on February 10, 1939 • • •.

SECTION 1 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

• • • section 1532 (d) of the Internal Revenue Code are each amended as follows: After the word "if" where it first appears therein insert "(i)" and for the phrase "which services he renders for compensation" substitute the following: "or he is rendering professional or technical services and is integrated into the staff of the employer, or he is rendering, on the property used in the employer's operations, other personal services the rendition of which is integrated into the employer's operations, and (ii) he renders such service for compensation" • • •. Said subsections are further amended by inserting at the end of the first proviso the following: ", and if the application of such mileage formula, or such other formula as the Board may prescribe, would result in the compensation of the individual being less than 10 per centum of his remuneration for such service no part of such remuneration shall be regarded as compensation".

SECTION 402 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

• • • • •

The amendments to section 1532 of the Internal Revenue Code made by sections 1 and 3 (e) • • • shall be effective only with respect to services rendered after December 31, 1946. • • •

PAR. 6. Section 410.3 (Article 3) as amended by Treasury Decision 5017 and by Treasury Decision 5161, approved July 6, 1942, is further amended as follows:

(A) By striking out the last sentence of the first paragraph and the whole of the second paragraph of § 410.3 (a) and inserting in lieu thereof the following:

• • • An individual performing services as an independent contractor is not subject to the continuing authority of the employer to supervise and direct the manner of rendition of such services.

An individual rendering professional or technical services or other personal services prior to January 1, 1947, to an employer for compensation is in the service of the employer if he is subject to the continuing authority of the employer to supervise and direct the manner of rendition of such services. The fact that an individual rendering professional or technical services prior to January 1, 1947, is integrated into the staff of an employer is an important factor indicating that such individual is subject to the continuing authority of the employer to supervise and direct the manner of rendition of such services. With respect to other personal services rendered prior to January 1, 1947, the fact that such services are rendered on the property used in the employer's operations and that the rendition of such services is integrated into the employer's operations are important factors indicating that the individual rendering such services is subject to the continuing authority of the employer to supervise and direct the manner of rendition of such services. However, with respect to professional or technical services or other personal services rendered after December 31, 1946, the aforementioned factors are not merely indicia of the continuing authority of the employer to supervise and direct the manner of rendition of such services but instead constitute independent tests for determining whether the individual rendering such services is in the service of the employer with respect to the rendition of such services. Thus, an individual rendering professional or technical services to an employer for compensation is in the service of the employer with respect to such services rendered after December 31, 1946, if he is integrated into the staff of the employer. Likewise, an individual rendering other personal services to an employer for compensation is in the service of the employer with respect to such services rendered after December 31, 1946, if the services are rendered on the property used in the employer's operations and the rendition of such services is integrated into the employer's operations. Under the two tests last mentioned, an individual rendering professional or technical services or other personal services after December 31, 1946, as an independent contractor may be, as to such services, in the service of an employer.

(B) By striking out the parenthetical cross-reference at the end of subparagraph (1) of § 410.3 (b).

(C) By striking out subparagraph (2) of § 410.3 (b) and inserting in lieu thereof the following:

(2) An individual in the service of a local lodge or division is not an employee within the meaning of the law and the regulations in this part unless he was, on or after August 29, 1935, in the service of a carrier (see paragraph (a) of this section) or he was, on August 29, 1935, in the "employment relation" to a carrier.

With respect to services rendered prior to January 1, 1947, an individual was in the employment relation to a carrier on August 29, 1935, if on that date he was, in accordance with the established rules and practices in effect on the carrier, on furlough subject to call for service within or without the United States and ready and willing to serve, or on

leave of absence, or absent on account of sickness or disability. However, an individual shall not be deemed to have been in the employment relation to a carrier on August 29, 1935, unless during the last pay-roll period before August 29, 1935, in which he rendered service to it, he was, with respect to that service, in the service of an employer (see paragraph (a) of this section).

With respect to services rendered after December 31, 1946, an individual shall be deemed to have been in the employment relation to a carrier on August 29, 1935, if (i) he was on that date on leave of absence from his employment, expressly granted to him by the carrier by whom he was employed, or by a duly authorized representative of such carrier, and the grant of such leave of absence will have been established to the satisfaction of the Railroad Retirement Board before July 1947; or (ii) he was in the service of a carrier after August 29, 1935, and before January 1946 in each of six calendar months, whether or not consecutive; or (iii) before August 29, 1935, he did not retire and was not retired or discharged from the service of the last carrier by whom he was employed or its corporate or operating successor, but (a) solely by reason of his physical or mental disability he ceased before August 29, 1935, to be in the service of such carrier and thereafter remained continuously disabled until he attained age sixty-five or until August 1945, or (b) solely for such last stated reason a carrier by whom he was employed before August 29, 1935, or a carrier who is its successor did not on or after August 29, 1935, and before August 1945 call him to return to service, or (c) if he was so called he was solely for such reason unable to render service in six calendar months as provided in subdivision (ii) of this subparagraph; or (iv) he was on August 29, 1935, absent from the service of a carrier by reason of a discharge which, within one year after the effective date thereof, was protested, to an appropriate labor representative or to the carrier, as wrongful, and which was followed within ten years of the effective date thereof by his reinstatement in good faith to his former service with all his seniority rights. However, an individual shall not be deemed to have been in the employment relation to a carrier on August 29, 1935, if before that date he was granted a pension or gratuity on the basis of which a pension was awarded to him pursuant to section 6 of the Railroad Retirement Act of 1937, or if during the last pay-roll period before August 29, 1935, in which he rendered service to a carrier he was not, with respect to any service in such pay-roll period, in the service of an employer (see paragraph (a) of this section).

(For definition of carrier, see § 410.2 (a).

(D) By inserting at the end of subparagraph (3) of § 410.3 (c) the following: "However no part of his remuneration for such service rendered after December 31, 1946, shall be regarded as compensation if the application of such mileage formula, or such other formula as the Railroad Retirement Board may have prescribed, would result in his compensation for the service being less than 10 percent of his remuneration for such service."

(E) By striking out the parenthetical cross-reference at the end of § 410.3 (c).

PAR. 7. Immediately following the provisions of law under the caption "Section 27 of the Act Approved October 10, 1940 (Pub. No. 833, 76th Cong., 3d Sess.)," added by Treasury Decision 5029, approved December 27, 1940, preceding § 410.5 (article 5), the following is inserted:

SECTION 3 (F) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(f) Section 1532 (e) of the Internal Revenue Code is amended by adding at the end thereof the following new paragraph:

A payment made by an employer to an individual through the employer's pay roll shall be presumed, in the absence of evidence to the contrary, to be compensation for service rendered by such individual as an employee of the employer in the period with respect to which the payment is made. An employee shall be deemed to be paid, "for time lost" the amount he is paid by an employer with respect to an identifiable period of absence from the active service of the employer, including absence on account of personal injury, and the amount he is paid by the employer for loss of earnings resulting from his displacement to a less remunerative position or occupation. If a payment is made by an employer with respect to a personal injury and includes pay for time lost, the total payment shall be deemed to be paid for time lost unless, at the time of payment, a part of such payment is specifically apportioned to factors other than time lost, in which event only such part of the payment as is not so apportioned shall be deemed to be paid for time lost.

SECTION 402 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

* * * * * *

The amendments to section 1532 of the Internal Revenue Code made by sections * * * 3 * * * (f) shall be effective only with respect to services rendered after December 31, 1946. * * *

PAR. 8. Section 410.5 (Article 5), as amended by Treasury Decisions 5029 and 5161, is further amended to read as follows:

§ 410.5 *Definition of "compensation."* The term "compensation" means all remuneration in money, or in something which may be used in lieu of money (for example, scrip and merchandise orders), which is earned by an individual for services rendered as an employee to one or more employers, or as an employee representative. A payment for services rendered after December 31, 1946, which is made by an employer to an individual through the employer's pay roll shall be presumed, in the absence of evidence to the contrary, to be compensation for services rendered by such individual as an employee of the employer. Likewise, a payment for services rendered after December 31, 1946, which is made by an employee organization (that is, a railway labor organization which is not included as an employer under the act) to an employee representative through the organization's pay roll shall be presumed, in the absence of evidence to the contrary, to be compensation for services rendered by the employee representative as such.

The term "compensation" is not confined to amounts earned or paid for active service, but includes amounts earned or paid for an identifiable period during which the employee is absent from the active service of the employer and, in the case of an employee representative, amounts earned or paid for an identifiable period during which the employee representative is absent from the active service of the employee organization. Amounts paid to an employee for an identifiable period of absence from the active service of the employer on acount of personal injury are included within the term "compensation". Like payments made to an employee representative on account of personal injury also constitute compensation. If a payment is made to an employee or employee representative with respect to a personal injury and includes pay for an identifiable period of absence from active service, the total payment shall be deemed to be paid for such period of absence from active service unless, at the time of payment, a part of such payment is specifically apportioned to factors other than absence from active service, in which event only such part of the payment as is not so apportioned shall be deemed to be paid for such period of absence from active service. The presumption set forth in the preceding sentence is applicable only with respect to an identifiable period of absence from active service after December 31, 1946. Amounts paid to an employee or employee representative for loss of earnings during an identifiable period as the result of the displacement of the employee or employee representative to a less remunerative position or occupation shall be deemed to be paid for absence from active service during such period. Such amounts are also included within the term "compensation".

The term "compensation" does not include tips, or the voluntary payment by an employer of the employees' tax, without the deduction of such tax from the remuneration of the employee.

(See § 410.7, relating to when compensation is earned. See also §§ 410.201, 410.301, and 410.401, relating to the amount of compensation included for the purpose of determining the employees' tax, the employers' tax, and the employee representatives' tax, respectively. For special provisions relating to the compensation of certain general chairmen or assistant general chairmen of a general committee of a railway-labor-organization employer, see § 410.3 (c).

PAR. 9. Section 410.6 (Article 6) is amended by inserting at the end thereof the following: "For provisions relating to payments for personal injury or for loss of earnings resulting from displacement to a less remunerative position or occupation, see § 410.5."

PAR. 10. Section 410.7 (Article 7) is amended by striking out the parenthetical cross-reference at the end of such section and inserting in lieu thereof the following: "A payment made by an employer or employee organization (that is, a railway labor organization which is not included as an employer under the act) to an individual through the pay roll of the employer or employee organization for a period commencing after December 31, 1946, shall be presumed, in the absence of evidence to the contrary, to be for services rendered by such individual in the period covered by the pay roll and, thus, to have been earned in such period. (See §§ 410.5 and 410.6)."

PAR. 11. Immediately preceding the caption "Section 27 of the Act Approved October 10, 1940 (Pub. No. 833, 76th Cong., 3d sess.)", added by Treasury Decision 5029, which precedes § 410.201 (Article 201), the following is inserted:

SECTION 3 (A) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(a) Section 1500 of the Internal Revenue Code is amended to read as follows:

SEC. 1500. RATE OF TAX. In addition to other taxes, there shall be levied, collected, and paid upon the income of every employee a tax equal to the following percentages of so much of the compensation, paid to such employee after December 31, 1946, for services rendered by him after such date, as is not in excess of $300 for any calendar month:

1. With respect to compensation paid during the calendar years 1947 and 1948, the rate shall be 5¾ per centum;

2. With respect to compensation paid during the calendar years 1949, 1950, and 1951, the rate shall be 6 per centum;

3. With respect to compensation paid after December 31, 1951, the rate shall be 6¼ per centum.

SECTION 402 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

* * * The amendments made by section 3 (a) * * * shall take effect January 1, 1947. Sections 1500 * * * of the Internal Revenue Code as in effect on December 31, 1946, shall remain in full force and effect on and after January 1, 1947, with respect to any remuneration which constitutes compensation under the law as in effect on December 31, 1946, to which such sections as amended by this Act are not applicable.

PAR. 12. Section 410.201 (Article 201), as amended by Treasury Decision 5029, is further amended as follows:

(A) By striking out paragraph (a) and inserting in lieu thereof the following:

(a) *General rule*—(1) *Compensation earned or paid prior to January 1, 1947.* Except as provided in paragraph (b) of this section:

(i) The employees' tax with respect to compensation earned prior to January 1, 1947, is measured by the amount of compensation earned prior to such date by an individual as an employee for services rendered to one or more employers after March 31, 1939, excluding, however, the amount of such compensation in excess of $300 which is earned by the employee for services rendered during any one calendar month;

(ii) The employees' tax with respect to compensation paid prior to January 1, 1947, for services rendered after December 31, 1946, is measured by the amount of compensation paid prior to January 1, 1947, to an individual for services rendered as an employee to one or more employers after December 31, 1946, excluding, however, the amount of such compensation in excess of $300 which is paid prior to January 1, 1947, to the employee for services rendered during any one calendar month after 1946.

(For the purposes of the regulations in §§ 410.201 to 410.203, inclusive, see §§ 410.5, 410.6, 410.7, and 410.8, relating to compensation.)

(2) *Compensation paid after December 31, 1946, for services rendered after such date.* Except as provided in paragraph (b) of this section, the employees' tax with respect to compensation paid after December 31, 1946, for services rendered after such date is measured by the amount of compensation paid after December 31, 1946, to an individual for services rendered as an employee to one or more employers after such date, excluding, however, the amount of such compensation in excess of $300 which is paid after December 31, 1946, to the employee for services rendered during any one calendar month after 1946.

(B) By striking out the designation "(b)" and inserting in lieu thereof the following:

(b) *Exception; employee of local lodge or division of railway-labor-organization employer.*

PAR. 13. Section 410.202 (Article 202) is amended to read as follows:

§ 410.202 *Rates and computation of employees' tax*—(a) *Compensation earned or paid prior to January 1, 1947.* The rates of employees' tax applicable for the respective calendar years with respect to compensation either earned or paid prior to January 1, 1947, are as follows:

	Percent
Compensation earned during the calendar year 1939	2¾
Compensation earned during the calendar years 1940, 1941, 1942	3
Compensation earned during the calendar years 1943, 1944, 1945	3¼
Compensation earned during the calendar years 1946, 1947, 1948	3½
Compensation earned during the calendar year 1949 and subsequent calendar years	3¾

The employees' tax with respect to compensation either earned or paid prior to January 1, 1947, is computed by applying to the amount of the employee's compensation with respect to which the employees' tax is imposed the rate for the calendar year in which the compensation is earned.

(b) *Compensation paid after December 31, 1946, for services rendered after such date.* The rates of employees' tax applicable for the respective calendar years with respect to compensation paid after December 31, 1946, for services rendered after such date are as follows:

	Percent
Compensation paid during the calendar years 1947, 1948	5¾
Compensation paid during the calendar years 1949, 1950, 1951	6
Compensation paid during the calendar year 1952 and subsequent calendar years	6¼

The employees' tax with respect to compensation paid after December 31, 1946, for services rendered after such date is computed by applying to the amount of the employee's compensation with respect to which the employees' tax is imposed the rate for the calendar year in which the compensation is paid.

PAR. 14. Immediately preceding the caption "Section 607 of the Revenue Act of 1934, made applicable by Section 7 (c) of the Act" which precedes § 410.203 (Article 203), the following is inserted:

SECTION 3 (B) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(b) The second sentence of section 1501 (a) of the Internal Revenue Code is amended to read as follows: "If an employee is paid compensation after December 31, 1946, by more than one employer for services rendered during any calendar month after 1946 and the aggregate of such compensation is in excess of $300, the tax to be deducted by each employer other than a subordinate unit of a national railway-labor-organization employer from the compensation paid by him to the employee with respect to such month shall be that portion of the tax with respect to such compensation paid by all such employers which the compensation paid by him after December 31, 1946, to the employee for services rendered during such month bears to the total compensation paid by all such employers after December 31, 1946, to such employee for services rendered during such month; and in the event that the compensation so paid by such employers to the employee for services rendered during such month is less than $300, each subordinate unit of a national railway-labor-organization employer shall deduct such proportion of any additional tax as the compensation paid by such employer after December 31, 1946, to such employee for services rendered during such month bears to the total compensation paid by all such employers after December 31, 1946, to such employee for services rendered during such month."

SECTION 402 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

* * * The amendments made by section 3 * * *

(b) * * * shall take effect January 1, 1947. * * *

PAR. 15. Section 410.203 (Article 203) is amended as follows:

(A) By striking out paragraph (a) and inserting in lieu thereof the following:

(a) *Collection; general rule.* The employer shall collect from each of his employees the employees' tax imposed with respect to the compensation of the employee by deducting or causing to be deducted the amount of such tax from the compensation subject to the tax as and when such compensation is paid. (As to the measure of the employees' tax, see § 410.201.

(B) By striking out paragraph (b) and inserting in lieu thereof the following:

(b) *Collection; aggregate monthly compensation in excess of $300 paid by two or more employers*—(1) *Compensation earned or paid prior to January 1, 1947.* If during any one calendar month before 1947 an employee earns compensation from two or more employers and if the aggregate of such compensation paid is in excess of $300, each employer shall deduct, from the compensation as and when paid by him to the employee, the employees' tax with respect to that proportion of $300 of compensation which the compensation paid by such employer to the employee for the month bears to the total compensation paid to such employee by all employers for that

month. If an employee is paid compensation prior to January 1, 1947, by two or more employers for services rendered during any one calendar month after 1946, and if the aggregate compensation paid to such employee prior to January 1, 1947, by all employers for services rendered during such month is in excess of $300, each employer shall deduct, from the compensation as and when paid by him to the employee, the employees' tax with respect to that proportion of $300 of compensation which the compensation paid by such employer prior to January 1, 1947, to the employee for the month bears to the total compensation paid prior to January 1, 1947, to such employee by all employers for that month. (See § 410.201 (b), which provides that for the purpose of determining the employees' tax certain nominal compensation earned by an employee of a local lodge or division of a railway-labor-organization employer shall be disregarded.)

(2) *Compensation paid after December 31, 1946, for services rendered after such date.* If an employee is paid compensation after December 31, 1946, by two or more employers for services rendered during any one calendar month after 1946, and if the aggregate compensation paid to such employee after December 31, 1946, by all employers for services rendered during such month is in excess of $300, the employees' tax to be deducted by each employer from the compensation as and when paid by him to the employee shall be determined as follows:

(i) If such compensation is paid by two or more employers, none of whom is a subordinate unit of a national railway-labor-organization employer (see § 410.2 (f)), each employer shall deduct the employees' tax with respect to that proportion of $300 of compensation which the compensation paid after December 31, 1946, by such employer to the employee for the month bears to the total compensation paid after December 31, 1946, to such employee by all employers for that month (see Example 1, below);

(ii) If such compensation is paid by two or more employers, each of which is a subordinate unit of a national railway-labor-organization employer, each subordinate unit shall deduct the employees' tax with respect to that proportion of $300 of compensation which the compensation paid after December 31, 1946, by such subordinate unit to the employee for the month bears to the total compensation paid after December 31, 1946, to such employee by all such subordinate units for that month;

(iii) If such compensation is paid by two or more employers, only one of whom is an employer other than a subordinate unit of a national railway-labor-organization employer, and if the compensation paid after December 31, 1946, to the employee by the employer other than a subordinate unit equals or exceeds $300 for the month, then no employees' tax shall be deducted by any such subordinate unit from the compensation paid by it after December 31, 1946, to such employee for that month, and the employer other than a subordinate unit shall deduct the employees' tax with respect to $300 of compensation paid by him after December 31, 1946, to such employee for that month (see Example 2, below);

(iv) If such compensation is paid by two or more employers other than a subordinate unit of a national railway-labor-organization employer and by one or more subordinate units of a national railway-labor-organization employer, and if the total compensation paid after December 31, 1946, to the employee by the employers other than a subordinate unit equals or exceeds $300 for the month, then no employees' tax shall be deducted by any such subordinate unit from the compensation paid by it after December 31, 1946, to such employee for that month, and each employer other than a subordinate unit shall deduct the employees' tax with respect to that proportion of $300 of compensation which the compensation paid after December 31, 1946, by such employer to the employees for the month bears to the total compensation paid after December 31, 1946, to such employees by all such employers other than a subordinate unit (see Example 3, below);

(v) If such compensation is paid by two or more employers, only one of whom is a subordinate unit of a national railway-labor-organization employer, and if the total compensation paid after December 31, 1946, to the employee by all employers other than the subordinate unit is less than $300 for the month, then each employer other than the subordinate unit shall deduct the employees' tax with respect to the full amount of compensation paid by him after December 31, 1946, to such employee for that month, and the subordinate unit of a national railway-labor-organization employer shall deduct the employee's tax with respect to the remainder of $300 of compensation less the total compensation paid after December 31, 1946, to such employee for that month by all other employers (see Example 4, below); or

(vi) If such compensation is paid by one or more employers other than a subordinate unit of a national railway-labor-organization employer and by two or more subordinate units of a national railway-labor-organization employer, and if the total compensation paid after December 31, 1946, to the employee by all employers other than the subordinate units is less than $300 for the month, then each employer other than the subordinate units shall deduct the employee's tax with respect to the full amount of compensation paid by him after December 31, 1946, to such employee for that month, and each subordinate unit of a national railway-labor-organization employer shall deduct the employee's tax with respect to that proportion of the remainder of $300 of compensation less the total compensation paid after December 31, 1946, to such employee for the month by all employers other than the subordinate units which the compensation paid after December 31, 1946, by such subordinate unit to the employee for that month bears to the total compensation paid after December 31, 1946, to such employee by all such subordinate units for that month (see Example 5, below).

(See § 410.201 (b), which provides that for the purpose of determining the employees' tax certain nominal compensation earned by an employee of a local lodge or division of a railway-labor-organization employer shall be disregarded.)

The application of certain of the foregoing principles may be illustrated by the following examples:

Example 1. A, an employee, renders services during January 1947, for employers X, Y, and Z, none of whom is a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $100 by X, $100 by Y, and $200 by Z, or an aggregate of $400 for the month. In such case X pays one-fourth of A's aggregate compensation for the month, Y pays one-fourth, and Z pays one-half. X and Y, therefore, are each required to deduct the employees' tax with respect to one-fourth of $300, or $75, and Z is required to deduct the employees' tax with respect to one-half of $300, or $150.

Example 2. A, an employee, renders services during January 1947, for employer X, an employer other than a subordinate unit of a national railway-labor-organization employer, and for employers Y and Z, each of which is a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $300 by X, $50 by Y, and $25 by Z. Since the compensation paid A for the month by X equals $300, neither Y nor Z is required to deduct any employees' tax from the compensation paid by them to A for the month; and X is required to deduct the employees' tax with respect to the full $300 paid by him to A for the month.

Example 3. A, an employee, renders services during January 1947, for employers W and X, each of whom is an employer other than a subordinate unit of a national railway-labor-organization employer, and for employers Y and Z, each of which is a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $200 by W and $200 by X, or an aggregate of $400 for the month, and compensation of $50 by Y and $50 by Z. Since the aggregate compensation paid A for the month by W and X is in excess of $300, neither Y nor Z is required to deduct any employees' tax from the compensation paid by them to A for the month. Of the aggregate compensation of $400 paid A for the month by W and X, W pays one-half and X pays one-half. W and X, therefore, are each required to deduct the employees' tax with respect to one-half of $300, or $150.

Example 4. A, an employee, renders services during January 1947, for employer X, an employer other than a subordinate unit of a national railway-labor-organization employer, and for employer Y, a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $250 by X and $100 by Y. In such case X is required to deduct the employees' tax with respect to the full $250 paid by him to A for the month; and Y is required to deduct the employees' tax only with respect to $50 ($300 minus $250 paid by X.)

Example 5. A, an employee, renders services during January 1947, for employers W and X, each of whom is an employer other than a subordinate unit of a national railway-labor-organization employer, and for employers Y and Z, each of which is a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $140 by W, $100 by X, $50 by Y, and $100 by Z. In such case W and X are each required to deduct the employees' tax with respect to the full amount paid by them to A for the month, that is, W with respect to $140 and X with respect to $100; and Y and Z are each required to deduct the employees' tax with respect to their proportionate share of $60 ($300 minus $240 paid by W and X). Of the aggregate compensation of $150 paid by Y and Z, $50, or one-third, was paid by Y, and $100, or two-thirds, was paid by Z. In such case Y is required to deduct the employees' tax with respect to one-third of $60, or $20, and Z is required to deduct the employees' tax with respect to two-thirds of $60, or $40.

(3) *Undercollections or overcollections.* Any undercollection or overcollection of employees' tax resulting from the employer's inability to determine, at the time compensation is paid, the correct amount of compensation with respect to which the deduction should be made shall be corrected in accordance with the provisions of §§ 410.601 to 410.603, inclusive, relating to an adjustment of employees' tax and employers' tax, and §§ 410.701 to 410.707, inclusive, relating to credits and refunds.

(C) By striking out the designation "(c)" and inserting in lieu thereof the following:

(c) *When fractional part of cent may be disregarded.*

(D) By striking out the designation "(d)" and inserting in lieu thereof the following:

(d) *Employer's liability.*

PAR. 16. Immediately preceding the caption "Section 27 of the Act Approved October 10, 1940 (Pub. No. 833, 76th Cong., 3d Sess.)" which precedes § 410.301 (Article 301), the following is inserted:

SECTION 3 (d) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(d) Section 1520 of the Internal Revenue Code is amended to read as follows:

SEC. 1520. RATE OF TAX. In addition to other taxes, every employer shall pay an excise tax, with respect to having individuals in his employ, equal to the following percentages of so much of the compensation, paid by such employer after December 31, 1946, for services rendered to him after December 31, 1936, as is, with respect to any employee for any calendar month, not in excess of $300: *Provided, however,* That if an employee is paid compensation after December 31, 1946, by more than one employer for services rendered during any calendar month after 1936, the tax imposed by this section shall apply to not more than $300 of the aggregate compensation paid to such employee by all such employers after December 31, 1946, for services rendered during such month, and each employer other than a subordinate unit of a national railway-labor-organization employer shall be liable for that proportion of the tax with respect to such compensation paid by all such employers which the compensation paid by him after December 31, 1946, to the employee for services rendered during such month bears to the total compensation paid by all such employers after December 31, 1946, to such employee for services rendered during such month; and in the event that the compensation so paid by such employers to the employee for services rendered during such month is less than $300, each subordinate unit of a national railway-labor-organization employer shall be liable for such proportion of any additional tax as the compensation paid by such employer after December 31, 1946, to such employee for services rendered during such month bears to the total compensation paid by all such employers after December 31, 1946, to such employee for services rendered during such month:

1. With respect to compensation paid during the calendar years 1947 and 1948, the rate shall be 5¾ per centum;

2. With respect to compensation paid during the calendar years 1949, 1950, and 1951, the rate shall be 6 per centum;

3. With respect to compensation paid after December 31, 1951, the rate shall be 6¼ per centum.

SECTION 402 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

* * * The amendments made by section 3 * * * (d) shall take effect January 1, 1947. Sections * * * 1520 of the Internal Revenue Code as in effect on December 31, 1946, shall remain in full force and effect on and after January 1, 1947, with respect to any remuneration which constitutes compensation under the law as in effect on December 31, 1946, to which such sections as amended by this act are not applicable.

PAR. 17. Section 410.301 (Article 301), as amended by Treasury Decision 5029, is further amended to read as follows:

§ 410.301 *Measure of employers' tax*—(a) *General rule*—(1) *Compensation paid prior to January 1, 1947.* Except as provided in paragraphs (b) (1) and (c) of this section, the employers' tax with respect to compensation paid prior to January 1, 1947, is measured by the amount of compensation paid prior to such date by an employer to his employees for services rendered after December 31, 1936, excluding, however, the amount of compensation in excess of $300 which is paid prior to January 1, 1947, by the employer to any employee for services rendered during any one calendar month. (For the purposes of §§ 410.301 and 410.302, see §§ 410.5, 410.6, and 410.7, relating to compensation, and particularly § 410.8, relating to the time when compensation is deemed to be paid.)

(2) *Compensation paid after December 31, 1946.* Except as provided in paragraphs (b) (2) and (c) of this section, the employers' tax with respect to compensation paid after December 31, 1946, is measured by the amount of compensation paid after such date by an employer to his employees for services rendered after Decemeber 31, 1936, excluding, however, the amount of compensation in excess of $300 which is paid after December 31, 1946, by the employer to any employee for services rendered during any one calendar month.

(b) *Aggregate monthly compensation in excess of $300 paid by two or more employers*—(1) *Compensation paid prior to January 1, 1947.* If an employee is paid compensation prior to January 1, 1947, by two or more employers for services rendered during any one calendar month after 1936, and if the aggregate compensation paid to such employee prior to January 1, 1947, by all employers for services rendered during such month is in excess of $300, then there is included in the measure of the employers' tax of each employer with respect to the compensation paid by him prior to January 1, 1947, to the employee for the month only that proportion of $300 which the compensation paid to the employee prior to January 1, 1947, by such employer for the month bears to the total compensation paid to such employee by all employers for that month. (See paragraph (c) of this section, which provides that for the purpose of determining the employers' tax certain nominal compensation earned by an employee of a local lodge or division of a railway-labor-organization employer shall be disregarded.)

(2) *Compensation paid after December 31, 1946.* If an employee is paid compensation after December 31, 1946, by two or more employers for services rendered during any one calendar month after 1936, and if the aggregate compensation paid to such employee after December 31, 1946, by all employers for services rendered during such month is in excess of $300, the measure of the employers' tax of each employer with respect to the compensation paid by him after December 31, 1946, to the employee for the month shall be determined as follows:

(i) If such compensation is paid by two or more employers, none of whom is a subordinate unit of a national railway-labor-organization employer (see § 410.2 (f)), the measure of the employers' tax of each employer shall be that proportion of $300 which the compensation paid after December 31, 1946, by such employer to the employee for the month bears to the total compensation paid after December 31, 1946, to such employee by all employers for that month (see Example 1, below);

(ii) If such compensation is paid by two or more employers, each of which is a subordinate unit of a national railway-labor-organization employer, the measure of the employers' tax of each subordinate unit shall be that proportion of $300 which the compensation paid after December 31, 1946, by such subordinate unit to the employee for the month bears to the total compensation paid after December 31, 1946, to such employee by all such subordinate units for that month;

(iii) If such compensation is paid by two or more employers, only one of whom is an employer other than a subordinate unit of a national railway-labor-organization employer, and if the compensation paid after December 31, 1946, to the employee by the employer other than a subordinate unit equals or exceeds $300 for the month, then no subordinate unit shall be liable for any employers' tax with respect to the compensation paid by it after December 31, 1946, to such employee for that month, and the measure of the employers' tax of the employer other than a subordinate unit with respect to the compensation paid by him after December 31, 1946, to such employee for that month shall be $300 (see Example 2, below);

(iv) If such compensation is paid by two or more employers other than a subordinate unit of a national railway-labor-organization employer and by one or more subordinate units of a national

railway - labor - organization employer, and if the total compensation paid after December 31, 1946, to the employees by the employers other than a subordinate unit equals or exceeds $300 for the month, then no subordinate unit shall be liable for any employers' tax with respect to the compensation paid by it after December 31, 1946, to such employee for that month, and the measure of the employers' tax of each employer other than a subordinate unit shall be that proportion of $300 which the compensation paid after December 31, 1946, by such employer to the employee for the month bears to the total compensation paid after December 31, 1946, to such employee by all such employers other than a subordinate unit for that month (see Example 3, below);

(v) If such compensation is paid by two or more employers, only one of whom is a subordinate unit of a national railway-labor-organization employer, and if the total compensation paid after December 31, 1946, to the employee by all employers other than the subordinate unit is less than $300 for the month, then the measure of the employers' tax of each employer other than the subordinate unit shall be the full amount of compensation paid by him after December 31, 1946, to such employee for that month, and the measure of the employers' tax of the subordinate unit of a national railway-labor-organization employer shall be the remainder of $300 less the total compensation paid after December 31, 1946, to such employee for that month by all other employers (see Example 4, below); or

(vi) If such compensation is paid by one or more employers other than a subordinate unit of a national railway-labor-organization employer and by two or more subordinate units of a national railway-labor-organization employer, and if the total compensation paid after December 31, 1946, to the employee by all employers other than the subordinate units is less than $300 for the month, then the measure of the employers' tax of each employer other than the subordinate units shall be the full amount of compensation paid by him after December 31, 1946, to such employee for that month, and the measure of the employers' tax of each subordinate unit of a national railway-labor-organization employer shall be that proportion of the remainder of $300 less the total compensation paid after December 31, 1946, to such employee for the month by all employers other than the subordinate units which the compensation paid after December 31, 1946, by such subordinate unit to the employee for that month bears to the total compensation paid after December 31, 1946, to such employee by all such subordinate units for that month (see Example 5, below).

(See paragraph (c) of this section, which provides that for the purpose of determining the employers' tax certain nominal compensation earned by an employee of a local lodge or division of a railway-labor-organization employer shall be disregarded.)

The application of certain of the foregoing principles may be illustrated by the following examples:

Example 1. A, an employee, renders services during January 1947, for employers X and Y, neither of whom is a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $200 by X and $300 by Y, or an aggregate of $500 for the month. In such case X pays two-fifths of A's aggregate compensation for the month, and Y pays three-fifths. X, therefore, is liable for the employers' tax with respect to two-fifths of $300, or $120, and Y is liable for the employers' tax with respect to three-fifths of $300, or $180.

Example 2. A, an employee, renders services during January 1947, for employer X, an employer other than a subordinate unit of a national railway-labor-organization employer, and for employer Y, a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $350 by X and $50 by Y. Since the compensation paid A for the month by X exceeds $300, Y is not liable for any employers' tax with respect to the compensation paid A for the month; and X is liable for the employers' tax with respect to $300 of the compensation paid by him to A for the month.

Example 3. A, an employee, renders services during January 1947, for employers W and X, each of whom is an employer other than a subordinate unit of a national railway-labor-organization employer, and for employers Y and Z, each of which is a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $150 by W and $300 by X, or an aggregate of $450 for the month, and compensation of $100 by Y and $50 by Z. Since the aggregate compensation paid A for the month by W and X is in excess of $300, neither Y nor Z is liable for any employers' tax with respect to the compensation paid by them to A for the month. Of the aggregate compensation of $450 paid A for the month by W and X, W pays one-third and X pays two-thirds. W, therefore, is liable for the employers' tax with respect to one-third of $300, or $100, and X is liable for the employers' tax with respect to two-thirds of $300, or $200.

Example 4. A, an employee, renders services during January 1947, for employer X, an employer other than a subordinate unit of a national railway-labor-organization employer, and for employer Y, a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $250 by X and $100 by Y. In such case X is liable for the employers' tax with respect to the full $250 paid by him to A for the month; and Y is liable for the employers' tax with respect to $50 ($300 minus $250 paid by X).

Example 5. A, an employee, renders services during January 1947, for employers W and X, each of whom is an employer other than a subordinate unit of a national railway-labor-organization employer, and for employers Y and Z, each of which is a subordinate unit of a national railway-labor-organization employer. After December 31, 1946, A is paid for the month compensation of $140 by W, $100 by X, $50 by Y, and $100 by Z. In such case W and X are each liable for the employers' tax with respect to the full amount paid by them to A for the month, that is, W with respect to $140 and X with respect to $100; and Y and Z are each liable for the employers' tax with respect to their proportionate share of $60 ($300 minus $240 paid by W and X). Of the aggregate compensation of $150 paid by Y and Z, $50, or one-third, was paid by Y, and $100, or two-thirds, was paid by Z. In such case Y is liable for the employers' tax with respect to one-third of $60, or $20, and Z is liable for the employers' tax with respect to two-thirds of $60, or $40.

(c) *Nominal monthly compensation earned by employee of local lodge or division of railway-labor-organization.* If the amount of compensation earned in any calendar month by an individual as an employee in the service of a local lodge or division of a railway-labor-organization employer is less than $3, such amount shall be disregarded for the purpose of determining the employers' tax, *Provided:*

(1) Such compensation is earned before April 1, 1940, and the taxes thereon are not paid to the collector before July 1, 1940, or

(2) Such compensation is earned after March 31, 1940.

(d) *Underpayments or overpayments.* Any underpayment or overpayment of employers' tax resulting from the employer's inability to determine, at the time such tax is paid, the correct amount of compensation with respect to which the tax should be paid shall be corrected in accordance with the provisions of § 410.603, relating to adjustment of employers' tax, and §§ 410.701 to 410.707, inclusive, relating to credits and refunds.

PAR. 18. Section 410.302 (Article 302) is amended to read as follows:

§ 410.302 *Rates and computation of employers' tax*—(a) *Compensation paid prior to January 1, 1947.* The rates of employers' tax applicable for the respective calendar years with respect to compensation paid prior to January 1, 1947, are as follows:

	Percent
Compensation earned during the calendar year 1939	2¾
Compensation earned during the calendar years 1940, 1941, 1942	3
Compensation earned during the calendar years 1943, 1944, 1945	3¼
Compensation earned during the calendar years 1946, 1947, 1948	3½
Compensation earned during the calendar year 1949 and subsequent calendar years	3¾

The employers' tax with respect to compensation paid prior to January 1, 1947, is computed by applying to the amount of compensation with respect to which the employers' tax is imposed the rate for the calendar year in which the compensation is earned.

(b) *Compensation paid after December 31, 1946.* The rates of employers' tax applicable for the respective calendar years with respect to compensation paid after December 31, 1946, are as follows:

	Percent
Compensation paid during the calendar years 1947, 1948	5¾
Compensation paid during the calendar years 1949, 1950, 1951	6
Compensation paid during the calendar year 1952 and subsequent calendar years	6¼

The employers' tax with respect to compensation paid after December 31, 1946, is computed by applying to the amount of compensation with respect to which the employers' tax is imposed the rate for the calendar year in which the compensation is paid.

PAR. 19. Immediately preceding § 410.401 (article 401) the following is inserted:

SECTION 3 (c) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(c) Section 1510 of the Internal Revenue Code is amended to read as follows:

SEC. 1510. RATE OF TAX. In addition to other taxes, there shall be levied, collected, and paid upon the income of each employee representative a tax equal to the following percentages of so much of the compensation, paid to such employee representative after December 31, 1946, for services rendered by him after such date, as is not in excess of $300 for any calendar month:

1. With respect to compensation paid during the calendar years 1947 and 1948, the rate shall be 11½ per centum;

2. With respect to compensation paid during the calendar years 1949, 1950, and 1951, the rate shall be 12 per centum;

3. With respect to compensation paid after December 31, 1951, the rate shall be 12½ per centum.

SECTION 402 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

• • • The amendments made by section 3 • • • (c) • • • shall take effect January 1, 1947. Sections • • • 1510 • • • of the Internal Revenue Code as in effect on December 31, 1946, shall remain in full force and effect on and after January 1, 1947, with respect to any remuneration which constitutes compensation under the law as in effect on December 31, 1946, to which such sections as amended by this act are not applicable.

PAR. 20. Section 410.401 (article 401) is amended to read as follows:

§ 410.401 *Measure of employee representatives' tax*—(a) *Compensation earned or paid prior to January 1, 1947.* The employee representatives' tax with respect to compensation earned prior to January 1, 1947, is measured by so much of the compensation earned prior to such date by an individual for services rendered after March 31, 1939, as an employee representative, as does not exceed $300 for any one calendar month. The employee representatives' tax with respect to compensation paid prior to January 1, 1947, for services rendered after December 31, 1946, is measured by so much of the compensation paid prior to January 1, 1947, to an individual for services rendered after December 31, 1946, as an employee representative, as does not exceed $300 for any one calendar month. (For the purposes of §§ 410.401 and 410.402, see §§ 410.5, 410.6, 410.7, and 410.8, relating to compensation.)

(b) *Compensation paid after December 31, 1946, for services rendered after such date.* The employee representatives' tax with respect to compensation paid after December 31, 1946, for services rendered after such date is measured by so much of the compensation paid after December 31, 1946, to an individual for services rendered after such date, as an employee representative, as does not exceed $300 for any one calendar month.

PAR. 21. Section 410.402 (article 402) is amended to read as follows:

§ 410.402 *Rates and computation of employee representatives' tax*—(a) *Compensation earned or paid prior to January 1, 1947.* The rates of employee representatives' tax applicable for the respective calendar years with respect to compensation either earned or paid prior to January 1, 1947, are as follows:

	Percent
Compensation earned during the calendar year 1939	5½
Compensation earned during the calendar years 1940, 1941, 1942	6
Compensation earned during the calendar years 1943, 1944, 1945	6½
Compensation earned during the calendar years 1946, 1947, 1948	7
Compensation earned during the calendar year 1949 and subsequent calendar years	7½

The employee representatives' tax with respect to compensation either earned or paid prior to January 1, 1947, is computed by applying to the amount of compensation with respect to which the employee representatives' tax is imposed the rate for the calendar year in which the compensation is earned.

(b) *Compensation paid after December 31, 1946, for services rendered after such date.* The rates of employee representatives' tax applicable for the respective calendar years with respect to compensation paid after December 31, 1946, for services rendered after such date are as follows:

	Percent
Compensation paid during the calendar years 1947, 1948	11½
Compensation paid during the calendar years 1949, 1950, 1951	12
Compensation paid during the calendar year 1952 and subsequent calendar years	12½

The employee representatives' tax with respect to compensation paid after December 31, 1946, for services rendered after such date is computed by applying to the amount of compensation with respect to which the employee representatives' tax is imposed the rate for the calendar year in which the compensation is paid.

PAR. 22. Section 410.806 (c) (Article 806 (c)) is amended by inserting at the end thereof the following: "With respect to services rendered after December 31, 1946, the records of each individual liable for employee representatives' tax shall show, in lieu of the information required by paragraph (2), above, the amount and date of each payment of compensation (including any sum withheld therefrom) earned as an employee representative and as an employee and the period of services covered by such payment."

PAR. 23. Immediately preceding § 402.216, the following is inserted:

SECTION 1 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

• • • section 1532 (d) of the Internal Revenue Code are each amended as follows: After the word "if" where it first appears therein insert "(i)" and for the phrase "which services he renders for compensation" substitute the following: "or he is rendering professional or technical services and is integrated into the staff of the employer, or he is rendering, on the property used in the employer's operations, other personal services the rendition of which is integrated into the employer's operations, and (ii) he renders such service for compensation" • • •. Said subsections are further amended by inserting at the end of the first proviso the following: ", and if the application of such mileage formula, or such other formula as the Board may prescribe, would result in the compensation of the individual being less than 10 per centum of his remuneration for such service no part of such remuneration shall be regarded as compensation.

SECTION 3 (E) AND (F) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

(e) Section 1532 (b) of the Internal Revenue Code is amended to read as follows:

(b) *Employee.* The term "employee" means any individual in the service of one or more employers for compensation: *Provided, however,* That the term "employee" shall include an employee of a local lodge or division defined as an employer in subsection (a) only if he was in the service of or in the employment relation to a carrier on or after August 29, 1935. An individual shall be deemed to have been in the employment relation to a carrier on August 29, 1935, if (i) he was on that date on leave of absence from his employment, expressly granted to him by the carrier by whom he was employed, or by a duly authorized representative of such carrier, and the grant of such leave of absence will have been established to the satisfaction of the Railroad Retirement Board before July 1947; or (ii) he was in the service of a carrier after August 29, 1935, and before January 1946 in each of six calendar months, whether or not consecutive; or (iii) before August 29, 1935, he did not retire and was not retired or discharged from the service of the last carrier by whom he was employed or its corporate or operating successor, but (A) solely by reason of his physical or mental disability he ceased before August 29, 1935, to be in the service of such carrier and thereafter remained continuously disabled until he attained age sixty-five or until August 1945, or (B) solely for such last stated reason a carrier by whom he was employed before August 29, 1935, or a carrier who is its successor did not on or after August 29, 1935, and before August 1945 call him to return to service, or (C) if he was so called he was solely for such reason unable to render service in six calendar months as provided in clause (ii); or (iv) he was on August 29, 1935, absent from the service of a carrier by reason of a discharge which, within one year after the effective date thereof, was protested, to an appropriate labor representative or to the carrier, as wrongful, and which was followed within ten years of the effective date thereof by his reinstatement in good faith to his former service with all his seniority rights: *Provided,* That an individual shall not be deemed to have been on August 29, 1935, in the employment relation to a carrier if before that date he was granted a pension or gratuity on the basis of which a pension was awarded to him pursuant to section 6 of the Railroad Retirement Act of 1937, or if during the last pay-roll period before August 29, 1935, in which he rendered service to a carrier he was not in the service of an employer, in accordance with subsection (d), with respect to any service in such pay-roll period, or if he could have been in the employment relation to an employer only by reason of his having been either before or after August 29, 1935, in the service of a local lodge or division defined as an employer in subsection (a).

The term "employee" includes an officer of an employer.

The term "employee" shall not include any individual while such individual is engaged in the physical operations consisting of the mining of coal, the preparation of coal, the handling (other than movement by rail with standard railroad locomotives) of coal not beyond the mine tipple, or the loading of coal at the tipple.

(f) Section 1532 (e) of the Internal Revenue Code is amended by adding at the end thereof the following new paragraph:

A payment made by an employer to an individual through the employer's pay roll shall be presumed, in the absence of evidence to the contrary, to be compensation for service rendered by such individual as an employee of the employer in the period with respect to which the payment is made. An employee shall be deemed to be paid, "for time lost" the amount he is paid by an employer with respect to an identifiable period of absence from the active service of the employer, including absence on account of personal injury, and the amount he is paid by the employer for loss of earnings resulting from his displacement to a less remunerative position or occupation. If a payment is made by an employer with respect to a personal injury and includes pay for time lost, the total payment shall be deemed to be paid for time lost unless, at the time of payment, a part of such payment is specifically apportioned to factors other than time lost, in which event only such part of the payment as is not so apportioned shall be deemed to be paid for time lost.

• • • • •

The amendments to section 1532 of the Internal Revenue Code made by sections 1 and 3 (e) and (f) shall be effective only with respect to services rendered after December 31, 1946. • • •

SECTION 3 (G) OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

Subchapter B of Chapter 9 of the Internal Revenue Code is amended by adding at the end thereof the following new section:

SEC. 1538. *Title of subchapter.* This subchapter may be cited as the "Railroad Retirement Tax Act."

SECTION 401 OF THE ACT APPROVED JULY 31, 1946 (PUB. LAW 572, 79TH CONG.)

Except as otherwise provided in this act, the provisions thereof shall become effective upon approval.

Bureau of Entomology and Plant Quarantine

[7 CFR, Part 319]

EUROPEAN CORN BORER AND OTHER DANGEROUS INSECTS AND PLANT DISEASES

NOTICE OF PROPOSED AMENDMENT TO REVISED RULES AND REGULATIONS

It is required by Regulation 5 of the revised rules and regulations supplemental to notice of Quarantine No. 41 (second revision) on account of the European corn borer and other dangerous insects and plant diseases (7 CFR 319.41–5) issued under section 7 of the Plant Quarantine Act (7 U. S. C. 160), that shelled corn imported into the United States from Canada shall be accompanied by an original certificate issued by a duly authorized official of the Canadian Department of Agriculture stating that the material in question covered by the certificate was thoroughly inspected by him or under his direction at the time of shipment and was found, or is believed to be, free from infestation with the European corn borer and other insect pests and plant diseases and free from admixture of cobs or other portions of the plant. The Dominion of Canada enforces a similar requirement for shelled corn imported into its jurisdiction from the United States.

Our requirement has been in effect for the past 20 years and during that period no living corn borer larva has been found in cleaned shelled corn from Canada. The Canadian inspection records are said to indicate similarly that the requirement of inspection and certification prior to shipment is an unnecessary precaution. Moreover, the fulfillment of this requirement is burdensome to the plant quarantine and cooperating agencies of both countries, as well as to the shippers.

After a careful consideration of the foregoing information, the United States Department of Agriculture is now considering the advisability of amending the said revised rules and regulations to eliminate the requirement of inspection and certification of clean, shelled corn prior to shipment from Canada.

Any person who wishes to submit written data or arguments concerning the proposed amendment may do so by filing them with the Chief of the Bureau of Entomology and Plant Quarantine, Agricultural Research Administration, United States Department of Agriculture, Washington 25, D. C., within 15 calendar days after the publication of this notice.

Issued this 11th day of April 1947.

[SEAL] CLINTON P. ANDERSON,
Secretary of Agriculture.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 3]

MODIFICATION OF FM RULES, STANDARDS, AND ALLOCATION PLAN

PROPOSED RULE MAKING

APRIL 10, 1947.

The Commission today announced the adoption of a notice [1] proposing to amend its FM rules and engineering standards and scheduling a hearing on May 8 and 9 concerning the proposed changes. The Commission also issued a proposed revision of the tentative allocation plan for Class B FM stations which would be employed if the proposed amendments to the rules and standards are made final. The Commission believes that the proposed changes would provide substantially improved FM allocation and would prevent interference as has occurred recently in several instances.

The present FM rules and standards were adopted by the Commission following hearings held in the summer of 1945. On the basis of information and testimony, it was concluded that FM receivers would not be subject to objectionable interference from stations operating on alternate channels (400 kc removed from the desired station). Accordingly, the FM standards adopted by the Commission in September, 1945, provided for operation of stations in a city on alternate channels. Separate blocks of frequencies were provided for Community (now Class A) and Metropolitan-Rural (now Class B) stations, and a tentative allocation plan for Class B stations was adopted in order to provide an equitable distribution of facilities. No allocation plan was adopted for Class A stations, since this appeared unnecessary; further, simpler application and allocation procedures were adopted for Class A stations. The Commission endeavored to provide from one and one-half to two times as many Class B channels per city as AM stations, with a limit of 20 Class B channels for major cities like New York. Employing alternate channels, such cities thus required 40 of the 60 Class B channels. The remaining 20 Class B channels were used in allocating stations for adjacent major cities. This plan tended to group channels 400 kc apart in most cities as a result of the necessary grouping in major cities and the interrelation between cities in any overall allocation plan.

At the present time 34 stations in 13 cities are in operation on channels that are 400 kc from other stations operating in the respective cities. Although listeners have reported few cases of interference to the Commission, several broadcast stations have reported such cases in their cities. In some instances, interference has not been reported but difficulty has been experienced in identifying stations close together on the dial.

Since FM receiver characteristics are, of course, a governing factor in FM allocation, the Commission is studying the selectivity and other characteristics of various types of present FM receivers and at the same time is endeavoring to anticipate the probable characteristics of FM receivers to be produced in the future. Provision is made for further revision of the interference standards upon completion of such studies.

The changes proposed in the FM rules and standards would intersperse Class A and Class B stations in order to provide a normal minimum separation of four channels or 800 kc. between Class B stations in a city or immediate area. A minimum of 400 kc. separation would be used between Class and Class B stations in adjacent cities in a few areas where the demand requires. It is expected, however, that only in a few areas will it be necessary to employ this minimum separation. In these cases it is expected that the difference in power between the two classes of stations will limit the interference to the Class B station to a small area around the Class A station, and will permit the Class A station to serve its community and adjacent area.

The proposed changes would provide for the allocation of Class A stations in the same manner as Class B stations with respect to interference contours, instead of the simpler mileage separation method now used for Class A stations. However, this is a minor procedural problem which would not appear to restrict the development of Class A stations.

The proposed changes in the rules and standards would improve the performance of FM receivers now in use and would in no way retard FM receiver production. Likewise, the FM transmitters in use would require readjustment only, and new station construction would be slightly affected. In view of the limited number of FM stations that have completed full construction, it appears that changes in frequency assignments may be made at this time without causing substantial expense to the stations now on the air or under construction. At the present time approximately 200 stations are either licensed or authorized to operate on an interim basis, and of these between 20 and 25 percent have completed full antenna construction. Since FM transmitting antennas normally may be used for any channel in the FM band, readjustment or retuning is usually all that is required. With respect to stations operating with temporary antennas, it is not contemplated that frequency changes would have to be made in most cases until the permanent antenna is installed. The expense involved, therefore, would usually be limited to that required for transmitter crystals and recalibration of the frequency monitor.

In formulating the new tentative allocation plan the Commission has taken into account the rapid development of FM broadcasting since the end of the war and has been able to include in the plan needed channels for many areas, which needs could not have been contemplated at the time the original plan was prepared.

The reservation of Class A and Class B channels would not be affected by the adoption of the proposed changes in the rules and allocation plan, except that the four Class A channels to be reserved would be 224, 240, 272 and 288, instead of 297, 298, 299 and 300.

Pending final adoption of the proposed amendments to the rules and standards, stations which are now in operation or which request authorization to begin operation may request special temporary authorization for a frequency assignment under the proposed allocation plan. In cases of conflict in such requests for channels, preference will be given to stations now in operation except where transmitter location makes it desirable from an engineering viewpoint to assign another channel.

[SEAL] FEDERAL COMMUNICATIONS COMMISSION,
T. J. SLOWIE,
Secretary.

[Docket No. 6768]

STANDARDS OF GOOD ENGINEERING PRACTICE FOR FM BROADCASTING OTHER THAN NON-COMMERCIAL EDUCATIONAL BROADCAST SERVICE

NOTICE OF PROPOSED RULE MAKING AND HEARING

APRIL 10, 1947.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The proposed rules and regulations, which are amendments to existing rules and regulations and existing engineering standards, are set forth below.

3. The proposed rules and standards are issued under the authority of sections 303 (c), 303 (r) and 307 (b) of the Communications Act of 1934, as amended.

4. Any interested person who is of the opinion that the proposed rules and standards should not be adopted or should not be adopted in the form set forth, may file with the Commission on or before May 1, 1947, a brief or written statement setting forth his comments.[1]

5. In order that interested persons may have the opportunity to present testimony concerning the proposed amendments before the Commission, a hearing will be held for that purpose before the Commission en banc in Room 6121 at its offices in Washington, D. C. at 10 a. m. on May 8 and 9, 1947, at which time interested persons who have filed briefs or written statements may appear and submit evidence or argument on the proposed amendments.

6. Section 1.857 of the Commission's rules and regulations shall not apply to this proceeding.

The following are the proposed amendments to the indicated sections of Part 3, Subpart B, of the Commission's rules governing radio broadcast services:

§ 3.203 *Class A stations.* (a) A Class A station is a station which operates on a Class A channel and is designed to render service primarily to a community or to a city or town other than the principal city of an area, and the surrounding rural area. The transmitter power and antenna height of a Class A station shall normally be capable of coverage equivalent [2] to a minimum of 100 watts and a maximum of 1 kw effective radiated power and antenna height of 250 feet above average terrain, as determined by the methods prescribed in the Standards of Good Engineering Practice Concerning FM Broadcast Stations. Class A stations will not be authorized with more than 1 kw effective radiated power. Standard power ratings of transmitters used for Class A stations shall be not less than 250 watts nor more than 1 kilowatt. Class A stations will normally be protected to the 1 mv/m contour; however, assignments will be made in a manner to insure, insofar as possible, a maximum of service to all listeners, whether urban or rural, giving consideration to the minimum signal capable of providing service.

(b) The following frequencies are designated as Class A channels and are assigned for use by Class A stations:

Frequency (mc)	*Channel No.*	*Frequency (mc)*	*Channel No.*
92.1	221	100.1	261
92.7	224	100.9	265
93.5	228	101.7	269
94.3	232	102.3	272
95.3	237	103.1	276
95.9	240	103.9	280
96.7	244	104.9	285
97.7	249	105.5	288
98.3	252	106.3	292
99.3	257	107.1	296

[1] Fifteen copies of each brief or written statement should be filed as required by § 1.850 of the Commission's rules and regulations.

[2] For the purpose of determining equivalent coverage, the 1 mv/m contour should be used.

These channels are available for assignment (1) in cities which are not the central city or cities of a metropolitan district, and (2) in central cities of metropolitan districts which have fewer than six Class B Stations.[3]

(c) The main studio of a Class A station shall be located in the city served and the transmitter shall be located as near the center of the city as practicable.

(d) No assignments will be made on channels 224, 240, 272 and 288 until July 1, 1947.

§ 3.204 *Metropolitan stations.* • • •

(b) The following frequencies are designated as Class B channels and are assigned for use by Class B Stations:

Frequency (mc)	*Channel No.*	*Frequency (mc)*	*Channel No.*
92.3	222	100.3	262
92.5	223	100.5	263
92.9	225	100.7	264
93.1	226	101.1	266
93.3	227	101.3	267
93.7	229	101.5	268
93.9	230	101.9	270
94.1	231	102.1	271
94.5	233	102.5	273
94.7	234	102.7	274
94.9	235	102.9	275
95.1	236	103.3	277
95.5	238	103.5	278
95.7	239	103.7	279
96.1	241	104.1	281
96.3	242	104.3	282
96.5	243	104.5	283
96.9	245	104.7	284
97.1	246	105.1	286
97.3	247	105.3	287
97.5	248	105.7	289
97.9	250	105.9	290
98.1	251	106.1	291
98.5	253	106.5	293
98.7	254	106.7	294
98.9	255	106.9	295
99.1	256	107.3	297
99.5	258	107.5	298
99.7	259	107.7	299
99.9	260	107.9	300

The following are the proposed amendments to the indicated sections of the Standards of Good Engineering Practice Concerning FM Broadcast Stations:

I. *Definitions.* • • •

M. *Antenna height above average terrain.* (1) The term "antenna height above average terrain" means the height of the radiation center of the antenna above the terrain 2 to 10 miles from the antenna. (In general a different antenna height will be determined for each direction from the antenna. The average of these various heights is considered as the antenna height above average terrain.)

(2) Where circular or elliptical polarization is employed the antenna height above average terrain shall be based upon the height of the radiation center of the antenna which transmits the horizontal component of radiation.

II. *Engineering standards of allocation.* A. Sections 3.202 to 3.206 inclusive of the rules and regulations describe the basis for allocation of FM Broadcast Stations, including the division of the United States into Areas I and II.

[3] For the time being, until more FM broadcast stations are authorized, the Commission will not authorize Class A stations in central cities of metropolitan districts having four or more standard broadcast stations.

B. FM broadcast stations shall determine the extent of their 1 mv/m and 50 uv/m contours in accordance with the methods prescribed in these Standards.

C. Although some service is provided by tropospheric waves, the service area is considered to be only that served by the ground wave. The extent of service is determined by the point at which the ground wave is no longer of sufficient intensity to provide satisfactory broadcast service. The field intensity considered necessary for service is as follows:

TABLE I

Area:	*Median field intensity*
City business or factory areas	1 mv/m
Rural areas	50 uv/m

A median field intensity of 3 to 5 mv/m should be placed over the principal city to be served and for Class B stations, a median field intensity of 1 mv/m should be placed over the business district of cities of 10,000 or greater within the metropolitan district served. A field intensity of 5 mv/m should be provided over the main studio of a Class B station except as otherwise provided in § 3.205 of the rules. The location of the main studio of a Class A station is specified in § 3.203 of the rules. These figures are based upon the usual noise levels encountered in the several areas and upon the absence of interference from other FM stations.

D. A basis for allocation of satellite stations has not yet been determined. For the present, applications will be considered on their individual merits.

E. The service area is predicted as follows: Profile graphs must be drawn for at least eight radials from the proposed antenna site. These profiles should be prepared for each radial beginning at the antenna site and extending to 10 miles therefrom. Normally the radials are drawn for each 45° of azimuth; however, where feasible the radials should be drawn for angles along which roads tend to follow. (The latter method may be helpful in obtaining topographical data where otherwise unavailable, and is particularly useful in connection with mobile field intensity measurements of the station and the correlation of such measurements with predicted field intensities.) In each case one or more radials must include the principal city or cities to be served, particularly in cases of rugged terrain, even though the city may be more than 10 miles from the antenna site. The profile graph for each radial should be plotted by contour intervals of from 40 to 100 feet and, where the data permit, at least 50 points of elevation (generally uniformly spaced) should be used for each radial. In instances of very rugged terrain where the use of contour intervals of 100 feet would result in several points in a short distance, 200- or 400-foot contour intervals may be used for such distances. On the other hand, where the terrain is uniform or gently sloping the smallest contour interval indicated on the topographic map (see below) should be used, although only a relatively few points may be available. The profile graph should accurately indicate the topography for each radial, and the graphs should be plotted with the distance in miles as the abscissa and the elevation in feet above mean sea level as the ordinate. The profile graphs should indicate the source of the topographical data employed. The graph should also show the elevation of the center of the radiating system. The graph may be plotted either on rectangular coordinate paper or on special paper which shows the curvature of the earth. It is not necessary to take the curvature of the earth into consideration in this procedure, as this factor is taken care of in the chart showing signal intensities (fig. 1).

The average elevation of the 8-mile distance between 2 and 10 miles from the antenna site should then be determined from the profile graph for each radial. This may be obtained by averaging a large number of equally spaced points, by using a planimeter, or by obtaining the median elevation (that exceeded for 50 per cent of the distance) in sectors and averaging these values.

To determine the distance to a particular contour, figure 1 concerning the range of FM broadcast stations should be used. This chart has been prepared for a frequency in the center of the band and is to be used for all FM broadcast channels, since little change results over this frequency range. The distance to a contour is determined by the effective radiated power and the antenna height. The height of the antenna used in connection with figure 1 should be the height of the center of the proposed antenna radiator above the average elevation obtained by the preceding method. The distances shown by figure 1 are based upon an effective radiated power of 1 kilowatt; to use the chart for other powers, the sliding scale associated with the chart should be trimmed and used as the ordinate scale. This sliding scale is placed on the chart with the appropriate gradation for power in line with the lower line of the top edge of the chart. The right edge of the scale is placed in line with the appropriate antenna height graduations and the chart then becomes direct reading for this power and antenna height. Where the antenna height is not one of those for which a scale is provided, the signal strength or distance is determined by interpolation between the curves connecting the equidistant points.

The foregoing process of determining the extent of the required contours shall be followed in determining the boundary of the proposed service area. The areas within the required contours must be determined and submitted with each application for these classes of FM broadcast stations. Each application shall include a map showing these contours, and for this purpose sectional aeronautical charts or other maps having a convenient scale may be used. The map shall show the radials along which the profile charts and expected field strengths have been determined. The area within each contour should then be measured (by planimeter or other approximate means) to determine the number of square miles therein. In computing the area within the contours, exclude (1) areas beyond the borders of the United States, and (2) large bodies of water, such as ocean areas, gulfs, sounds, bays, large lakes, etc., but not rivers.

In cases where the terrain in one or more directions from the antenna site departs widely from the average elevation of the 2 to 10 mile sector, the application of this prediction method may indicate contour distances that are different from those which may be expected in practice. In such cases the prediction method should be followed, but a showing may be made if desired concerning the distance to the contour as determined by other means. Such showing should include data concerning the procedure employed and sample calculations. For example, a mountain ridge may indicate the practical limit of service although the prediction method may indicate the contour elsewhere. In cases of such limitation, the map of predicted coverage should show both the regular predicted area and the area as limited or extended by terrain. Both areas should be measured as previously described; the area obtained by the regular prediction method should be given in the application form, with a supplementary note giving the limited or extended area. In special cases the Commission may require additional information as to the terrain in the proposed service area.

In determining the population served by FM broadcast stations, it is considered that the built-up city areas and business districts in cities having over 10,000 population and located beyond the 1 mv/m contour do not receive adequate service. Minor civil division maps (1940 census) should be used in making population counts, excluding cities not receiving adequate service. Where a contour divides a minor division, uniform distribution of population within the division should be assumed in order to determine the population included within the contour, unless a more accurate count is available.

4. *Interference standards.* Field intensity measurements are preferable in predicting interference between FM broadcast stations and should be used, when available, in determining the extent of interference. (For methods and procedure, see section 5.) In lieu of measurements, the interference should be predicted in accordance with the method described herein.

Objectionable interference is considered to exist when the interfering signal exceeds that given by the ratios of Table II. In Table II the desired signal is median field and the undesired signal is the tropospheric signal intensity exceeded for 1 per cent of the time.

[2] Intermediate frequency amplifiers of most FM broadcast receivers are designed to operate on 10.7 megacycles. For this reason the assignment of two stations in the same area, one with a frequency 10.6 or 10.8 megacycles removed from that of the other, should be avoided if possible.

In the assignment of FM broadcast facilities the Commission will endeavor to provide the optimum use of the channels in the band, and accordingly may assign a channel different than that requested in an application.

In predicting the extent of interference within the ground wave service area of a station, the tropospheric signal intensity (from co-channel and adjacent channel stations) existing for 1 per cent of the time shall be employed. The 1 per cent values for 1 kilowatt of power and various antenna heights are given in figure 2, and values for other powers may be obtained by use of the sliding scale as for figure 1. The values indicated by figure 2 are based upon available data, and are subject to change as additional information concerning tropospheric wave propagation is obtained.[1]

In determining the points at which the interference ratio is equal to the values shown in Table II, the field intensities for the two interfering signals under consideration should be computed for a considerable number of points along the line between the two stations. Using this data, field intensity versus distance curves should be plotted (e. g., cross-curves on graph paper) in order to determine the points on this path where the interference ratios exist. The points established by this method, together with the points along the contours where the same ratios are determined, are considered to be generally sufficient to predict the area of interference. Additional points may be required in the case of irregular terrain or the use of directional antenna systems.

The area of interference, if any, shall be shown in connection with the map of predicted coverage required by the application form, together with the basic data employed in computing such interference. The map shall show the interference within the 50 uv/m contour.

Proposed Revision of Tentative Allocation Plan for Class B FM Broadcast Stations

The attached proposed revision of the tentative allocation plan for FM broadcast stations is based on the proposed changes in the FM rules and standards issued on this date. The present tentative allocation plan, as revised by the Commission on September 3, 1946 is based on assignments in a general area which are for the most part, on alternate channels (400 kilocycles apart). Recent developments appear to indicate that such operation results in interference in many of the receivers being produced at the present time. As a result, the proposed revision provides for a minimum frequency separation of class B stations in the same general area of 800 kilocycles. In no case has the number of class B channels in an area been reduced in this proposal from that listed in the previous plan. In addition, in instances where the need has developed, channels have been proposed to be added where possible, to provide assignments for applications which are now on file with the Commission. This proposed revision of the tentative allocation plan would be subject to revisions as the development of an FM broadcasting might require, in the same manner that the previous allocation plan has been revised from time to time.

The proposed tentative allocation plan is expected to remain subject to § 3.204 (c) of the Commission's rules which provides for the reservation of certain class B channels until July 1, 1947. As in previous plans, it is emphasized that this allocation plan is to be tentative only and that deviations would be made wherever desirable or necessary. Consequently, the lack of a channel listing for a particular locality does not necessarily mean that a channel cannot be made available there. For example, a channel listed for a particular area may be assigned to any of several cities within that same general area, provided that the geographical change will not result in objectionable interference.

The allocation plan is based on stations employing an effective radiated power of 20 kilowatts and antenna height of 500 feet above average terrain. The separation of stations varies from that required by ground wave interference (principally in the eastern United States) to the separation required for freedom from tropospheric interference one percent of the time or less (principally in the western areas). In general, the separation of stations increases toward the western part of the country where the expected demand for channels will be less and where added protection for weak signals will be provided. Since, under the rules, Class B stations may vary considerably in power and antenna height, the interference may be more or less than that which would be indicated by this allocation plan. It will be noted that only a few channels have been designated for a number of small cities, particularly in the West, since it appears that these will supply the probable demand. In such cases, more channels are available and will be provided as required. Examination will also reveal that in some sections of the country more channels are designated for certain areas than for others therein having comparable or larger populations. This results from the fact that areas near large centers of population usually contain a number of cities which require channels, while other areas are farther from dense population centers and thus involve no objectionable interference by the allocation of more channels in its section.

Inasmuch as this proposed plan includes changes in all areas of the country, no attempt is being made to tabulate such changes. Since certain Class B channels in this proposed plan are adjacent to Class A channels, the availability of Class A channels to a given area is governed not only by the number of previous Class A assignments, but also the number and location of Class B assignments in that area. However, in all areas examined to date the number of Class A facilities is equal to or exceeds the number previously available.

[1] Figure 2 will be available at some future date when sufficient measurements of tropospheric signals are available. Until that time, interference should be predicted on the basis of the ground wave chart (fig. 1).

[Docket No. 8294]

EXPERIMENTAL, EMERGENCY, MISCELLANEOUS, RAILROAD AND UTILITY RADIO SERVICES

NOTICE OF PROPOSED RULE MAKING

APRIL 11, 1947.

In the matter of amendment of §§ 5.22, 5.23, 5.25 and 5.28 of Part 5, amendment of §§ 10.61, 10.62, 10.66 and 10.101 of Part 10, amendment of §§ 11.45, 11.51, 11.52 and 11.56 of Part 11, amendment of §§ 16.23, 16.65, and 16.101 of Part 16, amendment of §§ 17.143, 17.146, 17.147 and 17.161 of Part 17, adding new §§ 5.34 and 5.35 of Part 5, adding new §§ 10.65, 10.73 and 10.114 of Part 10, adding new §§ 11.55, 11.63 and 11.72 of Part 11, adding new §§ 16.144, 16.145 and 16.146 of Part 16, and deleting § 17.148 of Part 17 for the purpose of changing and standardizing requirements regarding transmitter omission measurements, changes in equipment, keeping of station records, channel width and modulation, frequency stability, inspection of tower lights and associated control equipment, and remote control in the Experimental, Emergency, Miscellaneous, Railroad and Utility Radio Services.

1. Notice is hereby given of proposed rule making in the above entitled matter.

2. The proposed rules and regulations and amendments of existing rules and regulations are set forth below.

3. The proposed rules are issued under the authority of sections 301 and 303 (j) and (r) of the Communications Act of 1934, as amended.

4. Any interested party who is of the opinion that the proposed rules or amendments of rules should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before May 20, 1947, a written statement or brief setting forth his comments. If any comments are received which appear to warrant the Commission in holding an oral argument before final action is taken, notice of the time and place of such oral argument will be given interested parties.

Adopted: April 10, 1947.

1. The following sections of the Commission's rules will be affected in the manner indicated: §§ 5.22, 5.23, 5.25 and 5.28, Part 5, amended; §§ 10.61, 10.62, 10.66, and 10.101, Part 10, amended; §§ 11.45, 11.51, 11.52 and 11.56, Part 11, amended; §§ 16.23, 16.65 and 16.101, Part 16, amended; §§ 17.143, 17.146, 17.147 and 17.161, Part 17, amended; §§ 5.34 and 5.35, Part 5, added; §§ 10.65, 10.73 and 10.114, Part 10, added; §§ 11.55, 11.63 and 11.72, Part 11, added; §§ 16.144, 16.145 and 16.146, Part 16, added; § 17.148, Part 17, deleted.

1. Sections 5.25 and 17.147, as amended, and §§ 10.73, 11.63 and 16.146, as added, will read as follows:

Changes in equipment. (a) Except as provided in paragraph (b) of this section, the licensee of a station in this service may make changes in licensed equipment without specific authorization from the Commission if such changes do not result in operation inconsistent with any outstanding authorization for the station involved.

(b) No changes in the antenna or antenna supporting structure may be made without specific authorization from the Commission if such changes will:

(1) Increase the overall antenna height to more than 150 feet above ground; or

(2) Increase the height or relocate an antenna or antenna supporting structure of a station at a fixed location if such station is within three miles of a landing area,[1]

(3) Change the height or location of an antenna or antenna supporting structure which is required to be marked in accordance with Federal Communications Commission or Civil Aeronautics Administration specifications.

(c) Requests for changes outlined in paragraph (b) of this section should be submitted to the Commission on FCC Form 401a in quadruplicate. The FCC Form 401a should be accompanied by maps and sketches showing the proposed change in the antenna or antenna supporting structure. The original copy of FCC Form 401a must be signed by a duly authorized official of the applicant and subscribed and verified before a notary public or other official authorized to administer oaths. If the antenna or antenna supporting structure is required to be marked, a description of the marking should be attached to FCC Form 401a.

2. Sections 5.23, 10.66, 11.56, 16.65 and 17.143, as amended, will read as follows:

Transmitter emission measurements. (a) The licensee of each station in this service shall employ a suitable procedure to determine:

(1) The carrier frequency of each transmitter;

(2) The plate power input to the final radio frequency stage (or the power output when so specified in the authorization); and

(3) That the emissions of each transmitter are properly confined within the authorized band.

(b) The above determinations shall be made and the results thereof entered in the station records at the following intervals:

(1) When the transmitting apparatus is initially installed or is installed after previous removal;

(2) When any change is made in the apparatus which may affect the emissions of the transmitter;

(3) At least once each six months for transmitters employing crystal controlled oscillators;

(4) At least once each month for transmitters employing any other method to control the transmitter carrier frequency.

3. Section 5.22, as amended, will read as follows:

§ 5.22 *Modulation, frequency and tolerance.* (a) The operating frequency of

[1] "Landing area" means any locality, either of land or water, including airdromes and intermediate landing fields, which is used, or intended to be used, for the landing and take-off of aircraft, whether or not facilities are provided for the shelter, servicing, or repair of aircraft, or for receiving or discharging passengers or cargo.

experimental stations shall be maintained within plus or minus the percentage of the assigned frequency as given in Table I unless otherwise specified by the Commission or paragraph (b) of this section.

TABLE I

	Frequency tolerance (percent)
Experimental frequencies within the range:	
Below 450 mc	0.01
450 mc and above	.05

(b) Unless otherwise specified in the authorization, a Class 2 experimental station operating on a frequency or frequencies not allocated specifically for use by experimental stations shall maintain its frequency or frequencies within the tolerance prescribed by the rules and regulations governing the service or services to which the frequency or frequencies are allocated.

(c) Less restrictive tolerances than those specified in paragraph (a) of this section may be authorized for experimental stations provided the applicant presents satisfactory evidence that the program of research can and will be conducted without causing interference to any other radio service.

(d) When the radio frequency carrier is amplitude modulated, such modulation shall not exceed 100% on peaks.

(e) When the radio frequency carrier is frequency modulated or modulated in any special manner the total positive and negative frequency deviation arising from modulation plus the deviation of the carrier from the assigned frequency due to frequency instability, shall not exceed the width of the authorized band.

(f) Irrespective of the type of modulation employed, all emission outside the authorized band shall be attenuated at least 60 decibels below the maximum level of emissions within the authorized band.

(g) In addition to the other requirements of this section, in cases of interference the Commission may require appropriate technical changes in equipment to alleviate the interference.

4. Section 5.28 as amended, will read as follows:

§ 5.28 *Station records.* Each licensee or permittee of a station in this service shall maintain records showing:

(a) Each period of operation, the frequency, power, and type of emission employed and the name of the operator on duty; *Provided, however,* That in the case of mobile and portable stations licensed as a part of a common system, the name of the operator of the mobile or portable station is not required to be recorded.

(b) Details regarding any failure of transmitting equipment.

(c) Results and dates of transmitter frequency, power and emission measurements and the name of the person making such measurements.

(d) Details of research and experimentation conducted.

(e) When antenna or antenna supporting structures are required to be illuminated, appropriate entries as follows:

(1) The time the tower lights are turned on and off each day if manually controlled;

(2) The time the daily check of proper operation of the tower lights was made, either by visual observation of the tower lights or by observation of an automatic indicator;

(3) In the event of any observed failure of a tower light:

(i) Nature of such failure.

(ii) Date and time the failure was observed.

(iii) Date, time, and nature of the adjustments, repairs, or replacements made.

(iv) Identification of the Airways Communication Station (Civil Aeronautics Administration) notified of the failure of any code or rotating beacon light not corrected within thirty minutes, and the date and time such notice was given.

(v) Date and time notice was given to the Airways Communication Station (Civil Aeronautics Administration) that the required illumination was resumed.

(4) Upon completion of the periodic inspection required at least once each three months.

(i) The date of the inspection and the condition of all tower lights and associated tower lighting control devices, together with the socket voltages measured under load at the sockets or computed from measurements under load at other points.

(ii) Any adjustments, replacements, or repairs made to insure compliance with the lighting requirements and the date such adjustments, replacements or repair were made.

5. Sections 10.101, 11.45, 16.101 and 17.161, as amended, will read as follows:

Station records. Each licensee of a station in this service shall maintain records showing:

(a) Details regarding any equipment failure, which may affect the operating characteristics of the transmitter and the adjustments made to correct the failure. Such details shall also include the name and class of operator license of the person making the adjustments and the dates the adjustments were made.

(b) Results and dates of transmitter frequency, power, and emission measurements for all authorized transmitters and the name of the person making the measurements.

(c) In the case of stations operated at fixed locations:

(1) Names or initials of persons responsible for the operation of the transmitting equipment each day, together with the period of their duty.

(2) When communicating with other stations at fixed locations:

(i) Call signal of other station.

(ii) Substance of each transmission.

(iii) Date, time, and approximate duration of each transmission.

(d) When an antenna or antenna supporting structure is required to be illuminated, appropriate entries as follows:

(1) The time the tower lights are turned on and off each day if manually controlled;

(2) The time the daily check of proper operation of the tower lights was made, either by visual observation of the tower lights or by observation of an automatic indicator;

(3) In the event of any observed failure of a tower light:

(i) Nature of such failure.

(ii) Date and time the failure was observed.

(iii) Date, time, and nature of the adjustments, repairs, or replacements made.

(iv) Identification of Airways Communication Station (Civil Aeronautics Administration) notified of the failure of any code or rotating beacon light not corrected within thirty minutes, and the date and time such notice was given.

(v) Date and time notice was given to the Airway Communication Station (Civil Aeronautics Administration) that the required illumination was resumed.

(4) Upon completion of the periodic inspection required at least once each three months:

(i) The date of the inspection and the condition of all tower lights and associated tower lighting control devices, together with the socket voltages measured under load at the sockets or computed from measurements under load at other points.

(ii) Any adjustments, replacements, or repairs made to insure compliance with the lighting requirements and the date such adjustments, replacements or repairs were made.

6. Sections 10.61, 11.51, 16.23 and 17.146, as amended, will read as follows:

Channel width and modulation. (a) Each frequency which appears on a station license or other instrument of station authorization is the center or midpoint of a frequency channel. In the frequency band 30–100 Mc., the width of each channel assigned is 40 kc.; in the 100–216 Mc. band the channel width is 60 kc. All emissions outside the assigned channel shall be attenuated at least (60) decibels below the maximum level of emissions within the assigned frequency channel.

(b) When the radio frequency carrier is amplitude modulated, modulation shall be sufficient to provide effective communication, but shall not exceed one hundred per cent on peaks.

(c) When the radio frequency carrier is frequency modulated, the positive or the negative frequency deviation arising from modulation plus the deviation of the carrier from the assigned frequency due to frequency instability shall not exceed one-half the assigned channel width.

(d) In addition to the other requirements of this section, in cases of interference the Commission may require appropriate technical changes in equipment to alleviate the interference.

7. Section 10.62, as amended, and Section 11.52, as added, will read as follows:

Frequency stability. (a) A permittee or licensee in this service shall maintain the carrier frequency of each authorized transmitter within the following per-

centage of the assigned frequency; except as provided in paragraphs (b) and (c) of this section.

	Percent
(1) Below 50 mc	0.01
(2) Above 50 mc	.005

(b) Until July 1, 1950, licensees of portable or mobile units using amplitude modulation may maintain the carrier frequency of such units in accordance with the following tabulation:

Frequency band:	Frequency tolerance (percent)
30–44 mc	0.03
Below 30 mc	.02

(c) The requirements of paragraphs (a) and (b) of this section shall not apply to any mobile or portable station or transmitter unit thereof when operated with less than three watts plate power input to the final radio frequency stage.

8. Sections 5.35, 10.65, 11.55 and 16.144, as added, will read as follows:

Remote control. (a) Upon proper application the Commission may grant authority to operate a station in this service by remote control.

(b) Operation by remote control shall be subject to the following conditions:

(1) The transmitter shall be so installed and protected that it is not accessible to other than duly authorized persons.

(2) Facilities shall be installed at the transmitter remote control point which will:

(i) Provide continuous visual indication whether the transmitter is radiating;

(ii) Enable the operator to monitor aurally or visually the emissions of the transmitter;

(iii) Enable the operator to place the transmitter in an inoperative condition immediately.

(3) The radiation of the transmitter shall be suspended immediately when there is a deviation from the terms of the station license, except for transmissions concerning the immediate safety of life or property. In the latter event, the transmissions must be suspended as soon as the emergency is terminated.

9. Sections 5.34, 10.114, 11.72 and 16.145, as added, will read as follows:

Inspection of tower lights and associated control equipment. The licensee of any station in this service which has an antenna or antenna supporting structure required to be illuminated pursuant to the provisions of section 303 (q) of the Communications Act of 1934, as amended:

(a) Shall make a daily check of the tower lights either by visual observation of the tower lights or by observation of an automatic indicator of proper or improper operation to insure that all such lights are functioning properly as required.

(b) Shall report immediately by telephone or telegraph to the nearest Airways Communication Station or Office of the Civil Aeronautics Administration any observed failure of a code or rotating beacon light not corrected within thirty minutes, regardless of the cause of such failure. Further notification by telephone or telegraph shall be given immediately upon resumption of the required illumination.

(c) Shall inspect at intervals of at least once each three months all code or rotating beacons and automatic lighting control devices to insure that such apparatus is functioning properly as required.

COMMERCIAL RADIO OPERATORS

NOTICE OF PROPOSED RULE MAKING

APRIL 4, 1947.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The purpose of the proposed amendments is to eliminate the existing requirement of an oral and a written examination of applicants for restricted radiotelephone operator permits, and to substitute therefor a requirement that such applicants shall certify in writing to certain allegations of fact bearing upon their qualifications for such permits.

3. The proposed amendments, authority for which is contained in sections 303 (l) and (r) of the Communications Act of 1934, as amended, are set forth below.

4. Any interested party who is of the opinion that the proposed amendments should not be adopted, or should not be adopted in the form set forth, may file with the Commission, on or before April 11, 1947, a written statement or brief setting forth his comments. The Commission will consider any such comments that are received before taking any final action regarding the proposed amendments, and if any comments are received which appear to warrant the holding of an oral argument before final action is taken, notice of the time and place of such oral argument will be given.

The following are the proposed amendments to the indicated sections of Part 13 of the Commission's rules governing commercial radio operators:

1. Section 13.11 is amended to read as follows:

§ 13.11 *Procedure*—(a) *General.* The application, in the prescribed form and including all required subsidiary forms and documents, properly completed and signed shall be submitted in person or by mail to the office at which the applicant desires his application to be considered and acted upon, which office will make the final arrangements for conducting any required examination. If the application is for renewal of license,[1] it must be submitted during the last year of the license term," and if all prescribed service requirements are fulfilled,' the renewal license may be issued by mail. A renewal application shall also be accompanied by the license to be renewed.

(b) *Restricted radiotelephone operator permit.* No oral or written examination is required for this permit. If the application is properly completed and signed, and if the applicant is found to be qualified, the permit may be issued forthwith by personal delivery to the applicant or by mail.

2. Footnote 3a as hereby amended, is amended to read as follows:

[1a] By Order No. 128–B, adopted December 17, 1946, effective January 1, 1947, any application filed or mailed not later than June 30, 1947, for renewal of a commercial radio operator license (other than a Temporary Emergency or Temporary Limited Radiotelegraph Second Class Operator License) which was valid on or after December 7, 1941 and which has expired by its own terms without having been cancelled or suspended, may, until further order of the Commission, be acted upon, notwithstanding the provisions of § 13.11, if a statement is filed as a part of the renewal application showing that (1) the applicant is serving in the armed forces of the United States or has been honorably discharged therefrom since December 7, 1941; or (2) the applicant is serving in the United States Maritime Service or has voluntarily left that Service since December 7, 1941; or (3) the application is or has been employed outside the continental United States and has been unable to file timely application for renewal of license because of such employment outside the continental United States.

3. Paragraph (e) of § 13.22 is amended by deleting everything after the words "operator permit:", and substituting therefor the following: "No oral or written examination is required for this permit. In lieu thereof, applicants will be required to certify in writing to a declaration which states that the applicant has need for the requested permit; can receive and transmit spoken messages in English; can keep at least a rough written log in English or in some other language in general use that can be readily translated into English; is familiar with the provisions of treaties, laws and rules and regulations governing the authority granted under the requested permit; and understands that it is his responsibility to keep currently familiar with all such provisions."

4. Section 13.28 is amended by deleting, at the beginning of the first sentence, the words "A license," and inserting in lieu thereof the words "A restricted radiotelephone operator permit may be renewed without examination or showing of service and upon the same basis as an original permit of this class is issued. A license of any other class."

5. Footnote 7a to § 13.28, as hereby amended, is amended to read as follows:

[7a] By Order No. 77, dated and effective December 4, 1940, this section was suspended, until further order of the Commission, insofar as the required showing of service or use of license is required. The suspension has been continued by Orders Nos. 77–A through 77–G. Order No. 77–G, adopted December 17, 1946, effective January 1, 1947, extends the suspension until further order of the Commission, but in no event beyond June 30, 1947.

6. Section 13.73 is deleted in its entirety.

7. Sections 13.74 and 13.75 are renumbered §§ 13.73 and 13.74, respectively.

(Sec. 303 (l), 48 Stat. 1082, 303 (r), 50 Stat. 191; 47 U. S. C. 303 (l), 303 (r))

CORRECTION TO NOTICE OF PROPOSED RULE MAKING

APRIL 10, 1947.

1. Notice is hereby given of a correction in paragraph 4 of a notice of proposed rule making (Mimeograph 5851, April 4, 1947) in the above-entitled matter which was adopted April 3, 1947 and distributed under date of April 4, 1947.

2. In paragraph 4 of the above referred to notice of proposed rule making the date "April 11, 1947" should have read, and is hereby changed to read "April 25, 1947".

3. In all other respects, the above referred to notice of proposed rule making remains unchanged.

NOTICES

TREASURY DEPARTMENT

United States Coast Guard

[CGFR 47-19]

APPROVAL AND TERMINATION OF APPROVAL OF EQUIPMENT

A notice regarding the proposed termination of approval of the York-Shipley heating boilers, Models M–500, M–800, M–1200, M–1500, and HW–250, was published in the FEDERAL REGISTER, dated February 18, 1947 (12 F. R. 1109), and a public hearing was held by the Merchant Marine Council on March 27, 1947, at Washington, D. C.

By virtue of the authority vested in me by R. S. 4405, 4417a, 4418, 4426, 4429, 4433, 4470, 4488, 4491, as amended, 49 Stat. 1384, 1544, 54 Stat. 163–167, 1028, sec. 5 (e), 55 Stat. 244 (46 U. S. C. 367, 369, 375, 391a, 392, 404, 407, 411, 463, 463a, 481, 489, 526–526t, 50 U. S. C. 1275), sec. 101, Reorganization Plan No. 3 of 1946 (11 F. R. 7875), the following approvals and termination of approvals are prescribed:

BOILERS

Termination of approval of the York-Shipley heating boilers, Models M–500, M–800, M–1200, M–1500, and HW–250, marine type vertical boilers, manufactured by York-Shipley, Inc., York, Pa. (approved December 13, 1944, 9 F. R. 14571).

BUOYANT CUSHIONS FOR MOTORBOATS

Approval No. B–373—15" x 15" x 2" seat, 20 ounce kapok, 15" x 15" x 2" back, 20 ounce kapok, double kapok buoyant cushion, Dwg. Nos. 4014–A, dated March 15, 1947, and 4014–S, dated March 14, 1947; Approval No. B–374—15" x 15" x 2" seat, 20 ounce kapok, 15" x 20" x 2" back, 27 ounce kapok, double kapok buoyant cushion, Dwg. Nos. 4013–A, dated March 14, 1947, and 4013–S, dated March 14, 1947; Approval No. B–375—19" x 21" x 2" fishing chair design, kapok buoyant cushion, 36 ounce kapok, Dwg. Nos. 4010–A, dated March 10, 1947, and 4010–S, dated March 10, 1947; Approval No. B–376—15" x 20" x 2" rectangular kapok buoyant cushion, 27 ounce kapok, Dwg. Nos. 4012–A, dated March 14, 1947, and 4012–S, dated March 13, 1947; Approval No. B–377—12" x 20" x 2" rectangular kapok buoyant cushion, 22 ounce kapok, Dwg. Nos. 4011–A, dated March 13, 1947, and 4011–S, dated March 13, 1947; Approval No. B–378—12" x 14" x 2" seat, 15 ounce kapok, 12" x 18" x 2" back, 20 ounce kapok, double kapok buoyant cushion, Dwg. Nos. 4015–A, dated March 16, 1947, and 4015–S, dated March 16, 1947; for use on motorboats of Classes A, 1, and 2 not carrying passengers for hire, manufactured by Trojan Marine Mfg. Co., Inc., 273–81 State St., Brooklyn 2, N. Y.

DAVITS

Welin type B quadrant davit, maximum working load of 7750 pounds per arm using six-part falls, General Arrangement Dwg. No. B–50, dated February 4, 1920, and revised October 15, 1941, manufactured by the Welin Davit & Boat Division of the Robinson Foundation, Perth Amboy, N. J. This approval replaces the approval published in the FEDERAL REGISTER of October 25, 1941 (6 F. R. 5473), which is hereby terminated.

Welin type B–N straight boom sheath screw davit, maximum working load of 6750 pounds per arm using six-part falls, General Arrangement Dwg. No. 2411, dated October 16, 1942, and revised January 3, 1947, manufactured by the Welin Davit & Boat Division of the Robinson Foundation, Perth Amboy, N. J. This approval replaces the approval published in the FEDERAL REGISTER January 13, 1943 (8 F. R. 501), which is hereby terminated.

Welin type C, Crescent sheath screw davit, maximum working load of 6750 pounds per arm using three-part falls, General Arrangement Dwg. No. 2082, dated October 17, 1941, manufactured by the Welin Davit & Boat Division of the Robinson Foundation, Perth Amboy, N. J. This approval replaces the approval published in the FEDERAL REGISTER of March 4, 1942 (7 F. R. 1700), which is hereby terminated.

Welin type C quadrant davit, maximum working load of 6,750 pounds per arm using six-part falls, General Arrangement Dwg. No. C–50, dated November 22, 1932, and revised October 15, 1941, manufactured by the Welin Davit & Boat Division of the Robinson Foundation, Perth Amboy, N. J. This approval replaces the approval published in the FEDERAL REGISTER of October 25, 1941 (6 F. R. 5473), which is hereby terminated.

FIRE RETARDANT MATERIALS FOR VESSEL CONSTRUCTION: CLASS B–15 BULKHEAD PANEL

J-M marine sheathing, solid asbestos inorganic binder board, overall thickness 3/4", identical to that described in Johns-Manville letter to Coast Guard, dated March 6, 1947, submitted by Johns-Manville Sales Corporation, 22 East 40th St., New York 16, N. Y.

J-M marine veneer, solid asbestos-cement board, overall thickness 3/4", identical to that described in Johns-Manville letter to Coast Guard, dated March 6, 1947, submitted by Johns-Manville Sales Corporation, 22 East 40th St., New York 16, N. Y.

LIFEBOAT

30' x 10' x 4.13' steel motor-propelled lifeboat, without radio cabin, 68-person capacity, arrangement and construction Dwg. No. 2054, dated March 14, 1945, and revised June 26, 1946, submitted by the Welin Davit and Boat Division of the Robinson Foundation, Inc., Perth Amboy, N. J.

CONDITIONS OF APPROVAL AND TERMINATION OF APPROVAL

The above approvals shall be effective upon the date of publication of this document in the FEDERAL REGISTER.

The termination of approval made by this document shall be made effective upon the thirty-first day after the date of publication of this document in the FEDERAL REGISTER. Notwithstanding this termination of approval on any item of equipment, such equipment made before the effective date of termination of approval may be used so long as it is in good and serviceable condition.

Dated: April 10, 1947.

OTTO DOEBLER

In re: Estate of Otto Doebler, deceased. File No. D-28-10691; E. T. sec. 15486.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Kate Doebler, whose last known address is Germany, is a resident of Germany and a national of a designated country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the person named in subparagraph 1 hereof in and to the estate of Otto Doebler, deceased, is property payable or deliverable to, or claimed by, the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by James W. Brown, Public Administrator of Bronx County, as administrator, acting under the judicial supervision of the Surrogate's Court of Bronx County, New York;

and it is hereby determined:

4. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on April 4, 1947.

For the Attorney General.

UNLOADING OF TRACTORS AT BIRMINGHAM, ALA.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 11th day of April A. D. 1947.

It appearing, that 3 cars containing tractors and parts at Birmingham, Alabama, on the Atlantic Coast Line Railroad Company, shipped by Southeastern Equipment Company, Inc., Birmingham, Alabama, have been on hand under load for unreasonable lengths of time and that the delay in unloading said cars is impeding their use; in the opinion of the Commission an emergency exists requiring immediate action; it is ordered, that:

(a) *Tractors at Birmingham, Ala., be unloaded.* The Atlantic Coast Line Railroad Company, its agents or employees, shall unload immediately cars CN 660293, Milw 63835 and ACL 77110, loaded with tractors and parts, now on hand at Birmingham, Alabama, consigned Order of National City Bank, Notify United Atlas Company, New York, New York.

(b) *Demurrage.* No common carrier by railroad subject to the Interstate Commerce Act shall charge or demand or collect or receive any demurrage or storage charges, for the detention under load of any car specified in paragraph (a) of this order, for the detention period commencing at 7:00 a. m., April 13, 1947, and continuing until the actual unloading of said car or cars is completed.

(c) *Provisions suspended.* The operation of any or all rules, regulations, or practices, insofar as they conflict with the provisions of this order, is hereby suspended.

(d) *Notice and expiration.* Said carrier shall notify V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where, and by whom such unloading was performed. Upon receipt of that notice this order shall expire.

It is further ordered, that this order shall become effective immediately; that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1481]

NORTHERN NATURAL GAS CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 11th day of April 1947.

Northern Natural Gas Company ("Northern Natural"), a public utility company and a registered holding company and a subsidiary of North American Light & Power Company and of The North American Company, both registered holding companies, having filed an application-declaration and amendments thereto in which sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder are designated as applicable with respect to the following transactions:

Northern Natural proposes to issue and sell, puruant to the competitive bidding requirements of Rule U-50 promulgated under the act, $10,000,000 principal amount ____% Serial Debentures, dated May 1, 1947, due 1956–1967, to be issued under an Indenture with the Harris Trust and Savings Company, as Trustee. The interest rate of said Debentures (to be a multiple of ⅛ of 1%) and the price to be received by Northern Natural (to be not less than 99% and not more than 102¾% of the principal amount of said Debentures) are to be determined by competitive bidding. The applicant-declarant states that the net proceeds of said sale (exclusive of accrued interest from the date of the sale of said Debentures and without deducting the expenses in connection with said financing) will be used for the construction of additional property and facilities prior to the end of 1947.

Northern Natural has filed applications with the State Corporation Commission of Kansas and the Nebraska State Railway Commission for authorization with respect to the issue and sale of said Debentures. Pursuant to such applications, the Nebraska State Railway Commission has issued its order authorizing Northern Natural to issue and sell said Debentures, and the State Corporation Commission of the State of Kansas has issued a memorandum opinion stating that it will issue a certificate authorizing the proposed issue and sale of said Debentures when Northern Natural furnishes said Commission with the results of competitive bidding pursuant to Rule U-50.

Said application-declaration having been filed on March 13, 1947 and amendments thereto having been filed on April 7, 1947 and April 11, 1947, and notice of such filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application-declaration, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application-declaration, as amended, that the requirements of the applicable provisions of the act and rules promulgated thereunder are satisfied, that no adverse findings are necessary, and deeming it appropriate in the public interest and the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective:

It is hereby ordered, That pursuant to Rule U-23 said application-declaration, as amended, be, and the same is hereby granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule-24 and subject to the further condition that the proposed sale of Debentures by Northern Natural shall not be consummated until the results of competitive bidding pursuant to Rule U-50 have been made a matter of record herein and a further order shall have been entered with respect thereto, which order may contain such further terms and conditions as may then be deemed appropriate for which purpose jurisdiction is hereby reserved.

SOUTHERN CALIFORNIA WATER CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 11th day of April A. D. 1947.

Notice is hereby given that an application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935, by Southern California Water Company ("Southern California"), a public utility subsidiary company of American States Utilities Corporation, a registered holding company. Southern California has designated section 6 (b) of the act and Rules U-42 and U-50 as being applicable to the proposed transactions.

Notice is further given that any interested person may, not later than April 25, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time thereafter, such application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule 100 thereof.

All interested persons are referred to said application which is on file in the office of this Commission for a statement of the transactions therein proposed which are summarized below:

Southern California proposes the issuance and sale of $5,100,000 principal amount of First Mortgage Bonds, __% Series due May 1, 1977, pursuant to the competitive bidding requirements of Rule U-50 and the requirements of the Public Utilities Commission of California. Such bonds would be issued under an Indenture with the Bank of America National Trust and Savings Association, as Trustee. The interest rate on said Bonds (to be a multiple of 1/8th of 1%) and the price to be received by Southern California (to be not less than 100% and not more than 102¾% of the principal amount of said bonds) are to be determined by the competitive bidding. It is proposed to use the proceeds from the sale of the new bonds (1) to redeem, at their redemption prices of 105¼, the company's outstanding $3,465,000 principal amount Series A, and $297,000 principal amount Series B, First Mortgage Bonds, exclusive of $38,000 aggregate principal amount of Series A and B bonds to be redeemed out of treasury funds on May 1, 1947, through operation of the sinking fund, (2) to pay the fees and expenses of the proposed sale, and (3) to add the balance to the general funds of the company to defray, in part, the cost of property additions during the year 1947.

The company states that an application has been filed with the Public Utilities Commission of California for authorization with respect to the issue and sale of said bonds.

The applicant requests that the Commission issue its order in the matter on or before April 28, 1947.

By the Commission.

THE NATIONAL ARCHIVES

FEDERAL REGISTER

OF THE UNITED STATES

VOLUME 12 NUMBER 77

Washington, Friday, April 18, 1947

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 12—REMOVALS AND REDUCTIONS

RETENTION PREFERENCE REGULATIONS FOR USE IN REDUCTIONS IN FORCE

In the FEDERAL REGISTER of February 25, 1947, Chapter I was revised and certain parts, including Part 12, §§ 12.301 to 12.314, inclusive, were redesignated effective May 1, 1947 (12 F. R. 1270). These amendments to §§ 12.302 and 12.313 are to be carried over on May 1, the effective date of the redesignation.

1. Section 12.302 (e) (redesignated as § 20.2 (e)) is amended to read as follows:

§ 12.302 *Definitions* • • •

(e) "Efficiency rating" means (1) for employees paid under the compensation schedules of the Classification Act, the current official efficiency rating under the Uniform Efficiency Rating System; and (2) for other employees the current efficiency rating under an efficiency rating system which has been approved by the Civil Service Commission.

2. Section 12.313 (redesignated as § 20.13 effective May 1, 1947) is amended to read as follows:

§ 12.313 *Appeals.* Any employee who feels that there has been a violation of his rights under the regulations in this part may appeal to the appropriate office of the Civil Service Commission within 10 days from the date he received his notice of the action to be taken. This time limit may be extended only upon a showing by the employee that circumstances beyond his control prevented him from filing his appeal within the prescribed 10 days. In order that employees may be informed of the facts on which action is based they shall have the right to examine a copy of the regulations in this part and to inspect the retention register and records on which their names appear, including statements of reasons for passing over employees with lower standing on the retention list. Each appeal should set forth whether it is based upon an error in the records, an incorrect efficiency rating, violation of the rules of selection, restriction of the competitive area or competitive level, disregard of a specified right under the law or regulations, or denial of right to examine regulations, retention register, or records.

The Commission will not consider the correctness of any efficiency rating which is appealable to a board of review established under the provisions of section 9 of the Classification Act of 1923, as amended. The correctness of an efficiency rating which is not appealable to a board of review will ordinarily be considered only when the employee has made use of his agency's administrative appellate procedures. However, the Commission will consider the correctness of an efficiency rating which is not appealable to a board of review in any case where adverse action is proposed to be taken too soon to permit diligent use of administrative appellate procedures, where the employee was misinformed of his rights under such procedures, where coercive measures were used to prevent recourse to such procedures, or where the employee presents satisfactory reasons for not using such procedures.

ing Administration. The Administrator, Production and Marketing Administration, shall designate the conservation materials and services which may be furnished by means of purchase orders in connection with the agricultural conservation program, the persons who shall establish the fair prices, and the method of making such determinations: *Provided, however,* That any such determination shall be made in accordance with the provisions of paragraphs (b), (c), (d), and (e) of this section, and shall be subject to such review as may be required by any person who has delegated his authority to establish fair prices.

(b) *Conservation materials.* A fair price shall be the price at which a vendor agrees to furnish the material at a given time under a given set of conditions, providing it is determined by the person authorized to establish fair prices that the price is not excessive in relation to:

(1) The prices which farmers are currently paying for the same or similar material under the same or similar conditions, and

(2) The prices at which farmers could obtain the same material through other than local channels, and

(3) The actual or estimated cost to the vendor and a reasonable margin for profit.

(c) *Services.* A fair price shall be the price at which a vendor equipped to perform a service agrees to furnish it at a given time and under a given set of conditions, providing it is determined by the person authorized to establish fair prices that the price is not excessive in relation to:

(1) The prices which farmers are currently paying for the same or similar service under the same or similar conditions, and

(2) The actual or estimated cost to the vendor and a reasonable margin for profit.

(d) *Defective materials and services.* A material or service shall be deemed not to have been furnished at the fair price if it is determined that the material or service does not meet quality specifications. In such case the material or service may be rejected and no payment made therefor by the Government. At the option of the Production and Marketing Administration such materials or services may be accepted subject to a deduction equal to the difference between the fair price of the material or service of the quality specified and the value of the material or service furnished.

(e) *Inspection and analysis.* Materials and services shall be inspected and samples taken in accordance with instructions issued by the Administrator, Production and Marketing Administration: *Provided, however,* That the inspection and analysis controls exercised by State Regulatory Authorities may be deemed a sufficient protection to the Government as to the quality standards of any material over which such authority is exercised: *Provided, further,* That this shall not prevent the taking of additional samples nor shall it satisfy the responsibility of the Government for the making of separate inspections of materials in any case where such further action is necessary to adequately protect the interests of the Government. TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 231—INTERPRETATIVE RELEASES RELATING TO THE SECURITIES ACT OF 1933 AND GENERAL RULES AND REGULATIONS THEREUNDER

REGISTRATION OF WARRANTS

§ 231.3210 *Letter of the Director of the Corporation Finance Division regarding registration under the Securities Act of 1933 of certain warrants.* Reference is made to your letter of March 10 regarding the registration of warrants under the Securities Act of 1933.

You state that your Company proposes to sell warrants to underwriters in connection with a public offering of stock of the same class as that called for by the warrants. Warrants are also to be issued to certain officers and controlling stockholders of the Company. The warrants are to be immediately exercisable and are to run for a period of three years. The exercise price of the warrants may or may not be the same as the offering price of the stock to the general public. For tax reasons, none of the warrants or stock subject thereto will be reoffered to the general public for at least six months after the effective date of the registration statement. You inquire whether, in the light of the foregoing facts, either the warrants or the stock subject thereto may be registered at the same time as the stock which is to be offered to the general public.

Assuming that the warrants are transferable, both the warrants and the stock subject thereto should be registered along with the stock to be offered to the general public. The life of the warrants is immaterial and it is likewise immaterial that the exercise price of the warrants may not be the same as the public offering price of the stock. Since it is not contemplated that either the warrants or the stock subject thereto will be distributed at the present time, the registration statement should include an undertaking to file a post-effective amendment, which shall become effective prior to the distribution, showing the terms of

such distribution. In view of the term of the warrants, it appears that the use of section 10 (b) (1) prospectuses may be required. Consequently, the registration statement should also include an undertaking to file such prospectuses as post-effective amendments.

Ordinarily non-transferable warrants are in the nature of private contracts and their registration is not required. However, even though the warrants are non-transferable, if they are to be issued under such circumstances as to constitute a public offering of securities, such warrants should be registered under the same circumstances as transferable warrants. In any event, the stock called for by non-transferable warrants should be registered along with the stock of the same class which is to be offered to the general public.

You inquire whether our conclusion with respect to registration would be different in the event the warrants were to be purchased by the underwriters from controlling stockholders rather than from the registrant itself. In such cases, the warrants and the stock subject thereto should be registered under the same circumstances as apply to warrants sold by the registrant itself, and the same undertakings should be included in the registration statement. In addition, however, the registration statement would have to be signed by the controlling stockholders as the issuers of the warrants. (Securities Act Release No. 3210, dated April 9, 1947)

RESCISSION OF FORM E-1 FOR SECURITIES IN REORGANIZATION

The Securities and Exchange Commission, acting pursuant to the Securities Act of 1933, particularly sections 7, 10 and 19 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors and necessary to carry out the provisions of the act, hereby rescinds Form E-1 (17 CFR 239.8) for securities in reorganization and the rules and instructions accompanying Form E-1 (17 CFR 239.8).

The foregoing action shall be effective May 15, 1947.

W. & F. MANUFACTURING CO., INC.

W. & F. Manufacturing Co., Inc., a New York corporation, of 251 Seneca Street, Buffalo, New York, is charged by the Civilian Production Administration and the Office of the Housing Expediter with violation of Veterans' Housing Program Order 1 in beginning on or about September 15, 1946, and carrying on thereafter, construction, repairs, additions, and alterations to an industrial building, without authorization and at a cost in excess of $15,000, located at 251-257 Seneca Street, Buffalo, New York, and the same on or about and after June 15, 1946, with regard to an industrial building located at 245-249 Seneca Street, Buffalo, New York. On or about February 3, 1947, W. & F. Manufacturing Co., Inc. made application to the Civilian Production Administration, Buffalo, New York, for authorization to continue work on said two buildings. In view of the foregoing, it is hereby ordered that:

§ 807.8 *Suspension Order No. S-8.* (a) The temporary suspension order issued by telegram dated February 26, 1947, against W. & F. Manufacturing Co., Inc., is hereby revoked.

(b) Neither W. & F. Manufacturing Co., Inc., its successors and assigns, nor any other person shall do any further construction on the premises located at 245-249 and 251-257 Seneca Street, Buffalo, New York, including the putting up, alteration, or completion of any structure located thereon, unless specifically authorized in writing by the Office of the Housing Expediter.

(c) The issuance of this suspension order shall be without prejudice to the consideration on the merits of applications for authorization to complete construction on the premises covered by this order.

(d) W. & F. Manufacturing Co., Inc., shall refer to this order in any application or appeal which it may file with the Office of the Housing Expediter for authorization to carry on construction.

(e) Nothing contained in this order shall be deemed to relieve W. & F. Manufacturing Co., Inc., its successors or assigns, from any restriction, prohibition, or provision contained in any order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

RALPH SAVIOLA

Ralph Saviola, owner of the property located at 1356 East Delavan Avenue, Buffalo, N. Y., violated Veterans' Housing Program Order 1 in that (1) on or about September 1, 1946 he began construction, repairs, additions and alterations, without authorization, and at a cost in excess of $1,000, of a commercial building located at 1356 East Delavan Avenue, Buffalo, N. Y.; (2) on and after September 1, 1946 he carried on construction, repairs, additions and alterations, without authorization and at a cost in excess of $1,000, of a commercial building located at 1356 East Delavan Avenue, Buffalo, N. Y. In view of the foregoing, it is hereby ordered that:

§ 807.16 *Suspension Order No. S-16.* (a) The temporary suspension order issued by telegram, dated January 14, 1947, is hereby revoked.

(b) Neither Ralph Saviola, his successors and assigns, nor any other person shall do any further construction on the premises located at 1356 East Delavan Avenue, Buffalo, N. Y., including the putting up, completing or altering of any of the structures located on said premises, unless hereafter specifically authorized in writing by the Office of the Housing Expediter.

(c) Ralph Saviola shall refer to this order in any application or appeal which he may file with the Office of the Housing Expediter for authorization to carry on construction.

(d) Nothing contained in this order shall be deemed to relieve Ralph Saviola, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

PART 807—SUSPENSION ORDERS

SILVIS ICE & FUEL CO.

Conrad H. Schadt, d/b/a Silvis Ice and Fuel Company, 623 First Avenue, Silvis, Illinois, is engaged in the construction business. On October 25, 1946 he began construction on the premises at 901 First Avenue, Silvis, Illinois, of an office and warehouse at an estimated cost of more than $1,000 without having received authorization therefor under Veterans' Housing Program Order 1. Conrad H. Schadt had knowledge of the restrictions of Veterans' Housing Order 1 and the beginning of such construction constituted a wilful violation of said order. This violation has diverted critical materials to uses not authorized by the Civilian Production Administration or the Office of the Housing Expediter. In view of the foregoing, it is hereby ordered that:

§ 807.17 *Suspenson Order No. S-17.* (a) Neither Conrad H. Schadt, d/b/a Silvis Ice and Fuel Company, his successors or assigns, nor any other person shall do any further construction on the premises located at 901 First Avenue, Silvis, Illinois, including completing, putting up or altering of any structure located thereon, unless hereafter specifically authorized in writing by the Office of the Housing Expediter.

(b) For a period of four months from the effective date of this order no authorization shall be granted to Conrad H. Schadt, d/b/a Silvis Ice and Fuel Company, by the Office of the Housing Expediter.

(c) Conrad H. Schadt, d/b/a Silvis Ice and Fuel Company, shall refer to this order in any application or appeal which he may file with the Office of the Housing Expediter for priorities assistance or for authorization to carry on construction.

(d) Nothing contained in this order shall be deemed to relieve Conrad H. Schadt, d/b/a Silvis Ice and Fuel Company, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

MISCELLANEOUS AMENDMENTS

Sections 201.3 (i) and 201.20 (b) are rescinded and the following substituted in lieu thereof:

§ 201.3 *Examination.* * * *

(i) *Reexamination in case of failure—*(a) *For candidates for grades below general officer.* A candidate for a grade below that of general officer who fails to pass the prescribed examination may be authorized by the State adjutant general to take another examination.

(b) *For candidates for the grade of general officer.* A candidate for the grade of general officer, who fails to pass the prescribed examination for general, professional, or physical reasons, may be authorized to take another examination not less than one year after the date of the original examination. No candidate for the grade of general officer will be examined more than twice for the same grade and position.

(c) In all cases of reexamination, the candidate must appear in person before the board.

§ 201.20 *Age.* (a) * * *

(b) Enlistments in the National Guard of persons over 35 years of age will be limited to those who have had active service in the Army terminated by honorable discharge other than under the provisions of AR 615-369 (administrative regulations relative to discharge), provided their total prior service in the National Guard of the United States Army, Navy, and Marine Corps equals or exceeds that shown in the following table:

Age and Prior Service

36 under 38	1 year.
38 under 41	2 years.
41 under 55	2 years plus the number of years applicant is over age of 40.

Applicants who have been awarded decorations of the Silver Star or higher will be accepted for enlistment without regard to the requirements of age until their 55th birthday.

PART 8301—DESIGNATION OF DISPOSAL AGENCIES AND PROCEDURES FOR REPORTING SURPLUS PROPERTY LOCATED WITHIN THE CONTINENTAL UNITED STATES, ITS TERRITORIES AND POSSESSIONS

LOCATION OF DISPOSAL AGENCY OFFICES FOR FILING DECLARATIONS OF SURPLUS PROPERTY BY OWNING AGENCIES

War Assets Administration Regulation 1, Order 2, March 7, 1947, entitled "Location of Disposal Agency Offices" (12 F. R. 1838), is hereby revised and amended as herein set forth. The title is amended to read as follows: "Location of Disposal Agency Offices for Filing Declarations of Surplus Property by Owning Agencies." New matter is indicated by underscoring.

§ 8301.52 *Location of disposal agency offices for filing declarations of surplus property by owning agencies.* (a) Disposal agencies shall notify the Administrator whenever a change is made in the location of any office at which declarations of surplus property are directed to be filed. All such changes will be carried into this order by amendment.

(b) Changes in the procedures for filing declarations of surplus prescribed in this order may be made on application to the Administrator.

[1] 12 F. R. 1838.

(c) Except as provided in paragraph (d), declarations of surplus personal property located in the continental United States shall be filed at the following offices of the appropriate disposal agencies:

PART 8508—DISPOSAL OF SURPLUS PROPERTY LOCATED IN FOREIGN AREAS

IMPORTATION INTO UNITED STATES OF SURPLUS PROPERTY LOCATED IN FOREIGN AREAS

APRIL 15, 1947.

Foreign Liquidation Commissioner Regulation 8, Order 6, of January 18, 1947, as amended, (12 F. R. 397, 1391; Departmental Regulations 108.39, 108.41) is hereby revised and amended to read as herein set forth.

The President has informed the Secretary of State that certain materials which have been or may be declared to the Foreign Liquidation Commissioner as surplus property located in foreign areas are in critically short supply and urgently needed for reconversion in the United States, and has requested the Secretary of State to take such action as may be necessary and appropriate to permit the importation of such materials into the United States for use by American industry.

It is hereby ordered, That, subject to the limitations hereinafter set out, § 8508.15 shall not apply to prevent the

importation of surplus property specified in Schedule A or Schedule B as the same now stand or may hereafter be amended or supplemented.

1. Items appearing on Schedule A are excepted from the importation prohibition of § 8508.15 of FLC Regulation 8 if the items are in transit to a point in the United States on or before October 1, 1947. For the purpose of this order "in transit to a point in the United States" shall mean the property involved has been delivered to or accepted by a carrier which has issued a through bill of lading thereon to a point in the United States.

2. Items appearing on Schedule B have been removed from Schedule A and are excepted from the importation prohibition of § 8508.15 of FLC Regulation 8 only if (a) the items were purchased by the importer or his consignor on or before the effective date, as indicated on Schedule B, of removal of that item from Schedule A, and (b) were placed in transit to a point in the United States, as defined above, not later than ninety days after that effective date of removal from Schedule A, and in no event later than October 1, 1947; *Provided, however*, That items removed from Schedule A on February 27, 1947, which are purchased pursuant to Bid Invitation No. BE-3 of the Field Commissioner for Canada and North Atlantic Areas of the Office of the Foreign Liquidation Commissioner, issued January 20, 1947, and supplemented by Addenda No. 1 and No. 2 of February 5, 1947, and March 6, 1947, are not subject to the importation prohibition of § 8508.15 of FLC Regulation 8 if in transit to a point in the United States on or before October 1, 1947.

(58 Stat. 765, 59 Stat. 533, Pub. Law 375, 79th Cong.; 60 Stat. 168, Pub. Law 584, 79th Cong.; 60 Stat. 754; 50 U. S. C. App. Sup., 1611-46)

This order shall become effective immediately upon publication in the FEDERAL REGISTER.

[SEAL] DEAN ACHESON,
Acting Secretary of State.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 20—GUARDIANSHIP AND LEGAL ADMINISTRATION

MISCELLANEOUS AMENDMENTS

The following amendments are made to Part 20:

LEGAL ADMINISTRATION

§ 20.5000 *Organization; general.* The legal activities in addition to the solicitor's office, central office, will consist of the office of chief attorney in each branch office and the office of chief attorney in each regional office or center. (July 25, 1946)

§ 20.5001 *Functions of the office of the chief attorney; branch office.* The major functions of the office of the chief attorney, branch office, are as prescribed in § 01.33 of this chapter. In performing such functions the chief attorney, branch office, will be guided by the following:

(a) In reporting to the deputy administrator concerning the operations of the office of chief attorney in the field stations under the jurisdiction of the branch office, the chief attorney, branch office, will conform with instructions for chief attorneys, branch offices.

(b) (1) Correspondence from the chief attorney in the field stations addressed to the branch office in accord with this part and other instructions will relate generally to:

(i) Policy and procedure matters.

(ii) Requests for advisory opinions on factual cases involving application of State or Federal laws.

(2) The chief attorney, branch office, will respond to such correspondence and furnish advice in accordance with such laws based on approved precedents, controlling interpretations and existing policies and procedures, but will refer to central office through the deputy administrator cases in which:

(i) Precedent questions on new policy or procedure or amplification of present policy and procedure are involved.

(ii) Doubtful matters arise relating to application of State or Federal laws or regulations and instructions, or affecting policy of Veterans' Administration.

(iii) There is a conflict of State laws or application of laws of States outside of the jurisdiction of the branch office.

(iv) Differences of views on technical professional matters between chief attorneys, field stations, and chief attorneys, branch offices not resolved at branch level.

(v) Appeals in litigated cases to appellate courts are involved (not district or other courts where trial is de novo).

(vi) State legislation is under consideration.

(vii) Corespondence with State Department, or Department of Justice (escheats, post fund, foreign cases) is concerned.

(viii) There may be a conflict of professional views with a chief attorney, regional office or center, not within jurisdiction of chief attorney, branch office, or where two or more chief attorneys, branch offices, are involved when the conflict cannot be resolved between the deputy administrators concerned.

(ix) Opinion of solicitor is desired or deemed advisable by chief attorney, branch office. The chief attorney, branch office, will forward to the solicitor a copy of each legal opinion—not routine correspondence—addressed to the chief attorney. In forwarding questions involving application of subdivisions (i) to (ix) inclusive, of this subparagraph, the chief attorney, branch office, will give his views on the question involved.

(c) In furnishing legal advice to the deputy administrator and staff the chief attorney will be guided by and conform with existing precedents, opinions of the solicitor and Administrator's decisions. When no precedent exists the question will be submitted to the solicitor for an opinion or instruction.

(d) The office of the chief attorney, branch office, will include an adequate library and will maintain files as follows:

(1) Precedent or working files.

(2) Index of all files.

(3) Correspondence diary. (July 25, 1946)

§ 20.5021 *Duties of the chief attorney; regional office or center.* The duties of the chief attorney, regional office or center, will be as follows:

No change in (a) to (d), inclusive.

No change in (e) first paragraph.

Second and third paragraphs:

Determine and certify legality of appointment of guardians or other fiduciaries. Pass upon all requests for information on matters contained in administration files as provided in existing instructions, and be completely responsible for action in connection with subpoenas for production of administration records in court. Maintain a complete cross-reference index of all administration issues and all issued legal precedents affecting the operation of the administration. Responsible for all examinations pertaining to legal and guardianship matters, claims for damages arising out of alleged negligence of administration officers and employees (Federal Tort Claims Act, Title IV, Pub. Law 601, 79th

Cong.; 28 U. S. C. 921–946), and such other examinations and duties as are comprehended herein. Cooperate with all services to the end that minor and mentally incompetent claimants receive all benefits to which they may be entitled under the laws administered by the administration; and that the interests of minor and mentally incompetent beneficiaries, receiving benefits through fiduciaries properly appointed or constituted, will be safeguarded. Supervise the activities of such fiduciaries in the administration of their trust, see that bonds are furnished in appropriate amounts and with satisfactory sureties, secure certified copies of accounts rendered to the court, check all such accounts, and bring to the attention of the appointing court all cases wherein such fiduciary is found to be delinquent in any such matters or otherwise unsuitable. Secure accountings to the administration where accounts are waived by the court or not required annually under the State law, and at such other times as may be deemed necessary. Secure accounts from all custodians, and check same as to accuracy and with regard to appropriate expenditures of wards' funds.

Survey the social and economic conditions of all minor or incompetent beneficiaries of the administration within his regional territory. Cooperate with the courts in the commitment of incompetent beneficiaries and appointment of guardians for minor or incompetent beneficiaries, or when authorized, to secure appointment of such guardians. Cooperate with chief attorneys of other offices in all cases wherein mutual aid and collaboration are essential. This refers to cases wherein the beneficiary is in one regional territory and the guardian, or appointing court, in another. Represent the Administrator in any action taken under section 21 (2), World War Veterans' Act, 1924, as amended (38 U. S. C. 450), where satisfactory adjustment cannot be otherwise obtained; notify the appropriate service or division of central office or division or unit of regional office to stop payment of any and all running awards therein, giving full reasons for such action. Advises and takes action as required or authorized in cases involving loans guaranteed or insured by the United States pursuant to Public Law 346, 78th Congress, as amended (38 U. S. C. 694j). Cooperate with the chief medical officer to insure that no action will be taken that will be deterimental to a beneficiary, and that such beneficiary is not deprived of any rights other than by due process of law. If any beneficiary has been wrongfully committed, or has a guardian who was illegally appointed, or if a beneficiary duly adjudged incompetent is restored to sanity, to take such action as may be necessary and practical to have such beneficiary discharged and guardian removed, and may give advice and aid to the beneficiary in having himself adjudged sane, or sanity legally restored. Cooperate with the manager of hospital or chief medical officer with regard to commitment of patients and discharge of committed patients and to cooperate with such administration officers and State authorities in cases where such beneficiaries elope from hospitals. Keep a record of all action taken in each guardianship case handled, a record of accounts, and such other records as will enable him to supply the data necessary for the monthly and semiannual reports. His files and records will be kept in such order that they will be available at all times for checking by the field supervisor. Cooperate with all interested welfare agencies and secure their interest and cooperation in carrying out the administration's policy respecting minors and incompetents. Present to the State or local bar association, welfare organizations, or State legislature, suggestions relative to legislation or other matters. (April 11, 1947)

No change in fourth paragraph.

§ 20.5024 *Organization of the office of chief attorney; regional offices and centers.* There will be a chief attorney's office in each regional office and center with regional office activities in the United States and its insular and territorial possessions, which shall be composed as follows: Chief attorney; assistant attorney or attorneys; field examiner or examiners; fiduciary accounts analysts; stenographer-secretary; and such clerical and stenographic personnel as may be necessary. (April 11, 1947)

§ 20.5050 *Field examinations; types.* Field examinations will be of the following types: Examinations in guardianship and custodianship cases; examination of offenses against the Federal laws; examination of accidents alleged to be due to negligence of Veteran's Administration employees and accidents causing damage to Veterans' Administration property (this refers only to torts wherein a liability arises against or in favor of the Government); examination into claims cases, including compensation, adjusted compensation, pensions, vocational rehabilitation and education; retirement pay; insurance cases, guaranty or insurance of loans and other benefits under the Servicemen's Readjustment Act of 1944, as amended; examinations directed by the manager or deputy administrator on general administrative matters; and examinations requested by a United States district attorney or other representative of the Department of Justice, in civil and criminal cases. (April 11, 1947)

§ 20.5052 *Requests for field examinations.* All adjudicating and other agencies are directed to observe the provisions of the Field Examination Manual and the following instructions concerning requests for field examinations. Field Examination Request, VA Form 2–3537a, will be prepared in each case in duplicate, one copy retained in file, the original being signed by the official making the request and forwarded to the regional chief attorney, whose office is to make the field examination. If an additional copy of the field examination report is desired by the requesting agency this will be indicated by supplying an additional copy of the request. If simultaneous field examinations are to be made in different offices, sufficient additional copies will be made so that a copy may be sent each office concerned. The statement of facts should be sufficiently complete to give the receiving office, and the field examiner to whom the field examination request is assigned, a clear understanding of the situation. The points to be developed must be specific and as complete as circumstances permit. If documents are in question, they should be attached to the VA Form 2–3537a. The complete file will be forwarded with the VA Form 2–3537a when, in the opinion of the requesting official, such action is necessary to satisfactorily accomplish the field examination. Any field examination request not prepared in the manner outlined above will be returned by the chief attorney to the official making the request for compliance with the foregoing instructions. (April 11, 1947)

§ 20.5054 *Authorization and functions of field examiners.* Field examiners are authorized to examine into the correctness of claims and to administer oaths and affirmations in connection with claims arising under the laws administered by the Veterans' Administration when required and in taking testimony or depositions. Field examiners will perform all field examination work assigned to the office of the chief attorney, regional office, in accordance with regulations, and such other duties as are assigned by the chief attorney or manager. (April 11, 1947)

§ 20.5062 *State legislation.* The question of State legislation pertaining to Veterans' Administration beneficiaries is a complex matter. Chief attorneys will cooperate with the affiliated organizations and with local and State bar associations to the end that deficiencies of the State laws relative to guardianship and other matters may be removed. In order to insure carefully planned and coordinated legislation relative to such matters, all proposed legislation coming to the attention of the chief attorney will be submitted to the solicitor through the chief attorney, branch office, for review. Deficiencies in State laws will be brought to the attention of solicitor, through the chief attorney, branch office, with a request for advice or suggestions as to needed remedial legislation, and no action to commit the Veterans' Administration regarding any proposed legislation will be taken without the approval of the solicitor. Chief attorneys will express their views on the proposed State legislation in transmitting same to the solicitor. All such legislation enacted should be reported to the solicitor through the chief attorney, branch office, in order that information regarding same may be supplied chief attorneys, regional offices, and chief attorneys, branch offices, in other States. (July 25, 1946)

GUARDIANSHIP

Procedure To Be Followed in Recognizing Legal Custodian and in Securing Appointment of Guardian, Etc., for Minor or Mentally Incompetent Beneficiary and in Making of Institutional Awards to Chief Officers of Institutions

§ 20.5200 *General; notification to chief attorney.* In order that the chief attorney may supervise, in cooperation with the other services, all Veterans' Administration activities in his region having to do with the welfare of minors or mental incompetents, when any benefit is payable by the Veterans' Administration to a person mentally incompetent or to a minor other than a veteran who has been discharged from the military forces of the United States or a minor widow, the director of the veterans' claims service, director of the dependents and beneficiaries' claims service, director of the disability insurance claims service, central office, the director of claims service and director of insurance service, branch offices, the adjudication officer, or chief, vocational rehabilitation and education division, field stations, will notify the chief attorney of the region wherein the minor or incompetent resides of the necessity for the appointment of a fiduciary or the determination of a legal custodian, as the case may be, and request that such appointment be made as speedily as possible. (April 11, 1947.)

§ 20.5201 *Form of notification.* The director of the veterans' claims service, director of the dependents and beneficiaries claims service, director of disability insurance claims service, central office, or director of claims service and director of insurance service, branch offices, the adjudication officer, or chief, vocational rehabilitation and education division, field stations, will notify the chief attorney by letter or memorandum, advising the name and date of birth of the beneficiary, name and address of the parent or nearest next of kin of the beneficiary, if available from the records, and the amount of the initial payment and monthly payments to be made. If the beneficiary resides in another regional area, it will be the duty of the chief attorney receiving the letter or memorandum above provided to communicate the information contained therein to the chief attorney of the regional office or hospital concerned.

(a) Section 21 (4) of the World War Veterans' Act, 1924, as amended, repeals the act of August 8, 1882 (22 Stat. 373; 38 U. S. C. 44), and provides that in case of any incompetent veteran having no guardian, payment of compensation, pension or retirement pay may be made, in the discretion of the Administrator, to the wife of such veteran for the use of the veteran and his dependents.

In cases coming within section 21 (4) of the World War Veterans' Act, 1924, as amended, the director, veterans' claims service, central office, or adjudicating officer, field station, will notify the chief attorney of the office having jurisdiction over the territory in which the veteran resides furnishing information as to the name and address of the veteran and his wife, the amount of the initial payment and monthly payments to be made. The chief attorney will investigate each case to determine whether the wife is properly qualified to administer the funds payable, whether she will agree to use the funds for the benefit of the veteran and his dependents, and whether all conditions justify payment of the compensation, pension or retirement pay to the veteran's wife; or whether, in the best interests of the veteran and his dependents a guardian should be appointed to receive and administer the funds payable. If the chief attorney determines that payments shall be made to the wife, a complete report will be forwarded to the director of the veterans' claims service or adjudicating officer, field station, accompanied by the evidence disclosing the facts, with a recommendation that payments be made to the wife. If the chief attorney determines that the facts justify the appointment of a guardian, he will take action promptly to effect the appointment and will forward the evidence thereof, together with his certification as to the legality of the appointment and adequacy of bond, to the director of the veterans' claims service or adjudicating officer, field station, accompanied by a report of the facts and the evidence upon which his determination in this respect was based. For the purpose of determining whether the funds paid to the wife are being applied as intended and whether the payments should continue to the wife, or whether in the interests of the veteran and his dependents action should be taken to have a guardian appointed, or whether the veteran has recovered and should be rerated as to competency, a social survey will be accomplished each year. The case will be diaried for this purpose on the Account Due Card, VA Form 2–3526. A record of these cases will be maintained on the locator index, VA Form 2–3525, filed alphabetically. A correspondence file on each case will be maintained. (April 11, 1947)

§ 20.5202 *Notice to officer requesting appointment of a fiduciary.* The case file will be diaried by the director of the veterans claims service, director of the dependents and beneficiaries claims service, director of disability insurance claims service, central office, or director of claims service and director of insurance service, branch office, adjudication officer, or chief, vocational rehabilitation and education division, field station, to come up for attention sufficiently far in the future to enable the chief attorney to secure a certified copy of the letters of appointment of the guardian or arrange for the determination of a legal custodian. If action is not then completed, a proper follow-up will be maintained on the chief attorney. It will be the duty of the chief attorney to secure and furnish the officer requesting the appointment of the fiduciary a certified copy of the letters of appointment of the guardian with VA Form 2–4704, Certificate of Legality of Appointment and Adequacy of Bond, or VA Form 2–555, Certificate of Legal Custody. The chief attorney will notify the officer requesting the appointment at the earliest moment possible, as to whether or not there will be a guardian appointed, or a determination as to a legal custodian in the case. The chief attorney will also notify the above-mentioned officers if there is to be a delay in the appointment of a fiduciary, the reason for such delay, and the probable date of appointment. (April 11, 1947)

CUSTODIANS

§ 20.5205 *Amount of benefits payable by the Veterans' Administration to legal custodians.* When a claimant under legal disability is found entitled to any benefit payable by the Veterans' Administration, the accrued amount of which at the time of the adjudication is $500 or less, or the monthly rate of which is $50 or less, or if the finding is in favor of two or more claimants under legal disability and the accrued amount at the time of the adjudication is $750 or less, or the combined monthly rates amount to $70 or less, and no legal guardian or committee has been appointed, such awards shall be made upon proper finding to the person legally vested with the responsibility or care of such claimant or claimants: *Provided*, That the best interests of the claimant will be served thereby and the legal custodian is properly qualified.

No change in (a).

(b) If benefits are due an incompetent adult or a minor Indian who is a recognized ward of the Government and for whom no guardian has been appointed, the chief attorney will secure from the proper superintendent or other bonded officer designated by the Secretary of the Interior to receive funds under the provisions of Public No. 373, 72d Congress (25 U. S. C. 14), a certification showing that (1) the said beneficiary is a ward of the Government, (2) that no guardian or other fiduciary has been appointed, (3) that the officer has been designated by the Secretary of the Interior in accordance with said act, (4) that he is properly bonded, and (5) that he will receive, handle, and account for such benefits in accordance with existing law and the regulations of the Department of the Interior. VA Form 2–555 will not be prepared in such cases; instead, the chief attorney, if he approves the certification, will forward it to the proper adjudication agency for payment under said act.

The limitations of § 20.5205 will not apply to these cases nor will accounts be required of such officers by the chief attorney. (April 11, 1947)

§ 20.5211 *Certificates of custody.* VA Form 2–555, Certificate of Legal Custody, or VA Form 2–555c, Certificate of Actual Custody, will be prepared and signed by the chief attorney who has secured the data upon which said certificate is based and forwarded to the adjudication agency which requested the appointment. No certificate will be issued where it is shown that the person to whom it is proposed to make payments is not a fit person to have custody of the claimant. (April 11, 1947)

FIDUCIARIES

§ 20.5220 *Chief attorney to sign certificates required by Uniform Veterans' Guardianship Act, or similar State legislation, as representative of the Administrator.* In accordance with the authority granted to the Administrator under section 7, Public No. 2, 73d Congress (38 U. S. C. 707), chief attorneys are hereby authorized to sign, as representative of the Administrator, certificates required

by the Uniform Veterans' Guardianship Act, or similar State legislation adopted in lieu thereof. (April 11, 1947)

§ 20.5227 *Costs for appointment of guardians.* Costs for appointment of guardians pursuant to section 21 of the World War Veterans' Act, 1924, as amended, which applies to all benefits payable by the Veterans' Administration, will be authorized only in cases wherein:

(a) Benefits payable are small and such costs would unduly deplete the estate.

In applying the provisions of this section, chief attorneys may authorize costs and perform legal services incident to the appointment of a guardian in any case wherein the total amount of benefits payable at date of award on which request for appointment of guardian is based does not exceed the amount prescribed by Public Law 662, 79th Congress (38 U. S. C. 739), for the discontinuance of payments; in any exceptional case not falling within this limit, but wherein the chief attorney is of the opinion costs should be paid, a full report may be made to the chief attorney, branch office, with a request that costs be authorized. Costs will not be authorized or paid in any case if the proposed guardian is not satisfactory. (April 11, 1947)

No change in (b) or (c).

§ 20.5230 *Petition for inquisition in lunacy.* The chief attorney will not file or cause to be filed a petition for an inquisition in lunacy for commitment or for the appointment of a guardian unless he has a written signed statement from the incompetent veteran's nearest relative or from the veteran himself. In the event there is no near relative and if the veteran is not mentally capable of authorizing such action, the chief attorney may file the petition if signed by a civil official or representative of a cooperating agency. No employee of the Veterans' Administration will sign such a petition unless authorized by the solicitor. The chief attorney will render the legal services in commitment cases when costs are authorized to be paid by the Veterans' Administration as provided in § 20.5224. In guardianship cases the chief attorney will notify the veteran's nearest relative, the person selected as the proposed guardian, a civil official or a representative of a cooperating agency of the action that should be taken, and that the chief attorney will, if so requested, file the petition without cost if veteran is not entitled to sufficient benefits to justify employment of an attorney. Thereafter he will take no definite action relative to the filing of a petition unless and until such written request therefor is received. (April 11, 1947)

§ 20.5245 *Liaison with Veterans' Administration installations and Federal and State institutions.* The chief attorney will maintain close liaison with the managers of the Veterans' Administration hospitals, officers in charge of other Federal hospitals, and superintendents of State and contract institutions, to the end that the chief attorney will be notified of admissions, commitments, trial visits, elopements and discharges of incompetent veterans. VA Form 10–2622, Information Regarding Movement of Persons Receiving Hospital Treatment, will be used by the managers of Veterans' Administration hospitals for this purpose, and more particularly in relation to the prescribed procedure to avoid interruptions of payments in cases of incompetent veterans on trial visits. This form will be sent by the manager to the chief attorney in whose area the hospital is located, who when indicated will forward the form to the chief attorney of the area in which the veteran is then residing. In the cases of eloped patients, every facility of the Veterans' Administration will be made available to the chief attorney in endeavoring to have such patients returned to the hospital in accordance with prescribed procedure. (April 11, 1947)

§ 20.5260 *Determination of need for institutional award and notification to adjudicating agency.* The chief attorney will, upon receipt of VA Form 8–592, Request for Appointment of a Fiduciary, Custodian or Guardian, from the adjudication agency, determine the need for the appointment of a guardian or the adjudication of a case under the orders governing the making of institutional awards. In case the chief attorney deems an institutional award advisable, appropriate recommendation will be made to the adjudicating agency.

(a) When under prescribed procedure (§ 3.1230 (a) of this chapter) an institutional award and apportionment to dependents, if any, have been made in advance of reference to the chief attorney, upon receipt of VA Form 8–592, the chief attorney will make any necessary determination as to whether the institutional award and apportionment satisfactorily provide for the veteran and dependents, or as to whether payments should be made to the wife under § 20.5201 (a). If the wife, or other dependents, reside in an area of a different regional office, the chief attorney will forward VA Form 8–592 to the chief attorney of that office. If the chief attorney determines that a special apportionment is proper he will submit any necessary information, with his recommendation as to the amount to be paid the dependents, to the adjudicating agency in the regular procedure. Any adjustment with reference to the institutional award will be taken up by or with the chief attorney in the area in which the hospital is located. If payments are made to the wife, the chief attorney having jurisdiction of the area in which the wife resides is the principal chief attorney for purposes of § 20.5201 (a). In cases of this nature adjudicated in central office, or branch offices, VA Form 8–592 will be forwarded to the chief attorney in the area in which the veteran is hospitalized and a separate VA Form 8–592 to the chief attorney in the area in which the dependents are located, if different from that in which the veteran is hospitalized. (April 11, 1947)

§ 20.5263 *Determination and certification of legality and adequacy of bond.* Before certifying as to the legality of an appointment, the chief attorney will determine whether the court had proper jurisdiction, ascertain if the proceedings were regular in every respect in accord with the State law, and see that the papers are in due form. He will then prepare and forward VA Form 2–4704, Certificate of Legality of Appointment and Adequacy of Bond, with the letters of guardianship to the adjudicating agency requesting the appointment for the purpose of payment. It will not be necessary to forward certified copy of bond, except in administration cases, but such bond will be filed in the guardianship file for ready reference thereto when accountings are rendered. Where the appointment is found to be invalid or the bond insufficient, appropriate action will be taken by the chief attorney to have same corrected. (April 11, 1947)

§ 20.5275 *Natural guardians; in the United States.* The common-law rule giving to guardians by nature power over the person only, and not over the property of the ward, is enacted by statute in most of the States; and where not so enacted, it is binding authority in every State recognizing the common law. (Woerner, American Law of Guardianship) (January 27, 1936)

§ 20.5277 *Effecting recovery of overpayments of illegal payments to fiduciaries, and "post fund" cases.* When it has been determined that there has been an overpayment or an illegal payment and the particular case has been acted upon by the proper committee on waivers and all efforts to effect recovery from the fiduciary for the estate of the living or deceased person in accordance with the finance procedure have been unsuccessful, the finance officer in the regional office of Veterans' Administration hospital will forward a complete statement of the facts with reference to the overpayment or illegal payment to the chief attorney for attention. The chief attorney will immediately communicate with the fiduciary in an effort to secure a refund of the overpayment or illegal payment and will assist the fiduciary in obtaining any order of the court necessary for this purpose. The chief attorney, if necessary, will make informal contacts with the court of appointment with a view to effecting an order of the court directing the fiduciary to return the amount of the overpayment or illegal payment, but in no instance will the chief attorney institute a suit by filing a petition in the name of the United States for this purpose. When all reasonable efforts on the part of the chief attorney to effect recovery have been unsuccessful, a full and complete report will be submitted to the office of the solicitor, through the chief attorney, branch office, setting forth the facts pertaining to the overpayment or illegal payment, the efforts made to effect recovery, the balance of the estate in the hands of the fiduciary and the ability of the fiduciary to make the refund, in order that the particular claim may be referred to the Department of Justice for appropriate attention. A similar procedure will be followed with respect to overpayments or illegal payments under the jurisdiction of central office or branch offices and the director of finance services will refer such cases to the office of the solicitor in central office cases and the chief attorney, branch office, in branch office cases, for reference to the chief attorneys. (July 25, 1946)

(a) *"Post fund" cases.* Act of June 25, 1910, as amended by Public Law 382, 77th Congress (38 U. S. C. 17). See Part 17 of this chapter. (April 11, 1947)

SUPERVISION OF CUSTODIANS, ETC., AND CHIEF OFFICERS OF INSTITUTIONS

General

§ 20.5282 *Rights of wards.* The duty of the chief attorney is not to check the work of the Veterans' Administration with regard to the rights of its wards, but to cooperate with each of the other divisions concerned in establishing those rights. The chief attorney will determine that the guardian, or other responsible person, has filed a claim for all possible benefits. In those cases in which benefits are paid by the Veterans' Administration to an administrator or executor of the estate of a deceased beneficiary, the chief attorney will see that the guardian of any beneficiary receiving other payments direct from the Veterans' Administration, who is entitled to share in the distribution of the estate of the deceased beneficiary, files claim with the administrator or executor for the share to which the beneficiary under guardianship is entitled, and that such funds when received are accounted for by the guardian. (January 27, 1936)

§ 20.5290 *Principal attorney.* Cooperation with other chief attorneys is absolutely essential when the ward, or beneficiary, is in the territory of one regional office, while the guardian or proposed guardian, and the appointing court are in the territory of another regional office or of other regional offices. For proper operation of guardianship procedure, however, it is essential that the guardianship file, accounting records, etc., be maintained in the office within whose territory the court having jurisdiction is situated. The chief attorney within the jurisdiction of the court will be the principal in all such cases. He may secure from the chief attorney where the ward resides such social survey reports and other data as may be necessary. In the event he cannot secure an accounting from a nonresident guardian, he may secure from the chief attorney where the guardian resides such information as may be necessary to enable him to check the account and make proper representation to the court. In forwarding the information requested, the chief attorney where the ward or guardian resides may make such recommendation as may seem proper, but the determination of the case will remain with the chief attorney within jurisdiction of the court. If payments are to be suspended, or if action against, or for removal of, the guardian is to be instituted, such action will be taken only by him. (June 1, 1938)

(a) If the guardianship appointment has been, or is to be, made in a foreign country—other than the Republic of the Philippines—or in one of the possessions of the United States—other than Alaska, Hawaii, and Puerto Rico—or if the appointment is in this country, but the ward or his dependents reside in any foreign country or other possession, cooperation will be with the office of the solicitor. (April 11, 1947)

(b) In making requests on chief attorneys of other regional offices, the chief attorney will keep in mind the limitations under which such work must be performed, and will, as far as possible, make such requests conform to the established program of the other office. (June 1, 1938)

§ 20.5291 *Award information to chief attorney.* The adjudication officer in the office having jurisdiction of the claims file will supply the chief attorney with detailed information each time any change is made in an existing award to an incompetent or minor beneficiary, in whose behalf payments are going forward to a legal guardian or custodian, or wife of an incompetent veteran. In those cases where the guardian, custodian or wife was appointed or recognized in another jurisdiction, the chief attorney is charged with the duty of immediately forwarding such information to the chief attorney having principal jurisdiction over the guardian, custodian or wife. Unless this information is furnished simultaneously with the change made in the award, the principal chief attorney is unable to supervise properly the guardian or custodian and the accountings made or determine any required action in cases of payments to a wife of an incompetent veteran. Chief attorneys will take proper action to establish the necessary procedure in their offices for the furnishing of this information to the principal chief attorney immediately upon the change of any award existent in the case of a beneficiary having a guardian or custodian, or in which payments are being made to a wife of an incompetent veteran.

(a) A similar procedure will be followed in cases under the jurisdiction of central office or branch office to insure that notices of changes in awards will be supplied the chief attorney having principal jurisdiction over the guardian, custodian or wife of an incompetent veteran. (July 25, 1946)

§ 20.5301 *Disposition of account books.* After the account book, properly executed, has been received by the chief attorney from the fiduciary in those cases wherein legal services are authorized, a careful audit of all items made, and the accounting submitted to the court, a summary of the account consisting of all information and data required should be made for the chief attorney's records on VA Form 2–4707, Summary of Account. When the records have been completed in this respect and the account book is not further required, it will be returned to the fiduciary. Any irregularities observed in the account book should be called to the attention of the fiduciary, together with any instructions which the chief attorney may deem necessary. The fiduciary should be advised that the account book should be retained by him until he has been discharged and his final accounting approved by the court. (April 11, 1947)

(a) Certified copies of guardians' accounts:

If the chief attorney states the account for the guardian he may retain a copy; otherwise, and especially in those States wherein the law requires that the chief attorney be supplied with a copy of the guardian's account, the chief attorney will insist upon being supplied therewith. If the cost of certification is excessive, the chief attorney may dispense with same providing he is satisfied the copy supplied is a true copy of the account as filed, or otherwise is able to verify same by comparison with the public records. (November 1, 1932)

CUSTODIANS

§ 20.5310 *Accounts of custodians.* Except in those cases where accountings are not required as explained in § 20.5305, the chief attorney will secure an annual accounting, using VA Form 2–4706a, Accounting Form for Use by Legal Custodians of Minor and Incompetent Beneficiaries of the Veterans Administration, from each custodian within the territory of his regional office. Custodians-in-fact recognized under the provisions of section 21 (3), World War Veterans' Act, as amended, and § 20.5205 (a) will be required to render accounts for any period of time they receive payments, showing the actual application of the funds received for the benefit of the beneficiary. If payments are made or resumed to the fiduciary, a copy of the custodian's-in-fact account may be supplied the appointing court if desired by any part in interest. (April 11, 1947)

§ 20.5317 *Bonds and sureties.* No change in (a) or (b).

(c) If any surety company is placed in receivership or ceases to do business in the particular State, the chief attorney will take the necessary action to have proper bonds substituted in each case. In the case of receivership, bankruptcy, or other proceedings to conserve the assets, or wind up the affairs of a corporate surety, the chief attorney will ascertain the termination date for filing claims with local and general receivers or other designated officials and see that all adjudicated and contingent claims are filed in time to receive proper classification and allowances. (April 11, 1947)

§ 20.5322 *Accountings and certificates of balance.* Except in cases where accountings are not required as explained in § 20.5305, accountings will be obtained at least once a year by the chief attorney from all guardians of Veterans' Administration beneficiaries appointed by the courts within the territory of his office. These accountings will be obtained direct from the guardian. When the State courts require accounting once a year the chief attorney will advise the guardian 30 days prior to the date his account is due in the court of appointment, and forward at the same time three copies of VA Form 2–4706 series. The original may be used by the guardian in submitting his account to the court, and a copy forwarded to the chief attorney duly certified by the clerk of the

court as a true copy of the account filed with the court, together with a certification from the bank or trust company in which the estate of the ward is deposited showing a balance, and certificate regarding inspection of assets as provided in § 20.5321 (b) (5). The third copy may be retained by the guardian. VA Form 2–4706c will be used in lieu of VA Form 2–4706, in those regional areas where the use of VA Form 2–4706 is not practicable. In case these VA Forms 2–4706 or 2–4706c cannot be used in the court, the chief attorney will prepare a form suitable to meet the requirements of the State statute or will use regular form supplied by court, and will require that the guardian forward a copy of the form of account as submitted to the court with the certificates of bank balance and inspection of assets at the same time the original is filed with the court. As stated above, accountings will be secured in all cases at least once a year, unless waived pursuant to existent instructions. (April 11, 1947)

§ 20.5326 *Action upon receipt of account.* As soon as the account is received in the office of the chief attorney, it will be attached to the correspondence file and forwarded to the fiduciary accounts analyst, who will analyze the account. Receipt of the account will be duly recorded on the accoubt due card, VA Form 2–3526, and the card will be filed as a diary for the succeeding year. If the account is proper in every respect, the same may be stamped, as stated in § 20.5325. While accounts are examined and briefed by fiduciary accounts analysts, they will be passed upon finally only by the chief attorney or other attorney. (April 11, 1947)

No change in (a).

(b) In the event of the death of a beneficiary under guardianship, the chief attorney will secure from the guardian a final account showing the amount, if any, of funds held by the guardian derived from payments of compensation, pension, retirement pay, automatic or term war risk insurance, or gratuitous or five-year convertible term National Service Life Insurance for the purpose of determining whether the estate will escheat to the United States pursuant to the last proviso of section 21 (3) of the World War Veterans' Act, 1924, as amended (38 U. S. C. 450). The chief attorney will ascertain whether administration will be had on the estate of the deceased veteran, and also whether there are any heirs. If there are no heirs, he will report the facts to the appropriate adjudication service of central or branch office, and, in the case of an institutional award, to the chief officer of the institution. In such cases, the balance held by the chief officer of the institution will be returned to the Treasury in accordance with finance procedure, and any other funds held by the Veterans' Administration or in the "Funds Due Incompetent Beneficiaries" to the veteran's credit will be likewise deposited in the Treasury. In cases in which there are no heirs coming within the last proviso of section 21 (3) of the World War Veterans' Act, 1924, as amended, the chief attorney, wherever possible, will endeavor to effect the return of the estate in the hands of the particular fiduciary to the United States, in connection with the final accounting of the fiduciary, or in any manner which may be possible under local procedure and practice, and will submit a report of all such cases to the office of the solicitor through the chief attorney, branch office. The chief attorney will not institute suit by filing a petition in the name of the United States for this purpose, but when such action becomes necessary the matter will be submitted to the Department of Justice by the solicitor upon receipt of the report from the chief attorney. The chief attorney will cooperate with the United States attorney, upon request, in any endeavor to effect the collection of such funds. (April 11, 1947)

§ 20.5329 *Authorization to institute legal procedure.* (a) The chief attorney, branch office, upon receipt of a report from the chief attorney showing the necessity for instituting legal procedure in accordance with the second proviso of paragraph 2, section 21, World War Veterans' Act, as amended, may authorize the chief attorney to take such action and to incur necessary costs.

(b) Any such costs paid by the Veterans' Administration will be recovered if possible from the adverse party, and deposited into the Treasury as miscellaneous receipts. (July 25, 1946)

§ 20.5330 *Action where account cannot be approved or proper administration of estate may not be secured.* In cases in which the account cannot be passed because objectionable under § 20.5327, the exceptions filed should be sufficient, if sustained, to show the incompetency of the guardian, and unless the court by its own motion will automatically remove the guardian, or proper administration of the estate may not be secured otherwise, the chief attorney is authorized to institute action to remove the guardian, to secure the appointment of a qualified successor, and to pay the costs in connection therewith. In case the account or other evidence shows that there has been misappropriation or embezzlement of funds, or other violation of section 2, Public No. 262, 74th Congress, the chief attorney will submit the case to the United States attorney. It will be incumbent upon the chief attorney in all cases to have the substitute guardian proceed against the guardian and surety. (April 11, 1947)

§ 20.5333 *Appeals, costs of, may be paid.* It is obvious that to be successful in an appeal the ground work must be well laid. In the first instance the petition, or other legal paper filed should show the exact basis whereon the action of the Veterans' Administration is predicated, and that such action is pursuant to the Federal law, and a function necessary to the discharge of the responsibility placed upon the Administrator by the Congress. If there be any State statute applicable, and this is true in many States, advantage should be taken thereof, and such statute should be relied upon as well as the Federal statute.

No change in (a).

(b) No appeal to a district or other court where the trial is de novo will be filed and no costs in connection therewith authorized without prior approval of the chief attorney, branch office. No appeal to an appellate or supreme court will be filed and no costs in connection therewith authorized without prior approval of the solicitor—these to be referred by the chief attorney through the chief attorney, branch office, to the solicitor. In any case wherein the court overrules the petition or motion filed by the chief attorney, under the provisions of section 21, World War Veterans' Act, 1924, as amended, and an appeal is believed necessary to protect the estate of the Veterans' Administration beneficiary, the chief attorney will report all the facts to the chief attorney, branch office, and will make a definite recommendation regarding whether an appeal should be taken. The statement will show the termination of the appeal period; i. e., the date by which the appeal must be filed and the probable cost of the appeal. (April 11, 1947)

No change in (c).

§ 20.5344 *Manager notified when account required.* In such cases the chief attorney will notify the manager when the account is required; i. e., either annually or at such times as the information is necessary for purposes of checking guardian's account. VA Form 2–4706b, Hospital Account Form, may be used for this purpose and will show all receipts and disbursements. The vouchers and receipts will not accompany the accounting but may be inspected by the chief attorney or a representative of his office, if necessary. (April 11, 1947)

§ 20.5347 *Chief attorney to check accounts.* The manager of a Veterans' Administration hospital, home, or center before returning to a guardian any excess funds, either while the veteran remains therein or when he is discharged therefrom, will obtain from the principal chief attorney information as to whether such funds may be released to the guardian. The principal chief attorney's advice will be predicated upon the present status of the guardianship. If payments have been suspended to the guardian, or if the guardian is not satisfactorily accounting for the funds already received or bond is insufficient, the unexpended balance will be withheld until the irregularities have been adjusted. The chief attorney will then furnish the manager with information that the funds may be released to the guardian and will forward an executed VA Form 2–4704, Certificate of Legality of Appointment and Adequacy of Bond. (April 11, 1947)

PART 21—ATTORNEYS AND AGENTS; RULES OF PRACTICE; FEES

RECOGNITION OF ORGANIZATIONS, ACCREDITED REPRESENTATIVES, ATTORNEYS, AGENTS; RULES OF PRACTICE AND INFORMATION CONCERNING FEES

§ 21.5627 *Accredited representatives.* Recognized organizations shall file with the Administration on the prescribed form furnished by the Veterans' Administration the names of any officers whom it desires recognized as accredited representatives thereof and the Veterans' Administration office or offices at which recognition is to be extended in the presentation of claims. In proposing a candidate for recognition as a representative, the organization, through its appropriate officer, shall certify to the following:

That the applicant is a citizen of the United States, of good character and reputation, is qualified by training or experience to assist in the presentation of claims; and that he is a member or employee of the organization.

That he is not employed in any civil or military department or agency of the United States and not a retired member of the Regular Army, Navy, Marine Corps, Coast Guard or Public Health Service.

Whether the applicant is a veteran, and if so, that he was honorably discharged from the active service.

No change in (a).

(b) An application received in the central office will be sent to the branch or regional office designated. The deputy administrator or regional manager, as the case may be, will secure sufficient facts, by field investigation, if necessary, to justify a determination whether the applicant is qualified. If the deputy administrator or the manager determines that the applicant is qualified, he will issue the notice (FL 2–3), sending the original to the applicant, and a copy to central office for notation and forwarding to the organization. If the approval is by the manager of a regional office, an additional copy will be forwarded to the appropriate branch office. In like manner, if approval is by the deputy administrator for the branch office and all regional offices in the branch area, copies will be forwarded to each regional office and a copy to central office. Branch and regional offices will establish intra-office procedures for notification of interested services. A record of accredited representatives will be maintained at each office. If the case is one of doubtful aspect, the entire matter will be referred to the central office, attention of the solicitor, through the appropriate branch office.

(c) Recognition will be canceled at the request of the organization, and the deputy administrator or manager may suspend any recognition for cause, pending a report, through channels, to the central office, attention of the solicitor, for final determination. In cases of extraordinary violation involving criminal action, cancellation may be effected immediately by the field office subject to review by central office. Where recognition is canceled or suspended in accordance with the above, notice thereof (FL 2–5 or letter of suspension) will be supplied in the same manner, as above stated, with respect to notice of recognition.

(d) Nominations of accredited representatives of national service organizations and of the American Red Cross will be accepted only if approved by the national certifying officer of such organization.

(e) Letters of general recognition issued by the central office to national and field officers of recognized organizations will constitute authorization for their recognition in claims matters in all branch and regional offices of the Veterans' Administration and letters of recognition issued by a deputy administrator will constitute authorization for the accredited representative to present claims in the branch office only, or in the branch office and all regional offices in that area as required by his service organization.

(f) While accredited representatives are recognized for claims work at branch and regional offices their accreditation imparts the privilege of recognition in Veterans' Administration hospitals and homes in matters connected with such claims work. (R. S. 471, secs. 1, 5, 43 Stat. 607, 608, secs. 1, 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; sec. 200, 49 Stat. 2031; 38 U. S. C. 2, 11, 11a, 421, 426, 707; 38 U. S. C., Sup. 101)

§ 21.5633 *Agents.* Any competent person of good moral character and of good repute who is a citizen of the United States, or who has declared his intention to become such a citizen and who is not engaged in the practice of law, may be admitted to practice as an agent, if not prohibited by law, and represent claimants before the Veterans' Administration by presenting to the Administrator of Veterans' Affairs, Washington, D. C., a properly executed application on the form prescribed by the Administrator (VA Form 3187). Applicants for admission to practice as agents may be required to prove their fitness to render substantial service by undergoing a written examination testing their knowledge of the laws administered by the Veterans' Administration and regulations promulgated thereunder, as to which separate instructions will be issued.

§ 21.5634 *Notification of appointment of attorney.* When an attorney has been admitted a 3 x 5 card will be prepared showing his name, address and date of admission. Copies of this card will be forwarded to (a) office of the solicitor, (b) chief attorneys of branch and regional offices within that area, (c) the director, claims service of the branch office within that area, (d) the adjudication officers of regional offices within that area, and (e) to any other office in which the attorney requests that his admission be recorded.

§ 21.5649 *Forms and advertisements; use of by attorneys and agents.* Attorneys and agents shall not be furnished with supplies of Veterans' Administration forms but will be required to have them printed at their own expense and in strict accordance with the official forms prescribed by the Veterans' Administration. An attorney or agent may insert a power of attorney in his form over claimant's signature in words substantially as follows: "I hereby appoint ---------- as my attorney to prosecute this claim." The power of attorney in order to be valid must fully comply with § 21.5641 of this chapter. Every attorney, agent, or other person recognized as entitled to practice before the Veterans' Administration shall submit to the Administrator, in duplicate, copies of all proposed forms and letterheads intended for use in connection with business before the Veterans' Administration and the Veterans' Administration will notify such attorney or agent of its approval or disapproval. The use by an attorney or agent of the characters "U. S.," or the words "United States," as a part of his title or of the title of his business shall not be permitted. Agents will not designate themselves as attorneys at any time except in a power of attorney. The publication or circulation of ordinary simple business cards, being a matter of personal taste or local custom, and sometimes of convenience, is not of itself improper, but solicitation of business by circulars or advertisements, or by personal communications or interviews, not warranted by personal relations, is unprofessional and will render an attorney or agent liable to suspension or exclusion from practice.

Appendix—Public Land Orders

[Public Land Order 365]

MICHIGAN

ESTABLISHING THE MICHIGAN ISLANDS NATIONAL WILDLIFE REFUGE

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Michi-

gan are hereby withdrawn from all forms of appropriation under the public land laws and reserved and set apart for the use of the Department of the Interior as a refuge and breeding ground for migratory birds and other wildlife, the reservation to be known as the Michigan Islands National Wildlife Refuge:

MICHIGAN MERIDIAN

T. 29 N., R. 9 E.,
Sec. 15, lot 1 (Scarecrow Island).
T. 40 N., R. 8 W.,
Sec. 33, lot 1 (Shoe Island).
T. 39 N., R. 9 W.,
Sec. 17, lot 1 (Pismire Island).

The areas described aggregate 11.94 acres.

This order shall take precedence over but not modify the withdrawal for classification and other purposes made by Executive Order No. 6964 of February 5, 1935, as amended, and Public Land Order No. 237 of June 22, 1944, withdrawing certain public lands for the use of the Navy Department as a target area for aerial bombing, so far as such orders affect the above-described lands.

NOTICE FOR FILING OBJECTIONS TO PUBLIC LAND ORDER ESTABLISHING THE MICHIGAN ISLANDS NATIONAL WILDLIFE REFUGE

Notice is hereby given that for a period of 30 days from the date of publication of this notice, persons having cause to object to the terms of Public Land Order 365,[1] of April 10, 1947, withdrawing certain lands in Michigan as the Michigan Islands National Wildlife Refuge, may present their objections to the Secretary of the Interior. Such objections should be in writing, should be addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior, Washington 25, D. C.

In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent and extent. Whether or not a hearing is held, notice of the determination by the Secretary as to whether the order should be rescinded, modified or let stand will be given to all interested parties of record and the general public.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 7349, 7892]

MARION RADIO CORP. AND CHAMPION CITY BROADCASTING CO.

MEMORANDUM OPINION AND ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Marion Radio Corporation, Marion, Indiana, for construction permit, Docket No. 7349, File No. BP-4429; Dr. Delbert Joseph Parsons, John Edward Harwood and Bill Erin, doing business as Champion City Broadcasting Company, Springfield, Ohio, for construction permit, Docket No. 7892, File No. BP-5208.

The Commission has before it a petition filed on February 19, 1947, by Champion City Broadcasting Company, Springfield, Ohio, requesting reconsideration of the Commission's action of January 30, 1947, which granted without hearing the application of the Marion Radio Corporation for a construction permit (File No. BP-4429; Docket No. 7349), for a standard broadcast station to operate on 1600 kc, with 1 kw power, daytime only, at Marion, Indiana. The petitioner requests, in the alternative, that the grant be set aside and the application designated for consolidated hearing with the petitioner's application for a construction permit (File No. BP-5208; Docket No. 7892), for a standard broadcast station to operate on 1600 kc, with 1 kw power, daytime only, at Springfield, Ohio; or that the grant to the Marion Radio Corporation be conditioned upon such permittee accepting whatever interference may be caused to its proposed station by the operation of the petitioner's proposed station, in the event the latter should receive a grant.

Marion Radio Corporation, Marion, Indiana, had originally applied for a different frequency. Subsequently, on January 7, 1947, it filed a petition for leave to amend its application to 1600 kc, with 1 kw power, daytime only, and for grant of such application. The petition was granted and the amendment accepted on January 30, 1947, at which time the application for a construction permit was also granted. On January 16, 1947, Champion City Broadcasting Company, Springfield, Ohio, similarly filed a petition to amend its application to 1600 kc, with 1 kw power, daytime only, and to remove its application from the hearing docket. The petition was incomplete, in that no affidavit as to compensation was included, but the necessary information to make such petition complete was supplied by the petitioner on January 30, 1947, the date of the grant to the Marion Radio Corporation. On February 7, 1947, the Motions Commissioner granted Champion City leave to amend its application, and to remove from the hearing docket.

According to the petition for reconsideration, the operation of permittee's station at Marion, Indiana, would cause interference within the 0.5 mv/m normally protected service area of the petitioner's proposed station at Springfield, Ohio. The separation between Springfield and Marion is approximately 107 miles. Petitioner alleges that 17% of the population within petitioner's interference-free contour would receive objectionable interference; similarly, the authorized station at Marion would suffer interference from the proposed operation of petitioner's station to approximately 18.8% of the population within its 0.5 mv/m contour. These estimates are based upon assumptions by petitioner's engineers as to antenna efficiencies of the respective applicants which are quite conservative.

The interference is considerably higher than the 10% permitted by the Commission's Standards (See Standards, Page 4), even according to petitioner's engineering estimates. It is possible, however, that the interference may be substantially greater than that predicted by petitioner's engineers should the antennas of the respective applicants have higher efficiencies than were assumed by petitioner's engineers.

Petitioner waives objections to any interference which might result to its proposed station from the operation of the permittee's proposed station, and alleges that it has been informally advised that Marion Radio Corporation similarly raises no objections because of the predicted interference. The Commission, however, can not overlook the fact that simultaneous operation as proposed by these two applicants in violation of the Commission's Standards would result in an inefficient use of the frequency.

On January 30, 1947, Champion City and Marion Radio each had pending before the Commission petitions for leave to amend their respective applications seeking identical facilities. One applicant's petition for leave to amend fell within the delegated authority of the Motions Commissioner; the other did not, and was accordingly presented to the Commission en banc. Under these circumstances, the petition of Marion Radio for leave to amend became ready for Commission en banc action before that of Champion City reached the Motions Commissioner, and the Commission en banc inadvertently overlooked the pending petition of Champion City for leave to amend. In this situation, and in the light of the mutual interference which would result from simultaneous operation of the two applicants, the Commission is of the opinion that public interest would not be served by simultaneous grants of both applications, and that fairness and equity require that the Marion grant be set aside and both applications, as amended, be designated for a consolidated hearing.

Accordingly, *It is ordered*, This 3d day of April 1947, that insofar as the petition requests that the Marion Radio Corporation grant be conditioned upon the acceptance by it of whatever interference may result to it from the operation as proposed by petitioner, if its application should be granted, the petition be, and it is hereby, denied; that insofar as the petition requests reconsideration of the action of the Commission January 30, 1947, granting the application, as amended, of Marion Radio Corporation, said petition be, and it is hereby, granted; the grant to Marion Radio Corporation of January 30, 1947, be, and it is hereby, set aside; and that application and the application of Champion City Broadcasting Company, as amended, be, and they are hereby, designated for hearing in a consolidated proceeding, at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant partnership and the partners and of the applicant corporation, its officers, directors and stockholders to construct and operate their proposed stations.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed stations, and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed stations would involve objectionable interference with any existing broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed stations would involve objectionable interference, each with the other, or with the services proposed in any other pending applications for broadcast facilities, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed stations would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

Notice is hereby given, that § 1.857 of the Commission's rules and regulations is not applicable to this proceeding.

The Commission hereby gives notice that on April 2, 1947, there was filed with it an application (BTC–544) for its consent under section 310 (b) of the Communications Act to the proposed transfer

[1] Section 1.321, Part I, Rules of practice and procedure.

of control of Spartanburg Advertising Company, licensee of WSPA, Spartanburg, South Carolina, from A. B. Taylor to Surety Broadcasting Company. According to the proposal to transfer control A. B. Taylor agrees to sell 910 shares (100%) of the common voting $100 par value capital stock of Spartanburg Advertising Company (made up of 814.1 shares presently owned by said A. B. Taylor and 95.9 shares which said Taylor has contracted by agreement dated February 17, 1947, to purchase from Walter J. Brown) to Surety Broadcasting Company for a total consideration of $450,000. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

On July 25, 1946, the Commission adopted § 1.388 (known as § 1.321 effective September 11, 1946) which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application. Pursuant thereto the Commission was advised by application on April 2, 1947, that starting on April 3, 1947, notice of the filing of the application would be inserted in the Spartanburg Journal, a newspaper of general circulation at Spartanburg, S. C., in conformity with the above rule.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from April 3, 1947, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

PUBLIC NOTICE CONCERNING PROPOSED ASSIGNMENT OF LICENSE [1]

The Commission hereby gives notice that on April 2, 1947, there was filed with it an application (BAL-597) for its consent under section 310 (b) of the Communications Act to the proposed assignment of license of Spartanburg Broadcasting Company, licensee of WORD, Spartanburg, S. C., from Spartanburg Broadcasting Company to The Spartan Radiocasting Company. The proposal to assign the license arises out of a contract of March 21, 1947, pursuant to which Spartanburg Broadcasting Company agrees to sell and The Spartan Radiocasting Company agrees to buy all the station assets and properties of AM Station WORD (plus the Class B conditional FM grant now held by said Spartanburg Broadcasting Company), both in Spartanburg, S. C., for a total consideration of $85,000 to be paid as follows: $10,000 to be paid before instant application has been filed and the remaining $75,000 at date of closing. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

On July 25, 1946, the Commission adopted § 1.388 (known as § 1.321 effective September 11, 1946) which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application. Pursuant thereto the Commission was advised by application on April 2, 1947, that starting on April 3, 1947, notice of the filing of the application would be inserted in the Spartanburg Journal, a newspaper of general circulation at Spartanburg, S. CAROLINA BROADCASTING CORP.

PUBLIC NOTICE CONCERNING PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on April 3, 1947, there was filed with it an application (BTC-545) for its consent under section 310 (b) of the Communications Act to the proposed transfer of control of Carolina Broadcasting Corporation, licensee of WCOS, Columbia, S. C., from eleven of the stockholders of said Carolina Broadcasting Corporation (owning all of the 900 shares of the common voting capital stock) to Radio Columbia. The proposal to transfer control arises out of a contract of December 12, 1946, pursuant to which the present eleven stockholders owning all the 900 shares of the common voting capital stock of Carolina Broadcasting Corporation agree to sell and Radio Columbia, a South Carolina corporation, agrees to buy all of the said 900 shares of the common voting capital stock of said Carolina Broadcasting Corporation for a total consideration of $200,000 plus a sum equal to the difference between the net worth of the said Carolina Broadcasting Corporation as of June 29, 1946, and the net worth of said corporation as at the close of business on December 6, 1946. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

On July 25, 1946, the Commission adopted § 1.388 (known as § 1.321 effective September 11, 1946) which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application. Pursuant thereto the Commission was advised by application on April 3, 1947, that starting on April 9, 1947, notice of the filing of the application would be inserted in a newspaper of general circulation at Columbia, S. C., in conformity with the above rule.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from April 9, 1947, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

EMANUEL M. STREID, LOUISE STREID AND PAUL STREID

CONSENT ORDER

Paul Streid, as operator, and Emanuel M. Streid and Louise Streid, as owners, began construction of a concrete block building to be used as a tourist camp management building and service station and 25 concrete block cabins on the premises known as Lots 2 to 10 in Block 12 and 13 of Section 10, Junction City, Illinois, at an estimated cost in excess of the small job allowance, without having obtained authorization therefor under Veterans' Housing Program Order 1. To date, the sum of approximately $2,700 has been expended for materials and labor. This construction is in violation of paragraph (c) (1) of Order VHP-1, as amended October 7, 1946.

Paul Streid, Emanuel M. Streid and Louise Streid, do not wish to contest the charge made and have consented to the issuance of this order.

Wherefore, upon the agreement and consent of Paul Streid, Emanuel M. Streid and Louise Streid, the Regional Compliance Director and the Regional Attorney, and upon approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Neither Paul Streid, Emanuel M. Streid and Louise Streid, their successors or assigns, nor any other person, shall do any further construction on the premises known as Lots 2 to 10 in Block 12 and 13 of Section 10, Junction City, Illinois, unless specifically authorized in writing by the Office of the Housing Expediter.

(b) Paul Streid, Emanuel M. Streid and Louise Streid, shall refer to this order in any application or appeal which they may file with the Office of the Housing Expediter.

(c) Nothing contained in this order shall be deemed to relieve Paul Streid, Emanuel M. Streid and Louise Streid, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

ALFRED BYRD AND FRANK M. PIERSON

CONSENT ORDER

Afred Byrd, 1801 Wabash Avenue, Terre Haute, Indiana, as owner, and Frank M. Pierson, 510 Osborn Street, Terre Haute, Indiana, as contractor, are charged with having begun on or about November 8, 1946 remodeling, alterations and construction in an existing structure on the premises at 1801 Wabash Avenue, Terre Haute, Indiana, to convert said structure into stores, automobile agency and apartments, at an estimated cost in excess of $1,000, without having obtained authorization therefor under Veterans' Housing Program Order 1.

Alfred Byrd and Frank M. Pierson do not wish to contest such charges and consent to the issuance of this order.

Wherefore, upon the agreement and consent of Alfred Byrd and Frank M. Pierson, the Regional Compliance Director and the Regional Attorney, and upon approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Neither Alfred Byrd or Frank M. Pierson, their successors or assigns, nor any other person, shall do any further construction on the premises at 1801 Wabash Avenue, Terre Haute, Indiana, unless specifically authorized by the Office of the Housing Expediter.

(b) Nothing contained in this order shall be deemed to relieve Alfred Byrd and Frank M. Pierson from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

GERALD A. ROSE ET AL.

CONSENT ORDER

Gerald A. Rose and Mary J. Rose, husband and wife, and Thomas E. Rose, their son, of Muncie, Indiana, are charged with having exceeded authorization on Form CPA-4423, dated July 6, 1946, in the construction of a two-story building 40' x 40' at an estimated cost of $12,000, instead of the construction of a one-story building 25' x 40' at an estimated cost of $2,000, as set forth in said authorization. Gerald A. Rose, Mary J. Rose and Thomas E. Rose do not wish to contest such charge and consent to the issuance of this order.

Wherefore, upon the agreement and consent of Gerald A. Rose, Mary J. Rose, and Thomas E. Rose, the Regional Compliance Director and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Authorization to Thomas E. Rose on Form CPA-4423, dated July 6, 1946, is hereby revoked.

(b) Neither Gerald A. Rose, Mary J. Rose and Thomas E. Rose, their successors or assigns, nor any other person shall do any further construction on the premises at 2618 South Madison Street, Muncie, Indiana, unless specifically authorized in writing by the Office of the Housing Expediter.

(c) Nothing contained in this order shall be construed as preventing the processing on its merits of any application for permission to complete the construction on the aforesaid premises that may be filed with the Office of the Housing Expediter.

(d) Nothing contained in this order shall be deemed to relieve Gerald A. Rose, Mary J. Rose and Thomas E. Rose, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

FRANK M. POWELL

CONSENT ORDER

Frank M. Powell, P. O. Box 990, Steubenville, Ohio, is charged by the Office of the Housing Expediter with violating Veterans' Housing Program Order 1 in that on or about August 14, 1946, he began construction and thereafter carried on and participated in the construction of a building to be used as a gasoline service station, located at 113 North 5th Street, Martins Ferry, Ohio, at a cost in excess of $1,000 without authorization of the Civilian Production Administration or the Office of the Housing Expediter.

Frank M. Powell admits the violation as charged and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Frank M. Powell, the Regional Compliance Director and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Neither Frank M. Powell, his successors and assigns, nor any other person shall do any further construction on the premises located at 113 North 5th Street, Martins Ferry, Ohio, including putting up, completing or altering the building to be used as a gasoline service station located on said premises unless hereafter specifically authorized in writing by the Office of the Housing Expediter.

(b) Frank M. Powell shall refer to this order in any application or appeal which he may file with the Office of the Housing Expediter for authority to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve Frank M. Powell, his successors and assigns, from any provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

The Commonwealth & Southern Corporation ("Commonwealth"), a regis-

tered holding company, having filed an application and amendments thereto pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 for approval of a plan involving the retirement of a portion of its preferred stock through a voluntary exchange offer whereunder Commonwealth will offer for each 2 shares of its preferred stock, up to 400,000 shares thereof, 3 shares of common stock of Consumers Power Company, and 2 each of common stock of Ohio Edison Company and Southern Indiana Gas and Electric Company; and

Alfred J. Snyder, representing various Common-stock holders having made a motion that we defer consideration of the said application until we have first ruled upon certain over-all plans now on file with us for the recapitalization of Commonwealth; and

Commonwealth having requested that the Commission enter an order finding that the proposed transactions are necessary or appropriate to effectuate the provisions of section 11 (b) of the act and having requested that the Commission's order approving the plan shall contain the recitals required by sections 371 (f) and 1808 (f) of the Internal Revenue Code; and

Public hearings having been held after appropriate notice, and the Commission having considered the record and having this day issued its findings and opinion herein;

The Commission having found that said amended plan is necessary to effectuate the provisions of section 11 (b) and is fair and equitable to the persons affected thereby, and having further found that good cause exists for making its order herein effective immediately upon its issuance;

It is ordered, That said amended plan be and hereby is approved, subject, however to the terms and conditions contained in Rule U-24 and to the following conditions: (1) That Commonwealth shall, within five days from the date hereof, file with this Commission a further amendment to said amended plan agreeing to pay such fees and remuneration for services rendered and make reimbursement for proper costs incurred in connection with these proceedings, as the Commission shall finally determine, award, allow or allocate upon petition of any interested person, and (2) that Commonwealth shall at the time of mailing the offer of exchange to its preferred stockholders include therewith a copy of our findings and order herein.

It is further ordered and recited, That the transactions embraced within the plan of exchange, hereinafter described and recited, are necessary or appropriate to the integration or simplification of the holding company system of which Commonwealth is a member and necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935:

(1) The surrender by the holders thereof and the acquisition by Commonwealth, pursuant to the plan of exchange, of shares of Commonwealth Preferred Stock, $6 Series; without par value, up to and including 400,000 shares of such stock; and

(2) The transfer and delivery by Commonwealth to its preferred stockholders and the acquisition by such preferred stockholders, pursuant to the plan of exchange, of not more than (a) 600,000 shares of the common stock without par value of Consumers Power Company; (b) 400,000 shares of the common stock with a par value of $8 per share of Ohio Edison Company; and (c) 400,000 shares of the common stock without par value of Southern Indiana Gas and Electric Company; all in exchange for not more than 400,000 shares of Commonwealth preferred stock, $6 Series, without par value, on the basis of the exchange of three shares of the common stock of Consumers, two shares of the common stock of Ohio Edison and two shares of the common stock of Southern Indiana for each two shares of the preferred stock of Commonwealth.

It is further ordered, That the said motion of Snyder to defer be and hereby is denied;

It is further ordered, That members of the Preferred Stockholders Committee and any company they represent or of which they are officers, directors, partners or employees, be and hereby are authorized to deposit for exchange their holdings of Commonwealth preferred stock and, insofar as such transaction is concerned, are hereby granted an exemption from the requirements of Rule U-62 of the Commission's general rules and regulations under the Public Utility Holding Company Act of 1935.

It is further ordered, That this order shall be effective immediately upon its issuance.

By the Commission.

CAMBRIDGE ELECTRIC LIGHT CO. AND CAMBRIDGE GAS LIGHT CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 10th day of April 1947.

Notice is hereby given that a joint application-declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Cambridge Electric Light Company ("Cambridge Electric") and Cambridge Gas Light Company ("Cambridge Gas"), both companies being subsidiaries of New England Gas and Electric Association, a registered holding company. Applicants-declarants have designated sections 9 (a), 10 and 12 (d) of the act and Rule U-43 as applicable to the proposed transaction.

All interested persons are referred to said joint application-declaration, which is on file in the offices of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Cambridge Electric proposes to acquire from Cambridge Gas for $154,388.75 a piece of land upon which Cambridge Electric proposes to erect a steam generating plant, such land being adjacent to the gas works of Cambridge Gas. The application-declaration states that this land was never used in the production of gas or otherwise dedicated to the service of the public. The present book value of this land is $56,467.21. The application-declaration states that the sale and purchase price of this parcel of land was established on the basis of an appraisal made by independent real estate appraiser.

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said joint application-declaration, and that said joint application-declaration shall not be granted nor permitted to become effective except pursuant to further order of the Commission:

It is ordered, Pursuant to the applicable provisions of the act and the rules and regulations thereunder, that a hearing on said joint application-declaration be held on April 21, 1947, at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of the Commission, on or before April 18, 1947, a written request or application, therefore, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all power granted to the Commission under section 18 (c) of said act and to a hearing officer under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the said joint application-declaration and that, on the basis thereof, the following matters and questions are presented for consideration without prejudice, however, to the presentation of additional matters and questions upon further examination:

1. Whether the proposed acquisition and sale of the land satisfies the applicable standards of section 10, 12 (d) and 12 (f) of the act;

2. Whether a profit on the sale of the land as between two wholly-owned subsidiaries is detrimental to the public interest or the interests of investors or consumers;

3. Whether or not the proposed accounting treatment of the proposed transaction is proper and in conformity with sound accounting practice;

4. What terms and conditions, if any, with respect to the proposed transactions should be prescribed in the public

interest or for the protection of investors and consumers.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this order by registered mail to Cambridge Electric Light Company, Cambridge, Massachusetts, Cambridge Gas Light Company, Cambridge, Massachusetts, and the Department of Public Utilities of Massachusetts, Boston, Mass. and that notice of said hearing shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

SOUTH CAROLINA POWER CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 9th day of April 1947.

Notice is hereby given that South Carolina Power Company ("South Carolina"), a public utility company and a subsidiary of The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, has filed an application-declaration with this Commission pursuant to sections 6 and 7 of the Public Utility Holding Company act of 1935 and Rule U-50 promulgated thereunder. All interested persons are referred to said document which is on file in the office of this Commission for a full statement of transactions therein proposed which may be summarized as follows:

South Carolina proposes to issue and sell publicly, pursuant to the competitive bidding provisions of Rule U-50, 200,000 shares of its presently authorized common stock without par value and $4,000,000 principal amount of its First and Refunding Mortgage Bonds at an interest rate not to exceed 3¼% per annum and payable in not less than thirty years. The filing indicates that the company will use the proceeds from the sale of such stock and bonds for the construction of property additions and for other corporate purposes, including the repayment to Commonwealth of $1,000,000 proposed to be borrowed from it on a nine-months' 1½% promissory note or notes. Property additions are contemplated during the years 1947, 1948 and 1949 in the amount of approximately $9,300,000.

South Carolina also proposes to make certain amendments to its charter (1) to grant preemptive rights to its common stockholders to purchase additional shares of common stock which are sold for cash other than by public offering by competitive bidding or to or through underwriters or investment bankers, (2) to provide that holders of common stock shall be entitled to cumulative voting for directors, and (3) to specify that the entire consideration received for shares of common stock shall be capital. South Carolina has presently authorized 1,000,000 shares of no par value common stock. Except for 12 directors' qualifying shares which Commonwealth has options to purchase, all the presently outstanding common stock of South Carolina, consisting of 600,000 shares, is owned by Commonwealth.

Commonwealth has filed with this Commission (File Nos. 59-20, 59-8, 54-75 and 54-152) a plan for partial compliance with sections 11 (b) (1) and 11 (b) (2) of the act in which Commonwealth has agreed that, subject to the condition, among others, that the Commission finds the electric properties of Alabama Power Company, Georgia Power Company, Mississippi Power Company and Gulf Power Company are retainable under common control as an integrated public utility system under the standards of the act and that the continued existence of The Southern Company as a holding company over such retainable properties is appropriate under such standards, it will dispose of its interest in South Carolina and that the Commission may enter an appropriate order to such effect under section 11 (b) (1) of the act.

The filing also states that the issuance and sale of the 200,000 shares of common stock and $4,000,000 principal amount of bonds have been expressly authorized by the Public Service Commission of South Carolina, the state commission of the state in which South Carolina is organized and doing business.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters, and that the application-declaration shall not be granted or permitted to become effective except pursuant to further order of this Commission:

It is ordered, That a hearing on said application-declaration under the applicable provisions of the act and the rules and regulations of the Commission promulgated thereunder be held at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania at 11 a. m., e. s. t., on the 24th day of April 1947, in such room as may be designated at such time by the hearing room clerk in room 318. All persons desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of the Commission on or before April 22, 1947 a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of said application-declaration and that, on the basis thereof, the following matters and questions are presented for consideration by the Commission without prejudice, however, to the presentation of additional matters and questions upon further examination:

(1) Whether the proposed issue and sale of common stock and bonds are solely for the purpose of financing the business of South Carolina and otherwise comply with the applicable standards and requirements of sections 6 and 7 of the act;

(2) What terms and conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors or consumers and, particularly, whether, as a condition to an order approving the proposed transactions, the Commission shall require that Commonwealth consent to divest itself of its interest in South Carolina and consent to the entry of an unconditional order to that effect under section 11 (b) (1).

(3) Whether the fees, commissions or other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount;

(4) Whether the accounting treatment of the proposed transactions is appropriate and in conformity with the requirements of the act.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That Robert P. Reeder, or any other officer or officers of this Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order by registered mail on South Carolina Power Company, on The Commonwealth & Southern Corporation, on the Public Service Commissions of South Carolina and Georgia, on the Federal Power Commission, on the City of Charleston, South Carolina, and on all parties of record and all parties granted leave to be heard in the proceedings on Commonwealth's Plan of Reorganization (File Nos. 59-20, 59-8, 54-75 and 54-152); and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

NORTHERN STATES POWER CO., MINNESOTA, AND NORTHERN STATES POWER CO., WISCONSIN

ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 11th day of April 1947.

Northern States Power Company, a Minnesota corporation (Minnesota), a registered holding company and Northern States Power Company, a Wisconsin corporation (Wisconsin) a public utility subsidiary of Minnesota, having filed applications and declarations pursuant to sections 6, 7, 9 and 10 of the Public Utility Holding Company Act of 1935 and Rules U-24, U-43, and U-50 promulgated thereunder regarding the issuance and sale of $19,000,000 principal amount of First Mortgage Bonds Series due April 1, 1977; the issuance and sale of 5,201 shares of Wisconsin common stock at par value of $100 per share to Minnesota; and the redemption of $16,975,000 principal amount of First Mortgage Bonds 3½% Series due March 1, 1964; and

A public hearing having been held after appropriate notice upon said applications and declarations and the Commission having considered the record and having made and filed its findings and opinion herein;

It is ordered, That the applications and declarations be and the same are hereby granted and permitted to become effective subject to the conditions prescribed by Rule U-24 and to the further condition that the issue and sale of the Bonds shall not be consummated until the results of the competitive bidding pursuant to Rule U-50 have been supplied by amendment and further order shall have been entered which order may contain such further terms and conditions as may then be deemed appropriate; jurisdiction is hereby reserved for the entry of such order and the imposition of such terms and conditions; jurisdiction is also reserved over the payment of legal fees to A. Louis Flynn, John M. Campbell and Messrs. Gardner, Carton & Douglas; and jurisdiction is further reserved with respect to any proceedings, either pending or which may be instituted, against Minnesota or Wisconsin pursuant to the provisions of section 11 (b) of the act, without prejudice to such action as we may deem appropriate in such proceedings.

It is further ordered, That the ten-day period for inviting bids as provided in Rule U-50 be and the same is hereby reduced to a period of not less than six days.

By the Commission.

PORTLAND GAS AND COKE CO.

MEMORANDUM OPINION AND ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 14th day of April A. D. 1947.

Portland Gas and Coke Company ("Portland"), a subsidiary of American Power & Light Company, a registered holding company, has filed an application and amendment thereto pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 for exemption from the provisions of sections 6 (a) and 7 thereof of the issue and sale to three banks in Portland, Oregon of promissory notes in an aggregate principal amount of $2,500,000. Such notes will bear an interest rate of 2¾% per annum and will be issued as follows: $500,000 on April 15, 1947; $500,000 on June 2, 1947; $750,000 on July 15, 1947; and $750,000 on September 15, 1947. The notes will be payable as follows: $500,000 on October 1, 1948; $500,000 on October 1, 1949; $750,000 on October 1, 1950; and $750,000 on October 1, 1951.

The issue and sale of such notes have been expressly authorized by the Public Utilities Commissioner of the State of Oregon, the state in which the company is organized and doing business, and by the Department of Public Utilities of the State of Washington, where the company also does business.

The proceeds of the issue and sale of such notes will be used by Portland to construct additional facilities which are stated by the company to be essential to meet the increased demand for service.[1] The company normally manufactures gas and other products from heavy residuum oil. However, due to the unprecedented increase in demand for service, it became necessary as a temporary expedient during the heating season of 1946-47 to use large quantities of Diesel oil because of its higher gas-making value. By this means, the company was able to increase the production capacity of its generators by 110%. The company states, however, that the use of Diesel oil results in an increased cost of $1.05 per barrel over the price of heavy residuum oil and, while Diesel oil can be used advantageously for peaking purposes, its extensive use means abnormally high production cost arising in part from a reduction in the quantity of by-products produced. As a result of such high production cost, the company's income was materially reduced during the winter months of 1946-47. After installation of the proposed new facilities, the quantity of Diesel oil used during peak periods will be reduced more than 90%. Engineers who have been employed to design and supervise the installation of the new equipment estimate that the resultant savings in oil costs alone will approximate $1,500,000 annually.

The company has indicated in its estimates of cash receipts and disbursements for the years 1947 to 1951, inclusive, that the increase in income resulting from the proposed new construction will be sufficient to enable it to carry the increased interest charges as well as to repay the contemplated loans at maturity.

The note agreement provides, among other things, that without the written consent of the holders of 60% of the principal amount of the notes:

(1) The company will not declare any dividends on its capital stock (a) except out of earned surplus accumulated after April 30, 1947, or (b) in any amount in excess of $450,000 per annum, or (c) which would have the effect of reducing the total of current assets below the total of current liabilities;

(2) The company will not issue additional bonds in excess of $2,000,000 principal amount unless the proceeds in excess of $2,000,000 are applied to the payment of the notes.

The agreement also provides that upon request of the banks, after October 1, 1949, the company will, if permitted to do so by the regulatory authorities, issue additional bonds in an amount not exceeding the unpaid balance of the notes and will deliver such bonds as collateral security for the payment of the notes. Upon delivery of such bonds, the dividend restrictions mentioned above will be removed.

The only questions before us under section 6 (b) of the act are whether the issue and sale of the notes are solely for the purpose of financing the business of Portland, whether such issue and sale have been expressly authorized by the Commissions of the States in which the company is organized and doing business and whether it is necessary for us in the public interest and for the protection of investors and consumers to impose any terms or conditions.

As indicated above, the issues and sale of the notes are solely for the purpose of financing the business of the company and have been expressly approved by the respective State Commissions having jurisdiction.

The issuance of the proposed notes will increase the ratio of long-term debt to total capitalization and surplus from 42.7% to 48.1%. If the anticipated operational savings are disregarded coverage of total income deductions will, on the basis of 1946 earnings, be reduced from 2.6 to 2.3 times and of total income deductions plus regular preferred stock dividends from 1.4 to 1.3 times. In the absence of the special circumstances of this case, we might be reluctant to exempt without condition transactions which result in an increase in the ratio of long-term indebtedness to total capitalization and surplus, especially in the case of a company such as Portland which has large arrearages on its preferred stock. However, in view of the company's urgent need for funds to maintain adequate service, as indicated by the orders of the State Commissions, and the impracticability of obtaining such funds at this time from other sources, we do not deem it necessary to impose any terms or conditions.

Notice of the filing of the proposed transactions having been given in the form and manner prescribed by Rule U-23 under the act and no request for hearing having been received:

[1] The orders of both State Commissions require that the company submit to the State Commission on or before May 25, 1947, and each month thereafter, a verified report showing its expenditures during the preceding month from the proceeds of said short-term borrowings for additional production and distribution facilities.

It is ordered, effective forthwith, That pursuant to Rule U-23 and the applicable provisions of said act and subject to the terms and conditions contained in Rule U-24 that the aforesaid application, as amended, be, and the same hereby is, granted.

By the Commission.
